Not Just A Party

Recent legislation has made plain the feelings of the American people concerning Communism. The Red party is not a political party. It is a gigantic hoax, based on the "end justifies the means" tenet.

Lesson In Economics

Economics of employment boiled down equals this: To create more jobs and still higher living standards it is necessary to keep new ideas germinating, to encourage men and companies to take the necessary risks.

KIWANIS COUNTS UP—Chuck Ditrich, left, and Ed Johnson get together last week to compare how their respective teams were doing in the friendly competition in the Hilltop Kiwanis Club in the annual race to collect tax stamps used in welfare work of the club. YMCA Enrollment Drive Declared Full Success

In his first complete report to the Hilltop YMCA board, from the residential, industrial, and business divisions, John Broden, general chairman for the recent enrollment drive, announced a complete victory due to the tireless efforts of the 315 volunteer workers, division chairmen, and section chairmen.

The success of the drive was proven beyond any doubt by the statistics of the report, showing that the membership goal that had been set for 1670 youths and 790 adults was overshot by a total of 1754 youth and 800 adult memberships.

Several contributions were also gratefully received into the building fund, which now stands at a grand total of $50,000, comprised of cash and property.

TO START CONSTRUCTION

Hilltop Builder Joseph Briggs will begin construction in the immediate future on eight $40,000 class homes in Wiltshire Heights. Permission for changed zoning to permit construction of the larger homes was granted last week by the Board of Zoning Appeals.

MOVE TO HILLTOP FROM N. Y.

Ronald Shabala and his wife, Delores, recently arrived in Columbus from their home in Olean, N. Y.

The Shabalas, now residents of 2433 Sullivant-av, made the move to Columbus in order that he might accept the position of manager at the W. T. Grant Co. here. Shabala, who graduated in 1950 from St. Bonaventure in Olean, was assistant manager at Montgomery-Ward's for the following two years and has been assistant manager at the Stubenville branch of the W. T. Grant Co. prior to his recent appointment.

School Board Approves Addition For Westgate

In addition to assuring any newly-annexed areas of fast, efficient extension of the board of education services and instruction programs, the board moved at its meeting Tuesday evening to approve preliminary drawings for proposed additions to Westgate and Como Elementary Schools to give each a total of 20 classrooms.

Schools Superintendent N. G. Fawcett remarked at the time of the deliberation on the matter, "We just can't get schools expanded fast enough to meet the needs of the children."

WRESTLING CLASS FOR ALL WEIGHTS PLANNED AT YMCA

The Hilltop YMCA will start a new wrestling class for youths, ages 16-19, on Tuesday, Oct. 12, with instruction periods beginning at 8:15 p. m. in the Y office under the experienced eye of Bill Beard. Beard is a former instructor at the Detroit YMCA, and one-time amateur and professional wrestler. The classes for all weights, regardless of experience, will be held two nights a week. Interested youths are invited to sign up immediately or attend the first session.

Second Week Tally Of Record Drive Shows Race 'Wide Open'

As the second week of the big Hilltop Record subscription drive was concluded on Monday it still appeared that it is a wide-open race and no time to indicate which persons might be in the first three high places in the contest.

In looking back at the contest held just five years ago it appears that the contest this year is similar in many respects. Reports from the first and second weeks in the contest at that time were just about the same each week. Reports of the first two weeks this year show the total results for the two weeks to be about the same each week.

In the previous contest there was a big surge upward in the third report and it is anticipated that next Monday will show a marked increase in the number of subscriptions turned in.

Anyone expecting to subscribe from one of the contestants will do well to get his or her subscription in before next Monday since the point value is lowered slightly at that time.

Further details regarding the contest and a subscription blank are contained in an ad on page 2 of the Record today. A list of contestants and their photos is also included.

MONDAY IS THE DAY

"The Day," Women's Solicitation Day, is Monday, Oct. 11. Your neighbor will call on you for your contribution to your community's big drive, the United Appeal-Red Cross campaign.

Construction On $578,830 School Will Start Soon

A greatly-needed addition will soon be erected at the State School for the Mentally Retarded, according to Dr. John D. Porterfield. In his announcement Friday, Dr. Porterfield stated that construction of a new $578,830 school building will start next month.

The new building will be built of stone-brick-glass design and contain 20 classrooms. Porterfield disclosed the industrial arts department will be expanded and the home economics facilities almost doubled.

"Present facilities," he said, "are inadequate for carrying on an educational program geared to the needs of mentally retarded children and young persons.

"They lack sufficient rooms for the school population of over 500 and do not have space for desirable activities in speech, home economics, art, music, industrial arts and general services."

Texan Trades Wide Open Spaces For Hilltop Home

New Hilltoppers are a Texan and his wife who recently settled in the community at 388 N. Murray Hill-rd. They are Lt. Commander and Mrs. Horace C. Hogan, who have made Columbus their home since he was recently assigned to teach naval science at Ohio State University.

Hogan, attended Texas A & M and is a graduate of the U. S. Naval Academy. He served in the Pacific during World War II and received his wings in 1945. a short time after he had returned for flight training. Since that time, he has been flying single engines and jets in various squadrons over the country. Prior to his assignment here, he attended Naval War College at Newport, R. I.

Grace Hogan is a native of Eaton, Ohio and a graduate of OSU. She stated, a little ruefully, that this makes the 17th "permanent" address for her and her husband since their marriage 10 years ago.

Two Hospitalized After Crash In New Rome

A 23-year-old Columbus driver and his 13-year-old passenger, were hospitalized Monday following an accident on Rt. 40 at New Rome.

The London post of the State Highway Patrol said that Freeman Burke, 23, of 461 Graham-st, was traveling west and crashed into the rear of a car driven by Joseph Cherryholmes, 23, of 614 E. Markison-av. The Burke car then ricocheted into two utility poles.

Burke suffered a broken right shoulder blade and a fractured spine. His passenger, James Mattox, of 162 N. Lexington-av, received a possible fractured left ankle. Both were taken to Mt. Carmel Hospital.

FIRE CAUSE UNDETERMINED

A fire, which broke out at about 11 a.m. Monday in the home of Stanley Withers, 1635 Ransburg-av, caused a loss estimated at $400 to the $500 home, owned by H. L. Withers. According to a spokesman for the Franklin Township fire department, the cause of the fire, which started in a closet, is undetermined.

Work To Start Monday On New Development; Miriam Subdivision No. 2 To Have 183 Acres

DIGGIN' THE DIRT—That's exactly what's going on in the photo above. The dirt being dug constitutes the footing for the new $111,000 auditorium at Starling Junior High School. Work started this past week and the 650-seat auditorium is expected to be completed by General Contractor Henry A. Justus in plenty of time for the next June graduation.

Site To Include 16 Acres For The Construction Of Catholic High

Huge earth-moving machinery will take the initial bites Monday on a brand-new 183-acre subdivision south of Sullivant-av, it was learned yesterday. Included in the project, which will eventually include some 800 lots, will be a 16-acre site for a new $1,500,000 West Catholic High School.

Edward A. Tonti, developer of Miriam Subdivision, on the south side of Sullivant-av from Westgate-av to one block west of Brinker-av, said the new development will be called Miriam Subdivision No. 2 and will be directly south of the Miriam addition.

Work on sanitary sewers for 50 acres of the project will begin Monday, Tonti said. It is his plan to develop 50 acres first, then go on to another 50 or 75 acres. Altogether there will be some 800 lots, with around 600 lots for homes in the $15,000 class and the remaining 200 in the $20,000 home class. The $20,000 homes will each have 70-foot frontages.

Tonti expressed a deep desire to get going on the project "because we're all sold out in Miriam Subdivision No. 1. We want to have the new ones available for spring of 1955 sale."

A new Catholic high school, plans for which are already on the drawing board, will be built in the development in the near future. This will be the second Catholic high school to be built under Bishop Ready, with a third planned.

First house foundations will be started by the middle of this month, with all improvements expected to be completed in the first 50 acres by spring. A few homes will be completed this winter and will be offered for sale in early January. Title to the ground is held by John D. Waldo, trustee.

The development will take place on the former Mary Demorest farm. Total cost was $368,000.

Ministers Name Rev. Dunn New Association Head

The Hilltop Ministerial Association in a meeting Monday at St. Paul's Evangelical Church named the following officers for the new year:

President, Rev. Paul D. Dunn, pastor of St. Paul's Evangelical Church; vice-president, Rev. George E. Taylor, pastor of Westgate Methodist Church; and Rev. Leonard Berton, secretary and treasurer, pastor of the Sullivant Avenue Friends Church.

Rev. George Alexander, new pastor of the Hilltop Church of Christ, was welcomed into the association. The group accepted the invitation from Bob Schmidt to observe a YMCA program Sunday in all the Hilltop churches. During the morning session plans were outlined for the annual union Thanksgiving service.

Ag-Lab Products To Hold Open House At New Plant

Ag-Lab Products, Inc., a $250,000 hybrid seed corn processing plant, the largest of its kind in Ohio and the most modern in the world, began operation last week at 155 N. Phillippi-rd in the industrial section of the Peoples Development community.

The 15,000 square-foot plant, located on a 10-acre site, part of which is devoted to corn research plots, will hold "open house" tomorrow when the public may view the process of drying, shelling, grading, bagging and warehousing hybrid seen corn.

A feature of the "open house" of the company which has been distributing Funk's "G" hybrid corn for eight years in Ohio, will be a contest for Ohio growers of this brand of hybrid seed corn, with the winner getting an expense-paid trip to Chicago to enter his 10-ear display in the National Hay and Grain Show, Nov. 27.

LOTS REZONED

Fifty-one lots in the Vaughn Gardens Subdivision, located on the south side of Mound-st, between Woodbury and Nashoba, have been rezoned from B-1 dwelling house district to an A-1 dwelling house district. A city ordinance passed Sept. 20 permitted the change in the zoning map of the city.

West Broad Takes Lead In Gra-Y Football League, Beats Highland

By Dick Wilson

West Broad jumped into undisputed first place in the Hilltop YMCA Gra-Y Football League at West High School last Saturday morning by edging Highland Gra-Y 12-6. The John Peterson-coached team drew first blood from the Bill Fraker team in the first quarter when Right Halfback Bob Dent ran around right end for 12 yards into T.D. territory. Quarterback Glen Rohrer tried to run the extra point but was stopped at the line of scrimmage.

Highland came back in the third quarter to tie the score when Fullback Steve Galentine intercepted a Rohrer to James pass and ran 20 yards into the end zone. Quarterback Bill Dildine tried to run the extra point on a quarterback sneak but was caught. The teams played on even terms after the Highland score until the last few minutes of the last quarter when West Broad Fullback Dick Williamson threw a 15-yard pass to End David James in the end zone. Rohrer tried a pass to End Frank Grove for the extra point, but is was knocked down by Left Halfback John Matthews.

Highland tried several desperate passes in the closing seconds, but the alert West Broad defense knocked them down for incompletion.

Main referee for the game was Tom Reeves, assisted by Larry Bigler. Bob Wesley and Tom Sines handled the yard markers.

West Mound Gra-Y and John Burroughs Gra-Y battled one another to an 8-8 tie in the second game of the morning. Dave Francis' team scored first when J.B. Center Clyde Kneisley caught the West Mound fullback, Mike Friend, when he fumbled on trying to get a punt off behind his own goal line. Quarterback Ray Barnes added to the J.B. score in the first inning when he intercepted a Friend to Burch field pass and ran 30 yards for the T.D. Barnes tried to pass to End Peters for extra point but it was incomplete.

With their backs against a wall, the West Mound eleven fought back to score in the third quarter when Quarterback Long scooted around his left end for 10 yards. Long tried to run the extra point but was stopped cold by a determined J.B. line.

The boys from West Mound tied the score in the third quarter when Barnes fumbled on a punt and Lowenstein caught him behind his own goal for a safety. Both teams played on even terms in the last quarter with both teams playing heads-up defensive ball.

Reeves was head referee assisted by Mike Engle. Bob Wesley and Mike Cantlon handled the yard markers.

LaVeeda Walker Is Polio Victim

Mrs. LaVeeda Walker, 37, of 240 Demorest-av, died Sunday in University Hospital, a victim of polio. She was the wife of Edward Walker, owner of Walker's Auto Laundry.

On Sept. 13 she had given birth to a second daughter.

Her survivors include her husband, Edward; a son, Randy Lee, seven; daughter, Karen Lynn, five; the infant, LaVeeda, and her mother, Mrs. Edna Strickland of Houston, Tex.

Cornerstone Of The 'Big Barn' Proclaims Erection In 1855

Barn near Hilliards, 99 years old, seems strong enough for another century. (Hilltop Record Photo)

Its cornerstone proclaiming 1855 the year of its erection, a massive bank barn stands on a 200-acre farm near Hilliards and bids fair to stand at least another century. Its timbers and pillars are of native walnut, hand-hewn and fitted together with wooden pegs. All show the marks of axe and dressing adz and are hard as iron and solid to the core.

The trees that formed the timbers were gleaned from wherever found to be the size necessary. The limestone which forms the six-foot high foundation wall, was quarried at the Scioto River, some ten miles distant, and dragged by ox-teams on wooden boats through snow or mud, each load a day's trip. The roads were mere trails.

The original siding of planks applied vertically and fastened with square forged nails, still encircles the walls. The original roof was of outsize Vermont slate, an item now impossible to obtain, so that recent repairs have been made with modern types of roofing.

Within, the frame stands as firm and true as when first joined and pegged, affording every assurance that restoration measures now planned will be worth while.

"In its 99-year life, the "Big Barn" has been written up and pictured in many papers and magazines, some of nationwide circulation. Its construction bankrupted its builder. In the late 1860's Richard Jones, uncle of the Columbus attorney, William Harvey Jones, the present owner, acquired the farm.

STILL ANOTHER SUCCESS!

Real Estate Salesman John Daugherty of 242 Cypress-av, is our classified department booster this week. Sold on the "miraculous drawing power" of the little want-ad wonder-worker, Daugherty told us how he had received more than 50 telephone inquiries after placing a small want-ad with this newspaper last week. Calls came in from all over the city, some 50 of them from the South Side, concerning lots in the southwestern suburban area.

It was Daugherty's first experience with the power-packed punch of the want-ads in this newspaper which are avidly read by at least one member of the 32000 households receiving the newspaper.

Why not convince yourself as Mr. Daugherty did? Merely call JO. 7331 or HL 4-9262 for quick, courteous assistance in the best wording of your want-ad!

BULLDOZES was the complaint we heard one Linden player remark after the game last Friday at West concerning Jim Vincent, shown above streaking 23 yards with the ball midway in the game. Vincent bucked over from the one on a continuation of the same play. Despite a gallant first-half defense against the Panthers, defending city high champs, West's Cowboys went down to a 13-6 defeat. (Hilltop Record photo)

LIONS TO BRIGHTEN—Shown above are members of the Hilltop Lions Club light bulb sale committee unpacking and placing in special sacks light bulbs which arrived last week at the Jones Lumber Co. Lions Club members will canvass door-to-door on the Hilltop on Monday, Tuesday, and Wednesday, Oct. 11-13, affording householders a chance to stock up on bulbs, at the same time aiding the Lions in their valuable welfare work in the community. In the latter part of the same week, Hilltop merchants will cooperate by selling the Lions' bulbs over their counters. Left to right, in the picture above, are Al Dailey, Harold Greene, Chuck Weaver and Gayle Clark. (Hilltop Record Photo)

YOUR YOUTH

By Dick Wilson and Bob Schmidt

"Y Sure!" The membership drive was successful and once again the true community spirit of the Hilltop displayed itself as the lay workers went out to help our Hilltop youth.

And now the fall program is getting into full swing. The five Gra-Y Clubs are organized in West Mound, Highland, John Burroughs, West Broad, and Westgate elementary schools and meet once a week. The Jr. Hi-Y Club had its first meeting last week and had 25 new members. The Sr. Hi-Y Club has had two meetings and has started a service project already by selling programs at West High football games. Seven Indian Guide Tribes are starting to plan on various fall projects.

Besides the above clubs, your Hilltop Y is showing movies every Monday at the Y office and holding a Boys Craft Class every Tuesday and a Girls Craft Class every Friday immediately after school.

The highlight of the fall program is the co-sponsored Hilltop Lions Fall Bus Trip which will be held on Saturday, Oct. 9, at 8 a. m. All boys 9-16 years of age are invited to attend. The only requirement is that they sign up at the Y office as soon as possible.

The Gra-Y Touch Football League will start in again the Saturday right after the fall trip. All of your parents are invited to come out and watch these future "Hop-along" Cassidys in action.

Hilltop Lions And YMCA To Sponsor Trip For Boys

The Hilltop Lions Club and the Hilltop YMCA are co-sponsoring the third annual boys fall trip to Old Man's Cave, Ash Cave, and Rock House. The first 100 boys, ages 9-16, to sign up at the Hilltop YMCA office at 2502 W. Broad-st can make this trip on Saturday.

Plans call for leaving the Y at 8 in the morning and returning at 6 in the evening. Bus fare for this trip will be paid by the Hilltop Lions Club and admission into the parks is free. Supervision will be furnished by the Hilltop YMCA Staff and Hilltop Lions Club.

All boys must sign up at the Y office. They should remember to wear a cap and a jacket, bring a box lunch, and have a little change on hand for mid-afternoon refreshments.

YOUR HILLTOP LIBRARY

New Books Will Take You Into Darkest Africa; Teach You How To Make Cakes

"Darkest Africa" draws closer to us as we read the new book, "The Heart of Africa," by Alexander Campbell. The author is a British newspaper man reporting Africa for "Time" and "Life" magazines. The book is a result of material gathered from many journeys far afield. It sums up the experiences and impressions from 15 years of actual living, traveling and reporting. Good reading for lengthening evenings!

"Red Dust of Kenya" by Alyne Simpson, also has an African locale. The autobiography of a young Swiss bride portrays life in a primitive mud hut but on a lonely 1000 acre farm in the heart of Africa. Good for many a chuckle is a new book by Elizabeth Lambert, "Father Couldn't Juggle", the charming account of life of an English family in Jamaica. There are many bits of Jamaica history and local color.

Closer home, but still for those lengthening evenings is "The Book of Arts and Crafts" by Marguerite Ickes. Many ideas of Christmas gifts may be gleaned from this useful craft book. The section on Indian crafts should delight the local YMCA Indian Guides.

"Decorating Cakes for Fun and Profit" by Richard Snyder, teaches basic techniques in cake decorating for beginners. There is a chapter on recipes for both cakes and icings.

As satisfying and inspirational book by Lowell R. Ditzen, "Personal Security Throug' Faith," could end the armchair journey on a tranquil note.

New fiction books now on the shelves of the Hilltop Branch Library are, "Hail, Alma Pater," by Harry Dubin; "The Quiet Woman" by Agnes Fisher; "The Whip Hand" by Ian Gordon. "The Physicians" by Hazel Lin; "The Courts of Memory" by Frank Rooney, and "The Healing Oath" by Andre Soubiran.

OUR SUNDAY SERMONETTE

LIFE BEGINS AT FORTY

By

Rev. George H. Alexander

Pastor of Hilltop Church of Christ (Disciples)

Corner Burgess and Olive

Earlier this year I reached my fortieth birthday. Hitherto I had always thought of myself as young. Now I seem to have aged overnight. To pass from 30 to 39 seems insignificant; but to pass into a completely new numerical bracket seems to crack over a great chasm. Suddenly I was "ancient."

But in Holy Writ I read that Moses was 40 when he really decided to do something about the plight of his people. Life "begins at forty" or at any age for a person who decides to do something for the world in which he lives. The men who are truly remembered are those who have tried to do something beneficial for others—whether it be within their family circle, their community, their nation or the world.

Do nothing; simply exist and think only of self and life becomes a quiet, peaceful affair but exceedingly dull and worthless. Possibly an endeavor to make life better for the world will sometimes land one in the midst of opposition, but how stimulating life becomes—how interesting, and how worthwhile if the cause for which you are giving yourself is one in which you forget self in serving others.

But life must have supports, and the strongest support is God. We must, in order to live in the fullest sense of the term, step out in the courage and strength of Christ and live in accord with the will of God.

Light their life with *Faith*

Bring them to worship this week

When they're little is the best time to give the children the biggest gift of all . . .

Faith, fullness of the soul in troubled times. Source of inner peace every day. With it, your children will be ready to meet the obstacles . . . to relish the happy times fully.

And there's no better way to help them find Faith, than by making attendance at church or synagogue a family affair. Go together this week . . . and every week!

Dramatics Class Will Present Football Skit At West Tomorrow Preceding Game

On Friday, Oct 8, the West High School 12A dramatics class will proudly present its annual football skit the ninth period in the auditorium preceding the East-West game.

Class members have assured all that the play, produced and directed by the students themselves, will be full of laughs and will feature some most unusual costumes.

Of course, like every year, the skit is secret to all except the 12A's and so far the only statement made was "the sun may rise in the East, but it sets well in the West."

After the skit Friday, there will be two skits by the 12B classes for the Aquinas and Central games. These too, will be produced and directed by the students under the supervision of Mrs. Evelyn Hall, the senior dramatics teacher.

OUR ROLE IN THE COMMUNITY

As we went to press this week, the United States was in the midst of its annual observance of National Newspaper Week, Oct. 1-8. National Newspaperboy Day, observed Saturday, had already passed, with thousands of outstanding citizens all over the nation praising the outstanding character of these young merchants.

The subject of newspapers and their meaning to the American citizen is one of such vast complexity that we're going to take the easy way out by presenting the words of one of our elder statesmen, Herbert Hoover:

"The freedom of the press and an able press are so ingrained as a part of American civilization that any enumeration of its values seems unnecessary."

Another quote we feel is apropos for this occasion is found in the writings of Henry Ward Beecher. Mr. Beecher said: "Newspapers are the schoolmasters of the common people. That endless book, the newspaper, is our national glory."

And we would be amiss if we did not include in our quotes the words of Horace Greeley, who declared, "Journalism may kill you, but it will keep you alive while you're at it."

The role of the community newspaper is becoming increasingly important to the American citizen. The community newspaper fills a basic need for those citizens who are not only proud of living in the "best nation, best state and best city," but also in the best community."

Columbus is indeed fortunate in having so many community newspapers to interpret the special needs, feelings, and aspirations of its various communities. We are proud of our role in cementing these communities into homogeneous, harmonious, forward-looking neighborhoods.

TO HEAR APPEALS

The Franklin County Board of Zoning Appeals will meet on Oct. 18, at 7:30 p. m. in the court house to hear the testimony of witnesses and the arguments of counsel upon the appeal of John L. Quelette of 1632 Harrisburg-pk. and Richard W. Quelette of 1784 Rosemont-av. The appeal was filed with the board of zoning appeals on Sept. 10, 1954.

Trivia

From
THE EDITOR'S DESK
By Galvy Gordon

STRAWS IN THE WIND: Have you noticed the fine hand of public relations in the current Franklin Township annexation vs. incorporation vs. "let-us-alone" matter?

Both the city and the township have made concerted efforts to avoid the hot-headed exchanges which characterized the struggle on these issues just a few months back.

Here on the Hill again, you can see public relations in action in the increased efforts of the clergy to "advertise their product."

Rev. Harris B. Anthony of the Warren Avenue Church of the Nazarene is one of the community's most public relations-minded ministers. He points to the huge sums being expended by groups in direct opposition to the ideals of the church and expressed the firm opinion that "advertising in favor of the Lord is also worthwhile."

SEE MY LAWYER: Concerns pilfered material—attributed to its source.) A couple of poems I read in the Christian Science Monitor last week impressed me so much I clipped them and am presenting them here for your enjoyment. The Monitor, incidentally, ranks right alongside the U.S. News and World Report in my mind for news reporting objectivity.

But here are the poems:

Nominations Are Open
And So Is Door

Up jumps a nominator
To name a name that's fine.
Up jumps, a moment later,
Said person, to decline.
Up jumps a dominator
To name a nominee.
Up jumps, a moment later,
The same, to say, "Not me."
Up jumps a nominator
To nominate a pip.
No sound. (We find out later
He's dropped his membership.)

SHARING YOUR EDITOR'S CONFIDENCE: This past week's Record is an example of why my hair is turning gray. We had planned to stay in 16 pages right up till Wednesday morning. However, a last-minute bit of "must" copy put us over the margin and we had to go to 18 pages. Unfortunately, in the newspaper business you can't add just one page. We're lucky in having such a modern press that we can add only two pages at a time. Most papers have to increase their size in four-page increments.

As a result of this 11th-hour shift, some of the contributors who had their articles condensed, packed, and shortened were probably unhappy to notice that considerably freer rein was given to other sources on two pages.

Actually, Scripps-Howard training has convinced me that the short article is twice as widely read. Check yourself next time you read a newspaper. You'll note that most of the time you read only the headline and skim the first paragraph. Unless you are particularly concerned with a happening, you won't read beyond the first paragraph.

Publicity writers should keep this in mind. Pack that first paragraph with the meat of your story or announcement. Most editors, even when hard-pressed for space, will leave the first paragraph intact if it is halfway decently written and contains the vaunted 5W's.

EMPLOY HANDICAPPED WEEK

Not just any job to keep him busy, but the one for which he is fitted by ability, training and experience—that's what the physically handicapped person wants.

To help him get the job he is equipped to do is the purpose of National Employ the Physically Handicapped Week, observed here in Columbus and throughout the nation from Oct. 3-9.

Mayor Sensenbrenner has officially proclaimed the week, and urges all citizens of this community to cooperate in furthering and improving employment opportunities for disabled persons.

Robert Smith, service director of the American Legion of Ohio, and a disabled World War II veteran himself, heads up the local employ the physically handicapped committee of Columbus industrialists, representatives from schools, churches, fraternal groups, rehabilitation centers, social agencies and veterans organizations.

"Did you notice that insolent bus conductor looking at you as if you hadn't paid your fare?"

"Yes, and did you notice the look he gave him as if I had?"

In Passing

By
Esther Weakley

Bear not thy yesterday into tomorrow,
Nor load this week with last week's load of sorrow.
Lift all thy burdens as they come, nor try
To weigh the present with the by-and-by.
One step and then another, this thy way—
Live day by day.

OCTOBER IS AN ARTIST

October is an artist
With magic fingertips;
She paints among the treetops
As merrily she skips.

She captures first the sunset
The colors for her brush,
Then blends them with a rainbow
In autumn's quiet hush.

And last night, under cover
By faintest pale moonlight,
Transformed as ugly hillside
Into a lovely sight.

It was a pleasure to interview Mr. Harry Swoger of WTVN. Sometimes television and radio personalities are too too blase about their jobs, and will tell you "it's a living." But here is a man who loves his job. Mr. Swoger told me he supposed television had its headaches like any other job, but he couldn't think of one. Which speaks well for Mr. S. and WTVN. When he went to WTVN last December, he was floor director, then director. Now he is staff announcer and has charge of the evening shows, beginning with the Early Home Theatre at 5:45.

Born in Mount Vernon, Ohio, Mr. Swoger later moved to Newark. He and Mrs. Swoger now live in the Beverly Manor Apts. Prior to coming to Columbus, Mr. Swoger received his A. B. degree in theater and arts at Denison University. He was active during the four years at Denison in the Denison Summer Theater. He was manager of a group of seven Denison students who toured England and Scotland. He also acted in the plays. In Edinburgh the group took part in the Festival of Drama and Music; he said the critics over there were very kind to them.

Mr. Swoger is one Columbus television personality who is not affected and he is not condescending. And thank goodness, he doesn't feel called upon to ham up his introductions to shows, and doesn't think it necessary to explain what's going to happen. He gives his audience credit for having sense enough to figure it out without his help. His hobbies are acting, television and reading.

Mail — From Columbus: "Several columns ago you began a story about your next-door neighbor with this line: 'Today our neighbor was buried.' Yesterday, My neighbor was buried. He was a meek little guy; none of us knew him very well because he never talked. It is a standing joke among the neighbors that the last words he was ever heard to say were the words 'I Do,' when he was married 30 years ago. He and his wife have six daughters, no sons, and his wife never stops talking. The daughters are like their mother. I hope wherever my neighbor is, it is quiet and that there isn't a woman within a five-mile radius of where he is now." . . . From Delaware: "We are having our fair this week. Every year while I'm soaking my sore feet and having the tummy ache from too much cotton candy and hot dogs, I swear I'll never attend another fair as long as I live. Same old exhibits, livestock, dust, flies and noise. But there's something about a fair that gets you, so you go. Or we do anyway." . . . From Columbus: "Nowadays when a woman driver holds out her hand there is only one thing you can be sure of—her window is open."

This poem is reprinted for everyone who enjoys tv and radio commercials (I'm sure Ye Editor does.):

COMMERCIALS

After an evening of television
I tossed and turned in my bed
And a hundred revolving electrics
and things
Whirled crazily through my head.
I closed my eyes, but pool—there
went sleep;
In the dark I still could see
Thousands of tiny scrubbers and
filters
Scrubbing and filtering merrily.
I saw big cats run a marathon;
Cereals started to pop and strafe
And cigarette packages snapped at
me—
I didn't even feel HALF safe!
I decided to count some sheep, but
found
Pamper was the only sheep to be
seen.
Razors started shaving peaches
And Betty drove up in her washing
machine.
I sank in beer foam up to my ears
(What would five New York doctors recommend?)
I might as well tear me up and
throw me away,
For commercials will get me in
The End.

CIVIC WORKS AID JOB

More than seven million man hours of labor have gone into civic improvements since the first combined city, county, and school bond issue programs were sponsored by the Metropolitan Committee in 1949, according to a survey recently made public. Improvement programs, including those sponsored by the Metropolitan Committee in 1951, have helped create a 57 per cent gain in employment here since 1945.

Letters To The Editor

Dear Editor:

On behalf of the 11,000 Cubs, Boy Scouts and Explorers and the 2,000 men and women of the Central Ohio Council Boy Scouts of America, we wish to extend our sincere appreciation to you and your paper for the support you have so consistently given us in your pages over the years.

Your theme for National Newspaper Week, "Your Newspaper — Freedom's Forum" in itself is a reminder to us of our slogan "Forward on Liberty's Team" and adds one more contribution to the Boy Scout Movement and our joint efforts to keep our American heritage alive.

Congratulations to you and your paper as a part of this National Newspaper Week, and may you ever be free to disseminate the truth in your area of influence.

Sincerely,

These Eyes —

How Well Do You Know Them?

Yes, those were the eyes of Joe Goodwin looking at you last week. Did you recognize our tennis champ?

He is known by many Hilltoppers as the genial fellow behind the counter at Goodwin's Pharmacy, 2772 Sullivant-av, for he has owned the establishment for 16 years.

Prior to that he was a pharmacist at Mone's Pharmacy, at W. Broad and W. Park-av, which is no longer in operation.

A graduate of Ohio State University, Joe has been a Hilltopper for the past 20 years. He and his wife, Mary, now reside at 2209 Sullivant-av. Their only child, Patricia Louise, now Mrs. Tom Clark of Detroit, is a graduate of West High School and Ohio State University.

Joe Goodwin

A member of such local organizations as the HBA and Hilltop Kiwanis Club, Joe enjoys indulging in such sports as tennis, fishing, and golf in his spare time. He is the holder of several tennis trophies, however, he claims only barely amateur status in the latter fields.

Our mystery man for this week is the one who, by tradition, everyone tries to keep up with. It's a pretty tough job, though, unless you sprout wings. If you know him you'll know why.

Franklin School Of Music Marking Second Anniversary

Mrs. Watkeys, Violin — Carole Bussey, Piano — Richard Snyder, Brass — Stanley Hettinger, Woodwinds — Yvonne Somers, Accordion — Donald Riser, Accordion

The Franklin School of Music, the only music school on the entire West Side where all brass, woodwind, string, percussion instruments, and voice are taught, is commemorating its second anniversary in its present West Side location.

Withrow, Director

Arthur Withrow, the native Hilltopper who is founder and director of the school, located at 2760½ W. Broad-st at Hague-av, has proved himself competent in the various capacities as teacher, entertainer, stylist, and lecturer. He has several students who appear frequently on TV and other public performances.

Among the fine teachers on the school's staff is Mrs. Dorothy Watkeys, instructor of violin. A graduate of St. Marys of the Springs, Mrs. Watkeys has studied with Cecil Burleigh, nationally known composer and violin teacher, in addition to her five years of study at the Eastman School of Music, in Rochester, N.Y. She has performed with the Columbus Philharmonic Orchestra and the OSU Symphony Orchestra.

Miss Carole Bussey, pianist at the Hilltop Community Church, is working with Withrow as an advanced student. Now working for her teacher's certificate in piano, she specializes with beginner and intermediate children.

Other instructors include Richard D. Snyder, who teaches brass. Snyder is a member of the OSU Symphony Band, OSU Marching Band, OSU orchestra, and the Wooster Symphony Orchestra.

Stanley Hettinger is the instructor of woodwind instruments. At present, he is the solo clarinetist of the OSU Symphony Orchestra and Concert Band.

Yvonne Somers and Donald Niser are both instructors of the accordion. Miss Somers, who has become a seasoned performer in a very short time, is in her junior year at Ohio State University and has studied piano and accordion at Akron University and Kent State as well as studying accordion privately.

Riser, a graduate of West High School and a freshman at Ohio State University, has played in numerous public performances locally and elsewhere in the state. He has appeared on radio and TV several times.

$87,147 Bid Captures Contract For Franklin Township Fire Headquarters

Work on the construction of a fire department headquarters building is expected to get under way this week following the signing of a contract by the Franklin Township Trustees Monday night. Low bidder among the eleven contractors submitting proposals was the Miller Construction Co., 375 S. Princeton-av, with a total bid of $87,147.00.

The building will be erected on a three-acre tract owned by Franklin Township at 4100 Sullivant-av. It will be used as the operational center for the Franklin Township Fire Department made up of three fire companies. It will be finished in tan, sand-finished brick, and will be large enough to house an aerial unit, two pumpers and an emergency squad vehicle.

A chief's office, a communications center, a training room, dormitory, and kitchen facilities will be provided in the new building as well as work areas for maintenance of equipment.

The building is scheduled to be completed by June 1, 1955. It is the second major step in the overall development of the Franklin Township Fire Department. The first of three permanent buildings planned was built at 2196 Frank-rd in 1951 and has been in use since that time. A third station is planned for the northern section of the township at a future date.

Funds for the erection of the central fire station are being collected by a special tax levy approved by the voters of the township last year.

Henry Abbott of the firm of Ramsey, Cross and Abbott, 490 City Park-av, drew the plans for the building and will supervise the construction.

The Franklin Township Trustees recently employed two additional firemen for duty during daylight hours bringing the total paid personnel to five including Chief James C. Moffitt.

After their breakfast they played games and then returned to the center to attend the movies that are scheduled every Saturday morning at 11.

Commissioner Candidate Scrimger Blasts Those Halting Expansion

Persons or groups seeking to block or delay the orderly growth of Columbus by placing technical barriers in the path of annexation proposals, today were blasted by Leslie G. Scrimger, candidate for Franklin County Commissioner in the November 2 election.

"The growth of corporate Columbus is inevitable," Scrimger asserted. "It is the heart of Franklin County and the life blood of a larger metropolitan area. Petty political considerations should not be allowed to arrest this growth."

"All persons employed in Columbus face an increase in the income tax levy initiated by Mayor Rhodes unless the city can find other sources of revenue," Scrimger said. "The present one half of one per cent levy against gross incomes will be doubled and ad valorem taxes stand to be increased unless Columbus can acquire more revenue producing areas."

"This does not mean that the property owners in annexed areas will have to foot the bill. What it means is that the cost of operating the city services will be spread over a larger area thus reducing the per capita costs," Scrimger pointed out.

Scrimger said that worn out political tactics, the reluctance on the present County Commissioners to have their jurisdiction cut down, and selfish interests have served to block the expansion of public services and benefits to more growing communities in the county.

"It is true that the City of Columbus needs the increased revenues which would accrue through annexation of more land area," Scrimger said, "But in return Columbus would be extending fire and police protection, utilities and water to many areas not now enjoying these benefits at a reasonable tax rate.

"Still more important," Scrimger went on, "some areas are dissatisfied with law enforcement and court procedure in traffic and civil cases. Annexation would provide uniformity both in enforcement and interpretation of the laws."

"I certainly am not advocating the abolition of the county government," Scrimger declared emphatically. "If that were my program I would not be seeking a county office. I do insist that residents and property owners who desire annexation to Columbus or any other incorporated community have the legal right to petition. Unless some serious economic or health hazard stands in the way it is then both the legal and moral duty of the County Commissioners to expedite such petitions rather than play petty politics to the detriment of the city and county areas alike."

Wm. Bryant For Judge Committee Head Urges Favor For Candidate

Robert H. Draper, chairman of the William C. Bryant for Judge Committee, made the following statement this week:

A history of the world has been replete with incidents where a fearless and upright judge has succeeded in preventing arbitrary power from depriving the people of their rights. A free and courageous judiciary is necessary if a democracy is to continue to live, as it is the judge who interprets the operation of the law with reference to the individual citizen.

A voter at the coming election should give careful consideration to the qualifications of his judicial candidates to see that they fulfill the necessary requirements to assure him that he is always going to have a fair and impartial hearing. Judge Bryant is such a man and should be returned to the Common Pleas bench of Franklin County.

Glenwood Has Scrimmage With Sunshine Center Club

Glenwood's footballers treked to Sunshine Recreation Center last week to play their first scrimmage of the season. The scrimmage was played under game rules with the exception of kick-offs. Neither team had practiced much on kick-offs, so rather than risk an injury, the ball was put in play at the 50-yard line after each touchdown.

Glenwood's offense started off with a bang with a march to Sunshine's 10-yard line. There, Sunshine's defense stiffened and the ball was given up on downs. Sunshine, directed by excellent quarterbacking, advanced the ball down the field in a series of long runs and scored easily. The scrimmage followed this same pattern throughout. Once, however, Glenwood edged into the enemy territory and scored on an end-around play, Dave Thomas carrying the ball.

The scrimmage showed that Glenwood's offense has definite potentialities, but it also showed the need of much improvement on the defense.

Bill Quinn was the defensive standout of the evening. Had the other linemen done as well, Glenwood would not have wound up on the short end of the score. Dave Thomas and Steve Fetherolf blasted their way through Sunshine's line time after time, and little Pete Caborn did an outstanding job of calling signals.

The boys who made the trip to Sunshine were Bill Quinn, Bob Van Skoy, Sonny Campbell, Richie Holman, Bill Burke, Norm Esterbrook, Kelly Richards, Pete Caborn, Jay Hess, Steve Fetherolf, Dave Thomas, Dave Roberts, Bill Karns, Jerry Hummel and Norman Fee.

Marshall Announces His Candidacy For Vacancy On Common Pleas Court

George B. Marshall, who has practiced law in Columbus for the past 23 years, has announced his candidacy for the vacancy of the Common Pleas Court created by the untimely death of Judge Cecil J. Randall, whose unexpired term will end Jan. 3, 1957.

The names of Randall and Marshall have been associated together before because Judge Randall began the practice of law in Columbus in the office of ex-Mayor George S. Marshall, the father of the present judicial candidate. Mrs. Cecil J. Randall is now serving as vice-chairman of the Marshall for Judge committee. Other officers of the sponsoring committee include Robert W. Newlon, chairman; R. G. Clark, secretary; and Richard Kinney, treasurer.

'Lovely' Applies To Two-Month-Old Ranch Home

Home of the Week

By Grace Durflinger

Mr. and Mrs. Harold L. Yeager, 2687 St. Patrick-rd, are the gracious host and hostess of the lovely home which we visited this week.

The two-month-old ranch home and connecting garage are entirely cedar paneled with a stone faced partition protecting the doorway, while cedar stained posts and wide white planks form the low fence along the raised cement porch.

The Vermont slate foyer is decorated only with a large spot-lighted mirror on a charcoal gray wall combined with an off-white ceiling, and huge green plants before the mirror in twin earthenware planters.

The needlepoint carpeting in living room and dining room combines the shades of the charcoal gray ceilings and valances and off-white walls in the two-toned loops.

Drapes of coarsely woven white boucle cover one entire wall of the sunken living room while the opposite wall is utilized by a stone fireplace with raised hearth and a series of modern birch shelves atop birch cupboards. Furnishings in this handsomely modern room include a gray looped sofa trimmed in shaded green tufting flanked by bleached mahogany step tables, an occasional chair of black and gold metallic weave, and a black ceramic lamp with a tall red shade on blonde mahogany tiered tables with cork tops.

The dining room is partly partitioned from the living room by birch planters topped by corrugated glass to either side of the doorway it forms. The overall decor is essentially the same as the living room, while the dining room suite is of bleached mahogany designed with a bamboo effect. A large Japanese mural etched in shaded grays, black, and gilt on an off-white background is surrounded by a simple charcoal painted plywood frame and hangs in a prominent position on the far wall. The lightolier of off-white parchment hanging in the center of the room is not unlike a Japanese lantern, enhancing the oriental theme.

The cheerful kitchen, with painted yellow walls, yellow tile backing beneath the birch cupboards and yellow marbelized countertops, boasts touch-latch cabinets and cupboards. The floor space, covered with spattered green linoleum with red and yellow ribbon trim, is divided into work space and a dining booth. A built in unit of birch cupboards and drawers in the dining area is topped by yellow marbelized formica. The rest of the dining area is utilized by the circular green leatherette breakfast booth. Naturally finished pine shutters at the casement windows shade the room from the hot sun. They are brightened by a green valance trimmed in white. An old-fashioned brass and copper lantern lamp may be pulled down over the table.

The work space boasts built-in vegetable bins and a swinging baking area. A built-in birch, formica-topped telephone cabinet saves the charming lady of the house many steps.

The walls of the work alcove off the kitchen are completely paneled in surf wood displaying genuine Japanese prints with a matching surf wood cabinet and deeply recessed wall shelves. Full length sliding glass doors at one end of the room open onto a patio.

A short hallway between the den and children's room gives access to a large linen closet and a powder room with lilac walls and an aqua rubber tile floor and fixtures.

The boys' bedroom, shared by Jimmy, eight, and Johnny, five, is decorated with bright blue walls and large hooked rugs. The bleached mahogany furniture is put together with pegs and is designed in a ranch style. The curtains at the room-width casement window are of a western print matching the covered easy chair.

Another short hallway leads one back to the foyer or to the remaining two bedrooms and bath.

Aqua walls and a sand shag rug make a flattering color combination in 10-year-old Joyce's room. Furnishings include a formica topped desk and a boudoir chair covered in a modern pattern based on early Americana with rose and aqua predominant. The drapes at the casement windows are of the same material. A dark brown corduroy coverlet enhances the blonde mahogany wood of the bed.

The floor of the master bedroom is covered in a gray swirled carpet with walls of pink, deep pink drapes, and the ceiling papered in a pink rose print. The antique ivory and gilt provincial bedroom suite includes a large Mr. and Mrs. dresser, the bed with built-in cabinet head, a bed side table with a recessed shelf, a white damask chaise lounge, and a matching vanity beath which is teamed up with the built-in birch dressing table with a mirrored surface and a wall mirror reaching to the ceiling.

The bathroom between the two latter bedrooms is floored in black spattered linoleum with off-white walls, a black carara glass shower and a chinese red ceiling.

Yeager is a member of the Hilltop Sportsman's Club and, as dancing is a favorite hobby of the charming couple, they belong to the Century Club at Arthur Murray's studio. Mrs. Yeager also enjoys playing duplicate bridge when she entertains in her new home.

This long, low ranch style home of stained cedar and stone facing is the new abode of Mr. and Mrs. Harold Yeager, 2687 St. Patrick-rd. The front doorway, at left, is partly partitioned from the elements by the stone facing, while a white board fence with stained cedar posts sets the scene for rustic appeal in one of the west side's newest, modern residential areas.

The stone fireplace and part of the birch unit of shelves and cabinets are visible at right in this shot of one corner of the living room. The handsome foyer, floored in Vermont slate is partially visible in the background, at left.

The sliding glass doors in the background of this picture give access to the sun-drenched patio from the den. Located at the rear of the house, the patio, a raised cement platform, affords a wide, sweeping view of the backyard and curving residential street.

Deeply ridged surf wood forms the material for the rough textured walls and cabinet, center, in the cork floored den. It is an ideal spot for relaxing or reading by the flood of natural light afforded by the room-width sliding glass doors. When a television session is in progress, attractive drum-drapes may be drawn across the broad expanse of glass.

Corrugated glass topping the birch planters partly partitions the dining room from view. The off-white parchment lightolier suspended from the charcoal gray ceiling is reminiscent of a Japanese lantern against the white, gray, and gold, oriental mural in the background.

Cheery green and bright yellow brighten Mrs. Yeager's well-equipped kitchen, ridden by the stove at right is the breakfast nook, fitted with a green leatherette booth. The corner shutters are of naturally finished pine, while a copper lantern may be suspended at any height over the table. Notice no handles are used on the cabinets and cupboards. They are all equipped with a touch latch system.

Mrs. Yeager is reflected in the recessed dressing table mirror which reaches to the ceiling of the dainty pink and ivory room.

The glowing pink walls and deep pink drapes of the master bedroom are charmingly complemented by the pink rose pattern coverings the papered ceiling. Predominant among the several pieces of the handsome antique ivory provincial suite, is the oversized bed with a beautifully crafted shelved headboard.

Linden-McKinley Hands West's Cowboys A 15-6 Setback Tally

Linden McKinley, defending City League football champions, showed that they are again going to be a contender for top honors by coming from behind in the final two periods to hand the West High School Cowboys a 15-6 setback.

The game was played last Friday night at Magly Field, before an estimated 5,000 spectators.

The Cowboys appeared headed for an upset as they led 6-0 at halftime, but the Panthers' ponderous 200 pound average forward wall slowly wore down the local lads and so completely dominated play in the final half the Cowboys were a minus 16 yards from rushing.

In the opening period, the Panthers received the kickoff and drove to the Cowboys' 48, when Nebinger received a Rhodes fumble. On the first play, Nebinger drove through his own left guard for 18 yards to the visitors' 37. Vincent then sneaked through center and with some fine running dashes 23 yards to the 14. The Panthers were then penalized to the nine for being offside and three plays later Vincent sneaked into the end zone for the T.D.

The try for the point after by Davis was wide. West 6, Linden 0.

The Cowboys again threatened later in the period as Vincent intercepted Southall's pass on his own 30 and race! it back 32 yards to the Linden 38. The Cowboys then drove to the visitors' 19 as the quarter ended.

The Panthers then held for downs and a few plays later punted out of danger as the remainder of the quarter reverted into a kicking duel between Kern of West and Whittaker of Linden, with neither team gaining any advantage as the half ended. West 6, Linden 0.

After an exchange of fumbles early in the third period, Clark intercepted a Vincent aerial on the Cowboys' 34. The injured Chuck Spicer then came into the contest and limped around the Cowboys' left flank for 24, and then took a pitch-out and raced into the end zone for the T.D. Campbell placekicked the point after. Linden 7, West 6.

A few plays later linebacker Moss broke through and blocked a Kern punt which bounded out of the end zone for an automatic safety. Linden 9, West 6.

Early in the final period, Larry Haase intercepted an attempted screen pass by Vincent on the Cowboys' five. On the first play, Haase fumbled but Cooksey recovered for a three yard gain. Two plays later Southall sneaked over guard to score.

Campbell's try for point after was blocked.

Neither team threatened after that, with the final score reading Linden 15, West 6.

Rhoades and Haase were offensive standouts for the Panthers while their 230 pound line-backer Ralph Francisco was a bearcat on defense all night.

For the Cowboys Gary Nebinger was a standout on both offense and defense.

This Friday night at Magly field the Cowboys will entertain the East High Tigers who are fresh from a 13-12 win over Central last week. The Tigers will be favored to win but every contest between these two elevens is bitterly fought and closely contested.

HILLIARDS DEADLINES

The Record's local representatative warmly appreciates the cooperation of contributors having items for publication. However, because of post office changes, delays will be avoided if local news column contributions are mailed to The Hilltop Record, Box 89, Hilliards, rather than to the correspondent's home, inasmuch as an additional 24 hours is required for the home delivery.

Mail at Hilliards postoffice is picked up every Monday at 9 a. m., which is our "absolute" deadline. As a general rule, anything mailed Friday or later should be addressed to the Hilliards post office, otherwise it will be received too late to get in the next week's paper.

Ray, a member of the West High marching band before his graduation last June, will perform at all the football games in Ohio Stadium with the OSU marching band, one of the top-ranking college organizations of its kind.

REV. YOUNG, GUEST SPEAKER

Rev. J. Otis Young, administrative assistant to Bishop Hazen G. Werner of the Ohio Area, has been announced as the principal speaker for the occasion of the laying of the cornerstone of the Westgate Methodist Church Sunday afternoon, Nov. 7 at 3:30. Rev. BONDS FOR GOLF BUILDING

Issuance of bonds to pay the cost of remodeling, rehabilitation and constructing an addition to the existing building at the Raymond Memorial Golf Course has been provided for in a recent city ordinance. Also included in the measure is the landscaping of certain portions of the grounds. The ordinance calls for the issuance of some $65,000 in bonds for the purpose.

Cornerstone—

(Continued from Page 1)

Kenneth Jones, son of William Harvey, is of the third generation of Joneses to operate the farm and has begun a methodical if necessarily slow process of restoration of the historic property.

The barn's main section, 85x105 feet, has a shed extension along the entire length of one side. Under the spreading roof, the main floor stored the entire crops from the nearly 200 cultivated acres. In the stone walled basement were stabled more than a dozen horses.

Before automobiles, city dwellers maintained at least two sets of carriage horses, so that when the feet and legs of animals become sore and lamed after a period of traveling over the cobblestone pavements, they could be "boarded out" on some farm where, shoes pulled, they could run barefoot through the meadows and renew their usefulness.

Richard Jones and after him, William Harvey, boarded many such fine horses here, among them animals owned by Dr. S. E. Hartman of Peruna fame, the Dashler family, and in later years, horses and mules belonging to Heber Brothers' Circus, among them many trained "trick" animals.

Specimens of early farming equipment are being found in odd places about the farm from time to time and preserved by Jones. An ancient ox-yoke turned up not long ago, and an old form of furrowing plow was found in a pile of discarded junk.

The horses have long since departed the roomy stalls they once called home. Fine cattle and sheep probably will continue to find shelter there. Tons upon tons of hay carpet the upper floor of the main section and on the same floor of the shed is housed a poultry flock where once was the farm workshop and harness and tools were mended.

The old barn's usefulness does not lessen, it just changes to fit the times.

West's Senior Student Council Is Off On Busy Activities Schedule

The officers of the West Senior Student Council this year are, President Ralph Wheaton, Vice-President Wade Spangler, Secretary Judy Matson, and Treasurer Rose Marie Pinkerton.

The first council activity was Friday, Sept. 24, when it had complete charge of Mothers' Night and all related responsibilities. The mothers of West's football players were honored, and each was presented with a rose. Among other activities the council will undertake this year are the anti-vandalism program at Holloween time, the homecoming game on Oct. 29, with all festivities, Dad's Night, Nov. 12, and will cooperate with the junior high on decorating the school at Christmas.

Up until this year there have been no set qualification for student council members in senior high. This year the officers must maintain a 2.5 average in all major subjects. Other members are to have a 2.0 average in major subjects and also are to have had no serious difficulties with the office. The members of student council this last spring voted in these new ideas.

This year a new plan is being carried out in an effort to integrate the junior and senior high. It's to be one school instead of two separate ones, acting and working apart from one another. The two councils will share bulletin boards and responsibility for student council dances. They'll have similar committees in order that they may work together if needed. This is not to be carried to the full extent, however, as there are some problems which effect only senior high.

The old method of selecting members for council was to use one person from each homeroom. He had previously been elected by that room for the position. The new way increases the membership of council and gives sophomores, juniors, and seniors almost equal representation. Inasmuch as the upperclassmen have had more experience in student council a few more members of the senior class are admitted. The total membership is made up of the president of every homeroom, presidents of 12B and 12A classes, the president or his representative from each of West's service clubs, and also up to ten members of the senior class. All ar evoting members.

Ushering is another duty of the senior student council. The members usher for graduation, baccalaureate, PTA open house, the Christmas programs and, Career Day. During the year almost everyone in council gets an opportunity to be an usher at some time or other.

Springtime at West High School is a very busy time of year. The Hilltop Relays call for plenty of advertising, ample decorations, and hours of planning. Arrangements are to be made by council to have good looking convertibles on hand in which the queens will ride.

Guys and Dolls Day is next in line, and here student council will supervise the election of Guy and Doll. Junior and senior councils co-operate and make by hand approximately 2,400 artificial flowers. These are exceedingly beautiful and look just like real in their pastel shades. They make dandy corsages for the girls, and handsome boutonnieres for the boys.

This is by no means the end of the activities of West's senior student council. This is the first year they'll not be in charge of the planning, making and distribution of football programs. The Hi-Y Club will do that this year while council works on basketball programs. They'll be free at all of West's basketball games. Programs for the Hilltop Relays are also to be completely in the hands of council this year.

Mr. Bonor, the student council advisor, believes that this re-organization of council is entirely worthwhile. The junior and senior halves of the school will be fused together sometime in the future and will cooperate in bettering West High School in each and every way possible.

CARD OF THANKS

TROESCH — We wish to extend our sincere and heartfelt thanks to relatives, friends and neighbors for their kindness and sympathy shown us on the occasion of the death of our beloved husband and father, FRED TROESCH.

Special thanks to the Russell Grain Co., to Rev. Earl C. Grugel for his consoling words and to Harold Rader for his excellent services.

MRS. FRED TROESCH

Plans, Role Of Junior High Student Council At West Given

Junior High Student Council officers at West High this year are President Shirley Anderson, Vice-President Pete Trott, and Secretary-Treasurer Roberta Ranney.

Each year the council is in charge of all assemblies in junior high. These include the welcoming of new pupils assembly, Fun Without Destruction, Thanksgiving and Christmas programs, Honor Society, Recognition Day, and Council Capers Show. The last is the highlight of activities during the school year. It is a variety show that presents talent from the school. All through the year the students look forward to this assembly which usually occurs during April.

Ushering plays is a big part too, in the year's work for junior student council. They usher for PTA meetings, open house, EIB Day and Mothers' Club Meetings. At almost every occasion members of the student council are there on the job to help when needed.

Junior high, too, has a Guys and Dolls Day election. One boy and one girl are voted to be Guy and Doll by the student body. Council has charge of the election.

Comes time for the Western Roundup, and the students elect a prince and princess. The senior high also chooses a king and queen to reign over all festivities.

The social service committee of the council has charge of the Christmas party each year as well as all noontime dances sponsored by the student council. Committee members take complete responsibility for giving the rest of junior high a successful dance during the lunch hour.

Seventy-five members make up the council this year. Every homeroom elects two people to represent it at council meetings — a representative and an alternative. Homeroom representatives carry back to their rooms all happenings, decisions, and ideas occuring at council meetings.

Out of the junior council treasury comes money to be used for many purposes, all beneficial to the school. Funds for outside lights, Christmas tree and decorations, bicycle stands, and mirrors for the rest rooms are part of last year's investments.

Each year council takes care of selling class pictures to the student body.

There is no time in the school year when the junior student council of West Junior High isn't right there on the job. Mr. Kittel, advisor to junior council, has given his services for many years with the hope of turning out better citizens, well-equipped to meet tomorrow's problems.

A nice Record bouquet to the Hilltop Lions Club for their interest in backing the Hilltop YMCA in so many ways. Yes sir, the Lions have a service club with a capital S.

Watts Named Big Chief Of Area Indian Guide Longhouse, To Direct 250 Tribes

At the recent annual Area Indian Guide Father and Son Longhouse Meeting, held in Mansfield, Hilltopper Frank Watts, the Big Chief of the Hilltop Nation Longhouse, was unanimously elected Big Chief of the Area Longhouse, comprised of the states of Ohio and West Virginia.

During the year that he will serve as Big Chief of the Area Longhouse Watts will be responsible for the existing 250 tribes throughout the area and will represent them at the 1955 National Longhouse meeting, to be held in South Bend, Ind.

Watts, one of the first chiefs in the two-year-old Hilltop organization, has helped in organizing many of the Indian Guide groups in this area. At the National Indian Guide Longhouse Meeting last year in Akron, he was elected to the executive committee of the National Indian Guide.

The Watts family, residing at 91 N. Ogden-av, is comprised of Watts and his eight-year-old son. Durward, who is an Indian Brave, and his wife, Marie, and six-year-old daughter, Karen, both active members of the Indian Maidens.

Junior Chamber of Commerce Announces Plans To 'Educate for Annexation' As Ballot Nears

Franklin Township Citizens Assn. Readies All-Out Fight

Members of the Franklin Township Citizens' Association were busy this week marshalling their forces for an all-out drive to combat efforts to annex the entire township to the city of Columbus.

Voters will be asked at the Nov. 2 election to vote for or against annexing the township along with five other townships immediately adjacent to the city.

Clyde Crandall, president of the citizens group, named two committees to head up the drive to combat the annexation move. One committee will arrange for at least two rallies prior to the election while the other group will suggest ways and means of carrying the issue into every home for the showdown vote.

Members of the Franklin Township group banded together less than a year ago to fight what the association terms "the persistent encroachment of the city" by means of freeholder petition method. It is composed largely of long-time residents of the township, most of whom feel that the time is not yet right for abolishing local government.

It was the Franklin Township Citizens Association that backed the move to incorporate the whole of Franklin Township rather than see it cut up in a piece-meal fashion. This move was successful by a vote of almost two to one in a special election held last May that attracted an unprecedented number of voters to the polls, according to incorporation proponents. The matter of incorporation is now tied up in the courts awaiting a decision on the validity of that vote.

Proponents of local government point to the findings of Dr. Harvey Walker, professor of political science at Ohio State University, as substantial argument to oppose annexation. Dr. Walker, who was employed by business people and individual taxpayers to make a survey of the areas comprising Franklin and Prairie Townships, recommended that only a few scattered areas that were immediately adjacent to Columbus were ready for annexation. One of these areas, the Brookshire Park Addition, has already been approved for annexation.

However, Dr. Walker's overall appraisal of area was that because of the predominantly rural makeup of Franklin Township, it was not yet ready for annexation to the central city.

Township residents likewise have been unimpressed by comparative

Krebs Renamed President Of Hilltop Athletic Club

Dan Krebs has been re-elected president of the Hilltop Athletic Club at the club's annual election. Other officers reamed to serve include Herbert Brown, vice-president; Jerry Ruark, treasurer, and Walter Dolder, sergeant-at-arms. New officers are Bob Dickson, sergeant-at-arms; and Bea Martin, secretary.

The club football team, under the direction of Police Officer Ermil Oakey, defeated the West Side Merchants 6-0 on Sunday, Oct. 3. Bonnie Grant, former West High luminary, made the winning tally.

Hilltop AC won its second straight game in the Middleweight Football League of Columbus, which consists of 178 members as current players, this immediate past Sunday when the locals rolled over the Gahanna Merchants to a 31-0 tally on Southview Field.

Despite the heat, the locals put the best on their opponents as Herb Brown, Ronnie Grant, and Paul Lombard crossed into pay dirt twice each.

Bob Neddleitz converted seven extra points. Hopes are high that the Hilltop AC will be one of the teams participating in a night game for the league championship on Nov. 13 at Central High's field.

State School Hero Will Accept Christmas Gifts

A letter from Lloyd P. Ferguson, chairman of this year's Christmas gift committee at the State School, points out that, "We are now gratefully accepting Christmas gifts for the school."

A specialized list of suitable gifts for men and women, boys and girls, is available to those calling Ferguson at RA. 1191, Ext. 8. Gifts may be brought or sent to the special services office at the school, 1601 W. Broad-st. Donors are asked not to wrap gifts, but to attach fancy wrapping, if so desired, to the exterior of them.

AND IN BETWEEN

In between the two opposing factions concerning the annexation issue on the Nov. 2 ballot are the independent voters who haven't quite made up their minds.

The following developments of the past week were aimed primarily at helping him or her make up his or her mind:

ONE: The Columbus Real Estate Board endorses the annexation of the six townships to the city because, as President Edgar R. Johnson said, "It has momentous implications for the future . . . of the entire metropolitan area.

TWO: Columbus Town Meeting of the Air simulcast heard Delmar G. Starkey, manager of the Chamber of Commerce, argue that annexation is essential as Township Trustees Leland Agler of Mifflin Township and John Loomis of Sharon Township listed their reasons for opposition.

THREE: City Council passed legislation Monday night to make paid employees of the township fire systems automatically city employees in the event annexation is approved at the polls with a "wage at least equal" to that now received.

Hilliards Teacher Named To Head Instrumental Festival Of March 1955

Initial plans for the 1955 musical festivals were made following the recent election of Robert White of Hilliards High School as chairman of the instrumental festival of next Mar. 18 at Groveport High School and the naming of Glenn Thomas of Marion-Franklin as head of the vocal festival to be held Apr. 15 at Gahanna-Lincoln High School.

Franklin County High School Teachers Association, sponsoring agency of the annual festivals, met in the offices of the county board of education on Sept. 27. Philip Heffner of Groveport was named president; Charles F. Ulrey of Canal Winchester, vice-president; and Miss Kathryn Koch, Dublin High, secretary.

Jaycees To Visit Every Home With 'City Side' Of Problem

The Columbus Junior Chamber of Commerce yesterday disclosed it would make a house-to-house canvass of Franklin Township to distribute information concerning the advisability of township residents' voting to annex to the city of Columbus. The canvass will be made on Tuesday nights between now and Nov. 2 — election day.

The more than 400 members of the Jaycees have voted to support in every way possible the move to annex Franklin Township and the other five townships to Columbus, following the recommendation of a special subcommittee which compiled an extensive report concerning the pros and cons of annexation. In this report, the tax advantages to residents of Franklin Township if they should become Columbus residents were clearly set forth.

Based on a tax valuation of $4,800 for the average residence, it was determined that the present real estate taxes would total $148.01 in Columbus while the same services would cost $175.34 for a similar residence in Franklin Township.

Anticipated tax increases would raise the Columbus tax figure to $162.46 and the Franklin Township cost to $208.74.

In view of this significant difference in taxation costs as well as the multiple advantages to be received by township residences if annexation is approved, Jaycee spokesmen said, "We have decided to make every effort to enlighten all persons affected by such annexation as to the widespread advantages for the future of the entire metropolitan area if these annexation proposals are successfully carried."

Rudolph Janata, director of the campaign for the Jaycees in Franklin Township has established a Citizens Committee for annexation, composed of residents of Franklin Township as well as members of the Junior Chamber of Commerce, who will carry the message of the Junior Chamber direct to each home in the township.

Janata said yesterday, "When it is realized that in Franklin County, there are 85 separate governments, with overlapping jurisdiction and responsibilities, it is easy to understand why consolidation

Record Contest Now Has Scant Four Weeks Left

Have you been contacted by a contestant in the big Hilltop Record circulation drive? If not, why not turn to the ad inside the Record today that contains photos of the contestants and vote for your favorite candidate.

First round of the big drive came to a close Monday evening and only a little more than four weeks remain in the contest. Winner of the big event will receive a 1954 Chevrolet two-door sedan purchased from Rodenfels Chevrolet Co., 555 W. Broad-st. Second prize is $500 in cash and third prize will be $250 in cash.

As the third report was handed in this week the race began to tighten up and is taking definite shape for the three top spots. At this point it is still a wide-open event however and anyone of several could be the top winner. Candidates who are out to win will let no grass grow under their feet during these next four weeks.

Top place contestants will be listed in the Record next week and the public will have an opportunity to see how the race is stacking up.

RESTAURANT TO OPEN

Opening of the Casa Maria restaurant featuring all kinds of Italian foods is being announced for Monday. The new restaurant will be located in the building formerly occupied by Armando's Restaurant at Binns and Sullivant and will be operated by Mr. and Mrs. J. De Stazio, 841 S. Roys-av.

Norwich Local School District Residents Will Have Two Education Issues On Ballot

The Norwich Local Board of Education is submitting two school issues to the voters in the November election. One will provide funds for construction of a 16-room senior high school and will permit renovation and added facilities to existing buildings. The other will permit raising of teacher salaries to the level existing elsewhere in Franklin County.

The increased birth rate, plus the building boom, has caused a rapid growth in the number of pre-school age and school age children in the school district. In 1949 there were 518 resident pupils enrolled in the schools. At this time there are 867 resident pupils enrolled. This is an increase of more than 67 percent in the five-year span. The community survey of May 1954 showed 82 six-year-olds and 103 who were three years old. When school opened in September of this year, there were 80 new residences under construction. Since that time 22 more houses have been started.

The increased enrollment has made it necessary for the board of education to exclude pupils on a tuition basis after the present school year from grade and high schools. Those who are enrolled at the close of the 1954-55 school year may continue in school until the class in which they are enrolled is graduated.

The rapid growth in population has caused the board of education to think in terms of a new high school in the future rather than making additions to the present buildings. The present high school building will eventually become a junior high, while the elementary building will continue to house the lower grades.

The first unit of the proposed senior high school will be built at the same time. It will consist of 12 class rooms and a cafeteria, which will serve pupils housed in the new unit as well as the high school pupils. Pupils who are in the upper elementary grades will be housed in this unit for the present, thus making rooms available in the elementary building for the lower grades.

Elementary class rooms averaged 30 pupils per room in September 1953 and 36 in September 1954.

Plans call for an industrial arts shop and vocational agriculture class room which will be added to the present vocational agriculture shop building. This will concentrate all shop work in one shop unit.

Because of the large number of boys to be served, it is planned to erect dressing rooms for all outdoor sports as a part of the building program. Land should be secured on which to build the new class rooms in order that space will be available to complete the proposed new senior high school at a later date.

The auditorium seating which was first installed in the old elementary auditorium in 1918 and in 1930 moved to the present high school auditorium, will be replaced if the bond issue is approved.

The proposed issue provides for

Hart Named President Of West Franklin County Kiwanis Club

Harold Hart was named president of the "almost-a-year-old" West Franklin County Kiwanis Club in this group's regular meeting last Thursday evening in the Colony Restaurant.

Other new officers include: Malcolm Pennell, first vice-president; Maurice Stretch, second vice-president, Clark Riddle, treasurer. Elected to the board of directors were Harry Eberhard, Clarence Latham, Carl Lucas, L. G. Mansfield, Dr. Richard McFarland, Roe Moore, and Samuel Orr.

The new officers will serve for a full year and will be installed at a meeting to be announced.

Guests at the meeting included Weldon Shively, backshop foreman; Henry Jones, pressroom foreman; Lee Koontz, stereotyping department foreman, and Galvy Gordon, editor — all of the Hilltop Record.

They were introduced by Kiwanian L. G. "Zip" Mansfield, who is general manager of the Record. Their appearance was in observance of National Newspaper Week. In a stunt, designed to show the high-speed operation involved in today's publishing business, these members of the Record staff ate a leisurely meal with the Kiwanians, then rushed back to the Record in time to insert the story of the meeting, along with a picture taken by Photographer Harley Groom on the front page of the same Record that was delivered by mail to some 9,000 homes only hours before.

Harold Hart

Less than 20 minutes after the Kiwanians finished their meal and balloting, they were observing this type being set as Mansfield explained the various technical steps involved in the operation.

The election meeting marks nearly a full year of very successful endeavor on the part of the West Franklin Kiwanis Club, which was first organized on Oct. 15, 1953.

NEW ST. AGNES CHURCH—Above is the architect's drawing of the new St. Agnes church now under construction on W. Mound-st., between Wilmington and Wayne-ave. Present plans call for the edifice to be completed by Easter of 1955. The church will have a seating capacity of 450 and the social hall, contained in the right wing of the structure, may be used to seat an additional 160 parishioners. The social hall may be shut off from the church itself by means of folding doors. At the present time, St. Agnes parish cares for approximately 500 families. Plans for the new church were drawn by Ramsey, Cross and Abbot Architects of Columbus and the general contractor is the Kent Brothers Company of Columbus. The corner stone for the church will be blessed on Sunday, Oct. 24.

HEPPED ON WANT-ADS

Probably the most enthused user of want-ads in this paper this week is L. F. Hitchcock of 181 Letchworth-av. He placed one of these tiny "wonder-workers" in the classified columns last week to sell a storm door with screen and five metal window screens.

Within minutes after the first of the weekly 32,000 copies of these newspapers were opened by readers, Hitchcock started getting calls. He sold the apparently widely-sought-after items in very short order, then went on to log some 40 separate telephone calls from would-be buyers.

Now, he's got the want-ad habit. How about you? We know we can help you with your selling problems. Merely call JO. 7331 or HI. 4-9262 for courteous assistance in the best wording of your super-salesman.

WEST HIGH ROYALTY—Seated in the center is West High's lovely 1954 Homecoming Queen-elect, Shirley Boldt, who will reign over the West-Central game with her charming court. Miss Boldt is the daughter of Mrs. Joan Cadwell of 269 S. Harris-av. Seated with Queen Shirley are homecoming court attendants, left to right, Miss Mon. Norma Lenkowski, Gayle Lee and Judy Swarts.

It was their theme, for instance, on Friday morning when the above picture was snapped as the Kiwanians unloaded the new "clean-up" barrels along W. Broad-st. Throughout the entire area, the local Kiwanians have placed gleaming white trash containers to encourage the civic habits of local residents and to keep the Hilltop the cleanest portion of the city. With Peg Warren

The safety of the American people is the sole purpose of the Civil Defense program. They ask our co-operation. Like the three little monkeys who huddled together, closed their eyes and put their hands over their ears, we are prone to put the thoughts of an atomic bomb dropping out of our minds. In case of disaster, knowledge of rescue work can save loss of life and prevent a community from being demolished by fire . . . Well-known Hilltopper Allyn (Al) W. Laird, safety engineer at the Columbus Depot, has been selected and will leave on Oct. 18, to attend a two week rescue instruction training course in heavy demolition rescue techniques and team leadership, at the National Civil Defense Training Center at Olney, Md. . . . Congratulations to the Jim Sweeneys on the arrival of a new love in their home, a beautiful baby boy. They christened him Joseph. His mother is the former Margaret Heaton . . . Off to a good start, Helen Gerhardt, top bowler, is a recent award winner of a new bowling ball, bag and shoes . . . This month, Joan Shedwell, daughter of Mr. and Mrs. Michael Shedwell, will exchange wedding vows with Gregory Cole of Bridgeport. Rev. J. P. Kiefer will officiate at the open church ceremony at St. Anthony's Church of that city . . . Wedding bells will ring on Oct. 15 for Martha Jean Whipps, daughter of Mr. and Mrs. Clifton Whipps, and Carl A. Caligiuri, son of Mr. and Mrs. Frank Caligiuri, at the Clintonville Baptist Church . . . Mrs. T. S. Fox is the newly elected vice-president of the Lotus Club . . . Members of the Franklin County Council of the American Legion Auxiliary have named Mrs. W. L. Minnameyer and Mrs. E. C. McCarley to serve for this new administrative year . . . Bob Tawell, U. S. Navy, is home on furlough . . . Last week Mrs. Florence T. McAndrew and Mrs. Louise B. Fyles, associates of Western Union, were feted at a retirement dinner at the Columbus Maennerchor Club. Mrs. Price plans to take things easy, while Florence McAndrews, a new bride, will move to Toledo to join her husband . . . William Brown, former manager of Columbus Motor Speedway, has been named to the sales staff of WVKO . . . Lt. John R. Jones, OSU grad, has been commissioned in the medical corps of the U. S. Seiller's has a complete line of the necessary hardware, including traverse rods, for hanging your drapes which makes your visit to their downstairs store a one-stop visit.

While you are in the drapery department you will want to see Seiller's complete line of "Sure-fit" slip covers for chairs and new pair of drapes for as little priced from $9.95 for chairs and $19.95 for sofas. When you see how fine these covers look and how snuggly they fit, you won't be able to resist this value.

figures designed to show that if annexed to Columbus services would be greatly expanded while tax rates would tend to be lower than those as a township, Crandall said. Association spokesmen pointed out that estimates of high police and fire department officials for the cost of expanding these services to all of Franklin Township would cost substantially more than the city would realize in new tax revenues from the annexed area.

Franklin Township has a rapidly increasing tax duplicate due to a combination of industrial expansion and widespread residential construction. A review of financial reports in the township show that in 1946 the total valuation was under $6 million. It is expected to approach $50 million in 1955.

MIRIAM SUBDIVISION NO. 2 will occupy the space outlined above in the artist's sketch, according to Edward A. Tonti, developer of Miriam Addition, who reported the first digging on the first 80 acres of the new 183-acre development began early this week. Included in the project, which will eventually include some 600 lots, will be a 16-acre site for a new $1,500,000 West Side Catholic high school. Planned are 400 homes in the $15,000 class and 200 in the $20,000 class. The first ones will be available for occupancy sometime next spring, Tonti predicts.

Day, president of the Columbus Chapter of the National Association of Cost Accountants and general audit chairman of the 1954 United Appeals Campaign.

bonds to be issued for a period of 23 years to finance the above projects. The rate of taxes needed for retirement of bonds and payment of interest, as certified by the county auditor, is 2.5 mills or 25 cents per $100 of tax value. This rate is computed on last year's duplicate. Because of new residences, this rate will be lower when the levy first appears on tax bills, which will be the tax paying year 1956.

In 1951 a special tax levy of eight mills for five years was approved by the voters of the school district for operation of the schools. The following year a reappraisal of real estate reduced the rate to 6.4 mills. The schools have had the full benefit of the eight-mill levy for only one year.

The second proposed levy is for two mills for two years in an attempt to regain some of the money lost by the cut in the tax rate. If approved, most of the money from this levy will be used to bring salaries of teachers and other school employees more nearly in line with those of other school districts in the county. Beginning teachers with a four year degree receive $3,745 at Hilliards. There is only one district in Franklin County maintaining a high school which pays less than Hilliards. Most of the county schools pay $3,000 for beginning teachers. The cities pay $3,200.

If approved, this levy will be included in the 1955 tax bills. It will cost 30 cents for $100 of valuation.

Pastor of
Avondale Evangelical United Brethren Church

Look with me at one of the sweetest words in the Bible, the word COME, the word of words. The first COME in the Bible is one of salvation. Gen. 7-1, note COME not GO, a proof that the Lord Himself was in the Ark as is also the last, Rev. 22-7.

What must we come for? Come and I will give you rest, Matt 11-28; come for knowledge, come and see, John 1, 3-9; come for satisfaction, come unto me and drink, John 7-7; come for discipleship, come and follow me, Mark 13-21; come for victory, come put your feet upon the necks, John. 10-27; come for fellowship, come and dine, John 21-12; come for refreshments, come and rest awhile, Mark 6-31; come and receive your inheritance, come and inherit, Matt. 25-34.

How must we come? Just as we are without any attempt to make ourselves presentable for then He will make us new creatures in Christ Jesus.

When must we come? The instructions, COME NOW are found over and over again in the Bible.

He said unto Mary and Martha, "I am the Resurrection and the Life," and so among the many wonderful things that we come for in Jesus, most of all, the highest of all is life, more abundant life. Come to that life!

Mr. Fix-It Delves Into Problems Revolving Around Halloween Fun

Dear Mr. Fix-It:

I've never appreciated anyone telling me how to raise my children so please don't misunderstand my plea, but my husband and I, and many other parents like us, have a problem that none of us seem to have solved very satisfactorily.

The problem is that, although our junior high school age boys are bright and generally well behaved, "boys will be boys" as the saying goes, and as Halloween rolls around, their main pleasure seems to be in playing the harmless but bothersome pranks that often turn young practical jokers into vandals.

They, and nearly every other youngster their age, seem to find some unexplained thrill and excitement in soaping windows of the grouchy neighbor across the street or "pinning" the automobile horn of a total stranger down the block.

We're not the kind of parents who let our children run the streets at all hours. We do put a nine o'clock curfew on them unless they want to attend something special. However, I have received two complaints that during that length of time my boys were seen in the act of performing the stunts that I spoke of. My husband seems to think that we should confront the boys with the complaints and punish them in addition to keeping them in during the Halloween "season."

This, no doubt, is the common thing to do. But I don't think it is the solution to a problem that I consider a real problem because of the acts of vandalism and violence that such an idea of "fun" might encourage.

I don't expect you to give me a law governing such problems, but perhaps you can suggest the "cause and cure" as the doctors say.

Yours truly,
Mrs. J. G.

Dear Mrs. J. G.

The cause of your problem seems to be fairly simple to explain. Apparently, there was nothing else of "interest" for your boys to do at the time, and, of course, there is the element of "danger" that is always exciting to youngsters and the young at heart.

The "cure" may not be so easy. However, perhaps I can prescribe a treatment that may help in dealing with this problem in addition to your own explanation to your sons of the folly and cruelty and sometimes needless hurt and tragedy that such pranks may bring about.

Needless to say, the simple pastime of "Halloweening" loses its thrill like any other plaything in time. Although most youngsters give up at that point, some may develop this type of "entertainment" into tragic and criminal vandalism, for which the law prescribes just punishment.

In order to avoid wasted time and effort and bad feeling, and in the future, perhaps even sorrow, it would be well to lay these simple facts of the consequences before your sons. Moreover, as they are of junior high school age, you might stress the fact that they are getting too old for this "kid stuff" and might devote their time and energy to developing their talents in really exciting and rewarding pastimes such as football or basketball or any of the many sports and activities offered by their school and local organizations, such as the YMCA.

Of course, we all like to celebrate a holiday and many organizations over the Hilltop have made ample provision for the celebration of this fun-provoking occasion.

The Hilltop Kiwanis Club and the West Side Board of Trade are sponsoring contests for budding young artists in their separate localities in which they supply water soluble paint to be used in painting Halloween scenes on the store windows of local business establishments. The pictures are judged and winning entrants receive cash prizes for their efforts. In addition, many schools, churches, and various organizations sponsor dances and parties where young people may gather and bring their friends for an evening of fun and festivities. Plenty of toothsome refreshments are usually supplied too, which active teenagers aren't in the habit of turning down.

Actually, there isn't any problem at all when teen-agers are in the habit of gathering at these functions or giving a party in their own home, by way of doing something different that is interesting to them.

Sullivant Avenue Airport Owner Points Out Need For West Side Air Strip

LAY OF THE LAND—The above aerial picture emphasizes many of the problems outlined in the question and answer interview with Gomer Jones, owner of the Sullivant Avenue Airport. Note the landing strip location, distinctly outlined, and its approach over the parking lots of Westinghouse and General Motors from the north (left, center on picture) and the clear space south of the strip to Clime-rd. Note also the expanding nature of all the areas surrounding airport. Picture was taken from west looking east.

• • •

EDITOR'S NOTE: The following is a transcript of a tape-recorded interview with E. Gomer Jones, owner of the Sullivant Avenue Airport and veteran of 31 years commercial time in and around Columbus ohio. The subject is of interest to every forward-looking citizen on the entire expanding West Side, including the Hilltop and Norwich, Jackson and Franklin Townships.

Q. Why do think the solution of the so-called fringe airport problem, especially applying to the West Side, is so important that it must be settled right now? Why can't we wait five years or so?

A. It is practically impossible for a private airport operation to continue too long, without public recognition in an area that is growing. The area around Sullivant Airport is subject to development since the entire surrounding area is "busting at the seams." The airport has become pretty much of a public item already. It cannot be justified for pleasure flying extensively. A growing number of people flying inter-city make the airport worthwhile to the whole community. Sullivant Avenue Airport also belongs to the city's air history as it has been operated commercially since 1929 — longer than Port Columbus.

Q. Why do you, as the owner of Sullivant Avenue Airport feel that you are on the spot. You have said that you must come to a decision in the very near future. What do you mean?

A. Almost every day I am approached by representatives of developing firms, who would pay considerable cash for the privilege of purchasing this particular tract of land for home development purposes. Thinking of any type of financing program for any type of improvements on the airport, such as a hard surface on the runways and better hangers, is almost impossible because most banks and insurance companies feel that this airport will be crowded out in a year or two. Without absolute public assurance that the area will not be zoned too close for safe flying or that the city will take over the airport as an auxiliary to Port Columbus, it remains an insoluble problem. Any reputable financing organization requires some sort of assurance that the operation in its present location will extend through 10 or 15 years.

Q. Then you want one of two things—either the zoning officials to give some sort of assurances that houses or industries would not approach any closer on all four sides or you would like for the city to buy the facilities and use them as an auxiliary to Port Columbus?

A: It is my understanding that at the present it is impossible for the city or county to insure such zoning protection unless the airport is owned or leased by city or county. Therefore, I would much prefer that the city purchase the airport at a price equal to or possibly less than it would bring if sold or used for housing development purposes.

Q. In other words, you would say that if a developer approached you tomorrow and offered to buy the airport you would take considerably less from the city in order to have the personal satisfaction of having the strip preserved as part of the municipal air authority.

A. Yes. I would be willing to accept from the city considerably less on the acre than what it would bring for development purposes today, if I were assured that the city would utilize it as an air strip.

Q. Why do we need an airstrip here on the Hilltop? They have wonderful facilities at Port Columbus.

A. Many business planes, up to the light twin-engine class spend 45-50 minutes flying in from Detroit, Louisville, Indianapolis and Pittsburgh areas, arriving in Columbus on a many-times daily basis. It is foolish for these planes, carrying passengers who have business with firms, industries or businesses on the expanding West Side, to spend just as much time by automobile getting from Port Columbus to their destinations as they spend in getting to Columbus.

Q. If General Motors or Westinghouse-bound parts suppliers, for example, flew into Port Columbus, how long would it take them to arrive at either of these plants under the current situation?

A. Normally it would now take them anywhere from 30 to 45 minutes by rented auto or a cab fare of $2.50 to $4. The 24-hour parking fee at our port includes transportation to these particular plants.

Q. What about a shuttle service for passengers riding the commercial liners into Port Columbus?

A. There is no reason why, as more airlines come into the city, that a person shouldn't be able to get off the liner, step into a smaller airplane and be delivered to an airstrip near the ultimate destination. To do this, however, the existing "perimeter strips" such as Sullivant Avenue Airport must be kept in operation. If the city permits this strip, for instance, to go by the board —that is suffer the encroachments of other building to the extent that we are economically and physically crowded out and forced to sell or develop—then eventually municipal authorities will have to buy such strips farther out at greater prices. These "some day" strips, incidentally, will not be half so convenient as the existing ones. For instance, if this particular airport is allowed to suffocate the closest western site suitable beyond here is at least five miles farther west. Existing perimeter air strips can accommodate helicopters without any changes in facilities.

Q. Are the current improvements and expansions in the "talking stage" at Port Columbus necessary?

A. Yes. We do need one airport for all-weather flying. We need further improvements and will continue to need more improvements at the main airport as we advance (or catch up) with the "air age" here in Columbus. Port Columbus can't possibly serve its full use unless it can taxi by air passengers to other parts of the city. One major improvement at Port Columbus would be fuller use of perimeter strips by small aircraft, thereby reducing the traffic problem.

Q. When did you first approach the city and explain that you were willing to turn over, at a loss, compared to other disposition, your airport if Columbus would preserve it as a West Side port?

A. Back in March of this year I talked first to Mayor Sensenbrenner, who expressed great interest in the plan and immediately brought it before the air commission. Apparently the feeling that no additional governmental funds are available to expand the municipal system into other strips has bogged the commission down. They are wrong in this belief because the perimeter strips could be entirely self-supporting. They do, however, need public assurance that they will not be crowded out.

Q. Outside of the original purchase price, would it cost the city a huge sum to open this port as an auxiliary?

A. No. A comparatively small amount of money would be required to incorporate this port into the municipal system.

Q. How does Sullivant Avenue Airport rate as far as safety factors are concerned.

A. The north and south strip has a comparatively uncluttered approach pattern. On the approach from the north, we cross only the parking and unoccupied portions of the General Motors and Westinghouse plant, with no objections ever registered to date by either of these firms. There is room for expansion to the south, with no buildings at all entering into the picture. Under municipal control, the strip could probably be expanded to a maximum of 4500 feet, as far south as Clime-rd. Now, our strip is 3650 feet of runway. As a public airport, the strip should be a minimum of 4,000 feet long and have minimum contact lights on it. These lights, however, would cost only in the neighborhood of $1200 to $1500. No expensive electronic devices would be needed because of the excellent facilities already existing at Port Columbus for use in weather emergency. This strip would be used only for "contact flying."

Q. What role do these perimeter strips play in civil defense?

A. They would be invaluable in evacuating people from an area and in bringing in emergency supplies. Any one of these ports would serve as an assembly point for evacuees, with facilities existing both for deployment of aircraft and automobiles on the fields for maximum efficiency.

Q. What about the noise problem relative to houses and the airport?

A. To the best of my knowledge there have been no complains on this score. We can easily police the limited air traffic to forestall such complaints. Medium and light type planes do not create undue noise.

Q. What can the private airmen or citizens' groups do to get some action on this problem of assuring a close-in airport such as this one for the West Side?

A. Recognition by a high percentage of the citizenry of the importance of the close-in service is the main problem. Letters to the mayor's office, the airport commission of the city of Columbus and to the press will be of assistance. Unless the feeling becomes "pro-airport" here, nothing will be done.

Q. Is a West Side airport strip inevitable?

A. Yes. Sooner or later there must be such a facility available. It is up to the officials now to determine whether to act now and obtain those conveniently located or to wait five or 10 years and be forced to seek five or 10 miles farther out. As huge airliner traffic increases, the preservation of these perimeter strips becomes all the more important. Such strips could be used, even by the largest planes, in an emergency, to avoid plowing into mid-city homes and buildings. Even a Constellation, if it were to catch fire, could come in on a 3,000-foot strip. It would pile up at the end but there would very probably be no loss of life or houses.

Q. What business concerns are the ultimate destinations for most of your in-flights on this particular field?

A. Westinghouse, General Motors, and Ag-Lab Products, Inc.

These Eyes —

How Well Do You Know Them?

If you guessed last week's mystery man, I'm sure you'll agree with our clue that he is a hard man to keep up with. For he is one of the Joneses, and so may be automatically identified with the old axiom. In addition, his business is airplanes, and there is certainly no doubt that they are getting harder and harder to keep up with each day.

Conner Jones and wife, Flos, who reside at 265 S. Westmoor-av, have been flitterpers for about eight years.

Jones, a native of Van Wert County, moved to Columbus in 1922. Following his graduation from East High School, he went to work for the Doddington Lumber Co.

Not long afterwards he became interested in flying. He learned to fly in 1932 and took to the "wild blue yonder" operating his first plane out of Port Columbus, before it became too thriving a municipal airport to keep up with the growing interest in private aeronautical activities.

He leased the Sullivant Avenue Airport, the oldest continuously operated airport in Columbus, in 1937, and completed its purchase in 1938.

An important factor in the rapidly developing use of private and chartered aircraft, the Sullivant Avenue Airport offers flying lessons, the services of chartered planes, and is a prominent center for the storage and maintenance of private aircraft.

Jones, a member of the NRA, is kept much too engrossed with his fast-growing business to spend much time at the controls of a plane. However, he enthusiastically states that he enjoys flying "just as much as ever" and occasionally he and his wife take a busman's holiday o. a cross-country jaunt.

This week's mask surrounds the eyes of a friendly individual who

Conner E. Jones

is no stranger to readers. Her main job and source of enjoyment is helping others. At one time or another you, no doubt, have required her assistance.

HOLD SPANISH DANCE

A Spanish theme was carried out at the Glenwood Teen Club dance recently at Glenwood Recreation Center. Red, yellow, and green crepe paper streamers, a paper mache bull head, and colored fans covered with glitter, carried out the Spanish theme.

A lively discussion on teen agers' problems followed the films "Shy Guy" and "The Outsider," which were shown at the meeting Monday, Oct. 11.

Trivia

From
THE EDITOR'S DESK

By Galvy Gordon

STRAWS IN THE WIND: — Keep your eyes on the following three developments. We received confidential tips that each of them would erupt into headlines soon, but details were not available at the time this column was being cast into type. You may see the "headline material" elsewhere in the paper, however, the full story may take several weeks to develop, our informant said.

First, the Marble Cliff Quarries case will be in the news, but definitely. Until now, little has been said on the firm's position re the petition filed against it to forbid any blasting and dredging operations on its land, within 1,000 feet of Hague-av. Predicted is a series of replies and counter-replies which will have the zoning people and the county commissioners really on the spot.

"The same "hot-spot" applies to the Ed Gochenour wholesale meat and slaughter house operating on Harrisburg-pk. On both problems, the politicos involved would prefer to find technicalities or maintain a discreet silence until after Nov. 2. Considerable emotion is involved and clouds the issue of legality, fair play, and objective thinking on both sides. Wait and see.

LOTS OF FUN was had by all concerned last Thursday evening when the West Franklin County Kiwanis Club observed first-hand at about 9 p. m. the production of a newspaper as outlined in the story of the election of Harold Hart as new club proxy on page one. L. G. Mansfield set a line of type on the Linotype bearing the name of each member of the club while the rest of us hurried back to the Record office.

OUR HATS ARE OFF: To all PTA publicity chairmen, who, once they understood our production problems as outlined in a recent edition of this column, really showed a fine spirit of cooperation.

However, we don't feel that all the school booster groups have availed themselves of all the opportunities for recognition. If you are wondering and didn't get a chance to read the particular column feel free to call me at the office and I'll send you out a clipping of it.

PLEASANT EXPERIENCE I had at the National Newspaper Week program of the West Franklin County Kiwanis Club last Thursday was unveiling my Lions lapel pin in the den of the Kiwanians. (I thought only Lions roared.)

The following appeared in the special "demonstration copy" of the Record prepared especially for the edification and entertainment of the West Franklin County Kiwanians late last Thursday. We thought you'd enjoy getting a peak at it, too.

It hardly seems possible, but it will be just one year—come Friday of next week (October 15)—that our group, the West Franklin Kiwanis Club, was organized. Yes, in a sense, it seems only a short time ago that most of us said "I do" to Kiwanis.

However, in another sense, our association with one another has resulted in an esprit de corps which usually takes years to achieve.

Why has it come so naturally to our club? First of all, we believe that the progressiveness of the area in which we live had much to do with it; common interests played an important role. But, for the most part we "arrived" because as individuals we gladly put our shoulders to the wheel, thereby collectively achieving something which has nourished and strengthened us.

We are sure no explanation of this is necessary to any member of our club—those who helped to provide the articles and services to those who were in need; everyone who aided at the fair; Kids' Day workers, those who made the 4-H declamation contest possible, etc.

Yes, it hasn't been too long ago that many of us fumbled to recall a fellow club member's name, but all that has changed. The work we have done together has made us a unit which commands the respect of everyone in our area. We hope that our reputation will spread because of one thing: our value to this community.

OCTOBER EVENING
The dusk is stabbed with glinting
spears of rain;
Mist, from the meadows rising,
lily drifts;
Trees murmur legends and a lone
bird lifts
A single voice, one pure, lonely
note of pain.
The leaves have fallen, in a golden
stain
Sudden as sunlight through the
the fraying rifts
Of cloud. A pale moon flowers.
Dim light sifts
Blurred silver on the pool. I watched it wane;
I heard the rain drums waken,
heard them beat
Upon the water, saw the darkness
hold
The moving shapes of swans, in
still retreat,
Stranger than dreaming, like a tale
once told,
Haunting the mind, or like the
slow defeat
Of love remembered, when the
heart is old.

OCTOBER
The day we walked together
through October
The mist-wrapped sun shone down,
half-heartedly.
He thought himself enthroned by
all the glowing
Of goldenrod and flaming bittersweet.
Long silences between us let in
tiny sounds—
The sudden whir of wild geese,
flying south;
Of busy squirrels who chattered
as they worked.
We heard smoke-scented winds
sigh mournfully
And gentle murmuring of leaf
[illegible]
The day we walked together
through October
Is the day my heart keeps remembering.

Mail—From Cincinnati: "A child enters your home and makes so much noise for 18 or 20 years that you can scarcely stand it, then he departs—leaving the house so dismally silent you think you'll go mad. I read that somewhere, and it is so true" . . . From Thornville: "All is well on Honey Creek. An autumn wind sings through the willows. The goldenrod is yellow and I think I may have seen a patch of red in the tree tops. Looks like a mighty harvest of corn. Those long yellow cribs of corn I saw in my mind's eye long days ago when I was 'The Plow Man' soon will be a reality" . . . From Boston: "We are beginning to see out again, so if you are still planning that trip to Cape Cod, come along. Thanks to patriotic people all over the country, the Old North Church is to be repaired" . . . From California: "Every October we get homesick for Ohio. I can still taste that apple butter and smell the wood smoke and burnin.; leaves."

In Passing—Was going to ask whatever became of G. David Schine, but Robert Sylvester beat me to it . . . Last October when the last week of vacation was over, my better 9/10 and I told each other dolefully that that was that till spring, and it seemed like a long, bleak stretch of time. But the next thing we knew it was Christmas, then Easter. This isn't news to anyone, but it does fill up space. This isn't news either—but time does fly . . . The trouble with dusting books is it takes as long to read them. A busy housewife either shouldn't have books, or they should go un-dusted. (Am still embarrassed when I remember that Dr. Miles once pulled a book from our book shelves and his antiseptically-clean hands were black!)

From somewhere — Folks used to make shirts on spinning-wheels; now they lose their shirts on them . . . Judge a man by his questions rather than by his answers . . . Friend of Judge, visiting police court: "You have a pretty rough bunch of customers this morning, don't you judge?" Judge: "You're looking at the wrong bunch. Those are the lawyers" . . . For years the catalogue of a mail order house had carried on ad picturing a pair of corduroy pants, together with the description and price of same. In the twenty-fifth year the company received this letter: "Dear Friend: The more I been seeing them corduroy britches the more I get to wanting them. If you aint sold them yet, let me know and I'll buy them" . . .

"Old" Camp Fire Girls Entertain New Members

A new members party was held last Tuesday, Oct. 12, by the Hente-ki-ya Camp Fire Girls of Glenwood Recreation Center to welcome new members into their group.

The girls baked a cake for the new members and decorated the top of it with Camp Fire symbols. After an initiation program, members square-danced and learned new Camp Fire songs. The refreshment committee served the beautifully-decorated cake that they had made.

'Small Fry'

By J. Curtis Allen

"My name's David and my daddy's a fireman. What's your name?"

Here's the same little fellow who always greets you on your way home from work, and even though it may have been a very rough day at the office, it sort of makes you warm inside to hear the small, sincere voice. Somehow you know the neighborhood just wouldn't be the same without him. Incidentally, he is two and a half-year-old David Semerius, of 201 S. Southampton-av, and his father, Melvin, is an auditor for the Ohio Fuel Gas Co.

Former Active Scout Executive Reviews 'God and My Country'

"God and My Country," by MacKinlay Kantor, which recently arrived on the shelves of the Hilltop Branch Library, was reviewed by Harry M. Drake, former O&E chairman and district committeeman of the Boy Scouts as follows:

"A new book wherein the writer portrays a scoutmaster as one who has a vital role in molding the character of boys in a small town. The scene set for "God and My Country" is a small town in Iowa, but could very well fit any portion of the Southwest District of Scouting here.

"As I read the book, many scoutmasters' problems rose in my memory. Here is a story you will long remember. All scouters and scoutmasters should read this book."

Other new books include "The Burl Ives Songbook", by Ives; "First Year Spanish," by Stanbeck; "First Year French," by O'Brien; "Second Year French," by O'Brien; "Star in the Rigging," by Garis; "The Roark; "The Power and the Pride," by Swiggett; "Pioneer Railroads," by Bawman; "Living Issues in Philosophy," by Titors; "Good Taste in Home Decoration" by McMillan.

Still others are "Today's Woman"; "Ideas for Christmas"; "Arch-ery Handbook;" "Principles of Nursery Management;" "The Buffalo Wallow," by Jackson; "The World's Good," by Washburne; "Personality in Action," by Rhoe; "How to Navigate;" and "Automobile Trouble Shooting."

Grandma keeps in touch by LONG DISTANCE

Grandma lives many miles away, but she's no stranger to *her* grandchild. She visits us often... by Long Distance.

The miles can't cheat you of sharing family joys when you have the Long Distance habit. Those telephone visits mean so much and cost so very little. (Typical low Long Distance rates are listed on the inside front cover of your phone book.)

Remember... Long Distance calls go through faster when you give the out-of-town number.

Jaycees To Visit Every Home

(Continued from Page 1)

in the central community would be advantageous to everyone in metropolitan Columbus.

"All of these units elect or appoint their own officers, levy taxes and borrow money. Each spends money, constructs and maintains buildings or other improvements, has employees, and executes a number of governmental functions. The result of this is a division of responsibility, unnecessary expense, and often ill feeling between the different areas. Each of these units is geared to a local pattern of development.

"Often none is very much concerned with its neighbors, nor the over-all development of the entire area.

"Further," Janata stated, "the advisability of annexation is also supported by the problems created due to population density. A look at the map of Franklin County showing this density indicates that there is much settlement of unincorporated areas. This means that a large segment of what is called Greater Columbus is without adequate and proper urban services, although the people live in conditions similar to those of a densely, built-up city."

The rather extensive report of the Jaycees, contains in part the following statements: "In all fairness to existing township government, it should be noted that, by reason of its structure and legal power, it is incapable of coping with many of the problems of increased settlement. It cannot supply services essential to orderly living in an urbanized area, because it is designed (by law) for a rural community, wherein most the services are supplied by each landowner for himself.

"A township supplies only the most superficial police and fire protection under its tax levy, the report continues. No township in Franklin County now supplies anything in the nature of public relief, water, sewers, curbs, or sidewalks, states one paragraph.

Street lights garbage or trash collection, health services, or public transportation — all these are missing, too, under the township system, the Jaycees note.

"Although townships have zoning, enforcement must be by the county, which is a wholly independent governmental unit beyond direct control and without direct responsibility, it is pointed out.

"It is well known," Janata said, "that enforcement has been poor. Roads and traffic controls also are handled by the county and again responsibility to public need is slow and inadequate.

"A check of the county auditor's records with regards to expenditures and financial resources of the township governments will show that the largest single portion of funds available goes into retiremenat and pension funds for township officials," he emphasized in reading from the report.

"It should be noted," Janata continued, "that township government has nothing whatever to do with schools or school districts. These districts are independent political units, whose sole purpose is the operation of educational facilities. These units have done a creditable job even though hard pressed by the expansion that has overtaken them.

"The problem to be faced, however, is a continued and accelerated expansion in terms of number of students, and even more serious, advancing age of students to high school level, where costly, specialized technical and vocational training will be demanded.

"The third problem relates to providing facilities for rest and recreation and for cultural and sports events that make an urban community a pleasant place in which to live. Long range planning for the whole urban area, the financial resources of the whole urban area, and adequate undeveloped land with which to plan and where to build upon are essential.

"Obviously, control and responsibility must be in one governmental unit, with jurisdiction over the whole urban area, if an adequate provision, with any reasonable time and at a reasonable cost, is to be made of these elements, that make a community livable in the broadest sense," Janata concluded.

PATROL SELECTION

Members of school safety patrols are selected for their aptitude, dependability, interest in their task, popularity with their fellow students and scholastic standing.

ADDITIONS TO SCHOOLS

Additions to West Mound and Sullivant Schools as well as others will probably be planned immediately if Franklin Township becomes a part of the city as a result of the coming election, according to City Schools Superintendent N. G. Fawcett. Two rooms have already been added to Westgate, with preliminary plans approved for six more. These additions were based on "normal growth" only and did not include the impact of additional township students.

Mr. Fix-it, how about taking advantage of this good weather to repair and remove accident hazards around the outside of your home? That rotten porch step . . . the rickety railing . . . those bad spots in the sidewalk.

Bender, who carries the endorsement of President Eisenhower, is running for the senate seat now occupied by Burke. Burke, himself, wears the mantle of approval of Governor Lausche by whom he was appointed to the death of Senator Robert A. Taft.

Moderator for the star-studded program will be another nationally known figure, George V. Denny, long time moderator of America's Town Meeting of the Air.

Mrs. Grace Hare Frye, program director, has invited the public to attend the forum at the studio at 495 Olentangy River-rd or to telephone questions to speakers through CA. 8-3281.

Home of the Week

12—THE HILLTOP RECORD Thursday, Oct. 14, 1954

The twin homes of Mr. and Mrs. Carl L. Lucas, at left, and their daughter and son-in-law, Mr. and Mrs. Robert Little, at 6375 Alkire-rd, are set far back from the road on a rolling, green, 11-acre site which is further beautified by a winding creek. Each of the brown shingle, stone-faced homes is reached by a long winding driveway and surrounded by shrubs, petunias, roses, tiny moss roses, and various other flowering plants.

A "Country Gentleman" atmosphere engulfs this week's choice for "Home of the Week." It is the lovely dwelling of Mr. and Mrs. Robert Little, 6375 Alkire-rd, which was built four years ago on the 11-acre site by Mrs. Little's father, Carl L. Lucas, a former contractor.

We visited the Littles' home under rather unusual circumstances, for Mr. and Mrs. Little and their three children, Marsha, 12; Bobbie, seven, and Mark, three, were in Corpus Christi, Tex., at the time, where Little, who is associated with the F&R Lazarus & Co., has been sent to perform duties of executive capacity for the Fedway Department Store.

We were shown through the tastefully decorated and well-constructed home by Mrs. Lucas, whose home next door is a twin to our Home of the Week. It was also built by her husband, some time after he completed the Little's home. Lucas, not content with his short span of retirement, is now in the farm implement business.

The corner dining area in the living room is decorated with deep aqua walls, eggshell folio drapes, and beige carpet, the same decor found in the living room. The dining table is of blonde mahogany, while the shelves and sliding-doored cupboards around the kitchen doorway are painted in deep aqua and display books, figurines, and knick-knacks—collected through the years—that lend a personal and charming atmosphere to the combined rooms as a whole.

A splash of pleasingly bright color combined with the shining white surfaces of this well-equipped kitchen reflect Mrs. Little's talent for producing an eye-flattering decor. The walls, of a glowing salmon hue, are a background for the sprigs of imitation ivy and flowered curtains. Counter surfaces are of black marbelized formica, while the floor is covered in deep evergreen plastic tile.

The flagstones in the patio between the two houses are interspersed with the tiny, colorful blossoms of moss roses. Additional color and greenery is supplied by the evergreen shrubs and the Japanese cherry tree, whose springtime blossoms nod over the low stone wall in the background. The shrubs in the foreground line a huge semi-circular flowerbed, not shown, which is the beginning of a wide-sloping back lawn.

The two huge picture windows, shown in this shot of the front wall of the Littles' living room, flank the open fireplace, faced in black slate. The contemporary modern furnishings are primarily of blonde mahogany, with several occasional chairs, a mahogany spinet, and a box sofa covered in a red, gold, and turquoise oriental print completing the general decor. A tall philodendron plant, not shown, stands in a wicker planter, while to the extreme right of this scene is the foyer, floored in black ceramic tile with the pattern of the papered walls bordering an abstract figure.

The walls of the master bedroom, one of three lovely bedrooms, are of chocolate brown combined with beige. The huge, floor-length picture window frames a grassy meadow and the leafy trees and plants lining the banks of the creek. Cotton drapes at this window and the corner windows, as well as the dust ruffle beneath the chocolate brown spread are of a red, turquoise, and brown print on a white background. The cabinet in the right hand corner, complementing the light mahogany suite, is actually an electric ironer.

West High Constitution Day Program Impressive

A day that we all have good reason to remember and celebrate slipped by us this year with very little fanfare or meditation on its why and wherefore.

The day in question is Constitution Day. What were you doing and thinking about that day? Did you realize that it was the 167th anniversary of the signing of the Constitution of the United States of America?

Many of us, perhaps were totally ignorant of Sept. 17 on our calendar—but not the students at West High School. For, they had a double celebration that day. Not only did they present a fine Constitution Day program but they used their new radio studio and equipment to broadcast for the first time to every room in the school.

Students, teachers, parents, and alumni are all particularly proud of the achievement that this first broadcast represents. It means that after four years of hard work on the part of these four groups West High School may proudly and effectively use a fine new public address system as well as a completely equipped radio studio.

The same four groups wish to express their thanks, also, to the many fine residents of this community who have never lost interest in their projects and who have greatly helped them, through their paid admissions to various talent shows, plays, carnivals and other worthwhile projects to attain this goal that they had set for themselves. A goal, which in a way, rededicates to these students one of our greatest freedoms, the freedom of speech which was guaranteed them on that memorable Constitution Day 167 years ago.

In the words of West High student Victor Jutt, who delivered the Constitution Day address to his classmates, "By ways of comparing our life with the lives of the people behind the Iron Curtain, we are more fortunate than we, ourselves, will ever know."

Family picnics and summer outings are real fun. But fun can turn into sorrow now and then if a boy or a girl takes chances by swimming alone in lakes, ponds or streams.

Hilltop Business Assn. Endorses Package Bond Issues For Nov. 2 Vote

The Hilltop Business Association Tuesday night unanimously endorsed in a formal resolution Mayor Sensenbrenner's "package bond issue" as previously endorsed by the Metropolitan Committee. The issue includes such items as elimination of grade crossings, slum clearance, and parks enlargement.

George R. Hammond, assistant director of the Ohio Council of Retail Merchants, discussed problems of the retail merchant in the major address of the evening. He stressed the need of off-street parking facilities.

Sullivant Ave. Block Scene Of Two Accidents In Few Hours Time

Sullivant-av between Westgate Manor Shopping Center and Barr-rd. was the scene of two traffic accidents within a few hours time, Sunday night. The spot was also only a few blocks from the scene of an accident in which a woman was killed. Mrs. Nancy Carles, 66, lost her life in a collision at Sullivant and Westgate-av at 6:15 p. m.

The first accident occurred at 10:00 p. m. when Grace Owsley, 19, of 7 Rogers-av, stepped on the gas instead of the brake. The car she was driving hit a metal standard in the Shopping Center's parking lot. She was treated and released at Mt. Carmel but her companion, James Neil Coontz, 20, of 79 N. Oakley-av, suffered a broken left arm and serious laceration above the left eye.

Also treated and released was Eulavon Hudgins, 17, of 111½ S. Cypress-av. Ronald Passke, 18, 257 N. Oakley-av, was uninjured. Damage to the car was estimated at $300.

At 6:15 p. m. Monday morning, a motorcyclist was hit by a car traveling left of center and suffered bruises of the body and right foot. He is A1/c Raymond Kingrey of 1576 S. Third-st.

His motorcycle was hit by a car driven east on Sullivant-av by Victor Beckler, 58, of 5171 W. Broad-st.

Kingrey was treated at the Franklin Firehouse No. 2 then transferred to the hospital at Lockbourne Air Force Base.

TO SPEAK ON BOND ISSUES

Attorney Claude McCleskey will be the guest speaker at the dinner meeting of the West Franklin County Kiwanis Club at 6:30 p. m. today in the Colony Restaurant. He will speak on four bond issues on the Nov. 2 ballot of especial interest to the membership.

HIT BY OWN CAR

Robert W. Durfey, 33, of 264 S. Warren-av, was struck by his own car Friday night. Durfey told police he was driving on Palmetto-av at Harris-av when he decided to investigate the doings of a group of youngsters gathered at the intersection. He parked his auto on an incline and found, while talking to members of the group, that his auto was neither in gear nor braked. He and Lee Ann Johnson, 13, of 171 S. Wheatland-av were treated at Mt. Carmel Hospital for bruises.

LIBRARY HELPERS

By Dolores Leonard

There are 22 Sterling pupils working in the library this semester. They are Diane West, Margaret Smith, Sandra Harris, Bobby Bond, Roberta Dobbins, Patty Hatfield, Louise Merz, Dixie Miller, Sharon Pipes, Tommy Reeves, Delores Leonard, Gary Jewel, Geraldine Wells, Martha Kauser, Juanita Pullen, Sandra Minnix, Kay Bolin, Lydean Chestwood, Virginia Cremeans, Bennett Boggs, Leslie Shalhart, and Lillie Mooney.

You're going too fast if your tires squeal and the car leans over on curves and turns—if you have to brake hard and burn rubber before stopping for red lights—if your passengers are nervous and tense, or if you notice them pushing their feet against the floor.

SWINDLED SWINDLER—West High's Jerry Swindler, at least, must have felt cheated last Friday seconds after this picture was taken when he found that much of his 47-yard run in the final stanza was nullified by a 15-yard penalty for the Cowboys. East ran up a 32-2 tally over the bad-luck ridden Cowboys in the game.
(Hilltop Record photo)

Cowboys Drop 'Bad-Luck-Ridden' Decision To Tigers By 32-2 Tally

By Woody Owen

East High School's Tigers, probably the outstanding contenders for City League honors this season, turned loose an almost unstoppable set of fleet-footed backs, spearheaded by halfback Phil Robinson, and a well-executed aerial attack, to hand the West High Cowboys a 32-2 lacing last Friday night at Magly Field.

The Cowboys tallied their only two points of the night on the opening kickoff as Tiger Back Tatum was downed in his own end zone by Berlo for an automatic safety, West 2, East 0.

A few plays later the visitors took a Cowboy boot on their own 45 from where Robinson took a pitch out, ran to his left and then tossed an aerial back to his right to end Al Long, who was alone on the Cowboys' 30. Long scampered into the end zone unmolested. Robinson's try for the point after was wide. East 8, West 2.

The Cowboys were unable to gain after receiving the kickoff and punted to the Tigers' 37. On the first play Robinson passed again to Long for a 36-yard gain to the locals' 27. Two plays later Robinson ran through a hole in the Cowboys' right side and went into the end zone standing up. He then added the point via placement. East 13, West 2, end of first period.

Midway in the second period a short punt gave the visitors possession of the ball on the home 25 from which point Robinson passed to Blalock on the 10. Two plays later Robinson went over guard to score from the four, but failed to add the point. East 19, West 2 at halftime.

Soon after the third period began, Tackle Banks blocked a Spratley punt on the Cowboys' 25, which the other tackle, Marshall, scooped up and ran to the one-yard line before being downed.

Robinson then added his third T.D. of the night with a plunge over center. He then added the point via placement, East 26, West 2.

The final visitors' score of the night was set up by the recovery of a fumble at mid-field from which point three completed passes resulted in the T.D., the final of which was a six-yard heave from Robinson to Ferguson. East 32, West 2 as the period ended.

The locals showed some spark in the final period, scoring twice, only to have the scores nullified by penalties.

Swindler broke loose over left tackle and outraced the Tigers' secondary for a 47-yard run, but a 15-yard penalty set the Cowboys back to their own 38, from which point Deshler passed to Vincent on the Tigers' 30. Vincent raced for the score but another backfield in motion discounted this one too. Final score—East 32, West 2.

Robinson, Blalock and Long were the Tigers' offensive standouts, while Newell, Marshall and Kee were defensive standouts in the forward wall.

Dana Deshler was an offensive demon all night for the Cowboys and it took three or four players to bring him to earth every time he handled the pigskin.

Jim Kruckeberg turned in a fine defensive game from his end post.

This Friday night the Cowboys will invade Mahaffey Stadium for a clash with South High School's fast-improving Bulldogs. The contest will be rated a toss-up with both squads hoping to break into the City League win column.

More than 250 present and former residents of Amlin attended the annual turkey ham supper last Saturday evening.

Theft Wave Places Hilltoppers In Role Of Involuntary Santas

The police department disclosed this week that Hilltoppers involuntarily have been playing Santa Claus a little ahead of the season and may over the recipients of the "Christmas gifts" haven't been good little boys and girls.

Hilltoppers are very unhappy over the recent raids of thieves and burglars who seem to have made this area their target during recent weeks.

Among the victims is the Jones Lumber Company, 57 N. Sylvan-av, which was visited by burglars Wednesday night, Oct. 13. The intruders pried open a rear window and after entering the office of the company, forced open a safe and stole $1368, including $637 the Hilltop Lions Club had collected in that night's sale of light bulbs to benefit the club's sight-saving work, police reported Thursday.

According to police, the burglary was discovered by Foreman James Rhoades, 119 E. Duncan-st, when he went to work Thursday morning.

The Lions Club money will be recovered through the company's insurance.

Another unwilling donor of a valuable "Christmas present" was Paul C. Weimer, 99 N. Terrace-av, whose car was stolen sometime between midnight Saturday and Sunday morning. The thief drove Weimer's light blue Buick, license number 21PW, away from where it was parked beside the Weimer home.

This crime wave, involving the homes of several local residents, should be a warning to keep houses locked and keep them under the watchful eye of a neighbor, in the event that the owner must be absent for any length of time, a police official said.

Automobiles should also be kept securely locked or should be kept in a garage when not in use, and valuables or personal effects should be removed from the car when it is left on the street.

Camp Chase Post To Conduct Huge Enrollment Drive

Commander Ray McVay, Jr., has approved the appointment of 12 members to the Camp Chase Post 98, American Legion, membership committee. The work of this committee will take on especial significance from Oct. 20 through Nov. 11, the period designated nationally and by gubernatorial proclamation as American Legion Weeks.

Camp Chase Post 98 will conduct an all-out membership drive in the designated period.

Members of the committee are Vince Welker, chairman; Roger Myers, co-chairman; and Elmer Young, Dick Martin, Jack Wolfe, Jim Foote, Joe Thompson, George Skeen, Wilbur Minnameyer, Walter Zimmer, Mike Shortz, and George Levisay.

"Get five for '55" is the slogan which has been adopted nationwide by the more than 17,250 American Legion Posts in the USA and elsewhere. Average annual membership of the Legion is close to three million.

A cordial invitation has been extended by Commander McVay to all honorably discharged veterans of both world wars and the Korean conflict to join the American Legion now to best serve community, state and nation. For further information, interested veterans may call JO. 2907 or RA. 9182.

Two Hilltoppers Play Role In Speedway Corp. Entrance Into Ohio

Two Hilltoppers, Herman Koth and Walter Munch, are among executives named recently for the Speedway Petroleum Corp. entrance into the Ohio retail gasoline market. Koth has been named Columbus sales manager and Munch is among the corporation's sales representatives for its "Speedway 79" gasoline.

The Detroit, Mich., firm, the nation's largest independent gasoline marketer, recently purchased the Golco Oil Co., and its stations will serve as "nucleus" around which the local operations will be built.

General Sales Manager James E. Ford said the company has adopted a policy of marketing one premium grade ethyl gasoline. It went on sale here Monday at 27.9 cents a gallon—one cent above prevailing regular gas prices.

The company was started in the early 30's by Harry and Bill Sucher. Now the company has 750 outlets pumping 120,000,000 gallons annually.

Midland Ave. Man Hurt By Auto On Broad St.

Hilltopper Arthur Diehr, 36, of 277 Midland-av, suffered head injuries and a possible skull fracture when he was struck by a car as he crossed Broad-st at Belvidere-av Friday night, police said.

Officers said the driver was John Martino, 26, of Grove City.

Diehr's condition was listed as "very good" soon after his arrival at Mt. Carmel Hospital. However, he has improved since that time, according to a spokesman for the hospital, and is now listed in good condition.

Sample Ballot Defines Annexation Boundaries

The following paragraphs from the official ballot for the Nov. 2 election will determine whether the entire of Franklin Township shall be annexed to the city of Columbus:

Shall the following described territory:

All of Franklin Township, except the Village of Valleyview; the Joan Heights Subdivision, bounded by Southampton Ave. on the west, Valley View Drive on the north, Algonquin on the east and the Columbus Corporation line on the south; and the area, east of the Central Point Shopping Center consisting of L. Savage 9.56 acres, Nippert Electric 4.69 acres, Gulf Oil Company 2.86 acres and Columbus Products 2.11 acres, be annexed to the City of Columbus?

Passage of the measure has been endorsed by the Columbus Junior Chamber of Commerce, Columbus CIO Council, Builders Exchange of Columbus, Columbus Real Estate Board, Columbus Chamber of Commerce, Metropolitan Development Annexation Association, Columbus Home Builders Association, Capital City Young Republican Club Executive Committee, and Franklin County Young Democrat Club Executive Committee, in addition to other groups.

RECENTLY ELECTED OFFICERS of the newly organized Hilltop Inter-Church Youth Council, pictured above are Shirley Anderson, president; Steve Plovel, vice-president; seated, Ruth Evans, sec'y. Marian Goolsby, treasurer, was unable to be present when this photo was taken.

Plans Underway For Initial Inter-Church Council Rally

Plans are well underway for the first youth rally to be held under the sponsorship of the newly-organized Hilltop Inter-Church Youth Council. This organization under the direction of the Hilltop Y and the Hilltop Ministerial Society, met recently in the Hillcrest Baptist Church and elected its first officers. Elected adult counselor to the group was C. H. "Doc" Campbell, executive secretary of the Hilltop Business Association.

The first rally, to be in the form of a songfest, will be held Sunday evening, Oct. 31, 8:45, in the Burgess Avenue EUB Church, with the Rev. Joe Crouse, professional song evangelist from Charleston, W. Va., as the leader.

A brief rite will be conducted to install the officers and light refreshments will be served by the young people's groups of the host church. Time of the songfest has been set so that it will be possible for all youth groups to hold their regularly scheduled meetings and then register in at the host church.

All young people of the Hilltop are invited, and church groups are urged to participate in this new endeavor to establish the inter-church council for young people in this area.

Kiwanis Club's Window Contest Gets Underway

The annual Halloween Window Painting Contest sponsored by the Hilltop Kiwanis Club swings into full action this week-end.

With 2,300 cups of paint scheduled to be used this Friday and Saturday, Hilltop store windows should be trimmed to the limit.

Eight different basic colors will be supplied the schools this week and, if past performances are repeated, literally hundreds of hues and shades will line the main streets.

Bob Miller, chairman of the Kiwanis contest, said that Hilltop merchants are cooperating to the fullest measure in granting window space.

With $115 in prize money at stake, the youngsters are going all out to make this the best year yet.

INDICTED IN ASSAULT

One of two Mansfield Reformatory escapees accused of criminally assaulting a Hilltop woman Sept. 1, and then robbing her was indicted last Wednesday by the Franklin County grand jury.

Edgar Allen Poe, 23, formerly of Stewart-av, was also charged with six other counts based on the theft of a truck and two automobiles.

RACE GROWS HOTTER

Three Contestants Vie For Top Place At Midway-Mark In Record's Contest

At the halfway mark in the big Hilltop Record circulation campaign was reached on Monday this week the race began to tighten up with three contestants hitting hard to gain and maintain the top position.

At this this point the contest now finds Charles Page in the number one spot and being crowded for top honors by Claire Barnard. Next in line as of this week was Mrs. George Neibler and her steady production is likely to put her in a very favorable position by the conclusion of the contest. Don Mers was definitely in the running for one of the top spots until this week and his low report let him drop down the ladder. A revival on his part could put him back in the running for one of the top prizes yet.

As has been customary in the past, only the four top positions in the contest are announced from time to time. A similar report will be given next week.

The report due this next Monday should be a very good one in view of the fact that the contest point values drop again in the final report periods which follow the Monday report.

First prize will be a new 1954 Chevrolet sedan purchased from Rodenfels Chevrolet Co., 555 W. Broad-st. It is on display at the Hilltop Record office. Second prize will be $300 in cash and third prize will be $250 in cash.

Charles Page has announced that should he be the winner of the top prize he will turn it over to the new St. Agnes Church building fund. Claire Barnard states that his winnings will go to the West High Band Parents organization to further the school band program. Mrs. Neibler says she will use her winnings to take a trip west to see her sister.

Other contestants who are not at present in one of the top positions still have an opportunity to gain the top position with concentrated work in the remaining period of the contest which ends on Nov. 12.

SEVEN NEWCOMERS to West High School who are slowly becoming orientated to the "geography" and system of one of the largest schools in Columbus along with over one hundred new pupils are shown above. New additions to the West Junior High faculty are, left to right, Robert F. Ginther, Silas H. Franklin, Evelyn Booth, Margaret Kirk, Edward M. Dunlap, John Cook, and William Schmitter.

JAYCEES START CANVASS

The first contingent of Junior Chamber of Commerce solicitors on behalf of annexation on the Nov. 2 ballot hit portions of Franklin Township Tuesday afternoon and evening, bearing informative literature. Canvassers pointed to lower tax rates and better services under administration of the city of Columbus.

Anti-Quarry Citizens Group Holds Mass Meet, Makes Plans To Fight

Tuesday Session Results In Temporary Officers, Attorney

A meeting of citizens in the vicinity of proposed new quarrying and blasting operations of Marble Cliff Quarries at 7:30 p. m. Tuesday in the Skidmore School resulted in the retention of an attorney and plans for a formal organization meeting.

Mayor Jack Sensenbrenner, who was among the guests at the meeting of those opposed to contemplated expansion of quarrying operations from 1,000 feet west of N. Hague-av eventually to Valleyview, said that he would do all in his power to have the matter solved by county zoning officials before possible annexation as a result of the fall election.

Ed LeCaptain, 1009 N. Hague-av, was named temporary president of the fledgling group, with Leo Al McComb, 900 N. Hague-av, elected vice-president. Other temporary officers are George Stumpf, treasurer, and James Doughty, secretary.

On a resolution it was decided to retain Thomas Applegate as the group's attorney. Applegate has had considerable experience in zoning cases.

Each family attending was assessed a $5 membership fee to meet expenses of the organization, which will get a formal name at a special public meeting called for 7:30 p.m. Monday, Oct. 25, at Skidmore School. Permanent officers will be named then.

Vice-President McComb described Tuesday's get-together as a "meeting of residents and property owners in north Franklin Township interested in rezoning the property now zoned for heavy industry and being bought up by Marble Cliff west of the New York Central Railroad and adjacent to N. Hague-av." Current zoning calls for heavy industry 1000 feet behind Hague-av.

McComb and others of the citizens' group met earlier this week in the county commissioners' office with Russell S. Rarey, president of Marble Cliff. McComb said that Rarey attempted to explain how modern-day quarrying operations could actually be an asset to a community. At the same time, McComb said, Rarey disclosed future plans to quarry as far south as Valleyview.

The rural zoning commission has set a public hearing on the rezoning petition delivered by Mc-Comb to the courthouse and bearing 527 names on Sept. 20 for Nov. 18 in the Franklin Township Hall at Sullivant-av and Derrer-rd.

One of the main items on the agenda for discussion at the meeting next Monday, McComb said, will be why Commissioner Vigor made a resolution which resulted in heavy industry zoning of much of the tract in question on Mar. 22, 1950, and passed in a "package deal" with heavy industry zoning of the General Motors and Westinghouse tracts.

Vigor will be requested to appear at the meeting to explain.

CHANNELING NATURE—Spectators will find one of the most interesting of the many projects underway at the bustling site of the new Great Western Shopping Mart on Wilson-rd to be the job of enclosing in a metal culvert the drainage ditch running through the huge site. Heavy rains in the early part of last week made the job both messy and difficult.

Oct. 30 Is Set As Halloween Party Date At West Hi

Plans for the Halloween Party at West High School, sponsored by the Hilltop Community Council, are well underway with the doors set to open at West at 7 p. m. on Saturday, Oct. 30.

Designed to keep the youngsters off the street and at the same time entertain them and cut down on property damage, this yearly affair, first held on the Hilltop, has set an example in other sections of Columbus.

Organizations hard at work to make this year's party a good safe celebration with fun for all include fish pond, John Burroughs, Highland, West Mound, and West Broad PTA; hot dogs, West Junior and West Senior PTA; potato chips, St. Mary Magdalene PTA; pop corn, St. Aloysius PTA; coffee and doughnuts, districts eight and 10 of the Girl Scouts; candy, Camp Fire Girls; window painting, Hilltop Kiwanis; costume parade and prizes, Hilltop Business Association; movies and leaflets to the schools, Hilltop YMCA; tickets, Kiwanikwe and Highland Garden Club; cold soft drinks, St. John's Lutheran church; safety, Camp Chase Post 98, American Legion; fortune telling, Blue Star Mothers, Glenwood Unit; teen age dance, West High Hi-Y and West High Y-Teen groups; and ice cream bars, Hilltop Welcome Wagon.

Other groups assisting are the Hilltop Lions, Glenwood Recreation Center, and the Hilltop Branch Library.

ELLIS HOFFMAN, above, 762 Rome-Hilliards-rd, New Rome, was awarded first prize on his Funk's Hybrid G-28 corn and second prize on having the second longest ear of corn in the contest which measured 14¾ inches long and was a specimen of the Funk's G-hybrid No. 99 type, and third prize on his exhibit of another specimen. These prizes were awarded last Friday at the Funk's hybrid plant, 135 Phillipi-rd in competition conducted by the Agricultural Laboratories, 1147 Cheespeake-av, Columbus. Heffman reports that he has experienced the finest yield this year, in 20 years of farming at 762 Rome-Hilliards-rd.

Slaughterhouse Ruling Denied By District Court

David E. Gochenour, owner and operator of "Ed's Meats" at 1038 Harrisburg-pk, was still holding his own Friday against the efforts of the Wilson Heights Civic Association to stop operation of his slaughterhouse at the Harrisburg-pk address.

The Second District Court of Appeals stopped a hearing scheduled for Monday night before the Franklin County Rural Zoning Board of appeals which was to have heard an appeal of the civic association from a ruling by O. C. Miller, chief zoning enforcement officer, that the slaughterhouse operation is legal because it existed prior to zoning regulations.

Gochenour went to the Court of Appeals and asked that the zoning board be kept from deciding the matter, after residents opposed the operation of the slaughterhouse. The board will be forced to continue the case until it can be brought before the Court of Appeals.

New Emergency Squad To Start Oct. 25 In Franklin Township From Station 3

At 6 a. m., Oct. 25, the Franklin Township Fire Department will place in operation an emergency squad, to be operated temporarily from the No. 3 Engine House at Frank-rd and 3C Highway in Briggsdale. On completion of the new $100,000 Franklin Township Fire Headquarters building which is under construction on Sullivant-av, the emergency squad will be transferred to the new location. This will be done so that every resident in Franklin Township will be served from a central location in a better manner.

In case of emergency or fire in Franklin Township, the telephone number to call is JO. 6373, as listed in the front of the telephone book.

Franklin Township's Annexation Opponents Cite Excellent Schools

Opponents of annexation of Franklin Township to the City of Columbus this week pointed to a rapidly growing school system which school officials feel will be second to none in the state within the next three or four years.

Board members are in the midst of a $2 million building program that will include a new high school capable of handling 1000 students. Advertising for bids on this project will start next month with every assurance that it will be in use in the 1956 school year. Already under construction is a new elementary school consisting of 24 class rooms, a gymnasium, cafeteria, and dining rooms. Both new buildings are to be erected on a recently purchased 40-acre site on Briggs-rd just west of Demorest-av.

Eight new class rooms, an enlarged auditorium, new cafeteria, and enlarged playground facilities are soon to be completed at the Skidmore School on N. Hague-av. Eight temporary classrooms were constructed last summer to accomodate a rapid growth in school population at the South Franklin and Wilson Schools in the south end of the township.

Opponents of the annexation move are of the opinion that many families would experience inconvenience and costly transportation bills to get grade and high school pupils to school if the annexation takes place. At the present time 2,056 pupils, or 95 percent of the total school population, are transported to and from school daily at no additional expense to parents.

Columbus school officials have promised to continue to transport pupils in newly annexed areas until the school systems are integrated into the Columbus school program and public transportation is available. Many township residents, if annexed, would be required to pay for this public transportation, spokesmen for annexation opponents contend.

More than 713 miles are traveled daily by 18 Franklin Township school buses in transporting pupils to five different high schools in addition to the elementary buildings. This mileage would be reduced considerably when the new high school is built.

Franklin Township school officials have employed Vaughn Ullman from Lisbon, O., to serve as executive head of the school system. He assumed his duties here with the beginning of the present school term. His job at the present involves coordinating the present school operation and integrating the high school program. Plans call for a completely accredited high school, offering all the requirements and with teacher qualifications equal to Columbus High schools.

The number of elementary pupils now enrolled in township schools is approximately 1,800, with the figure changing daily as new families move into the rapidly developing area. There are 438 high school pupils now attending Hilliards, Grove City, Columbus West, Columbus Central and Columbus South.

Rhodes To Address Local Gatherings

State Auditor James A. Rhodes, Republican candidate for governor, will speak in New Rome next Tuesday at 3:30 and in Hilliards at 4 p.m. He will also tour the Central Point Shopping Center.

The meeting here is one of 19 at which Rhodes will speak in Franklin County on a day-long, 150-mile tour which will cover all parts of the county. Local chairmen for the Hilliards meeting are Harry Bynner and Mrs. Ruth Alder.

KIWANIANS EARN HONORS—Otto J. Best, 1954 president, left, is shown here as he received two awards for the Hilltop Kiwanis Club this past week, from C. C. Hartley, 1953 president of the club. The plaque is the Ohio district award for the best club in the state last year and the check for $187 represents second place in the eighth division inter-club contest this year. The awards were made at the Ohio District convention of Kiwanis International last week at the Neil House.

Movies Featured At Oct. 9 Gleaners Club Meeting

The Gleaners Club of Glenwood Recreation Center saw two interesting and unusual movies at their Oct. 9 meeting. The first was a legend of how the loon acquired its white neckband, while "Making of a Mask" was the second picture shown. Both films were in color. A discussion followed concerning why the Indians had made the wooden masks and what they symbolized. Later the group designed and made their own masks which may also be used for Halloween.

Girls eight years old through 12 years of age are welcome to join the Gleaners. The meeting is held every Saturday morning from 10 until 12. Any girl interested in joining should contact Sally Lucke at Glenwood, RA. 7416.

Clarence W. Latham, veteran Hilliards auctioneer, will be in charge of the selling of commodities to be auctioned on Saturday of this week at the community sale sponsored by Memorial Post 614 of the American Legion. All saleable items will be accepted by the Legionaires, with proceeds of the venture dedicated to the improvement of the Legion Hall and to the activities of the numerous youth groups of the community.

While a great deal has been accomplished in the way of remodeling the building, chairman Ralph Geese of the building committee said that there are many refinements the post would like to accomplish for the benefit of the youth groups, in particular, and for all civic enterprises in general.

Those who have no commodities to offer for the auction may contribute in cash, if desired.

Varied [illegible] expressed by residents who discussed the problem [illegible]

7979 W. Broad-st, "I haven't actually tried the new system yet but I see no reason why it wouldn't work out as it is now set up."

Mrs. Franklin Paxton, 2432½ Sullivant-av, "Because we are in business here we actually prefer that traffic should go south on Wayne because it is easier for customers to park. However, I don't understand why Wayne-av should have been designated as a one-way street when there are so many others without traffic lights. There should be a light at Wayne and Mound; I find the intersection so dangerous I seldom use it."

Richard Ewing, 2463 W. Mound-st: "I have driven south on Wayne to Mound twice since the change-over and I find it goes much better. I believe there would be more problems involved with traffic turning from Mound to Wayne than there are under the present arrangement."

Mrs. Charles Kulp, 724 S. Wayne-av: "It has always been hard to get from Wayne-av out onto Mound-st, and it is much worse now, with all the traffic going south. I have seen at least a dozen cars going the wrong way today (Monday), because the street is not marked plainly. The only sign cannot be seen by autoists until they have actually turned the corner and have started up Wayne-av.

OUR SUNDAY SERMONETTE

"MY JEWELS"
By
Rev. William Marisell George
Pastor of
West Park Methodist Church
W. State-st at West Park-av

"Then they that feared the Lord spake often one to another; and the Lord hearkened, and heard it, and a book of remembrance was written before him for them that feared the Lord, and thought on his name. And they shall be mine saith the Lord of hosts, in that day when I make up my jewels." Malachi 3:16-17.

In this book we have a conversation between God and his people. "Ye say" is contrasted with "Thus saith the Lord of hosts.' Read chapters 1:2, 1:6, 1:7, 2, 13, 14; 3; 1-3; 3-14. These were dark days for the church.

There was a remnant as there always has been. These faithful spoke often one to another. In daily conversation they exhorted each other to be faithful to the divine trust. They sought ways and means to preserve their own piety in the midst of a wayward, sinful and disobedient people. As they assembled they united their prayers at the throne of Grace that they might have the help and guidance of the Lord in these trying times.

God heard their prayers as he always does and wrote down in a book of remembrance their devotion and sacrifice. This was done that they might be shown that God is ever mindful of all that is done by man.

This people thought on his name. They were continually reminding themselves of the goodness of God to them in the days of their past history. The Lord had guided them, had made them a different and peculiar people. They were concerned about those that had brought dishonor on the Lord's work by their unfaithfulness. They sought means to bring them back to a true conception of religion and its values.

"They shall be mine saith the Lord when I make up my jewels". This word should be translated "My treasures." The church is God's special treasure. He has purchased it with a great cost. It is the object of his love and devotion. As Christians in our churches let us follow the example set by these faithful souls in that far off day.

'Six Upon The World' Deemed Among More Interesting New Books Received

New books are received each week at the Hilltop Branch Library, 2955 W. Broad-st. Of the 27 added to the shelves last week, an outstanding title which everyone should read is "Six Upon the World."

The author, a lawyer from Vermont, has held a number of important positions in the nation's capital. The purpose of the book is to clarify present-day trends of thought and to show how influential certain men have been in shaping these patterns.

"From the examination of their experience it appears that beneath the upheaval in this country there moves a deep-seated positive activity." Out of a period of tensions and inventions the outlines of a unified and coherent American culture began to take shape." So states Paul F. Douglass in the preface of "Six Upon the World." The author presents the lives and concepts of six men whose deep seated convictions have prompted intensive activities in shaping the cultural and industrial patterns of our times.

With a preliminary statement of the concepts of each man, Mr. Douglass proceeds by biographical method to show how the individual lives and ideas shaped and influenced our current patterns of thought.

First presented is Paul H. Hoffman, chairman of the board of the Studebaker Corp. His philosophy briefly is, "Free men want freedom, opportunity, and abundant productive employment with rising standards of living in a peaceful world."

William Z. Foster, chairman of the National Committee, Communist Party of the United States, represents the Socialist pattern. His philosophy, "We are living in a great historical period, that of the replacement of capitalism by socialism."

Alfred P. Sloan, Jr., chairman of the board of General Motors Corp., is the outstanding [illegible] in the important field of technology. His objective—"The [illegible] is always up—more things for more people in more places — a better standard of living everywhere."

Concept of the workingman is epitomized in the thinking of Walter P. Reuther, president of the International Union United Automobile, Aircraft and Agricultural Implement Workers of America; and president of the Congress of Industrial Organizations. His conviction is "It is possible to build a world in which mankind can have both bread and freedom."

Francis Cardinal Spellman, Archbishop of New York, Roman Catholic Church, was chosen as the man who has been most influential in shaping thought in the realm of religion. Cardinal Spellman says, "I shall pray as if everything depends upon God. I shall work as if everything depends upon me."

The final concept and biography is that of James B. Conant, U.S. High Commissioner for Germany, and president Emeritus of Harvard University. He expresses the ultimate desire of all thinking Americans when he says "The goal which we desire is a unified, coherent culture suitable for an American democracy in this new age of machines and experts."

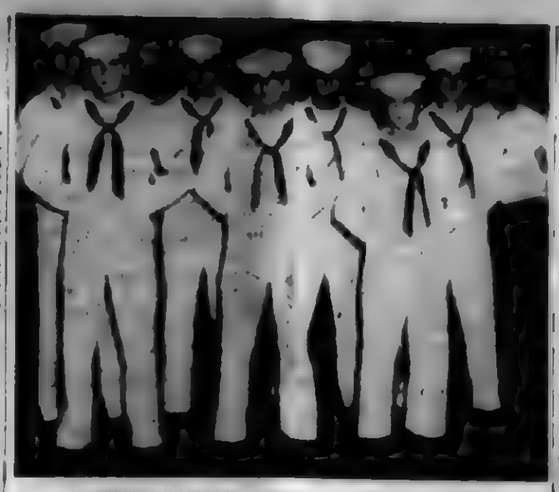
Colts Drop 21-18 Heartbreaking Tilt To Linden Team

The Colts of Glenwood Recreation Center dropped a 21-18 heartbreaker to the Lindenite eleven last Saturday, Oct. 16, at Southview Field. This was the second loss for Glenwood in as many starts, while the Lindenites chalked up their first victory in the city 120-pound football league.



Linden, running a smooth ground attack, banged over two touchdowns in the first period, adding the extra point each time, and assuming a commanding 14-0 lead. Each time the Glenwooders had possession of the ball in the first quarter, they found themselves deep in their own territory and were unable to move the ball out. Both teams played good defensive ball the second quarter and no points were scored, leaving the score 14-0 at half-time.

The third quarter saw Glenwood catch fire as players ran and passed their way to two quick touchdowns. The first TD came when Dave Thomas hurled a 15-yard pass to End Bill Quinn, who gathered it in and traveled 25 yards to score. The try for extra point was missed and the score read Linden 14, Glenwood 6. Moments later, Glenwood recovered a Linden fumble on the Colts' own 11-yard marker.

On the first play, Pete Caborn pitched out to Bob Kreig, who squirmed and twisted his way through a host of would-be tacklers and then raced 89 yards down the sideline to pay dirt. A key block was thrown by Jerry Hummel which aided Kreig on his spectacular run. The try for extra point was again missed and the quarter ended with Linden leading 14-12.

Glenwood, determined to win, struck for another touchdown early in the fourth period with Don Gilliland hitting Bill Quinn with a 26-yard pass on Linden's 40-yard stripe. Quinn raced the 40 yards to pay dirt untouched. The score read Glenwood 18, Linden 14, with five minutes playing time remaining. It was then that Linden found a huge hole in Glenwood's line, and pushed across the winning touchdown.

Highlights of the game for Glenwood included the running and tackling of Dave Thomas, Bob Kreig, and Don Gilliland, the pass snagging of Bill Quinn and the defensive work of Bill Burke, Richard Holman, Dave Roberts, Jerry Hummel, and the offensive work of Steve Fetherolf, Sonny Campbell, and Jay Hess. Pete Caborn did his usual outstanding job of quarterbacking the team.

Westgate Gra-Y Jumps Into Lead Of Hilltop YMCA League

By Dick Wilson

Westgate Gra-Y Club took the lead in the Hilltop YMCA Gra-Y Football League played at West High School last Saturday morning as it blasted a favorite West Broad eleven 12-0.

The two teams played on even terms in the first and fourth quarters, but the Westgaters scored once in each of the middle periods. Bob Ross scored the first tally when he took a pass from Terry Linson on the West Broad 30-yard line and scooted down the sidelines into paydirt territory. Left-half Rickey Banker tried to run the extra point around right end but was stopped on the line of scrimmage.

Right Half Linson passed to Bill Hill in the third quarter for the second Westgate score of the game. Hill caught the pass on the 20-yard line and evaded the West Broad safety man to score. Quarterback Bob Ross tried to run the extra point but was stopped cold 10 yards behind the line of scrimmage when he momentarily fumbled the ball.

Bob Dent starred defensively for the losers while Dick Williamson looked like a good breakaway runner for the Peterson-coached eleven. Stuart Randall and Dick Steel looked good defensively for the victors.

West Mound Gra-Y members served notice that they are still championship contenders, clobbering a patched-up Highland team 25-0. The game was never in doubt as the first-string West Mound team could have scored at will. Quarterback Jerry Long scored both touchdowns for the victors on long runs of 40 and 50 yards. Roy Buckley scored the extra point after the first TD on an end run, but he was stopped behind the line of scrimmage on his second attempt. Steve Galentine was the bright spot on the Highland lineup as he played good offensive ball and heads-up defensive ball. Ronnie Lowenstein and Roy Ferguson looked good defensively for the victors.

Glenwood Colts Suffer A 32-0 Lacing At Hands Of Sunshine

The first edition of a tackle football team went down to defeat, 32-0, at the hands of an experienced Sunshine Center eleven. The game was played at Sunshine, Saturday morning, Oct. 9.

Glenwood kicked off to Sunshine to start the game, and moments later recovered a Sunshine fumble. The Glenwood Colts then started a march down the field and appeared to be touchdown bound. However, the Scarlet's line stiffened and Glenwood gave up the ball on downs. It was then that Sunshine rolled into high gear, scoring two touchdowns in the first period, and adding another in the second. The score at the half read Sunshine 19, Glenwood 0.

Glenwood was unable to move the ball during the second half, but doggedly held Sunshine to two touchdowns, making the final score 32-0.

Glenwood's biggest fault was its line play. The holes were not opening up on offense, and Sunshine was ripping the defensive line to shreds. The few bright spots for Glenwood in the game was the signal calling of Pete Caborn, the line plunging and speed of Captain Dave Thomas, and the defensive playing of End Bill Quinn and Line-backer Bob Kreig.

West High Cowboys Slip and Slide To Muddy Victory Over South, 9-6

By Woody Gwen
JO. 5782

West High School's victory-hungry Cowboys slipped and slid to their second win of the season and their first in City League competition by handing winless South High a 9-6 defeat last Friday night on the rain-drenched turf at Mahaffey stadium before a slim homecoming crowd.

Early in the first period, after twice driving inside the blue and gray five-yard line and failing to score, the Cowboys got a break. Ballenger of the home eleven was deep in his own end zone to punt but a bad pass from center forced him to attempt to run. He was downed by Cowboy Tackle Dick Berlo for a safety, giving the locals a 2-0 lead.

The Cowboys once again drove inside the Bulldog 20-yard line and again lost the ball on downs as the period ended.

Taking to the mud like ducks, the locals' defensive unit never allowed the Bulldogs possession of the pigskin outside of their own 20-yard line until late in the second period when Halfback Black broke loose on his own left tackle and raced 67 yards to the Cowboy 37, where he was downed from behind, but the threat died as the locals took the ball on downs on the 30-yard line as the half ended.

Midway in the third period the blue and gray recovered a fumble on the Cowboys' 23 from which point they scored in five plays, the final of which was a four-yard pass from Quarterback Hart to End Pollitt.

The try for point after was wide.

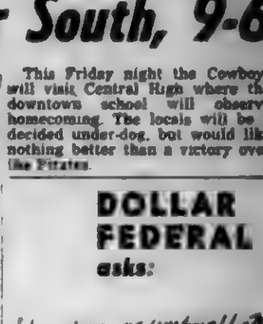
Early in the final period an exchange of three fumbles, the last of which was recovered by Cowboy Tackle Dave Randall, gave the locals possession on the South one-foot line.

Two plays later Bob Conley plunged over guard to score.

Nebinger plunged over guard for the point from a fake place kick formation.

The remainder of the contest was a battle in the mud near mid-field, with neither eleven threatening to score.

This Friday night the Cowboys will visit Central High where the downtown school will observe homecoming. The locals will be a decided under-dog, but would like nothing better than a victory over the Pirates.



Local Man Hurt As Crash Kills Driver Of Truck

Marvin C. Thompson, 41, 2778 Harrisburg-pk, suffered chest and arm injuries Monday morning when his automobile collided with a truck on Rt. 3, just north of Briggsdale.

State Highway Patrolmen Paul Abbott and Steve Hobar said the driver of the truck, James Muirhead of Canal Winchester, was headed south on Rt. 3 when his truck swerved into the path of Thompson's station wagon. Muirhead was pronounced dead on his arrival at Mt. Carmel Hospital.

Thompson, taken to the hospital by an ambulance of the Norris Funeral Home, Grove City, was held for X-ray.

Are You Up In The Air?

Are you up in the air about an issue we tried very sincely to put across to you, the reader, last week . . . namely the urgent and absolute importance of the establishment of a municipal air field on the West Side?

In the lengthy interview with E. Gomer Jones, owner of the Sullivant Avenue Airport, it was clearly brought out that each day of delay on the matter will result in more expense to government. His offer to forego ever-rising opportunities of "wildcat" profits by subdividing his air strip in order to turn it over to the municipal government was most generous and public-minded.

You, Mr. Hilltop Businessman, may not be utilizing air transportation in your business today, but we confidently predict that you will if you have any business problems that involve travel of more than 40 or 50 miles. And we predict that the firms that can "git thar fustest with the mostest" wthin the next five years will be the firms that become immensely successful.

A tragic situation was pointed out by Jones in his stating of the fact that a man can make the air travel from Detroit to Port Columbus in less time than he can travel across town from Port Columbus to the booming Hilltop area.

Should Sullivant Avenue Airport be forced out of business by sudden changes in zoning or merely through public apathy, the entire city would feel the loss. The same applies to the other so-called "perimeter strips" in the metropolitan area. But we are primarily concerned with the Hilltop strip, the problem in our own backyards.

You can assist in the solution by bringing forcibly the dire need of a West Side airport to your officials in local government through letters, phone calls, and personal appeal.

One of two alternatives must be met: Either some sort of assurance that we want the field to stay where it is under private ownership, which is admittedly difficult under current laws re ferring to zoning.

Or public acquisition of the field now, instead of permitting procrastination which can only result in such an inevitable landing field's being located much further west of this area.

FRIENDSHIP

Friendship remains secure above the shifting sands of time; the bearer of the scroll on whose pages is written the glorious song of all peoples, echoing on and on across the ages, until the spirit of man is lifted up by the conquering force of a lovely thought and then remembers that its earth-born name is "Friend."

OCTOBER IS AN ARTIST
October is an artist
With magic finger-tips.
She paints among the treetops
As merrily she trips.

She captures from the sunset
The colors for her brush,
Then blends them with a rainbow
In the autumn's quiet hush.

And last night, under cover
Of faintest pale moonlight,
She transformed an ugly hillside
Into a lovely sight.

In Passing—Jean Trott just told me that Mr. Hartley is now a grandpa. My very best congratulations to all concerned. He knows by now, that being a grandparent is almost as wonderful as being a parent. Grandpa, you'd better brush up on Brahm's Cradle Song, and just don't go spoiling that baby. I told my better 9/10 what sage advice I intended to give Grandpa Hartley and he said "Look who's giving advice" . . . The Paul V. Gaskins, now living in Lancaster, Calif., spent the week with Columbus relatives and friends. Paul was formerly with Radio Station WAIU (now WTVN) and his Paul's Patter program had the largest audience of any program in Ohio at that time. The Gaskins spent the day with the Weakleys, Monday, and we had a fine time talking about old times. They said they did not miss the "unusual" California weather because it was raining in Ohio while they were here . . . A reader of a downtown paper bitterly denounced the paper because it told all about Marilyn Monroe. Personally, I can take The Monroe or leave her, but hearing about the trials and tribulations of celebrities makes me realize how good it is to be one of Lincoln's common people . . . When I cleaned a long-neglected closet the other day I came across a box of old letters. One of them was from Mrs. Ogden of Toledo. She has written the lyrics to many hymns, perhaps the best-known is "Brighten The Corner Where You Are." What a thrilling sound a Sunday School choir can make with that song! Just found time to finish "Not As a Stranger, and like it . . . Last October I mentioned in this space that autumn is the season when everything seems to be flying—geese, leaves, footballs, etc. This year something new has been added. Poisonous political epithets are also on the wing. May the best man win. Most of us think the best man is the one who let's fly the least mud.

Mail—From a doctor-post: I see that Ohio poets are to celebrate their day the 15th. Poets amaze and intrigue me. They are fools, born to wear their dreams in their eyes and their hearts on their sleeves. I'd like to write really good poetry. Sometimes when my frustration weighs too heavily, I try to console myself by blustering about and telling myself "What the heck—they also serve who only deliver babies and try to cure human ills." I hope the poets of Ohio will have a fine day . . . From a writer-friend in New York: You won't like me after you read this, but I'm sure you will appreciate it. I have never told anyone else. Several years ago I attended a lit'ry tea and quite condescendingly asked the man standing near me if he had ever written anything. He answered that he had written a few things. Imagine my chagrin when I learned later that he was only the great Hemingway and that his picture had been in every paper and magazine in the world because he had just published a book you may have heard of —For Whom The Bell Tolls! . . . From a ballerina: We are here in Middleburgh preparing some new ballets for winter presentation. Our teacher has a small farm here, far from hectic New York, not only in miles but in every other way. It is quiet here and we have time after rehearsals, costume-fittings, etc. for relaxing. If any of your friends want to reduce, tell them to try being a ballerina . . . From Harlan, Ky.: Did I ever tell you that a store here used to have a sign in its window that said "Cash and Tote"? Honest.

• • •

From somewhere—a man who has reformed himself has contributed his full share toward the reformation of his neighbor . . . A store window sign: We have no quarrel with those who sell for less. They should know what their stuff is worth . . . A hotel lobby sign: Somebody said "Tell me what you eat and I'll tell you what you are." We say "Tell us what you do with your cigarette butts and we'll tell you what you do at home"

Trivia

From THE EDITOR'S DESK

By Galvy Gordon

WE'RE AWFULLY PROUD: Of our poet and columnist Esther Weakley. Not only does she come through consistently, week after week, with a batch of material that leaves you feeling in a brighter frame of mood, but she's good in a professional way, too. Esther, who lives at 3 Belvidere-av, was among four Ohio poets singled out for big honors last Friday at the Ohio Poetry Day Banquet in the Southern Hotel.

Say it proudly,
Say it meekly.
A real hop poet
Is Esther Weakley.

NAMES MAKE THE NEWS: Our circulation chief, Gerald Willey, came up this week with a couple of names that speak for themselves. For instance, when John Henry of 2635 Eakin-rd signs his "John Henry" to something, that's exactly what he does. And, to me as an old Indianapolis Speedway fan who remembers graduation from kindergarten and having Driver Barney Oldfield as a personal hero in the same brain cell, the name of Mr. and Mrs. Barney E. Oldfield, 512 N. Warren-av, is especially interesting.

KEEP YOUR EYES ON: The mayor's five-member advisory committee on traffic problems. Concrete recommendations we expect include such things as tearing down old shacks in the rear of business houses to make way for blacktop parking areas—apparently vital in this motor-age to continued good business. Also worrying the administration is the slow sale of bonds authorized a couple of years ago to provide off-street parking. Bond-buyers apparently would like to see some revenue coming in from downtown municipal garages before they buy more of the bonds.

These bonds are to be paid from garage revenue plus parking meter receipts, with the first 25 per cent of the meters' intake going to retire bonds for the garages. The next $125,000 is earmarked for the general fund for parking or traffic expenses. After this healthy slice is used up, the bond issue provided that the balance of the bond money would go back to the garage project.

The "gimmick" in the whole matter is that once money is in the general fund earmarked for traffic or parking the definition of traffic and parking could become quite elastic. Many "cynics" feel that the definition could be expanded to include such items as traffic payroll, cruisers, and the like.

It's a real behind-the-scenes fight, with dictionaries turning out to be major weapons.

DOUBLE-DOSE ON INSPIRATION: "Every free government is imbedded soundly in a deeply-felt religious faith or it makes no sense. Today if we recall those things and if, in that sense, we can back off from our problems and depend upon a Power greater than ourselves, I believe that we can begin to draw those problems into focus." — President Eisenhower.

Here's to the man who plans things,
Builds things, makes things;
Who prates not of wonder of old,
Nor gloats upon ancestral gold,
But takes off his coat and takes a hold
And does things!

Hilltop 'Small Fry'

By J. Curtis Allen

"Did you really play in the world series?"

With a look of half awe, half disbelief, Dwight, a fan at 17 months, seems to think it's most incredible that he should meet a real live world series veteran. Perhaps the photographer really supplied one to capture that look. He is the son of Mr. and Mrs. John C. Wolfe, 136 Haldy-av.

These Eyes —

How Well Do You Know Them?

The eyes (hold your breath for a surprise!) last week were those of D. C. Finneran and his picture is shown below as per the rules in the contest, which is strictly for fun anyway and affords many Hilltoppers each week a chance to test their powers of memory and observation.

However, the clues we presented last week concerned a woman whose friendly assistance and uncanny knowledge of the intricacies

D. C. Finneran

of a certain system have made her automatically a friend of hundreds of Hilltoppers. Her eyes are shown above.

Finneran, who lives at 211 S. Eureka-av, has been a resident of the Hilltop for 32 years. Currently Grand Knight of the Santa Maria Council, Knights of Columbus, he is a past commander of Camp Chase American Legion Post, and a member of the Shamrock Club. He is a member of St. Aloysius Church.

A supervisor at the Veterans Administration, 32 S. Starling-st, Finneran marked his 32nd wedding anniversary and birthday on Oct. 5. He and his wife, Martha, have four sons, Richard, 1635 E. Main-st; Ted, 340 Wainright-dr; Dennis, 211 S. Eureka-av; and Sgt. Eugene D., who is stationed at Camp Gordon, Ga.; and a daughter, Mary Catherine, at home.

Glenwood Boys Clubbers Plan Their Camping Trip

Friday, Oct. 15, marked the third meeting of this year's edition of the Junior Boys' Club of Glenwood Recreation Center. The club's major topic was plans for its forthcoming Indian village camp trip. Some of the suggestions included taking a hike, square dancing, table tennis, checkers, volleyball, songs and stories.

Members' suggestions as to how the club's money should be spent, included formation of a Boys Club basketball team and purchase of uniforms. It was also suggested that baseball uniforms be purchased, next spring.

Glenwood Craft Classes Make Halloween Outfits

Don't be surprised if you open your door on beggars' night or Halloween, and find a giant pink elephant, or a huge Donald Duck standing there.

Huge papier mache animal heads are being made to join the ghosts and goblins on Halloween night. These masks have been made with chicken wire, newspaper, and paste — and are painted in brilliant colors. Masks of all sizes and shapes have been made from paper bags, colored construction paper, cellophane, and many other types of materials.

Jeff Pendleton is making a gigantic pink elephant head out of papier mache and chicken wire, and a huge Donald Duck is being constructed by Dave Liston. Many children have been making their entire Halloween costumes in the crafts classes which are held every Monday after school. Any children interested in learning to make their own masks and costumes are welcome to join the class.

On Monday, Oct. 25, the children are going to wear the costumes they made to a party at the center. Cider and doughnuts will be served.

Hilltop AC Team Remains Unbeaten In Gridiron Tilts

Hilltop Athletic Club remained unbeaten and unscored upon in its third straight league game, by rolling over Sheppard A-C, 31-0 at Westgate Park on Sunday.

Fullback Ronnie Grant and Quarterback Jack Waldo set up the first score, on 30 and 20 yard runs, carrying the ball to the five, where hard-charging Herb Brown took it over.

The next two touchdowns were made by a very alert linebacker, Don Martin, who intercepted two passes and ran both for touchdowns —one of a five-yard jaunt and one for a 50-yard gallop.

Paul Lombard went off tackle to score point number 24, with Herb Brown running over the extra point to climax the scoring in the first half.

The Sheppard AC team came out the second half very strong on defense, holding the Hilltop team to six points on a touchdown from three yards out by Herb Brown.

Sheppard AC intercepted one Hilltop pass and broke into the clear, but was caught from behind by Herb Commeans.

Ronnie Grant, ex-West High School star, did not cross into pay dirt all afternoon, but ripped off large gains through a courageous Sheppard AC team.

In three games the Hilltop AC boys (sponsored by Hilltop Van and Storage Co.) have now scored 98 points, while holding their opponents to none..

The Hilltop boys are proud of their record for two reasons, according to Dick Koontz, athletic director. He said the fact that members were all 10 and under, plus the fact that opponents have been very strong, are the reasons for this pride.

Accuse not nature, she hath done her part;
Do thou but thine!—John Milton.

THE MASTER BEDROOM of the Gabriel home is decorated with a pleasing combination of petal pink walls and carpeting of a lovely floral pattern on a vivid blue background. Extra flattering touches are added by the white organdy curtains at the double casement windows and white chenille bedspreads. The room is designed with double sliding door birch closets flanking a built-in chest of drawers with a mirrored backing reaching to the ceiling birch valance.

THE BEAUTIFULLY DECORATED Gabriel home is located over the Gabriel body shop, owned and operated by the couple. They spent nearly a year building and decorating the second story home which they moved into nearly two weeks ago.

By Grace Durflinger

The second story home of Mr. and Mrs. Thomas M. Gabriel, at 3741 Sullivant-av, was built and decorated by the couple themselves in the spare moments they could snatch from their body and paint shop below. The Gabriels have been Hilltoppers since their marriage 11 years ago.

Although their thriving business leaves them very little time for social engagements, Gabriel is a Mason and both he and his wife belong to a bowling league at the Jewish Center. Great deep sea fishing enthusiasts, the Gabriels have decorated the walls of their second bedroom with a huge swordfish and other marine life from the depths which they caught on their last visit to Florida.

The barbecue-dinette area in the kitchen is surrounded by a cobblestone partition. The painted surfaces are of apple blossom pink, while the floor is of pink plastic tile with black and white trimming. The dinette set is of grey formica and chrome with chairs upholstered in matching leatherette.

The Hilltop Record—12

Home of the Week

THE LARGE LIVING ROOM features apple green walls and a sculptured gray looped carpet. An unusual feature is the corner raised hearth of cobblestone while one wall is wainscoted in cobblestone topped with a marble ledge. The remainder of the wall is mirrored. Crisp white organdy curtains are gracefully draped from the casement windows running the length of the room. Furnishings include a sofa and matching occasional chair upholstered in red leatherette. A second chair and ottoman is deep green while the contour reclining chair is chartreuse. A tiny wrought iron coffee table before the sofa is flanked by twin wrought iron hassocks covered with black and white leatherette.

THE COMPACT KITCHEN is well-equipped with all the modern appliances and is surrounded by a unit of shining white enamel cupboards. The pink tile walls are combined with gray formica countertops. The handsomely decorated bathroom (not shown) has a tiled floor, while the walls are wainscoted in pink ceramic tile with burgundy trim. The remainder of the walls is painted in aqua matching the aqua fixtures.

There will be an entry fee of $5 for each team expecting to enter the Senior League, and $3 for each team entering the Intermediate League. There will be no entry fee for Juniors. A LOT OF STEAK—This 860-pound Angus steer will be one of the choice awards to be given away at the Halloween Carnival, Oct. 30, at the Franklin County Fairgrounds at Hilliards. The steer was purchased by the Hilliards Fire Department, sponsors of the annual event, at the Columbus Junior Livestock Show and Sale. It was formerly owned and raised by Nancy Anderson, a 14-year-old member of the Amlin 4-H club and a student at Hilliards High School. She is pictured above showing the animal to members of the department, who are, from left, John Becker, Charles Massie, Ed Fox, Howard Windle and Findley DeWolfe. Proceeds of the carnival go toward the purchase of extra equipment for the department which serves Norwich and Brown Townships and the village of Hilliards.

Thriving Briggsdale Hamlet Founded By Son Of Nicholas Briggs In 1832

Briggsdale was named after Joseph M. Briggs, a son of the pioneer Nicholas Briggs who purchased the land from Lucas Sullivant in 1832.

Briggs established the post office in 1888 and was postmaster until his death in 1913. Living survivors of Joseph M. Briggs include W. I. Briggs of 1662 Harrisburg-pk, Martha Devenish and Josephine B. Cheney, all now residing in Briggsdale.

Joseph Briggs taught school and operated the postoffice and a store in Briggsdale. He also donated the land for the Briggsdale Church.

The Briggs descendants are quite well known in the Hilltop community and elsewhere in the area. The son of W. I. Briggs, eldest son of Joseph Briggs, is George Briggs, Sr. Joseph M. Briggs, also a descendant, is a Hilltop real estate man. His sister, Catherine Wasson, operates a store and is postmistress of Briggsdale.

Briggsdale has a new 30-man-strong, volunteer fire department. Some of the firemen are James and Donald Grooms of 1628 Harrisburg-pk, Robert Steele and Harold Cartwright.

Firms in Briggsdale include the Allen Milk Co. and the Briggsdale Coal Co., and a diesel engine company. Ben Winters is justice of peace.

Concerned Resident Asks Mr. Fix-It About Traffic Control

DEAR MR. FIXIT:

Certainly it is time for someone to do something about the terrible disregard for traffic laws on the Hilltop on the part of motorists, cyclists, and pedestrians.

The Hilltop is becoming the scene of more and more traffic accidents and mishaps and each week, simply because traffic laws and regulations made for the safety and well-being of the residents of this community are not being enforced.

One instance illustrating the consequences caused by such disregard is the fatality which occurred through the accident last Saturday afternoon (Oct. 9) at Wicklow and Demorest-rds.

Demorest has long been a through street and now that the city has put stop signs on Demorest at two-block intervals they are constantly being disregarded, either intentionally or unconsciously. Although this condition has been reported time and again to the police department, it hasn't been improved. My opinion is that the department should either place flashing stop signs on Demorest or abandon the idea completely and go back to putting stop signs on the streets intersecting Demorest.

Another flagrant disregard for the law is evidenced by cyclists. Many children over the Hilltop ride unlicensed bicycles, disregard stop-lights, and ride on the sidewalks endangering pedestrians. While I do not believe that parents are responsible for all juvenile delinquency, I do believe that they should teach their children better regard for the law, especially those governing the operation of their bicycles. If they are allowed to take such freedoms with the law now, think what they will do in a few years when they get behind the wheel of a car.

Can't something be done to enforce these laws which are so vital to the safety of ourselves and our families?

Thank You,
A Concerned Hilltopper

Mr. Fixit says:

"I greatly admire civic-minded residents, like yourself, who are concerned about the problems of their community and who deem it worthwhile to take the time and effort to delve into the matter in order to arrive at a solution. If our communities were without such residents, who take the responsibilities of their citizenship so seriously, our civil departments and commissions would have little hope of ever being able to maintain present standards or improve conditions.

"I find your complaint quite plausible. Certainly the disregard for laws which govern our own safety is a tragic condition which must be righted immediately.

At this writing I have been unable to contact James V. Musick, traffic engineer. However, I am certain that if you would enclose in a letter to him the statistics concerning this problem and your suggestion as to its solution, he would make an inspection of the matter and give it due consideration.

"The enforcement of such laws lies in the hands of Safety Director George O. Doyle. In order to make a complete investigation of the matter, he, too, requires a written report from the party concerned, containing the necessary statistics pertaining to the case. With such a report to work with, he will then personally check into the matter and make a personal report to the author of the original report.

"Regardless of any action that is taken, I sincerely hope that the residents of this community are aware of the acute problem at hand and will do their best to exercise the utmost care and consideration on our streets and thoroughfares at all times."

VACATIONERS RETURN

Ruth Yates, 111 N. Harris-av, and Mrs. L. D. Hetrick, 109 N. Harris-av, returned Sunday from a two-weeks' visit with Miss Yates' brother's family, Mr. and Mrs. Don Yates of North Carolina. They also visited in Georgia and in Florida.

There is a harmony

Which, thro' the Summer is not heard or seen.—P. B. Shelley.

CITY GROWS CIRCLEVILLE A YEAR

Columbus' Jump Of 104,000 In 14-Year Period Makes One Mill Levy A Must

Do you remember Columbus before a Canton sprang up within our city limits?

If you do, you remember the Columbus of 1940.

It's been within the brief space of the last 14 years that this city has boomed from a population of 306,000 to an estimated 410,000. The increase in population, 104,000, is almost equivalent to the population of Canton, as recorded in the 1950 census.

Thus, since 1940, a Canton actually has mushroomed within the corporation limits of Columbus. Furthermore, figures show that Columbus has been growing at a rate of 8,500 each year since 1950. This means that a Circleville is being added to our city annually.

This tremendous growth has vitalized the life of Columbus, bringing greater wealth, increased importance, and continuing progress to our community. But it has also brought increased responsibilities and perplexing problems to the people of Columbus and to their schools.

To help meet the problems threatening the quality of education offered in the Columbus public schools, the Columbus Board of Education is submitting a one-mill levy at the Nov. 2 election.

Funds raised by the additional levy would enable the Columbus school system to meet bigger bills growing out of bigger enrollments and to make a much needed adjustment in teacher salaries.

According to school officials, mounting enrollments and Columbus' low salary schedule for teachers are certain to have a detrimental effect on the program of instruction offered in Columbus classrooms in the future unless more revenue is made available to expand the services of the schools as needed.

"We've been able to maintain high standards in our schools because the public has given excellent support to our proposals during the past few years," Superintendent N. G. Fawcett commented.

"But as Columbus continues to grow, our enrollments continue to increase," he added, "and we must have more classrooms and teachers and must purchase more maintenance and instructional supplies in order to educate our boys and girls properly. Naturally, you can't expand educational services without spending more money."

Fawcett said the money needed would have to come from increased millage because "the tax duplicate in Columbus has not gone up as rapidly as enrollments."

Without the revenue a one-mill levy would provide, the superintendent warned that the schools would have to resort to severe overcrowding of classrooms and would be unable to purchase sufficient instructional and maintenance supplies.

Fawcett and the board are convinced that our low salary schedule is a major reason why Columbus is experiencing difficulty in attracting and holding good teachers. The superintendent commented:

Fawcett said that passage of the one-mill levy would enable the board to bring the Columbus teacher salary schedule in 1955 up to the average of the 1954 salary schedules in effect in Ohio's seven largest cities.

"This is a reasonable request and it would enable us to compete more effectively for the services of good teachers," he explained.

AUTUMN MOTIF AT GOODSELL'S—Fodder and "punkins" serve to emphasize the new season at Goodsell's Paint and Wallpaper Store at the Central Point Shopping Center. The brilliant hues of the pumpkins which had been painted various colors, were objects of considerable comment by passersby.

Letter Of Franklin Township Squire Brings Ruling On Bonds By Prosecutor

Credit is not only important in buying groceries and furniture nowadays but several recent traffic cases have disclosed that the long arm of the law is also willing to offer "credit" in the form of surety to violators.

In regard to a query sent to Frank H. Kearns, Franklin County Prosecutor, by E. C. Miller, of 3327 Clime-rd, Franklin Township squire, Kearns ruled Wednesday, Oct. 13, that justices of the peace must accept surety bonds offered by motorists charged with traffic violations.

Miller's letter to the County Prosecutor, dated Oct. 9, included the question, "May I refuse to accept a recognizance signe: by a surety company licensed to do business in Ohio and insist upon cash or some other form of recognizance before the defendant is released for an appearance at some other date?"

In his answer, Kearns stated that the justice of peace "had no right to arbitrarily refuse to accept such a bond" and that "if a surety company is offered as bondsman, you certainly would be abusing your discretion in rejecting the proffer and demanding some other form of recognizance."

A copy of Kearns opinion was also sent to Russell Campbell, manager of the Columbus Auto Club, as that organization protested only last month when a Mifflin Township justice of the peace refused to honor their surety bond in the case of a motorist arrested on a traffic violation.

A surety bond is the written evidence of a pledge of a person or company that the accused will answer for the debt, default or miscarriage of second party. Surety companies are under the supervision and control of a department of the state government and are periodically inspected.

Election Day Rolls Around Again

If you haven't already done so why not step to your calendar and circle next Tuesday with a red pencil and then follow through and be at the polls to vote that day.

The candidates have all spoken for themselves and you have perhaps made up your mind whom to vote for.

Among the many issues we particularly recommend the passage of the school levies and bond issues, depending on where you live. The school systems are growing and will continue to do so. The proper education of our children depends on such financial support.

We also recommend the increase in salaries for Columbus city councilmen from $1000 to $3600 per year. Even this latter amount is too small. Your councilmen are members of the board of directors of a many million dollar business. If private business were operated in such a fashion this country would be little beyond the period of about 1800 in progress.

We believe increased salaries for councilmen will create more interest among business men to run for these offices.

A major issue in the election Tuesday will be the question of annexation in Franklin Township, in recent weeks and today the Record has presented views of both sides of this question. We sincerely hope residents of the township will carefully consider the far reaching effects of what is ahead for their fast growing area depending on the outcome of the vote.

Earlier this year we expressed the opinion that annexation of the entire township was better than incorporation. We are still of that opinion. When the votes are counted we will abide by the decision of the people and work for the best interests of the community involved regardless of what form it shall take.

It is your ballot. Use it. Vote on Tuesday!

Record's Contest Continues Close

The race for top place in the big Hilltop Record circulation drive continued hot and heavy this week when contestants reported in on Monday. With a considerably better report, Clair Barnard was able to take the lead over Charles Page, who was in first place last week.

Continuing in third place is Mrs. George Neibler, who has been a very consistent worker in the campaign and appears to be one of the top three winners in any event.

What will happen from here on with the race for first place, being as tight as it is, cannot be determined by anyone except the contestants themselves and this will depend on how hard they work in the remaining period from now until Nov. 12 when the contest ends.

First prize will be a new 1954 Chevrolet sedan purchased by the Hilltop Record from Zodenfels, 556 W. Broad-st. Second award will be $500 in cash and third prize is $250 in cash. A $100 cash prize will be given one of the subscribers in the contest.

Inspector Scully Suffers 'Not Serious' Heart Attack

A resident of the Hilltop and a veteran of 37 years on the Columbus Police Force, Police Inspector Thomas A. Scully, 65, of 2101 Sullivant-av, suffered a slight heart attack while at work in his office in City Prison Monday afternoon and was admitted to Mt. Carmel Hospital.

Police physician, Dr. Carl E. Tetirick, reported that Inspector Scully's condition was not serious and that he was resting comfortably, but would not be allowed visitors. It was not determined how long he would be confined to the hospital.

INJURED IN CRASH

Four persons were injured early Sunday morning when the car driven by Joe Goodwin, Hilltop pharmacist, was struck by another car at the Wilson-rd and Broad-st intersection. Goodwin's brother, Fred was most seriously injured, suffering broken ribs. He is in Mt. Carmel Hospital. Also injured slightly were Goodwin, his wife, Mary, and brother's wife, Betty. His car was almost completely demolished.

PUBLIC UNVEILING—Pictured above is a prospective of the new Westgate Methodist Church, 345 S. Brinker-av. Ralph R. Orr is the architect and Rev. George J. Taylor, pastor. New construction on this modified Gothic structure, the basement of which was completed and has been in use for the past several years, will cost some $230,000. The new project was begun about two weeks ago under the supervision of Richard W. Meyer, building superintendent, and Walter Cochran, who is chairman of the building committee. Eighteen months is the estimated building time. Exterior walls will be of Indiana limestone and native Ohio ashlar stone, with a green early American shingle tile roof. The stone tower will rise approximately 55 feet from the ground, capped with a 4½ foot ornamental bronze cross. A symbolic cross will be formed by the nave, chancel and two transepts, with a seating capacity of 500 and pews for 50 choir members. An oak-paneled chancel screen and carved reredos will complement the oak altar with light streaming in from three recessed lancet-stained glass windows. The gabled arch ceiling will also be of oak as will the pews and other chancel furniture. Special features of the church include symbolic stained glass windows in the nave, with a stained glass rose window over the balcony lighted from the inside; a church parlor with fireplace and attached kitchenette, youth parlor, chapel, and offices for the pastor, the church secretary and the church school. The cornerstone for the new building will be laid by Rev. Taylor, assisted by Rev. Dr. Warren W. Wiant, Columbus district superintendent of the Methodist Church, Sunday afternoon, Nov. 7, at 3:30. Friends of the church are cordially invited to attend.

Hilltop Halloween Party Is Saturday

Community Council Expects 3,000 'Goblins' To Take Part

The 7,000 pupils of Hilltop schools this week have received a bright yellow sheet reading, "This is YOUR invitation to the Hilltop Community Council's 9th Annual Halloween Party Saturday, Oct. 30, at West High."

Hilltoppers, fortunately, do not have to fear a too boisterous celebration of this traditional autumn event because some 3,000 witches, junior-sized goblins, and small ghosts are expected to meet in this gigantic cooperative party given by more than 25 organizations of the Hilltop.

The doors of West High School will open at 7 o'clock. Waiting to direct and help the youngsters will be a group of men under the supervision of Chuck Ditrick. This committee will also be responsible for the safety of the youngsters.

Goblins and parents alike can exchange money for tickets at the Highland Garden Club and Hilltop Lions Auxiliary, maintained booths in the cafeteria. This will eliminate trouble of making change at crowded booths. Also the parents can give their offspring a number of tickets to spend during the evening.

Movies will be shown continuously in the auditorium by Dick Wilson and Bob Schmidt of the Hilltop YMCA. There will be a break at 8:15 p. m. to award prizes in the window painting contest which was sponsored by the Hilltop Kiwanis under the chairmanship of Bob Miller. The prizes, an incentive to our budding artists, also serve to emphasize that fun can be constructive rather than destructive.

The costume parade in the gym will march to music with 12 silver dollars given by the Hilltop Businessmen's Association. The three classifications are funniest, prettiest, and most original.

The cafeteria will be loaded with everything good to eat. Hot dogs will be kept steaming hot by the ladies of the West Junior and Senior PTA. Freshly-popped corn will be sold by the St. Aloysius PTA and hot coffee and doughnuts served by the leaders of Girl Scouts from Districts 8 and 16 will give parents a much needed chance to rest and watch the merry makers.

Plenty of cold drinks, ice cream bars and snowballs will be offered by the Campfire Girls. Pretzels, potato chips, and candy will be available at a very small cost.

The Fish Pond has many attractive surprises for all ages at 10 cents. Fortune-telling and Witches Brew for a nickel will complete the fun. PTA groups from five schools will keep the crowd moving.

At 9 o'clock, the gym will be cleared for the "Teen-age Dance," given by the courtesy of the West High Hi-Y and Y-Teens. Bill Grim and his 10 piece band, made up of former and present West High musicians, are a favorite with the high school crowd. They will play until 11:30 p. m.

Ordering the huge amounts of supplies necessary has been the task of Mrs. Cecil Radcliffe. The entire party is under the chairmanship of Bill Burns who has been assisted by a large group of representatives from various Hilltop [illegible].

"A Barrel of Fun and No Damage Done" has been the theme for this party." This wide-awake community may well be proud where all work to serve the best interests of it's children," a spokesman for the general committee said.

Campfire Girls and Girl Scouts work clearing the tables in a service project and all together it takes 100 adults and many hours of planning to make the celebration a success.

The Hilltop Community Council is a non-profit making organization and the proceeds from the party are used to sponsor activities like the prizes for playground openings and the annual Easter Egg Hunt.

So, instead of witches on broome, the janitors of West High School will have the large job of cleaning up. The Record joins the general committee in repeating the words of the invitation:

"Let's Make This A Fun Without Destruction Night! Everybody is Welcome!"

JOINS SERVICE TEAM

Pvt. Charles Weeks, son of Mrs. Margaret Weeks, 165 N. Hague-av, is a member of the 9th Infantry Division's 47th Regiment football team in Ulm, Germany.

Weeks, who is a message center clerk in Headquarters Company, will participate with his team in the Southern Conference tournament, part of the army's recreation program designed to complement a rigid training schedule.

Two Students Of West Broad School Earn Top Award Of $25 In Kiwanis Art Contest

DIFFICULT RULING—Judges in the Hilltop Kiwanis-sponsored Halloween Window Painting Contest reported that so many of the works of art were excellent that decision of the prize winners was made only after long deliberation. Here, going over one of the entries on W. Broad-st, left to right, are Judges Richard Teichert, art director at West High; Paul Gapp of the Columbus Dispatch; and Bob Miller, chairman of the Kiwanis committee sponsoring the contest. Awards Totaling $115 Will Be Made At West Hi Party

This Saturday evening at the Community Halloween party at West High School the winners of the 1954 Hilltop Kiwanis Club window painting contest will receive their awards amounting to $115.

First prize winners are Howard Davies, 88 N. Hague-av, and Randall Flugge, 48 N. Harris-av, 5-B students at West Broad Elementary School who teamed up to paint the cornfield scene on the Howard Tuttle architectural building at 2781 W. Broad-st. A duplicate of the $25 first prize will be given to the winners' school.

Second prize of $15 will go to Susan Belt, 127 N. Warren-av, 5-A student at West Broad School for her "Witch at Home" painting on the window of Sapps' Food Town at 2976 W. Broad-st.

Third prize awards of $5 each will be given to the next five best paintings by Sharon Rumfield, 6-B student of West Mound School;

AMERICANISM SPOTLIGHTED—During these two "National American Legion Weeks" preceding Veterans Day, Legion posts throughout the nation are stressing their members' roles in citizenship. The American Legion stands for God and country and the highest rights of man, its principles are loyalty, justice, freedom and democracy. Its four main objectives, rehabilitation of sick and disabled veterans, care of the children of America, a better and more loyal Americanism, and service to the community, state and nation require manpower and teamwork. Discussing this important topic are four members of Camp Chase Post 82. Left to right, Roger Myers, Vincent Walker, Commander Ray McVey, Jr., and Elmer Young.

The children of all religious faiths will be collecting pennies for children all over the world who receive help from UNICEF (United Nations Children's Emergency Fund).

Annexation Factions Present Pros And Cons Of Issue Facing Voters Tuesday

What appears to be an otherwise rather uninteresting election next Tuesday may bring out a large vote in the townships surrounding Columbus as residents of these areas cast their votes for or against annexation to Columbus. Particular interest is anticipated in Franklin Township where the vote went in favor of incorporation at a special election earlier this year, the legality of which is being determined in the courts at present. Pros and cons of the question are presented by the Record today as supplied by individuals representing the two groups, as follows:

For:

Arguments for annexation as outlined by the Metropolitan Columbus Annexation Committee include the following:

"It is very difficult to get an FHA home loan in an area where septic tanks must be used for sewage disposal. It seems to be an established policy to no longer consider loans where there would be a concentration of septic tanks.

"H. G. Dill, consultant engineer, says it is practically economically impossible for Franklin Township to install a sanitary sewer system of their own.

"On October 5, 1954, the Columbus Board of Education passed a resolution to continue to furnish transportation on the same basis as transportation services are now being supplied by our township until the time when the districts have city streets, sidewalks, and city transportation, and until neighborhood schools can be brought to you.

"Joining the Columbus school system would bring such services to your children as school physician, school dentists, school nurses, speech therapists, psychologist, school libraries, educational films, evening high school, summer school and many other facilites.

"The new emergency squad cannot answer a call in the north and south sections if our horseshoe shaped township without using Columbus streets or taking a long way around Columbus.

"Columbus will extend water lines to the annexed parts at the rate of $2 per foot with tapping charges of $60 for a ¾ inch line and $35 for the meter. These charges are payable only when the property owner applies for water service. No charges are made until application for water service is made. A farmer pays only for an established lot frontage of 50 feet and does not pay for the rest of his frontage until such time as he wishes to make additional taps.

"When the county extends water lines into the township everyone on the line pays from $4 to $5 a foot for all their frontage whether they use the water or not. Even areas a mile or more from the water main are assessed for the water line.

"Residents of areas proposed for annexation to Columbus that have livestock and poultry, whether or not they are engaged in agriculture, have a non-conforming use established, and they will not be disturbed in the enjoyment of their property, provided that such animals and poultry will be kept in such manner so as not to impair the health of the community.

"Only the county appraises your property. The city does not appraise or reappraise your home!

Against:

Campaign plans for opposition to annexation were being spearheaded by the Franklin Township Citizen's Association, Inc. Clyde Crandall, a resident of Briggsdale and a member of the Franklin Township School Board, is president of the group.

In a pre-election statement, Crandall declared, "The history of Columbus City administrations for years has been high lighted by political bickering and short-sighted planning that has resulted in a series of financial crises. Such a crisis is before Columbus officials today," he charged. "Their answer is to attempt to annex the greater part of six adjacent townships in an effort to spread out the debt load that faces city residents."

Crandall also charged Columbus of not having enough money in its treasury today to hire the police and firemen it needs to protect its present 41 square miles of area." "Yet," he continued, it proposes to expand the city boundaries to take in 110 additional square miles.

"Franklin Township is solvent and growing stronger financially every year," Crandall stated. "We are now financially able to provide every governmental service that the people feel they need."

"For example the tax valuation that can be levied against for school purposes in 1955 will be $18,325 per pupil to be educated.

NEW CIVIC GROUP FORMED

The Skidmore Community Association came into being Monday night at a meeting of residents who seek to have a huge area west of Hague-av and as far north as Trabue-rd resoned to agricultural and residential classification.

Monday's meeting, held at Skidmore School, was the second meeting of this group, many of whom signed a petition in opposition to the current zoning and projected plans of Marble Cliff Quarries to open up new quarrying operations in the area. The public rezoning hearing has been set for 8:30 p.m. Nov. 18, in the Franklin Township Hall at Derrer-rd and Sullivant-av.

Another meeting has been scheduled by the Skidmore Community Association for Nov. 8. The area in question is currently zoned for heavy industry.

In addition to organizing on a formal basis Monday evening the association traded its temporary officers for permanent ones, retaining the originally-named men with the exception of the post of secretary. This permanent post went to J. Larry Crossley, 2892 Lowell-dr.

High School Crisis Faces Prairie Twp.; New Levy To Meet State Requirements

Prairie Township residents were notified at last week's meeting at the school that Hilliards High School will not accept future graduates of Prairie Elementary Schools.

The rapid population increase of the West Franklin County area has been cited as the reason for this action. Superintendent M. H. Hartsook of Hilliards School District states, however, that there will be one exception to the ruling: Prairie eighth grade graduates who desire to take vocational agriculture will still be accepted. New high school students moving into Lincoln Village and Prairie District will continue to enter Hilliards High until about May 25. After that date, no additional students will be accepted.

Parents of Prairie Schools now must face the problem of where this year's and future eighth grade graduates are to attend high school. The Prairie board of education is making an intensive effort to arrange for some school district to accept this year's class. The population of Prairie Township is increasing at such a spectacular rate, however, that only arrangements of a temporary nature can be made. Eventually, Prairie Township must take steps to provide its own high school facilities, education authorities are agreed.

The Prairie board of education is asking the voters to approve a two-mill levy at the polls next Tuesday. This levy must be approved if the school district is to receive aid from the state.

The state legislature requires school districts to levy 10 mills as their minimum share of providing for the cost of educating their children. Prairie Township now levies only eight mills. Approval of the two-mill levy means that Prairie schools will continue to receive from the state nearly one-fourth of the total money spent annually to operate their schools. The board of education urges every voter to vote for the school levy.

TO PETE BOSSES

Miss Dorothy Borror, 2258 West Broad- Street, has been named chairman of the Decorations Committee for the ninth Annual Boss Night Dinner, 7:00 p. m., October 28, at the Fort Hayes Hotel. The dinner is sponsored by the Columbus Chapter of National Secretaries Association (International) in order to acquaint management with the purpose of the organization.

Darbydale Community To Vote On Incorporation

Darbydale, which came within one vote of incorporating in 1950, will face the same issue again on Tuesday, with Attorney Ray H. Geddes spearheading the drive for incorporation of the 450-acre, 550-person community.

Darbydale is bounded on the south by Big Darby Creek, on the north by Norton-rd, and on the west by Norton-rd, which curves and crosses Big Darby in a southerly direction. It is in Pleasant Township.

Big Bear Discloses 'Why' Of Two Store Additions

A spokesman for the Big Bear Stores Co. disclosed this week that the grocery warehouse addition on the southeast side of the local Big Bear Store, located at 2835 W. Broad-st, has been constructed to ease the pre-packaging and produce departments and is planned in such a way as to bring the produce trucks right up to the building and dispense with any possibility of traffic hazards or congestion.

A similar addition is now under way in the meat preparation department, where a meat-packaging machine is soon to be installed to speed operations.

Dick Vogel, manager of the local store, stated that the new additions will mean a cleaner alley and be a real boon to the community.

Prairie-Twp. Electors Seek Mill Fire Levy

A one-mill fire levy will be asked when Prairie Township voters go to the polls Nov. 2.

According to Grover Kaderly, chairman of the board, and Fire Chief J. R. Richards, this represents the first levy ever requested by the township trustees and is necessary to provide funds for operating expenses such as upkeep on fire equipment and facilities.

Since the founding of the fire department in 1938, all expenses have come out of the township coffers. Kaderly and Richards explain that these funds have now become inadequate since the servicing of newly developed areas such as the Huge Lincoln Village involves additional expense.

New Inter-Church Youth Council Plans Its First Hilltop Songfest

Plans have been completed for the first songfest under the sponsorship of the newly-organized Inter-Church Youth Council of the Hilltop, to be held in the Burgess Avenue Evangelical United Brethren Church Sunday, Oct. 31. The songfest is scheduled to start between 8:45 p. m. and 9 p. m. The late hour enables the various youth groups of the Hilltop to meet in their own regularly scheduled services before adjourning to the rally and songfest.

Rev. Joe Crouse

Special guest and leader of the songfest will be Rev. Joe Crouse of Charleston, W. Va. Rev. Crouse, a professional singer-evangelist, is a native of North Carolina and a graduate of Asbury College. He has conducted meetings of this nature all over the United States.

A temporary attendance banner will be awarded to some group attending the rally during the roll call of churches. Placards identifying each youth group will be prepared and distributed as they register at the host church.

Light refreshments will be served by the youth groups of Burgess Avenue Evangelical United Brethren Church following the songfest, presenting a period of fellowship for the group. This pause will also afford the youths opportunity to meet the newly-elected officers who will be installed during the service.

All young people of the Hilltop area are invited to attend this songfest. Special recognition will be given church groups attending in a body. This is the first of a series of meetings to be scheduled under the auspices of this Inter-Church Youth Council of the Hilltop.

School Bond Issue, Mill Levy Passage Will Improve Norwich District Morale

Electors of the Norwich School District who vote on the bond issue and mill levy next Tuesday, Nov. 2, are passing on two immediate problems of the schools. On the opening day of school, Sept. 7, there were 112 more resident pupils than were enrolled when schools opened in 1953. This represents an increase of 17 per cent in the span of one year. During the first 11 school days in October, 20 new pupils have enrolled in the elementary school. Pupils who will enter the district's schools from the more than 60 homes now under construction in the district will continue to raise enrollment totals. Some class rooms now have 44 pupils enrolled.

The proposed $489,000 bond issue will provide a 12 classroom unit, which will later become the first wing of a new high school. These rooms would immediately be occupied by the upper elementary grades, thus releasing rooms at the grade school which would be used by the middle and lower grades. It will also provide a cafeteria for use of the high school and the upper elementary grade pupils. An expanded industrial arts department will provide much needed space as will dressing rooms for the large number of boys who participate in outdoor sports. Land will be needed for a new building and it is also planned to provide new seating for the high school auditorium.

Since additional tuition pupils, except vocational agriculture students, will not be received after the present school year, all of the above plans are for the children whose parents are residents of the school district.

The cost of the bond issue based on 1953 duplicate is 3.5 mills or 35 cents per $100 of assessed valuation. As the tax duplicate is rapidly rising, the rate needed to retire the bonds will be reduced when the tax would first appear in the tax paying year of 1956.

The proposed two-mill levy for two years is designed to bring the salaries of teachers and other employees more nearly in line with those paid by other high school districts in the county. Norwich Schools pay beginning teachers with a four-year degree $2,768. One high school district in the county pays less. Most of the county schools pay $3,000. The cities pay $3,200.

When the eight mill levy, which carried an increase of three mills, was approved in 1951, a four-year graduate who was a beginning teacher received $2,40(at Hilliards. The raise to the present $2,748 represents an increase of 14½ per cent. The top salary of a person with maximum experience and a master's degree was $3,324 in 1951. It has been raised to $4,040 or a percentage gain of 21 2/3 per cent. Columbus is now paying $5,325 for maximum experience and a master's degree.

If we hope to maintain good schools in Hilliards, it is imperative that we retain these well-trained, experienced teachers in our schools.

The levy, if approved, will appear on the 1955 tax bills and will cost 20 cents per $100 of assessed value.

It is the hope of the Board of Education that this building program will result in a complete educational plant that will be good in its educational facilities, architecturally pleasing, and result in a boost in morale for the entire community.

Commissioner Vigor Seeks Another Term

PRACTICAL WORKERS—Pictured above are Donald Shaffer and John Roberts, two of the sophomore boys working in the vocational agriculture shop at Hilliards High School. The various projects are entirely constructed by the boys under the direction of Leon Boucher, vocational agriculture teacher. These projects are constructed for use on the boys' home farms in connection with their many livestock and crop projects. Besides the projects the boys are taught safety and use of the shop's many hand and power tools. Boys in the department have $644 invested in farming per boy with swine and dairy leading in livestock projects and corn the leading crop project.

Straight To The Point
By JERI JAHN

The nippy weather we've been having lately is only a taste of what's ahead. Are your children ready for winter? They're not if they aren't dressed warmly. At SPENCER'S TOT TO TEEN you'll find all the nationally advertised brands of coats, surcoats, and snowsuits — quality merchandise at a surprisingly low price.

Our stop at MILLER-JONES CENTRAL POINT SHOE STORE showed us a revolutionary turn in hosiery. They are now offering a large selection of the new twisted thread lanolized hosiery at no increase in price! These new, soft-as-silk nylons give longer wear and a snugger fit, which means your worries are over in trying to keep troublesome seams straight. Make Miller-Jones your stop for quality socks for Dad and the kids, too.

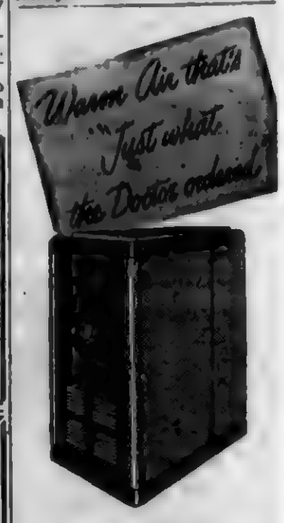
Tomorrow night many masked visitors will be "begging a bite." If you're not prepared for them, why not stop at KRESGE'S CENTRAL POINT STORE and lay in a stock of gayly wrapped candy kisses or suckers? They also have many cleverly packaged candy novelty items which are sure to please the "waifs" of your neighborhood.

There's nothing like this brisk autumn weather to bring out the best in a gal's wardrobe. At the J. C. PENNEY Central Point Store you will find Kay Carter and other better "after five" dresses in the ready-to-wear department at only $16.75 and $17.75. There, too, you'll find the Lorna label, which means high fashion and better materials in originals you won't find again, anywhere — at the same low price.

Say, Dad, are you ready for the hunting season? Why not stop in at REEVES SPORTING GOODS where dealing in guns and ammunition is a year-round business. Talk with real sportsmen like Bob and Dick Reeves, who can show you anything from a Plinkin rifle to a deer rifle, as well as a complete line of shotguns for beginner or expert. You can pick up a warm jacket and cap — even a license — in one stop at this Central Point store.

A stop at the HOUSE OF RECORDS, formerly the Turntable Record Shop, should be a weekly event with West Side disc fans. New managers Suzanne Bohnen and Russel Griffith will help you select the latest pop tunes and the finest albums, recently released, as well as the ten top tunes as they are listed each week by Billboard.

Home owners who are doing a bit of modernizing will want to visit GOODSELL'S CENTRAL POINT store soon. A wallpaper clearance is now under way there in order to make room for 1955-56 stock. You'll find many desirable patterns at 33⅓ percent to 75 percent off. You may paper this hall for as little as 10c a roll.



You'll get a bonus in the bargain when you purchase an adult size platform rocker, priced at $39.95 and up on convenient budget terms at The POINT FURNITURE STORE, in the Central Point Shopping Center. A matching juvenile rocker, a regular $8.95 value in blonde or dark mahogany with spring-filled cushions and durable plastic upholstery, may be had for only $1, when you purchase a handsome platform rocker, for a limited time only.

We gals are really delighted to see a little color blooming forth in this man's world. TOM RENUA'S MEN'S SHOP has just received pink dress shirts in all the latest collar styles. With those sharp charcoal flannel suits or slacks, you fellas will be the best dressed men in town.

Only YOUR SUPPORT Can Enable Columbus To —

● Provide for bigger enrollments

When school bells rang in Columbus this fall, 4,000 more children reported for instruction than were enrolled last year.

Four thousand more pupils require more teachers (Columbus added about 100), more classrooms, more instructional supplies, more maintenance help, more maintenance supplies, and more educational services.

YOU CAN'T EDUCATE 4,000 MORE BOYS AND GIRLS WITHOUT SPENDING MORE MONEY.

● Hire and keep better teachers

Nothing influences quality of instruction more than the teacher. Columbus must have good teachers in order to have good schools.

Columbus school officials have difficulty hiring and keeping well-qualified teachers because: (1) there is a diminishing supply of teachers, and (2) Columbus teachers are paid from $125 to $850 less annually than teachers in Ohio's six other largest cities. (figures as of July 2, 1954).

THE COLUMBUS TEACHERS' SALARY SCHEDULE MUST BE IMPROVED IF WE ARE TO COMPETE SUCCESSFULLY WITH OTHER CITIES FOR WELL-QUALIFIED TEACHERS

● Meet pressing school-finance problems

The job of the Columbus Public Schools has grown faster than the revenue available to do the job, because the Columbus tax duplicate has failed to increase as rapidly as school enrollments.

Columbus CAN make a greater financial contribution to the education of its children.

DURING THE 1952-53 SCHOOL YEAR, THE REVENUE THE COLUMBUS PUBLIC SCHOOLS RECEIVED FROM LOCAL SOURCES AMOUNTED TO ALMOST 50% LESS PER CHILD THAN THE AVERAGE FOR OHIO'S SEVEN LARGEST CITIES.

About The Hilltop

Yea, Ohio! Every football season, at game time OSU grads, like homing birds, swarm over the campus, fill the stadium and yell till their voices are hoarse. Suddenly, a hush prevails, the crowd is quiet as the colorful Ohio State marching band begins to play Carmen Ohio, a tribute to their Alma Mater . . . Recently, long-time friends of the Myron Webbs feted them with a stag dinner party at the Athletic Club. Among those attending were Dr. and Mrs. Charles E. Johnston, the Charles Trabues, Mr. and Mrs. Edwin Allison, Dr. and Mrs. William Engel, the Dean Strausbaughs and the Bob Strausbaughs. Mr. Webb is a research chemist in the labratory of the DuPont Co. at Williamsburg, Va.

At Saturday's game, Marillyn Warren and Dave Randall were guests of Forest Smith, FHA director and his wife, Mrs. Thelma Smith . . . Art Stewart is back in "civvies" again and is now enrolled in the college of Journalism at OSU . . . Former Hilltoppers, the Lugene Spanglers (Dorothy Rickman) of Flint, Mich. are the proud parents of a baby girl, Debra Jean. Mr. Spangler will graduate in August from the college of Engineering of General Motor's Institute . . . Colonel Morris Dantzker, US Army, is taking a post graduate course in personnel management at OSU.

The charming and talented Barbara Booth, ONWA scholarship award winner of the year, was the honored guest at the organization's annual convention dinner in Mansfield . . . Saturday evening. Dr. and Mrs. Arthur Worthington, (Mabel Wagner) celebrated their golden wedding anniversary with a dinner party for family and friends, at the Ft. Hayes Hotel. Dr. Worthington has practiced dentistry for the past 44 years in and around this community. Since retirement, they commute back and forth from their home at Lake Wells, Fla. . . . This week, Doris and Ross Castle are in New York, enjoying all the pleasures of the big city . . . Last week, Mrs. Homer Jones was pleasantly surprised with a baby shower. The new arrival will be the Homer Jones' eighth child . . . The Tandy Leathercraft Co. supplies all the needed materials for the do it yourself items in leather. Mr. and Mrs. Theodore Tellefsen are the owners of the new company.

TB Tax Levy Supporters Cite Past Support Of Citizenry Of The Hilltop

"The Hilltop area has always given good support to the TB tax levy, and we hope it continues to do so," stated J. Richard Argo, chairman of the Citizens Committee for Renewal of the TB Tax.

The question will be one of those on the ballot next Tuesday, and in all the talk about annexation issues, it has nearly been forgotten.

"We just can't afford to forget anything as important as proper hospitalization and control of tuberculosis," Argo added. "There have been more new cases admitted to the hospital this year than ever before.

"We have had countless endorsements from PTAs, from Child Conservation Leagues, Granges, the Trudeau Guilds, the Wings, the Braces, church groups, civic luncheon clubs and I don't know who all. The CIO has endorsed the levy, and so has the American Legion," Argo said.

The TB tax levy is for 66 hundredths of a mill, and it provides nearly half of the operating costs at the county TB hospital—only tax-supported TB hospital for Franklin County residents. It is exactly the same tax approved four years ago by voters, but state law requires a periodic renewal.

STEPS TO GOD

The Bible says for us not to neglect church attendance, Heb. 10:25. Here we find a family on the way up the steps to an hour of worship. *The church is the strongest dyke against corruption and the evil forces that destroy human life.* The church is the foe of the penitentiary. Jesus said, "I will build my church and the gates of hell shall not prevail against it," Matt. 16:18.

The church is not perfect... nothing human ever is. Even the Apostles chosen by Jesus had a Judas, but see the success He made of the other eleven. *Christ loved the church enough to die for it and that makes it mighty important.* Whether people worship in a tent, tabernacle or cathedral, they mean to be on God's side. Church-going people are people of Faith. Do you go to church?

You In The Church... The Church In You
Form a combination for good. We should attend church regularly. Every man, woman and child needs the influence of the CHURCH. Be faithful. Be a Churchman!

'55 Chevrolet on Display Friday At Rodenfels

Heralded as having made the greatest change in its history, Chevrolet's new 1955 models will go on display tomorrow at Rodenfels, 555 West Broad-st, West Side authorized dealers for the car for 30 years.

"The 1955 Chevrolet is much more than a model change; it is a completely redesigned automobile," according to Howard Lloyd, salesmanager for Rodenfels. "From both a styling and engineering standpoint, it is by far the most advanced automobile in the low price field today.

"A multitude of engineering accomplishments contribute to a new point of perfection in handling ease, ride qualities, responsiveness and all-around roadability," Mr. Lloyd explained.

"In all dependability and strength, safety and passenger comfort — qualities synonymous with the name Chevrolet—the 1955 passenger car, with its many innovations, surpasses the high standards of the past, and some of its new, exclusive features make an impressive addition to the list of 'Chevrolet Firsts'."

Eternal Vigilance Is the Price of Freedom!

WHEN the present incumbent to Congress votes to give favorable concessions to the oil interests on taxes while refusing to increase the exemptions for the ordinary man caught in the vice of inflation;

WHEN he votes against a 5% wage increase for the hard-pressed postal employees, contrary to the majority of Congressmen in his own party, but continually votes for concessions to gigantically wealthy corporations; THAT'S FAITHLESS REPRESENTATION — 16 Years of It.

Service Station To Give Potatoes At It's Opening

NEWEST IN SERVICE—Above is a view of the new Lahey Sunoco Service Station at 3765 W. Broad-st, just east of Westinghouse. Its spic and span appearance is the result of Sunoco's most advanced design for twin-bay service stations. Glenn Lahey, operator, announced yesterday that he will give away a 10-pound sack of potatoes with every purchase of eight or more gallons of gasoline at his station during grand opening rites, Friday and Saturday, Oct. 29 an 30. Hours of operation will be 6 a. m. to 11 p. m. Carrying the complete line of Sunoco products plus Kelly Springfield tires, the station will offer motor tune-up, brake work, car washing and lubrication.

SWINGING AND SWAYING will be paid for and then some at the community Halloween party Saturday night thanks to the check being presented above to Bill Burns of the Hilltop Community Council. Making the presentation are Diane Patten of the Y-Teens and Fred Lanch of the Hi-Y Clubs at West. Both clubs held dances during the summer and these proceeds will more than pay for the dance band Saturday night. (Hilltop Record photo)

Substitute Preacher Beaten In His Trailer

A 20-year-old Hilltop man, Rev. William H. Everett, who makes his residence in a trailer at the rear of his brother's house at 106 Mixsy, was released from Mt. Carmel Hospital after being treated early Monday for bruises and a three-inch laceration over his right eye. He suffered the injuries, he said, when two young thugs broke into his trailer, beat and robbed him of some clothing, a wallet containing $5, and the keys to his 1951 hardtop convertible, which they drove away, after tying him up with his own necktles.

Everett is a substitute preacher and a member of the Church of Christ, 3301 W. Broad-st. He works as a tool and die man at General Motors during the week.

Victor Lee Motor Sales Will Hold Open House For Studebaker Enthusiasts Friday

Victor Lee Motor Sales, 3192 W. Broad-st, will hold an openhouse on Monday and Tuesday, Nov. 1 and 2, to which a special invitation has been extended to the public to come in and see the new 1955 Studebaker which was unveiled last week.

In celebration of the occasion, Owner Lee H. Bennett, 75 Orel-av, will give carnations to the ladies and cigars to the men during the regular hours to be observed Monday, 8 a. m. to 10 p. m.

Bennett, formerly owner of Lee & Budd's Motor Sales, with four Columbus locations, has owned the Studebaker car and truck agency on W. Broad since June 20. The firm was formerly Wile's Motor Sales. Bennett has eight veteran salesmen on his staff to assist the buying public.

"Studebakers are more economical for '55 than ever before," Bennett declared, pointing to price reductions in new models which have received nationwide press coverage. "In addition," he said, "down payments are smaller and payments are lower for this mechanical masterpiece of the Studebaker Corp.

Don't Bother To Vote...If You Don't Care About Good Government

The obligation to vote on Tuesday and the necessity of preserving the precious heritage of the free ballot has been told and retold to the American public.

We'd like, however, to address this editorial to the thousands of "good, upstanding citizens" who will be too busy to go to the polls or who find it inconvenient to wait in line for five minutes at the polling booths. We call them "good citizens" only because the majority of them are honest-God-fearing Americans, who have never clashed with the law, never violated the simplest parking ordinance, never critized severely the way local and national government is being run. They are not "good citizens" in reality; for, if they were, they would have taken an active role in government. Without resorting too harshly to name-calling, we can call these individuals truly second or third-class citizens.

You, Mr. Non-voter, have no right a couple of years from now to complain if deficits crop up in government budgets, if lawless elements creep into the neighborhood, if our streets should become avenues of terror after dark. You have forfeited your right to be aroused.

A clear hand in the making of destiny, offered to you by the ballot box, has been ignored. You indicate quite clearly in staying away from the polls that you don't care what sort of a nation and neighborhood your children and unborn generations will have to cope with years from now.

You can have a nightmare or two on this point, too: You can bet your bottom dollar that the radical, the special interest group, the left-winger, the right-winger, the organized minions of certain distasteful elements will not stay away from the polls.

Shall our government be the choice of these? Or will you live up to your obligations as a first-class American citizen?

Trivia

From THE EDITOR'S DESK

By Galvy Gordon

STRAWS IN THE WIND: The men with the most friends will not necessarily be the sterling candidates voted into office next Tuesday. More and more our politcoes are coming to realize that it is your enemies and those people who don't feel strongly about anything who will turn the tide of the election. Allan B. Kline, president of the American Farm Bureau Federation, came up recently with some choice advise, applicable to you and me alike as we go to the polls.

"Let us vote.

"Let us choose officials with ability, with courage, with the will to work, and with a sense of the importance of their jobs.

"Let us choose honest men.

"Let us select politicians who deserve respect, and then let us given them the appreciation and the credit they deserve.

"After all, politics is the practical exercise of self-government. Let us make it operate according to our best ideals. These are necessary conditions not only for our own welfare, but for the future of America."

NOT QUITE NEWS is a mat we received via mail the other day. Besides the picture of a Lions Club member showing a Girl Scout the art of fire-building, the caption contained the intelligence that Lions International sponsors more Girl Scout troops than any other men's organization in the world.

As long as we're in the recognition mood, we'd like to pause for a moment, and add our citation to the . . . any laurels earner by Hilltop Funeral Director Jerry Spears, Sr., the latest of which was being named first vice-president of the National Funeral Directors' Association at the annual convention in Seattle, Wash.

In addition to his active interest and participation in civic life, Spears has earned the nationwide respect of others in his profession in the brief period since 1950 when he was named president of the Ohio Funeral Directors' Association. In 1932 he became secretary of the national organization. The Spears Funeral Home, 2693 W. Broad-st, recently marked its 26th anniversary of community service.

STILL NO RUSH: Westinghouse officials heretofore have stated that additional employment will be a gradual matter at the now-almost-happy appliance plant here. Yet we note an upturn of more than a thousand employees in the past couple of weeks. Plant officials assure us again, however, that it's not rush hiring, a most new employees have had their applications pending for a number of months. Expansion of the production force is in preparation for manufacturing the firm's complete line of refrigerators and freezers in Columbus.

WHICH BRINGS UP ANOTHER QUESTION: Does any one really know from top level management at both Westinghouse and General Motors how the two firms feel about annexation vs. incorporation vs. status quo?

Record Photographer Harley Groom and family took a motor trip down through the Smokies last week and made a few observations on Ohio drivers as compared to those of Tennessee. Harley tells us the only drivers he passed were other Ohio cars, parked cars, wrecks, or cars stalled at intersections. Buckeye drivers just aren't used to the 70-mile speed limit, he said.

As long as we're on the subject of staffers, I'd like to report the illness of Louise Pohlmann, whose column has served to pinpoint Hilliards as the progressive, growing community it is in the minds of all Record readers. Louise croaked a few words to me from her bed over the telephone the other day, the gist of which is that the doctor is feeding her anti-biotics to combat near-pneumonia. If the column doesn't quite have the same look this week, blame it on me. I'll be filling in.

Better to be ignorant of a matter than half know it.—Publilius Syrus

In Passing

By Esther Weakley

THE FATHER SPEAKS

I wrote a verse to tell of God,
But why should I write thus?
His wondrous works reveal His name,
Disclosing Him to us.
A rosebud tells a thousand things
Of Him I could not write:
And then, behold, the volumes told
By stars that shine each night.
The bird's sweet notes reveal the joy
Of Him Who gave us birth;
The song of thrush and meadowlark
Proclaim Him around the earth.
The mighty oak and redwood tree
Send forth a silent prayer;
They stand with leafy arms outstretched
And thank Him for His care.
The thunder roars majestically
And lightning flashes bright,
Reminding us that his Great power
Is with us day and night.
It is true the Father speaks to us
Through flower, bird and tree;
And what about the verse I write?
That's how he speaks through me.

Mail — From a sister in Seattle: "Margaret (her daughter) is having a wonderful time in New York. She attended a session of the Security Council of the UN and said she enjoyed it. They translate the speeches into six different languages, and give everyone an ear phone for the language he wants. She says Vishinski can say NO like it was shot out of a gun, and he did while she was there. She said she felt as though she had seen history in the making. She went through the UN Building." . . . From a mother: "I have the unusual-type son, age ten. He doesn't want to be a cowboy or a policeman or space man or circus clown. He wants to be President." . . . From a friend: "I'm quite glad you aren't a good cook. Women who cook well are superior beings and give me a definite inferiority complex. I can't cook either." . . . From a shutin: "There are doctors and doctors. Some of mine have been the parental type who regarded me as a particularly undesirable child; some have been on the Defoe order—the solid, country ideal from whom so many books have sprung the past few years; some have had a blase approach to my illness and others have dripped tears of sympathy; some lost their tempers when their predictions did not materialize. But love them all. They have done their best."

In Passing — Nelle Cummings, who is one of Columbus' beloved shutins, is in Doctor's Hospital. She recently had a limb amputated but to hear her talk you might think she is in the hospital because of a slight cold. It is difficult to write about Nelle's faith and cheerfulness without sounding trite, but she "doeth good like a medicine" . . . And speaking of doeth-ing good, a column in a downtown paper by Don Alban would do good. Readers of The Columbus Citizen had a chance to find that out when Don subbed for Ben Hayes some time ago. Ben is good for what ails ya too, but too much of Don's brand of humor can't be had in these troubled days . . . It might sound like I'm a gambler or something, or am in favor of chain letters. I ain't, but one objection to the latest chain letter deal was that it clogged up the mail. Who wouldn't prefer to have a five-dollar bill clogging up his mail, to a lot of circulars, coupons, ad infinitum? (Not to mention political stuff.) . . . Our family on the west coast is sending dire threats about what they'll do if we don't go out there next summer. What would readers of The Hilltop Record do without this outstanding column all summer? Don't answer that

DEER KILL STATISTICS

A report of the accidental highway deer kill bears out the observations made during the open deer season last winter. It was determined then that a heavy deer kill was sustained by northeastern Ohio, where control was necessary. And that hunter kill in southeastern Ohio was substantially lighter. Present highway kill figures indicate that deer are down approximately 25 per cent over last year in northeastern Ohio. Southeastern Ohio's deer herd is up about five per cent over last year. And the deer index for south central Ohio shows a 28 per cent increase.

This indicates that the hunter kill estimates made last winter were accurate—a heavy kill in northeastern Ohio, and a light kill in eastern and southern Ohio where an effort is being made to build up the herd.

These Eyes —

How Well Do You Know Them?

Your friendly neighbor who resides at 125 N. Powell-av is well-known to most of the "literate" population of the Hilltop. She is Mildred Phalor, branch librarian at our Hilltop branch library.

Being "practically" a native Hilltopper, Mildred Phalor attended Highland Avenue and West High Schools and is a graduate of Miami University and the Illinois Library School.

A member of the Glenwood Methodist Church, she is also an

Mildred Phalor

active worker in the Community Council and the Gradale YMCA sorority.

Although she likes arts and handcrafts and is constantly arranging for such displays at the library, her main interest is, of course, literature and the people it serves.

Friendly and helpful to all who seek her assistance in finding a certain book or subject among the thousands of volumes stocking the shelves of the Hilltop library, Mildred Phalor enjoys working with both the adults and youngsters who are regular visitors to her library, and derives a great deal of satisfaction in helping her patrons select literature to meet their needs and desires concerning their work, studies, and reading relaxation.

It shouldn't be hard for our more observant readers to guess the identity of the "split personality" pictured in the mask above. That's all we'll tell you about our mystery subject until next week.

Every Elector In State To Receive At Least Three Separate Ballot Forms

Each person voting next Tuesday will receive at least three ballots: (1) Office Type Ballot; (2) Non-Partisan Ballot; (3) Questions and Issues Ballot.

The following state, district and county offices will appear on the Office Type Ballot: Governor, Lieutenant Governor, Secretary of State, Treasurer of State, Attorney General, United States Senator (Unexpired term), Representative to Congress, State Senator, Representative to the General Assembly, County Commissioner, and County Auditor. There may be unexpired terms to fill for other offices due to vacancies.

On the Questions and Issues ballot you may cast your vote for or against two constitutional amendments submitted by resolution of the General Assembly of Ohio. Question 1 on this ballot is regarding a four-year term for Governor, Lieutenant Governor, Secretary of State, Treasurer of State, and Attorney General, and limits the number of terms for Governor. Question 2 pertains to a four-year term for Senators and Representatives to the General Assembly. The resolution provides that both will go into effect as of January, 1959.

Marshall's Candidacy Has Endorsement Of Several Prominent Ohio Citizens

George B. Marshall, candidate for Common Pleas Judge, has had in his campaign the support of a Citizens Sponsoring Committee, which includes the following prominent persons: Maj. Gen. Robert S. Beightler, Dr. Edward S. Chapman, Dr. Alfred B. Garrett, Mrs. Raymond D. Goller, Rev. Charles F. Jenkins, Charles A. Jones, William A. Loar, Dr. James H. McCreary, A. Fullerton Miller, Harland Randolph, Norman M. Spain, Dr. Victor L. Steffel, Dr. J. W. Wilce, and Mrs. Joanna Woods.

Robert W. Newlon, United States Commissioner, who is serving as Marshall's general campaign chairman, made the following statement in accepting the appointment:

"I have known George B. Marshall since high school days. His reputation has been one of honesty, industry and fair dealing with all, both as a lawyer and as a leader in our community. He served Franklin County with distinction in both branches of the state legislature, has given much assistance in many fields of youth activity and is a good citizen of whom we all may be proud. I am happy to serve with many of Senator Marshall's friends on this committee and earnestly solicit the support of all for his election as a Common Pleas Judge."

Metropolitan Committee Endorses 8 Bond Issues And Operating Levies

Teamwork, provided by the Metropolitan Committee, has made possible many improvements in Columbus and Franklin County.

Citizens working in small groups for civic improvements were defeated so frequently in bond issue and levy elections that this community was lagging far behind similar cities for two decades before World War II ended.

The Metropolitan Committee, representing 100 civic organizations, dedicated to "jobs and progress", was organized in 1945, and in that same year all 16 bond issues supported by the Metropolitan Committee were passed. In 1951, cooperation again paid off in jobs and progress. These two successful campaigns have provided more than eight million man hours of labor and long-overdue landmarks of progress.

Eight bond issues and operating levies on the Nov. 2 ballot have been recommended by the Metropolitan Committee as essential to more jobs and greater progress.—

Five of the proposals are for issuance of bonds for construction projects, while three call for operating levies to maintain growing facilities.

These proposals will be offered Franklin County voters:

1. A $1 25 million bond issue for completion of the Veterans' Memorial, the county's only assembly hall. This building is complete in many respects. The proposed funds will be used for finishing the interior, equipping and completing all portions according to original plans.

2. Engineering and design of the city-county expressway system will require a $1 million bond issue. Work on several phases of this program has been started. The project can qualify for federal and state funds as soon as the engineering plans and surveys are completed. This bond issue will permit rapid progress on new roads.

3. A renewal, will be asked for the .65 mill levy for the TB hospital. This county operated TB hospital derives almost half of its support from this levy. Its record in the fight against TB is one of the nation's finest. To continue the fight and help additional TB patients, a renewal of the levy is essential.

4. The operating levy (.5 mills) for child welfare and poor relief will provide funds for continuing this work. The population increase has thrown a heavier load on these welfare departments, requiring added operating funds.

In addition to the four issues above, these four proposals will be on ballots in the city of Columbus:

1. A $5 million proposal for urban redevelopment projects will permit city purchase of blighted areas, razing and reselling. The cleared land will become sites for modern planned communities. Federal funds and resale of razed land will return over $4 million of city's investment for use in other areas. Redeveloped areas will pay for themselves through increased taxable valuation.

2. A $2 million bond issue is proposed for elimination of grade crossings on streets which carry an average traffic load of more than 24,000 vehicles a day. The railroads will share part of this cost.

3. The $1.5 million bond issue for recreation is asked as the second part of a long-range program to help the city provide recreational facilities to match its growth in population. New play areas, with year-round activities, are planned for all sections of Columbus.

4. The 1 mill operating levy for Columbus public schools is necessary to equip and maintain new schools built from past bond issues The 42 per cent increase in school enrollment has created an immediate need for 160 more teachers.

These bond issues and operating levies represent eight big steps forward in a continuing campaign for more jobs and greater progress, the Metropolitan Committee maintains. A vote for these questions is a vote of confidence in the future.

Sextet Of Legislators Seeking Re-Election

The Franklin County Republican delegation to the Ohio House of Representatives, composed of the six members who are now up for re-election, has contributed materially to the record of accomplishment of the legislature which has been hailed in many quarters as one of the most productive and outstanding legislatures in the state's history. Several Ohio dailies have lauded the accomplishments of the 100th general assembly.

John J. Chester, Jr., was chosen by newspapers as one of the two outstanding first term members. Samuel L. Devine is chairman of the House Un-American Activities Commission. Golda May Edmonston was influential on the Public Welfare Committee. Kline L. Roberts served as majority leader of the House. Horace W. Troop was chairman of the Industry and Labor Committee, while Lytle G. Zuber, who made the first draft of the Uniform Municipal Courts Act, was chairman of the Municipal, Mayors' and J P s' Courts Committee of the House Judiciary Committee.

PREPARING FOR ELECTIONS IS HUGE, TEDIOUS TASK

The county board of elections has a big task of preparing the local ballots; having them printed in accordance with the law; hiring and instructing their precinct workers; and making provisions for all of the supplies to be used on election day. The work of carrying out elections is not done in one day or one week it is planned and executed the entire year.

The fact that there are more than 11,000 polling places in Ohio and approximately 130,000 persons employed in the administration of elections on election day, makes Ohio's election system one of the largest in the nation.

County Bar Assn. Gives Edge To McClelland In Probate Court Contest

Members of the Franklin County Bar Association, voting on their choices among candidates for various judicial offices up for election in the approaching Nov. 2 balloting, gave Probate Court Judge Cloys F. McClelland 352 votes against 248 for the opposing candidate, Roscoe Walcutt, according to official announcement of the barristers' group.

Approval of Judge McClelland's re-election was signified by more than 58 per cent of the Bar Association who voted.

"Endorsement by a substantial margin of Franklin County's attorneys amounts to a complimentary testimonial in favor of the incumbent's (Judge McClelland's) record of capable sincere service during the past 23 years of his tenure on the probate court bench," declared Ernest A. Gabriel, general referee and inheritance tax clerk.

A television program entitled "Meet Judge McClelland" will be presented over WBNS-TV at 8 p.m. Monday, election eve. Emphasis will be placed on Judge McClelland's campaign slogan, "There is no substitute for judicial experience."

VITAL TO COLUMBUS EDUCATION

Voters Asked To Continue Support Of Sound Schools Here By Levy Approval

Columbus voters are being asked to continue their support of a sound program of instruction in the Columbus public schools when the Columbus Board of Education seeks approval of a one-mill levy at the Nov. 2 election.

According to Superintendent N. G. Fawcett, Columbus schools face two critical problems at the present time, and neither can be solved without the money a one-mill levy would raise.

First, Fawcett said, the Columbus system is finding it increasingly difficult to staff and equip the additional classrooms which must be organized each year to accommodate greater enrollments.

"When the Columbus Public Schools swung open their doors this fall," he pointed out, "nearly 4,000 more pupils reported for classes than were enrolled a year ago.

"Obviously, when a community assumes the responsibility for educating an additional 4,000 children, it requires more teachers, more classrooms, more instructional supplies, more maintenance help, more maintenance supplies, and more educational services in general." The superintendent added:

"It all boils down to this—you simply cannot education 4,000 more boys and girls without spending more money."

At a time when Columbus must employ more teachers, school officials have difficulty hiring and keeping well qualified instructors. This is the second big problem facing the board of education.

Fawcett said this problem exists because there is a diminishing supply of teachers and because Columbus teachers are paid from $125 to $850 less annually than teachers in Ohio's six other largest cities. He commented:

"Teachers leave Columbus for better-paying school jobs elsewhere and for more lucrative callings in business and industry."

Fawcett emphasized that the quality of the teaching staff largely determines the quality of a school system's program of instruction.

"We want to give the boys and girls of Columbus a good start in life," he said. "The better the teacher, the better the start. The teachers' salary schedule in this city must be improved if we are to compete successfully with other cities for good teachers."

The money the schools must have to expand the teaching staff, purchase more supplies, provide more educational services, and improve teachers' salaries isn't available under the present millage rate.

The increase in the tax duplicate has not kept pace with the rapid upsweep in enrollments, Fawcett explained. He added:

"When you're confronted with the situation we face, there are only two things you can do. First, inform the public fully of the nature of the situation. And then, recommend a solution.

"After studying these problems very carefully, the Columbus Board of Education decided that the only way to continue our high standards was to submit a one-mill levy to the people.

Board members and school officials are confident that the public will support their "modest request" as it has approved other school issues since World War II.

"The people of Columbus have shown a tremendous interest in their schools and school problems," Homer Trantham, president of the board of education declared. "They also have shown a keen understanding of the situation we have been in since the war ended and have supported our requests in a gratifying manner."

Trantham pointed out that through the wisdom of Columbus voters, the Columbus public schools have made enviable progress in meeting serious school-housing and financing problems in the past few years.

"Whether we continue to meet our expanding obligations successfully depends on the people of this community."

Scrimger Pledges All His Time As Commissioner, Hits 'Stagnant 24 Years'

Leslie G. Scrimger, Democratic candidate for County Commissioner, yesterday charged his opponent with "24 years of virtual stagnation while the county has nearly doubled in population."

"With this growth the problems have increased in number and complexity," Scrimger declared. "My opponent has failed to keep pace with them. He has done little or nothing in the way of a constructive program. He has failed to look ahead, to plan or to solve any of the major questions facing us today.

"The county is a huge corporation with 500,000 stockholders," Scrimger said. "Running such an enterprise requires initiative, varied experience and willingness to study each and every problem on its own individual merits or demerits. It requires a commissioner who will devote full time to the job as I intend to do if elected on Nov. 2.

Harter Hopes Re-Naming To Common Pleas Bench

Joseph M. Harter, a candidate to succeed himself as a Common Pleas Judge, became a judge first in 1950 when he was elected to an unexpired term following the death of Judge Charles A. Leach. This has been Judge Harter's only public office, following nearly a quarter century of general law practice.

Since becoming a judge on the Franklin County Common Pleas Court, Judge Harter has been called upon to decide his full share of widely publicized, controversial cases; to name a few of the more recent ones: he upheld the Columbus ordinance against pinball games; he presided when four Communists were found guilty of contempt of the Ohio Un-American Activities Commission; he heard the Eloise Notz case when she acted as her own attorney in attempting to justify her real estate activities against criminal charges; a year ago, he was the judge during the North American Aviation Company strike.

GOP Candidate Walcutt Offers Voters Long And Varied Public Life Role

Roscoe R. Walcutt, Republican candidate for probate judge of Franklin County, offers voters the experience of long-time residence and varied public experience in Franklin County. His name will appear on the non-partisan judicial ballot at the general election on November 2.

Walcutt's No. 1 pledge if elected is that he will conduct the office with fairness to all, clients and attorneys alike, in such a way as to avoid all suspicion of gain or favoritism for relatives and close friends. Still residing in Mifflin Township within a few miles of his birthplace, Mr. Walcutt attended public school in Sharon Township, graduated from Columbus North High, then enrolled at Otterbein College.

Active in the Methodist church, he is an officer in Parent-Teachers' Association, school board, and Boy Scout Council, and is widely known as a leader in Rotary.

Representative of Franklin County in the Ohio Senate for five years, Walcutt was minority leader of the upper house in 1949-50 and majority leader in 1951-52. In 1951 he was chosen a member of the board of managers of the Council of State Governments. Married, he has four children and eight grandchildren.

Miss McGuire Seeks Seat At State Representative

Miss Catherine G. McGuire, attorney and public accountant, is a Democratic candidate for the House of Representatives of the General Assembly of Ohio in the election on Nov. 2.

Miss McGuire is a graduate of Ohio State University with a Bachelor of Arts Degree in Political Science and History; a Bachelor of Laws Degree from the College of Law; and graduate study in Administrative Law, Taxation and Accounting. She has been admitted to practice before the Supreme Court of Ohio, the Federal District Court of the Northern and Southern Districts of Ohio, and the Tax Court of the United States.

Before entering the practice of law, Miss McGuire was associated with the Lasalle and Koch Company of Toledo, and later with the State of Ohio. Now associated in the general practice of law with Robert E. Fast under the firm name of Fast and McGuire, she formerly maintained an office of her own. She was a member of the Women's Army Corps in WWII.

Auditor Fred C. Dunn Hopes To Succeed Himself

Fred C. Dunn, is a Republican candidate to succeed himself as Auditor of Franklin County in the election Nov. 2.

He attended the Columbus Public Schools and graduated from the College of Chemical Engineering of Ohio State University in 1919 as well as the Franklin University Law School in 1932.

His qualifications for the post to which he is seeking reelection lie in his business background as Vice President of Dunn Tait Company, and as owner and operator of Dunn's, Inc. from 1941-51, and his 11 years of service as County Auditor.

John M. Vorys

Congress of the United States
House of Representatives
Washington, D. C.

Dear Friends:

I want to thank you for your part support. Serving as your congressman for 16 years in war and peace has been a great honor, a heavy responsibility.

Most of the time I have been in the minority. The last two years I have been a part of the Republican team. It has been a great experience. We have eliminated controls, cut costs, stopped inflation, reduced taxes, wiped out corruption, outlawed Communism, increased Social Security; the Korean war was stopped; 1953 and 1954 have been the best years economically that America has ever had.

We are midway in the Eisenhower administration. Much remains to be done on our program of peace, progress and prosperity without war. We still face the grim and deadly Communist threat. As the ranking member of the House Foreign Affairs Committee, I work constantly on that world wide problem.

My experience in Congress helps me in working on projects for this district and the individual problems of its people.

I hope that I have proved worthy of your continuing confidence and ask the opportunity to serve you, this district and my country again in the next Congress.

Sincerely,

John M. Vorys

Entries in the district meet to date are Central, Arlington, East, Newark, South, Worthington, Gallipolis and Host Team West.

Members of the Cowboy squad are Ralph Wheaton, Arthur Slate, Tom Coffman, Jack Madden, Woody Waltman, Bob Ault and Jim Allen. Only five men are permitted to run in a meet as a team.

In a recent meet at Bowling Green Wheaton ran the two-mile course in 10:26, which bettered the all-time West High record of 10:244 set by Austin Hutt in the 1944 state finals.

SHOW FILMS TWICE WEEKLY

Free movies are being shown at 7 p. m. every Wednesday at 10 a. m. every Saturday at Glenwood Recreation Center.

The Wednesday films are furnished by the Columbus recreation department, and the Saturday films are obtained through the courtesy of the Hilltop YMCA.

Each movie consists of a series of cartoons and a short story, and are usually one hour in length. There is always plenty of room at each showing, so anyone interested in a well spent hour's entertainment should drop by the Center at these times.

Hilltop Library Lists Book Additions

Hilltop Branch Library, 2958 W. Broad-st, adds new books to its collection each week. Last week's fiction books included:

"The Feast of July" by H. E. Bates, a novel of love and hate by the author of "The Jacaranda Tree". "Out of the Red Brush," by Kermit Daugherty, a vivid story of the Red Brush country of Southern Ohio with scenes around Jackson, during the turn of the century.

"Speak to Me Brother" by Anne Miller Downes, a heartwarming story of an unforgetable American family.

"Katherine" by Anya Seton, a biographical novel, taking place in 14th century England during the wane of feudalism and chivalry and the dawn of revolt against church and state. "Royal Intrigue" by Evelyn Anthony, another biographical, historical novel. This is the struggle between Catherine the Great and her son, Paul for the Russian throne.

Two mystery tales and a western are "The Coral Princess Murder" by Frances Crane, an intrigue in Tangier, involving two American women and a newspaperman. "Another Morgue Heard From" by Frederick Davis. Private sleuthing uncovers dirty politics and questionable personal ethics. "Reluctant Gunman" by William MacLeod Raine. Raine westerns need no introduction and this is typically exciting.

Miss Ruth Finley, of Westerville, has been employed as a staff member at the Hilltop Branch Library. She was formerly with the American Airlines.

By Mrs. Harry C. Downing
RA. 3912

Mrs. Harley O'Day, 2066 Eakin-rd, returned home Friday evening from Kansas City and Independence, Mo., where she spent the last four weeks with relatives.

Mrs. Downing

Keith Notestone, son of Mr. and Mrs. Homer Notestone, 2500 Gants-rd, has returned from Korea and has been discharged from the army. He arrived home Saturday, Oct. 16, from Fort Knox, Ky. He and his wife, the former Patsy Ruth Day, and their 15-month-old daughter, Patty Ann, are residing at 2424 Gants-rd.

Mr. and Mrs. Samuel Covin, 1478 Brown-rd, are announcing the arrival of a son Oct. 14 at University Hospital.

Mr. and Mrs. Otto Smith, 879 Brown-rd, also have a new baby boy who was born Oct. 17 at White Cross Hospital.

Mr. and Mrs. Robert Day, 1364 Brown-rd, are the parents of a baby daughter who arrived Oct. 23 at White Cross Hospital.

Mr. and Mrs. Ralph Willcox, Jr., and sons, 2082 Eakin-rd, had as Friday evening dinner guests Louise Scofield, 41 S. Oakley-av. and Ralph Willcox, Sr., who was celebrating his 80th birthday that day.

Damage was slight when a fire broke out in Cottage No. 1 at the Franklin County Children's Home Monday afternoon, Oct. 18. Both Columbus and Franklin Township Fire Departments answered the call.

Because of traffic hazards mail will now be delivered by a carrier on foot on Harrisburg-pk from Clime-rd to Alkire-rd.

IN MEMORIAM

In loving memory of our son and brother, Donald Irving Crider, who lost his life under a truck while riding his bicycle, Oct. 30, 1953.
They say time heals all sorrow and
helps us to forget,
But time so far has only proved
How much we miss him yet.
God gave us strength to face it,
and
Courage to bear the blow.
But what it meant to lose him
No one will ever know.
Sadly missed by Mother,
Father, Sisters and Brothers

Jerry Fowler Invites Friends To Inspect '55 Models At His Agency

Jerry Fowler, 1948 graduate of West High School, has owned and operated Fowler's Motors, 18 miles from Columbus on 3-C Highway at Mt. Sterling, since last September. The son of Mr. and Mrs. James H. Fowler, who moved to the Hilltop back in 1943, Jerry is an air force veteran and worked as a salesman for a time at the Spooner car agency in Columbus.

Specializing in the sale of new Plymouth, DeSoto and International truck models, Jerry brings to the attention of his local friends "the advantage of buying 1955 models at a location where overhead is low, "thus enabling what he terms "a more favorable deal".

These 10 Reasons Say
Annexation NOT the Way

1 Most of the residents of Franklin Township live there because they wanted to get out of the City.

2 With a $2,000,000 building program already under way and a rapidly increasing tax valuation, Franklin Township schools will soon become second to none. Transportation for all pupils and cafeterias in every school are services not offered by the Columbus School system.

3 Franklin Township has a good fire department made up of professional and volunteer fire fighters. It operates at a fraction of the cost estimated by the city to provide the same protection.

4 Three fourths of the people in Franklin Township have fire hydrants within 1000 feet of their homes making the property eligible for Class 8 insurance rates. These rates are only .07½c per $100 of insurance for three years higher than rates in Columbus.

5 The tax rate in Franklin Township is $18.00 per $1000 of tax valuation against $20 in Columbus. Franklin Township residents employed outside the city are not subject to the ½% city income tax that is said to average $17.00 per year per family.

6 With a present area of 41 square miles and a tax valuation of approximately eight hundred million dollars, Columbus proposes to annex 110 square miles (six townships) with a tax valuation of 137 million dollars. It is said that all vital city services can be extended to these areas with no additional taxes. This is impossible.

7 Major improvements to Franklin Township roads and streets (the same as Columbus streets) will come only by assessing property owners.

8 Sewer and water facilities can best be provided in Franklin Township by the Regional Sewer and Water Authority now being formed. It will serve all areas at rates comparable with rates in Columbus.

9 Franklin Township is solvent. It meets its obligations on time. Columbus can't hire the policemen and firemen it needs today because it doesn't have the money.

10 The Columbus City Charter (revised in 1954) does not provide representation in Council for newly annexed areas. The voice of the people of Frankin Township would be very small and far removed from City Hall.

TOWNSHIPS GET OKAY ON KEEPING SCHOOL MONEY

The Columbus Board of Education, headed by Supt. Novice G. Fawcett, assured parents in all townships under the question of annexation, that any money voted for bond issues Nov. 2 to support their own school districts, will still be used exclusively in their own areas, should they decide to annex to the city.

According to Fawcett, in the event such areas should be annexed, the bonds would be turned over to the Columbus Board of Education and the money spent as the community had planned.

Pros and Cons—

(Continued from Page 1)

In the City of Columbus it will be only $12,766," he said.

Other arguments for the anti-annexation group advanced by Crandall included his statement that 95 per cent of the township school pupils grades one through 12, now transported free to and from school, would not be furnished free after public transportation and streets and sidewalks become available.

"Franklin Township is presently engaged in a $3 million building program that will provide a new elementary school and a new high school on a 40-acre tract of land on Briggs-rd," Crandall continued.

In the matter of fire protection, he cited the new $100,000 fire headquarters building now under construction at 4100 Sullivant-av, as being a "much-needed link in the operation of the three-company semi - professional organization." This building is being paid for out of the three-mill fire levy along with all other operating expenses that will amount to approximately $110,000 this year, including $75,000 for the new building.

Crandall said that a high-ranking city fire department official had told Franklin County fire chiefs recently that if the city took over protection of Franklin Township it would cost $240,000 per year in salaries alone with an additional $258,000 required for buildings and equipment for the first year of operation. "Since that meeting" Crandall said, "overtures have been made to get volunteer firemen to continue in that capacity if the township should be annexed because it was felt that Columbus could not immediately provide the man power, equipment and funds to take over the responsibility. Volunteers in Franklin Township have remained cool to the proposition," he added.

Crandall said that a city official had pointed out that a minimum of 33 police officers would be needed to patrol the 23 square mile area of Franklin Township. "Salary figures for that number of men plus buildings and equipment would run into several hundred thousand dollars per year," he concluded.

Opponents of annexation of Franklin Township to Columbus scheduled two rallies to be held during the week. The first was to have been held in the Parish House at San Margherita on Tuesday night. Another meeting will be held on Thursday night at the South Franklin School.

The meetings are being sponsored by the Franklin Township Citizens Association, Inc. An invitation is extended to all persons opposed to the annexation move.

Glenwood Jr. Boys Club Makes Indian Village Camp Overnight Journey

The Jr. Boys Club of Glenwood Recreation Center made their long awaited trip to Indian Village Camp. The group left the Center at 5:30 p. m. Friday, Oct. 22, camped overnight, and arrived back at 11 a. m. Saturday, Oct. 23.

As soon as the boys arrived at camp, they made their beds and immediately started a campfire. As soon as the fire was going good, they cooked their supper which consisted of hot dogs, cheese sandwiches, milk, and toasted marshmallows. After washing a few dishes, the boys retired to the recreation hall where various group games were played, and square dancing was also on the agenda.

The boys were in bed by 9 p. m., but due to ghost stories and general horseplay, no sleep was to be had until 12 midnight.

VFW 3441 Plans Big Event For Veterans' Day

The crowded calendar of events for Veterans of Foreign Wars Post 3441 includes a meeting of the auxiliary at 8 p.m. today in the post home, Clarendon-av and Whitehead-rd, the Halloween part at the post home starting at 8 p.m. Saturday, regular meeting of the post itself on Nov. 12 at 8:30 p.m. and a special Veterans' Day program.

Richard Becker, chairman of the Halloween party, has announced a small fine will be levied against any member of the post or auxiliary who shows up at the Halloween party without a mask or costume. These fines will help pay for the party.

Senior Vice Commander Leslie Click, who is in charge of the membership drive, has requested all veterans who are eligible to contact him or a member of the post for complete information.

The post will hold a potluck supper and special program meeting on Nov. 11, Veterans' Day, with the auxiliary sponsoring the supper. Senior representatives of each of the major veterans' organizations will be invited to bring delegations to participate in this program of veneration for the nation's honored dead of all wars as well as a salute to the living veterans of these wars.

Complete details of the Nov. 11 program are yet to be determined, but it is planned to start the meeting at 8 p.m. following the supper.

Smith-Barratt Post Proud Of Progressive Program

Smith-Barratt Post 249, American Legion, although relatively new, is definitely making itself felt by its progressive program, according to Commander Austin L. Champ. "Its plans for the coming year are bound to leave a very deep impression and one all Hilltoppers will agree to be a definite asset to the community," he stated.

The post, which has installed officers for the fiscal year 1955, is now well over the half-way mark in its membership quota. Commander Champ, a veteran of World War II, has extended invitations to potential members to visit the beautiful home and club rooms at 2322 Sullivant-av, managed by charter member Walter Myers.

Glenwood Holds A Gala Halloween Square Dance

Orange and black crepe paper streamers covered the ceiling of Glenwood Recreation Center's game room for a big square dance on Tuesday, Oct. 26. Black cats and sparkling pumpkins decorated the surrounding walls and a huge orange pumpkin with a floodlight in back gleamed out at the square dancers.

Square dancing is held at Glenwood Center every Tuesday evening at 6:30. Square dance instructions are led by Jim Jonard until 7:30; and from 7:30 to 10, a square dance is held. Anyone who is interested is welcome to come to Glenwood for both instructions and the square dance.

COOKING CLUB FETE

Pumpkin pie with whipped cream in the shape of a smiling Jack-O-Lantern was served at the cooking club's Halloween party. All of the members helped to make the pies and then, dressed in many colorful and unusual costumes, they put on a variety show and had games and refreshments.

Due to circumstances beyond our control, we motorists sometimes have to slow our speeds well below the usual speed limit. "Adjusting speed to conditions" is the key phrase. Posted limits are ideal for driving conditions.

ROYAL RECEPTION—This business of selecting a Homecoming Queen is a serious matter at West High School. And the thrill of her selection, along with her court, is one of the highlights of the early school year. Two more thrills are in store for her and the whole royalty minded student body, however, following her coronation. One occurs in the homecoming football game ceremonies and the other is at the Homecoming Dance. Our photographer captured much of the romance and glamor of the game festivities centering around the queen last Friday on Mosiy Field. In the picture at far left, (left to right) Cheerleaders Catherine Cristoff, Pat Hixon, Nancy Grabill, Joan Gillian, Judy Stelz, and Elsie Martin ride on to the field, ready to stimulate the already bubbling enthusiasm of the student spectators. A moment of real honest-to-goodness pride is illustrated in the second picture as Pat Marus, West's 1954 Homecoming Queen, right, makes the presentation of a traditional corsage of mums to the new queen, Shirley Boldt. Peering over the flowers is Jim Pruden, president of the 12 B class. Our third snap shows one of the dazzling highlights of the day—Shirley is escorted on the arm of Ralph Wheaton, president of the Senior Student Council as the band plays "A Pretty Girl Is Like a Melody." And in the last picture shown above, Homecoming Queen Shirley plants a traditional regal kiss on the lips of Cowboy Co-Captain Jim Kruckeburg as her court "oohs and ahs." Ignoring the pair in the center, our photographer listed the others in the photo from le't as Norma Lusignola, Judy Swartz, Gayle Lamb, Pat Marus, and Ralph Wheaton. Even the fact that West lost its game by an unimpressive 6-0 to Canton McKinley didn't detract from the glamor centering around Her Majesty. (Hilltop Record photos)

The Spectator By C.C. Hartley

Notes and Nubbins: It was a pleasure to have had three precincts use our offices for voting places in the Tuesday election . . . Available space was so short that election officials prevailed on us to give up some space for the day . . . Our guess would be that over 80% of the people who voted were over 50 years of age which is a reflection on the younger people who haven't taken their right to vote too seriously . . . Nov. 1 was a birthday for Paul Noblitt of the Prairie Township schools . . . Who will be the winner of the Chevrolet sedan from Rodenfels to be given away by the Hilltop Record on Nov. 12? This is the big question of the day and at least three contestants are taking the matter pretty seriously . . . Congressman John Vorys breaks all the rules of the politicians' unions if he has any campaign money left he makes a pro-rated refund to contributors . . . Hilltopper Will Gloeckner is in room 810 at Mt. Carmel Hospital and his buddies in the 13 Club are requesting blood in his behalf be given at the Red Cross Blood Center . . . Someone from this section of the county is wanted on the rural zoning board and interested persons should contact Commissioner Henry Koontz . . . Now that the state and county election is over it is likely that city campaign will start with a pot of mud brewing any day now . . .

The Gay Philosopher Says: "A man is really getting old when all the girls look good to him."

Record Subscription Leaders Put On Steam For Final Push

Candidates in The Hilltop Record subscription contest will be putting forth every effort in the remaining days of the contest as the closing date of Nov. 12 draws near.

As originally announced in the rules of the contest, standings of the contestants are not being given this week and no further reports of standings will be made until the conclusion of the campaign.

Final reports of the contestants will be made at the First Federal Savings & Loan Association between now and 5 p. m. on Friday, Nov. 12. Judges will meet that evening and results of the event will be announced as soon thereafter as possible and the presentation of the new 1954 Chevrolet car and cash awards made soon thereafter.

Interest in the race continued at a high pitch this week when reports were turned in on Monday. It appeared that the three candidates who have been leading the race will be the ones who will finish in top positions. Which one will be first is anyone's guess at this stage and intensity of the effort put forth by contestants in these remaining days will no doubt determine who will receive the car and who will take the second award of $500 incash.

Two Hilltop Children Start Campaign To Help Children's Hospital Patients

The thoughtfulness of two Hilltop children in originating a plan to help children less fortunate than themselves began to snowball into a community profect this week.

Mary Elizabeth, 12, and her younger brother, "Happy" Eugene, 10, children of Mr. and Mrs. Eugene Nolan, 352 S. Burgess-av, turned the recent Halloween pennies night into a heart-warming crusade for the young patients in Children's Hospital who aren't able to enjoy such childhood festivities.

Last Thursday night, the two children, carrying a shopping bag adorned with a poster worthy of a professional, knocked on doors throughout their neighborhood asking for comic books or donations to buy reading material for Children's Hospital.

The poster, painted by 12-year-old Mary, was of a pretty little blonde-haired girl wearing braces and supported by crutches and bore the inscription, "No tricks—Only A Comic Book For Us At Children's Hospital."

Adults, seeing the poster and the spirit of the children who carried it, not only gave the discarded comic books of their own children, but dug deep in their pockets for change and received two broad smiles in return.

When the children returned home, tired but happy, they had collected $1.64 and many, many comic books.

However, this was not the end of their efforts. When they went back to their desks at St. Aloysius school, Friday morning they told their teachers and classmates about their idea and the other children, delighted to help with the plan, obtained permission from school officials to bring their comic books to school so that they, too, might be added to the pile already collected to be taken to the hospital.

The children hope that parents and youngsters throughout the Hilltop will help them in their own "community drive" by contributing comic books to the growing collection. The crippled and disabled children derive a great deal of pleasure from the books, which are just light enough for them to handle. Interested parties can bring their donations to the school.

Requiem Mass Sung For Leo Rodenfels, Local Businessman

Requiem High Mass for Leo Rodenfels, 65, an automobile dealer here since 1928, was sung at 9:30 a. m. Wednesday in St. Catharine's Church.

Mr. Rodenfels, afflicted with multiple sclerosis the past 25 years died late Sunday at his home, 2529 E. Broad-st.

Although he was not active in the automobile business for the past five years, he was, at the time of his death, chairman of the board of directors of the Rodenfels Chevrolet Co., 555 W. Broad-st. A son, Richard R., is president of the firm, and another son, John, is president of Rodenfels Chevrolet, Inc., in Cleveland.

Mr. Rodenfels began in the auto business as a salesman in 1916 and opened a Chevrolet agency eight years later in London. In December, 1928, the agency moved to W. Broad-st at Burgess-av. They later moved to W. Broad-st at Yale-av, and then to the present location.

He was a member of the Columbus Automobile Dealers' Association and the National Auto Dealers' Association and the Bexo Club. He was a fourth degree Knight of Columbus, belonging to Council 400 of that organization.

Surviving besides the two sons are his wife, Marie A.; two daughters, Mrs. John Dunkle of Columbus and Mrs. Ray Huller of Cincinnati; two brothers, Leonard of Columbus and Robert of Cincinnati; and 15 grandchildren.

The Knights of Columbus recited the Rosary at 8:30 p. m. Tuesday at Egan-Ryan Funeral Home. Burial was in St. Joseph Cemetery.

Hilliards Youth Narrowly Escapes Death In Crash

A 10-year-old Hilliards boy, Robert Hooper, suffered a fractured collarbone, and cuts about his face and head in a train crash Monday night, and counted himself "lucky."

Sheriff's Deputies James Smith and Fritz Luzader said Hooper barely escaped death when his west bound car was struck by a switch engine and attached caboose as it backed southward on the Pennsylvania Railroad crossing at Hilliards-Cemetery-rd.

The engine carried the car some 200 feet down the tracks with the driver still at the wheel. The deputies said the crossing is not marked with warning lights.

Hooper was reported in "fair" condition in Mt. Carmel Hospital where he was taken by the Hilliards emergency squad.

Lame Lad Teaches Older One To Play Life's Game Fairly

Little, seven-year-old Chris Ingles, lame because of a painful hip joint disease, taught a lad twice his age this week the story which was first taught centuries ago, that "it is more blessed to give than to receive."

Chris, the son of Mr. and Mrs. Forest Ingles, 246 Clarendon-av, spent a tortuous two hours last Thursday night, the traditional Halloween "penny night," covering several Hilltop streets on foot to collect money for the United Nations Interdemoninational Children's Emergency Fund.

Chris had collected 90 pennies, when a juvenile bandit stopped him and his two youthful companions near Midland and Highland-avs and took Chris's collection box, containing the money.

The 14-year-old West Junior High School student was arrested Friday afternoon by Police Juvenile Officer Ralph Shaw on a tip from some of the boy's companions.

In custody, the boy readily confessed his crime and agreed to return the 90 pennies as well as to make restitution.

Consequently, a deed that shocked Hilltop residents last week, turned out to be a worthwhile lesson that may well have turned one of our youngsters to seek the greatest teachings of all—in carrying out his daily word and deed.

ILL WITH PNEUMONIA

Mrs. Charles Campbell, 91 S. Westmoor-av, wife of "Doc" Campbell, executive secretary of the Hilltop Business Association, is a patient in Mt. Carmel Hospital. She was admitted last Sunday ill with pneumonia. She was reported, Wednesday morning, as "slightly improved."

Franklin Township Voters Reject Proposal To Annex To The City Of Columbus In Election

AD SALESMEN—Members of the 1954 Hilltop Kiwanis Club advertising committee, already making the rounds of local merchants and businessmen and seeking support for the biggest welfare fund-raising project of the club, are shown above. Left to right, seated, are Jim Foote, Committee Chairman Ed Schaedler, and Clarence Stary. Standing, from left, are William Jones, Bob Miller, Dick Nash, Bob Schmidt, Robert Cramer, and Bruce Tanner. Rejection Means City Cannot Make Bid For Another 5 Years

The marriage proposal of Christopher Columbus was turned down by a count of 1741 to 1141 votes at Franklin Township polls on Tuesday in the general election, thus prohibiting for five years Columbus from instituting action for acquiring the U-shaped township which has the largest tax duplicate of any in the county.

It was not immediately clear what effect this significant defeat of annexation forces would have on the court battle to establish the validity of a vote earlier to incorporate the 31.5 square mile territory into a village known as Franklin Village. The incorporation vote, clearly a success, has been challenged on several grounds, including insufficient public notice and polling at a single spot in the sprawling township.

Although pro-annexation forces had shown considerable confidence and apparently had made much headway in changing the mind of the on-the-fence voters in the township, the solid bloc of anti-annexation feeling evinced in the Briggsdale area apparently offset any gains made by the pro-Columbus forces. Columbus Junior Chamber of Commerce solicitors on behalf of annexation seemingly made little impression on those committed to incorporation.

Highlight of the anti-annexation bloc's efforts to sway voters from leaning toward Columbus was a gala parade and festival the afternoon of Monday, Nov. 1, in Briggsdale. Thirty-two placarded school buses and the emergency squad of the Franklin Township Volunteer Fire Department spearheaded the parade with bells and horns adding to noise of the celebration.

A question raised by members of the anti-annexation bloc concerning the election procedure concerned the fact that the official ballot did not exclude Marble Cliff and was incorrect in designating the boundary of another exempted area. Charles E. Davies, county election clerk, however, assured the questioners that voting on the question had been restricted to the non-incorporated area of the township.

Several School Districts Pass Mill Levy Measures

In Norwich Township, unofficial complete returns showed that the Norwich Local School District bond issue of $489,000 to build a new high school wing had passed by a majority of 838 to 440 in Tuesday's general election.

The Norwich Local District school levy had passed by 831 to 425 a two-mill levy for two years. The Norwich Special School District levy of five mills for five years, including a 1.95 mill renewal and a 3.05 new levy, had passed by 45 to 32.

Franklin Local's School District levy of two mills for two years was passed by an affirmative vote of 1571 to 983 opposed.

The Jackson Township-Grove City School District tax levy was passed by 1137 to 559.

In Valleyview, the vote on the Columbus City School District tax levy was 191 to 86 in favor of the measure. Valleyview is a part of the municipal school district.

FIRE LEVY OKAYED

Jackson Township's fire levy of three mills was reported to have passed by a majority of 1002 to 543 in unofficial complete returns at the county board of elections Wednesday morning.

A SON IS BORN

A son was born to Dr. C. E. Johnston and his wife on Oct. 26 in Grant Hospital. Former Hilltop residents, the family now lives at 1455 Berkshire. Dr. Johnston's professional offices are 1251 W. Broad-st.

NAMED BY DEALERS — C. E. "Chubby" Distelhorst, above, last week was named president of the Ohio Retail Food Dealers, second largest such association in the nation, at a convention in Youngstown, O. Chubby, who has owned and operated Distelhorst's Market at 2445 W. Broad-st for 13 years, formerly was vice-president of the group for two years. His new office will include attendance at numerous gatherings, meetings with board of director members, and legislative study. He is also a Hilltop Business Association member.

Kiwanis 'Operation Newspaper' Starts

The wheels are already in motion for the annual Hilltop Kiwanis Christmas Newspaper Sale to be held Thursday, Dec. 16.

In addition to Kiwanis Club advertising committee members who are already making the rounds of the Hilltop soliciting advertisements which will run in this publication, six additional committees are working on the sale as follows:

General committee — chairman Martin Boyer; distribution—Noble Allen; sales—Elmer Hegenberger; newspaper auction — Harold Fox; West High dinner and refreshments — Mack Pemberton; and editor — C. Carlton Hartley.

Proceeds from the door-to-door sales, in which approximately 250 local business and professional men will participate, will go toward the furthering of youth activities in the community.

Ed Schaedler is chairman of the advertising committee.

Board Names Architect For W. Mound School

The Columbus board of education on Tuesday night authorized an architect to begin drawings of a new junior high school to be located on recently-acquired board of education property at W. Mound-st and Highland-av. In authorizing Dan A. Carmichael, architect, to begin this preliminary work, the board approved adherence basically to the design of another junior high school set of plans drawn by the Carmichael firm.

Bonds which would cover the cost of construction of the new West Side school and others in the city have not been sold and no dates have been set for the beginning of construction.

FRIDAY IS PLAYDAY

"No school Friday!" is a happy sound to the ears of Central Ohio youngsters.

Novice G. Fawcett, Superintendent of Columbus public schools, announced early this week that classes would be suspended Friday, Nov 5, in both elementary and secondary schools, to enable teachers to attend the annual meeting of the Central Ohio Teachers' Association.

The morning session of the meeting will be held in the Coliseum at the Ohio State Fairgrounds with author and celebrity Bennett Cerf as the featured speaker. Luncheon and afternoon meetings, following the first session, will be held throughout the area.

Westgate Plumbing Asks For Return Of Parts Box

"Just bring it back," was the plea of Bob Edgar, owner of Westgate Plumbing, 2490 W. Broad-st, Friday morning in the wake of what apparently was a case of Halloween magic that resulted in the disappearance of small plumbing parts valued in excess of $150 Thursday night.

Edgar told police he and two other of his workers were installing plumbing fixtures in the new home of the Hilltop YMCA, 2725 W. Broad-st Thursday evening and the entire dwelling was well lighted, as was the porch and lawn. He discovered the metal box, about the size of a large toolbox was missing on one of his trips to the firm's truck parked out front.

Police and Edgar theorize that the box must have been taken by kids. "It contained very little of value to anyone other than another plumbing contractor," Edgar stated. "It would take a couple of lifetimes for the average citizen to use."

"Whoever took it is asked to bring it back or phone us and tell us where to find it." He promised no action would be taken against the offending hobgoblin, regardless of his or her size or age.

Camp Chase Post To Mark Vets Day On Nov. 11

On Thursday, Nov. 11, as in the past, Camp Chase Post 96 American Legion, will celebrate Veteran's Day. Second Vice-Commander Dick Martin, in charge of the day's activities, has prepared the following program.

Annual breakfast will be served from 6 to 9 a. m. at $1 per person followed by post members joining with other veterans for the parade downtown.

After the parade, open house will be held at the post home for members and veterans.

Martin pointed to the day as "one of the annual programs sponsored by the post for he entertainment of its members." He continued, "Although many of the Legion activities are of a serious nature membership in the American Legion does not mean all work. Legion members do have fun! That's because veterans have something in common."

"We talk the same language, reminisce about the same kind of experiences, and enjoy the same kind of fun," he concluded.

Columbus School Levy, Recreation Bonds OK'd

Two issues of particular interest to neighborhood residents on the ballot, which passed by overwhelming majorities were the $1.5 million bond issue for expansion of parks and recreation facilities and the 1 mill tax levy to enable the salaries of Columbus school teachers to be made commensurate with those in other cities of this size. The latter measure insures education for children by qualified personnel.

With all 811 precincts reporting, the recreation bond levy was passed by 57,224 in favor to 28,927 against and the school levy was OK'd by a vote of 64,117 affirmative and 30,533 against.

Smith-Barratt Legion Earns Coveted Award

Smith-Barratt Post 249, American Legion, last week was presented the coveted Americanism Award for worthwhile and outstanding service to the community during the period 1953-54. To both membership and officers, the award constitutes recognition of untiring efforts and achievements during the past year.

The post, fulfilling the Legion's pledge of 100% Americanism for God and for country has announced that its commander, Austin Champ, will assist Rev. George Taylor in the laying of the cornerstone for the new Westgate Methodist Church. Legionnaires of the various posts within the community are invited to attend.

The Ladies Auxiliary will sponsor a sauerkraut dinner on Nov. 18, with hours of serving from 6 to 8 p. m. Prices are $1 for adults and 50c for children.

On Veterans Day, Nov. 11, the color guard, which has been adjudged one of the best in state competition, will participate in the city's annual parade.

All members of the post have been requested to pay 1955 dues before Nov. 11. To be eligible for the district membership trophy, the post must make its quota by Veterans Day. The post has won a trophy for the last four years.

'HOME IS WHERE THE . .'

If the expression, "Home is where the heart is," rings true, then we've started one whale of a lonely hearts column in our want-ads. We're referring, of course, to the new Real Estate Section in the classified department of this newspaper, where scores of lovely, but lonely, homes are yearning to become soulmates with happy families.

Spectacular success of the Real Estate Section in its brief existence to date is based on that universal longing everyone seems to have these days to own their own homes. The 32,000 families that faithfully read the want-ads in this newspaper constitute a select market for real estate sales. And more and more of them are finding they can advertise for the house of their dreams and find it through these unconscious little ads.

Whichever side of the fence you're on — would-be home seller or would-be home-buyer — why don't you try the want-ad method of making your want come true. Call JO 7331 or HI 4-9382 for assistance in the best wording of your ad.

CD SURPRISE ALERT TO AFFECT COMMUNITY

Civil Defense will hold a surprise alert during the week of November 8. The alert will probably take place between the hours of 11 a. m. and 3 p. m.

"We at the Lutheran School have held drills. The children will lie down behind the walls when the alert is sounded, said Arthur Witt, of 45 S. Brinker-av, director of the school and controller of Zone IV. Witt hopes that Franklin, Prairie, and other surrounding townships will co-operate with the alert.

"Operation Quick Kick," the name of this alert, will be limited to 10 minutes of public participation. Traffic will be stopped when the sirens sound the warning signal. All industrial, business, and public concerns are urged to hold 10 minutes of drill before the week of the alert.

For the purposes of foreseeing the problem, Civil Defense officials are imagining that Columbus will be hit with a 5X bomb, which is equivalent to 100,000 tons of dynamite.

All Hilltop concerns are expected to cooperate by having their personnel stay inside buildings during the alert.

Garbage Grinders To Lighten Load On McKinley-av, Stimmel-rd Incinerators

Service Director Floyd C. Redick disclosed Friday that he is considering installing the first unit of a garbage grinder, which will be a substitute for the more costly incinerator plants, near the grit chambers on city-owned property between Greenlawn-av and Stimmel-rd. He stated that the present Jackson-pk sewage plant could handle the half-million gallons sewage per day resulting from the garbage grinding.

Under the plan, the grinding units would be installed near large sewers. The garbage would be ground in small buildings, then flushed down the sewers to the sewage treatment plant where it would be treated as other waste.

At present, garbage is burned at the Short-st incinerator. The McKinley-av incinerator is being remodeled and will soon be put back in use. Garbage will continue to be burned at these incinerators but the new garbage grinding units would handle east and south side garbage.

The director stressed the city would save money on initial installation of incinerators and also slash day-to-day costs of hauling garbage long distances.

While Redick expects neighborhood antagonism around the chosen sites for incinerator plants, he said the grinding units can be installed in small, neat, attractive buildings. They would not create a smoke problem.

With Peg Warren:

About The Hilltop

When this edition hits your front door, the politicians' smog will have cleared. Campaign promises of the electorates will be more difficult for them to forget, if Mr. Public doesn't lose interest and keeps on demanding good government from officials . . . Last week, Cele and Elsie Kimes were hosts at a pre-election party at the Kimes home. Among the honored guests attending were Supt. Roudabusch of the Columbus Public Schools, Judge Joseph Hartar, Sam Devine, Mr. and Mrs. Fred Dunn, Rev. Ashburn, Mrs. George Marshall, Arch Warren, Lytle Zuber and Mrs. Goldie Mae Edmonston . . . This week, the Jerry Ealeys, with their son, Bob, and his wife, Mary Ealey, arrived home after a three-week stay in Daytona, Fla. . . . The "Doc" Jones' son, Bob, and Cathy Taft of Buckeye Lake, were married in June. Bob is a premed student at OSU . . . The Ronald (Ronnie) Vogels are "lullabying." Mrs. Vogel is the former Nancy Bolin.

Just couldn't stay away — the Mike Sheskeys, former Hilltoppers, are due back. They will live in Arlington . . . Over in the Brookshire Addition, Mr. Stork is due to arrive at the Ray Tonti home in January . . . The Earl Reaus' son, Lt. James Reau, US Army, is stationed at Ft. Huston, Va. His wife, the former Caroline Holmes, is a member of the secretarial staff at the base . . . Over the week-end, Vera Peter of Cincinnati was a guest at the home of her sister, Mrs. Fred Kuhlman . . . The Eddie Whiteheads (Jobyanna) are lullabying . . . Up at OSU, Barbara Booth and Freddie Elder are a two-some on the campus.

Martha J. Dayton, home service director of Crosley-Bendix appliances is due home after a tour in her model kitchen on wheels through Ohio. Martha and her husband are the new owners of the New Rome Motel . . . Mrs. Leroy Phillips, former West Side beauty shop owner, will be announcing the new location of a hair styling salon on the Hilltop . . . "Wait For Me," the big "Irish" oil man, on Broadst, a top bowler, is missing from the alleys and won't make press notices this season. Like Pat O'Brien, the character in the Irish tune, he was always late . . . Dick and Janie Johnston of the younger set are "lullabying". This will make them two. Dick, a former ball player who later supervised recreation activities while in the air force, is home now and is a student in the college of commerce at OSU.

Seen at Seiller's

This week the winds have been blowing and even a little snow has been falling. With the advent of the real winter season, those of us who have put off buying that winter coat for brother or sister have really got to get busy . . . and the place to solve this problem is no place but Seiller's

Naturally the little girls coats are the ones which catch your eye for style and color. There are many styles to choose from including Wools, Tweeds and Chinchillas. This season Seiller's Children's department is featuring children's coats styled by Jubilee Fashions.

These coats are the latest fashions for girls and yet they are priced at a low $11.99 up to $47.99.

The boys coats and jackets at Seiller's are long on wear and short on price. The fabrics in these coats have been tested to withstand the hard rough wear that any active boy gives to his clothes.

You'll want to bring the whole family to Seiller's one day or night this week. The Children's department is open Monday and Saturday until 9 p. m. We'll see you there . . . Adv.

This money was turned over to the Prairie Dogs Association, who were responsible for the purchase of this beautiful picture. The Prairie Dogs are to be commended for the wonderful stage equipment, curtains, and other materials in which they have already invested $1,400. Recently they installed the new playground equipment purchased by the Prairie Township School PTA. In order to make the playgrounds more enjoyable, Morris Morgan, president of the Prairie Dogs Association, and Howard Riebel donated several loads of gravel and placed it on the playground area.

OUR SUNDAY SERMONETTE

TIMES OF REFRESHING

By
Rev. Harris B. Anthony
Pastor of
Warren Avenue Church
of the Nazarene

"Repent ye therefore and be converted, that your sins may be blotted out, when the times of refreshing shall come from the presence of the Lord." Acts 3:19.

All spiritually-minded people are convinced a revival is needed in the land and in the Church. A prominent member of a large church in Chicago said recently, "If there has been a single conversion in our church this last six years, I don't know about it."

Dr. Leavell in "The Romance of Evangelism," gives these alarming statistics relative to church members: "Five percent cannot be found; 20 percent never pray; 25 percent never read the Bible; 30 percent never attend church services; 40 percent never give to any cause; 50 percent never go to Sunday School. 60 percent never go to church on Sunday evening; 70 percent never engage in any church service; 80 percent never have family worship; 90 percent never win a soul for Christ." It is no wonder that the church is powerless, moral standards low, and crime high.

God has promised to visit His people with a revival. "I will pour water upon him that is thirsty and floods upon the dry ground." "We must blow the trumpet in Zion, sanctify a fast, call a solemn assembly, gather the people. Let the priests, the ministers of the Lord weep." You CAN have a revival in YOUR church, in YOUR community, if you comply with the conditions.

Repentance is something more than a change of mind. It is a change of heart which includes: (1) acknowledgment of sin; (2) confession of sin; (3) abandonment of sin, and (4) restitution for sin. The result of true repentance will be forgiveness. Your sins will be blotted out! God will change your heart the moment you take Jesus Christ as your personal Saviour!

It may be YOU need a time of refreshing from the presence of the Lord. Why not call upon God NOW? God's power and willingness are still the same!

The Public Is Most Cordially Invited To Enjoy These Messages of Sermons, Songs and Music.

Where I survey the wondrous cross
On which the Prince of glory died,
My richest gain I count but loss,
And pour contempt on all my pride.

Forbid it Lord, that I should boast
Save in the death of Christ, my Lord,
All the vain things that charm me most,
I sacrifice them to His blood.

See, from His head, His hands, His feet,
Sorrow and love flow mingled down;
Did e'er such love and sorrow meet,
Or thorns compose so rich a crown?

Were the whole realm of nature mine,
That were a present far too small;
Love so amazing, so divine,
Demands my soul, my life, my all.

WEST HIGH COWBOYS found themselves twisted up in their own lariat at the homecoming game last Friday night against Canton McKinley on Magly Field with the up-state visitors eking out an unimpressive 6-0 win. Among the standouts for West were Deshler, Greer, Kruckeberg, and Nafsger. Dane Nafsger, 83, is shown above as he attempted to "carry the mail" through the wall hurled up by Canton McKinley. West Cowboys Drop 6-0 Decision To Canton-Lincoln At Homecoming

By WOODY OWEN
JO. 5782

The West High Cowboys dropped a 6-0 decision to a rumble-plagued Canton-Lincoln football eleven in the local's homecoming event last Friday night at Magly Field. Just one week earlier, Canton-Lincoln had upset Barberton, the eighth-ranking team in the state.

Neither eleven was able to score during the first three periods although the visitors drove to the Cowboy's 12 and 5 yard lines only to be thrown back by the locals rugged forward wall.

The Cowboys penetrated to the visitors 34 and 22 yard lines but also lacked a scoring punch.

Early in the fourth period the visitors drove to the Cowboy one yard line where Greer recovered a fumble by Zettler. It was one of the visitors six fumbles which the Cowboys recovered during the contest.

Spratley then punted to his own 45 from where Zettler returned to the 32. Fullback Farrell and Halfback Zettler in three plays put the ball on the 12 from where Farrell broke loose inside his own left tackle and went into the end zone standing up.

The try for the point after was blocked by Winnestaffer.

The visitors were again on the march having the ball on the Cowboy 10 yard line as the game ended.

The Standouts for the up visitors were Farrell, Velzer and Zettler on offense with the latter also turning in a fine defensive performance from his line backing spot.

For the Cowboys Deshler, Greer, Kruckeberg, and Nafsger were the outstanding performers.

This Thursday night at Magly field the Cowboys will tangle with the scrappy Irish of Aquinas and should the locals win they can take over the fourth place spot in the city league, which the Mt. Vernon-av squad now holds.

YOUR YOUTH

By Dick Wilson and Bob Schmidt

"Thanks-a-Million" goes to Wayne Engle from Bob and me for the great job he has done for the Hilltop YMCA. Last summer Engle coached the Little Nine League All Stars. Last Saturday he supervised the Gra-Y Football League and handled two games with approximately 80 boys participating. It is with the help of volunteers like Engle that the Y program can be extended to fill the needs of our youth. Without the services of leaders such as Engle, our program would most certainly be limited.

Nearly 100 boys have asked me publicly to thank the Hilltop Lions Club for the wonderful time they had on the third annual fall trip. Although the trip was three weeks ago, both the boys and parents are still talking about it. The men who supervised the trip from the Lions Club have reported they also enjoyed themselves but had lots of sore muscles and aching bones from the hiking and climbing they had to do to keep up with the boys.

Halloween parties were plentiful last week in the YMCA clubs. The West Junior Hi-Y Club had the first a week ago last Monday at the Y office. The party was under the direction of Bill Ingle and was highlighted with amusing and interesting games. West Mound Gra-Y had an old-fashioned party with the old standby games of bobbing for the apple, corn roll, and cider drinking contests. Highland, West Broad and John Burroughs Gra-Y clubs placed emphasis on eats for their parties, with pumpkin pie being the main course.

Besting Burroughs Clinches Hilltop Y Gra-Y Loop Grid Title For Westgaters

By Dick Wilson

Westgate Gra-Y cinched the Hilltop YMCA Gra-Y football title last week at West High School by defeating a previously unbeaten John Burroughs team, 8-0. The boys from Sullivant-av were able to hold the highly favored Westgaters scoreless for three of the four quarters, but weakened in the second when the Engle-coached team did all its scoring.

Early in the third quarter, Terry Linson uncorked a pass to Ricky first blood for the victors. Bob Ross passed to Banker in the end zone to count for the extra point.

Late in the third quarter, Ray Barnes was caught behind his own goal line by Steve Waldelich and Artie Newkirk for a two-point safety. This concluded the scoring for the game since both teams played heads-up defensive ball for the remainder of the game.

Outstanding defensively for the victors were Jim Titus and Waldelich. Bill Stimson and Bob Robbins shined defensively for the losers.

West Mound upset a favored West Broad 11 in the second game of the morning to the tune of 6-0. Jerry Long, the only scorer in the game, broke loose for 30 yards in the second quarter and outmaneuvered the Peterson-coached secondary to score. Long tried a quarterback sneak for the extra point, but was stopped at the line of scrimmage by a determined West Broad line.

Steve Caune looked good defensively for the losers as he [illegible] several large gains, but was not able to shake the West Mound secondary. Mike May and Roy Buckley looked good defensively for the victors, while Frank Grove and David James starred defensively for the losers

YOUR BRANCH LIBRARY

New Book Arrivals Include 'Doctor To The Islands,' 'Grandma Rolled Her Own'

Interesting new non-fiction recently received at the Hilltop Branch Library, 2955 W. Broad-st, includes "Doctor To The Island" by Tom and Lydia Davis. It is a true story of a young doctor and his wife during his six years as a medical officer on Rarotonga. "Desert Watches," by Wilson Mac Arthur, is the story of a hazardous crossing of the Sahara Desert. "Food Selection And Preparation," by Marion D. Sweetman, is a fourth edition covering new and authoritative material in home economics.

In the humorous category is a book by Ted Peckham, "Grandma Rolled Her Own." The author states that "The Education of Ted Peckham", would be a more apt title. Among the choice books is a beautiful edition of the "Faerie Queen", by Edmund Spenser.

Most interesting of the new novels is probably "A Fable" by William Faulkner. It is a parable, an allegory, and a morality. "The Remarkable Young Man", by Cecil Roberts, is a sparkling biographical novel of Joseph Severs, the renowned portrait painter. A reckless and romantic woman is the central character in Ruth Chatterton's "The Pride Of The Peacock." Another absorbing novel of a child's summer world is "The Plum Thicket" by Janice G. Giles. "Margin Of Error", by Mary Borden, compares in suspense and content to "The High And The Mighty" by Ernest Gann.

A few new mysteries are: "The Bad Step" by Mark Derby; "Death And The Sky Above", by Andrew Garve; "Invitation To Murder", by Leslie Ford, and "Thin Air", by Howard Browne.

Mr. Fix-It Called In On Fast Changing Stoplight Problem

Dear Mr. Fix-It:

The location for my problem is within a stone's throw of your place of business and if you'd venture a look out the window of your office for about five minutes I'm sure you'd find my complaint is a legitimate one.

It concerns the traffic light at W. Broad-st and Eureka-av. The red light facing W. Broad-st traffic does not stay red long enough to permit the safe crossing of pedestrians.

As an office worker, I, along with many others, cross this street several times a day going to and from work and during lunch hour. Each time we are only about three-quarters of the way across the street when the light turns and impatient motorists gun their cars into motion, practically daring you to get in their way.

When this is a daily recurrence it begins to get on your nerves. Can't something be done in getting the light adjusted?

Miss A. M.

Mr. Fix-It Says:

I suggest you get in touch with James V. Musick, Traffic Engineer, by either phoning him at City Hall or writing to him By making a formal complaint in this manner the matter will be investigated to your satisfaction, I'm sure.

STRICTLY FROM HUNGER: This is addressed to frustrated souls like myself who have noticed a growing tendency on the part of the Burma Shave people to put up road signs that don't rhyme. Henceforth a spot in this column will be reserved for amateur rhymers, ages 4½ to 99½ years. It'll be called:

NAMES IN THE NEWS: M/Sgt. William J. Tiffany, Mrs. Tiffany and their family of three children recently moved to 771 Derror-rd from Newfoundland. Shade of the daily funnies—Mary Worth of 461 Somerset-rd is an enthusiastic Hilltop Record reader.

"In Re' Re-zoning: We asked city officials whether groups seeking rezoning in areas in the townships stood a better chance or worse chance of obtaining their desires if they should become a part of Columbus by way of the Nov. 2 ballot. (This was written prior to Tuesday night.) Specifically, we asked about the group seeking to close Ed Gochenour's slaughterhouse and meat store on Harrisburg-pk and the fledgling Skidmore Community Association in its battle to keep Marble Cliff from quarrying near the homes of members. Consensus was that coming into the city would change the steps involved only a little and that no guarantees could be made by any one city official. In the first place, all zoning is to stay as it was at the time the annexation is effected (60 days after a favorable annexation ballot). Once, the areas become part of the city, persons seeking rezonings would have the same process to go through—almost and more so.

This time, however, a hearing by city council would probably be the decisive step. Best bet, our informants said, for those groups seeking re-zoning, is to attempt to get the issues settled prior to annexation. That looks like the simplest way.

A couple of county officials, on the other hand, expressed the conviction that rezoning would be much swifter under city jurisdiction and cited instances where the city council has passed emergency ordinances easing certain problems overnight. County zoning officials insist that they have cut every step to the bone in hurrying up such rezoning cases but that the minimum time from petition to final ruling is still about four months.

Local Artist-Authoress, Has Book, Pupils' Art Work In Library Display

A recent acquisition of interest at the Hilltop Branch Library is Miss Carolyn Bradley's book. A faculty member in the department of applied and fine arts at Ohio State University, Miss Bradley has titled her book "Western World Costume, an Outline of History." A well documented treatment of the subject, it is illustrated by the author and should prove invaluable to anyone working with plays, as well as variety of other fields.

Particular local interest is centered on Miss Bradley because 17 of her art pupils have been exhibiting paintings at the Hilltop Branch Library through October.

This exhibition was hung through the courtesy of Mrs. William D. Campbell, 3000 W. Broad?st.

A new staff member will greet you when you visit the library. Ruth Finley has recently joined the Hilltop Branch Library staff to replace Ruth Hastings who was transferred to Main Library. The staff now consists of Mildred Phalor, Frances Enderick, Virginia Martin and Ruth Finley. Four Ohio State students work on a part time basis. They are Susie Willis, Joan Horn, Jack Martin, Carole Cristee.

Letters To The Editor

Editor The Hilltop Record
Dear Sir:

I am writing this in protest to the obscene pictures and words written on some of the Halloween paintings so carefully drawn by our little elementary children.

My daughter was one whose painting was ruined by such vandalism and she is so disappointed. I doubt if she will attempt to paint next year. Our Hilltop is a clean, wholesome community and it seems a shame for such indecency to be reflected upon us.

Perhaps something should be said to show that we do not tolerate such actions on the part of our teen-agers. I assume they were teen-agers who mutilated some of the lovely pictures on our windows.

Sincerely
Mrs. Richard Wolf

NOVEMBER

November is the twilight of the year,
A solemn hush before the night descends.
Cold winds blow through the forest, dark and drear.
A chill pervades the air as autumn ends.
The icy breath of coming winter lends
A welcome cheer to firesides' ruddy glow.
This is the question season, when good friends
Should meet and let their happy friendships grow
Before the night locks all the earth with snow.

In Passing — A ten-year-old of my acquaintance heard a news commentator tell about the Crosby boys running away because they didn't like their nurse. His comment was "They're too old for a nurse anyway. I don't blame them, I'd run away too" . . . They are wonderful—the conversations carried on by a certain six-year-old and her ten-month-old brother. She is the only one who can understand his lingo; if she sometimes causes his part of the conversation to lose something in the translation, it is always to her advantage, and that's all right with the adult members of her family. For instance, one time she told us with a straight little face that the baby said he'd like to have a Halloween mask, a coloring book and a drumstick. For the information of the uninitiated, a drumstick is a hard brown cone of some apparently edible substance, topped with chopped nuts and filled with ice cream. Prior to that particular day, we had always thought a drumstick came with a turkey or chicken. Naturally, when the mask, coloring book and drumstick were purchased, it was decided the little fellow was too young to enjoy them, so big sister very graciously took them off our hands. Grandparents can be pretty stupid about such important things as drumsticks, but maybe given a little time and patience, we'll learn . . . The six-year-old mentioned above has lost four teeth and the ten-month-old V. I. P. has found four, so a little neighbor thinks maybe the fairies found the four teeth under the six-year-old's pillow and simply transferred them to the ten-month-old's mouth . . . The man who invented Venetian blinds should have to clean them . . . Had just decided to write the astounding news that telephone advertising had died down a bit, when somebody called and wanted me to have somebody's furnace installed.

Mail—From Portland: "The kid is somewhat apprehensive about her up-coming grade card. She says her Latin teacher is most incompetent. That is a common comment these days among the high school set. Of course they don't really mean that—it's just their cute way of warning us parents that their grades might not be as high as all concerned could wish for. Her Latin seems to be 'amo, amas, amat Tom, Dick and Harry,' but we love her and we think she is the brightest child in her class" . . . From Thornville: "The first hard frost has come to Honeycreek. We were off to the hills the other day and found lots of the largest wild grapes I have ever seen. Their tang just suited my taste. I am a man of the hills. They have a strength, and that something that satisfies me" . . . From Columbus: "Robert Louis Stephenson once said 'Give me health, a modest competence, and O Lord, give me friends.' These last are true wealth of life in youth or age. Possessing true and tried friends, no man is poor. Lacking them, the richest are in penury" . . . From a ten-year-old in Toledo: "The moms on our street are going to take us out begging on Beggar's Night. We are going to give the pennies we get to the children of the U.N. Kids in lots of towns are doing that. Are they in Columbus?

From somewhere—An engagement: A period of urge on the verge of a merge . . . A man had gone repeatedly to doctors about his feet. They were purple, and he was worried. After a series of shots, pills, etc, it was discovered the cause of the deep rich purple feet was non-fast-color socks . . . From "Breaks — Unintentional laughs by tired newspaper men and others": He was taken to St. Luke's Hospital for treatment, but left there this morning with no bones broken . . . He was terrified. There was the tiger crouching, ready to bounce . . . Eleven hurt as muses collide . . . Dr. Blank says color-blindness occurs most often in people of high intelligence. Only one per cent of the women examined were found to be color-blind . . . At seven-thirty the choir will give a scared concert . . . She flew from New York to Washington during a severe election storm . . . the marriage was a very quiet affair and was unattended by brides' maids and bridegrooms . . . All the shops are closed, the streets are decked with flags and at night the village square is illuminated . . . George Smith is the proud possessor of a brand new Chevrolet sedan and also a new wife, having traded in the old one for which he received a liberal allowance . . . For Mother's Day, send Mother a gift of hardily ever-blooming rose bushes . . . Prof. Smith visited the school room last week and lectured on Insect Pests. A large number were present . . . By an unfortunate typographical error we were made to say on Tuesday that the departing Mr. Blank was a member of the defective branch of the police force. Of course this should have read, "The detective branch of the police force."

These Eyes —

How Well Do You Know Them?

Did we stump you on last week's split personality? It was split alright, right down the middle, — the mask, that is. The left eye belongs to William K. Southworth, while the right eye was that of brother, Marvin.

The Southworth brothers have lived on the Hilltop all of their

Marvin Southworth

reside at 1557 Sullivant-av, and 66 lives and are graduates of West High School. Bill and Marvin now Powhatan-av, respectively.

It was back in the depression days of 1932 that the idea of Southworth's Poultry, now established at 1510 Sullivant-av, came into focus. Bill was just out of high school and Marvin was a sophomore when they started the business in partnership with their father, A. W. Southworth, on the advice of a friend, Homer Wood.

The business, which has, of course, proved to be very successful since that time, is now using a new production line operation at a cost of approximately $45,000, which scalds, cleans, and dresses the chickens by the use of a conveyor belt running through the plant. About 20 people of the 33 employed in the establishment are utilized on the line operation, which produces 480 birds an hour, at a minimum, and 1,800 birds an hour at a maximum rate.

A farm on W. Broad-st, owned by the brothers, has comprised their hobby for the last few years. It is there that they train and ride their fine western horses.

The Southworths are members of Glenwood Methodist Church, HBA, Westgate Masonic Lodge, and the Shrine. Bill is also a member of

Bill Southworth

the Exchange Club.

Do the eyes in the mask above strike a familiar note? They should, for your longevity in this man's business.

Looking Backward Through Record Files

FIFTEEN YEARS AGO

Nov. 3, 1939 . . . Work on the $40,000 project of removing the street car tracks from Sullivant-av between Central and Whitethorne-ava, will begin this week. WPA officials approved the project Oct. 12. Federal funds will cover $34,000 of the costs and the city will pay the remaining $6,000. Sale of the steel rails will bring $3000 to the city.

Westway Post VFW has completed drafting a neutrality bill favoring the sale of arms to belligerents only on cash and carry terms, with no US ship being allowed to carry goods into a war zone.

The West-North game next week will decide the City League championship. The Cowboys are seeking their third championship in a four-year period. West is untied and undefeated so far this year.

A reception will be held tonight at Hoge Presbyterian Church for the new pastor, Rev. A. J. Wold, his wife and their daughter, Eleanor.

Robert M. Draper is the only Hilltop candidate for the school board in the coming election.

West meets Arlington this afternoon in the annual homecoming game. Homecoming Queen Norma Benoy will be attended by Jean Heaney, Kathryn Erl, Gladys Sohr, and Betty Hamm.

The resurfacing on W. Broad-st between Hague-av and the Big Four overpass will be completed this week.

FIVE YEARS AGO

Nov. 3, 1949 . . . Fire department officials believe that the fire which raged through the top floor of one wing of the Columbus State School for more than an hour yesterday, may have been started by sparks from an acetylene torch being used to remove an old fire escape from the building in preparation for installation of new ones. Estimates of the damage were between $250,000 and $300,000.

Voters from all over the state will decide upon "the manufacture and sale of colored oleomargarine" when they go to the polls next Tuesday, Nov. 8.

Reigning at the homecoming at Magly Stadium tomorrow and Saturday evenings will be Queen Betty Roederer and her court of beauties, Marilyn Gauggle, Joan Deyo, Shirley Cline and Betty Walker. Adding Wild West color to the parade will be horseback riders Loretta Grooms and Bill Fisher astride their respective Western class show horses.

Robert Kimes, 20, son of Mr. and Mrs. Ralph Kimes, 122 Highland-av, has recently been appointed student minister at Broad Street Methodist Church.

Coming before next Tuesday's voters will be the question of whether to vote yes or no on a new tax on property. The purpose of the tax is to acquire and improve lands for metropolitan parks in Franklin County.

SERVES WITH 7TH

Increased Caution Among School Pupils After Dark Called For In AAA Posters

With the early hours of evening darkness now upon us, the Columbus Automobile Club has alerted school children of the area to be extra careful when traveling the streets and highways after dark.

In the third of a series of monthly traffic safety posters being distributed throughout schools here, the auto club advises youngsters to "wear white after dark" to stay alive in traffic.

Russell H. Campbell, general manager of the Columbus Automobile Club, said the school safety poster for November being placed in school classrooms and corridors starting today points up that children can protect themselves from danger by wearing clothing which makes them readily visible along roadways at night.

The poster design, which won a first place in the elementary school division of the 10th national AAA safety poster contest last spring for Caryl Williamson, a 14-year-old student at the Tappan School, Detroit, Mich., shows a great white owl looking down on a scene in which the headlights of an automobile are picking up two youngsters dressed in white at the side of the road. "Its lesson, which we hope will be communicated to every child who sees it, is a good one," Campbell commented. "Parents, too, should bear it in mind and offer their children the example to follow in forming good traffic safety habits."

Mart Motorists Enjoy Same Law, Insurance Rights

Motorists who frequently use the local shopping centers may well have been concerned over the recent report that such private areas have no official protection of any law against violations of stop signs and traffic violations by more careless motorists.

However, their fears, if any, have been put to rest by a statement made early this week by Robert French, executive secretary of the Central Point Business Association, who said that all such private shopping centers, including Central Point and the new Great Western Mart, are policed by a privately employed staff for that purpose.

French stated that in case of an accident, these deputies call the police who have jurisdiction over the area in question, who, in turn, may make an accident report, the same as on public property, in order that the motorists involved may present their claims to their insurance companies.

If the case concerns a flagrant violation, such as drunken driving, the deputies can file an affadavit for arrest with the police department which has jurisdiction.

Home of the Week

The Hilltop Record—12
Thursday, Nov. 4, 1954

By Grace Durflinger

We're spotlighting the four-year-old home of your neighbors, Mr. and Mrs. F. W. Sloter, of 2591 Steele-av, this week.

Sloter, owner of the F. W. Sloter Trucking Co., moved his family to the Hilltop four years ago from the east end of Columbus.

The Sloters' son, W. W. Sloter, is also a Hilltop resident and is a member of several Hilltop organizations.

The background of the dining room decor is identical to the living room with a walnut suite including table, chairs with white leatherette seats and buffet. A green mohair easy chair completes the setting.

The living room of the Sloter residence is papered in a twined leaf pattern of dusty pink, white and gray, while the carpet is a shaded leafy pattern in green. Birch baseboards are found throughout the house and birch woodwork forms the mantel of the marble fireplace. A cedar-lined guest closet is located at right of the entrance (not shown). The floral drapes make a bright background for the mahogany furnishings, which include a wine mohair sofa and chair, a green tweed barrel-backed chair with deep green tufting, and an eggshell leatherette platform rocker.

The master bedroom, shown above, is papered in an apple blossom pattern on light blue. Floral carpeting is arranged on the hardwood floor among the pieces in the handsome walnut suite. The guest room is papered in a pink and white floral print on a pale aqua background and is furnished with a suite of bleached mahogany. The bathroom, between the two rooms, is painted in cream with cream linoleum flooring and light aqua tile surrounding the bath.

The cupboards and counter area in the apple blossom pink kitchen are knit into one convenient unit above and below the sink. Sea-green linoleum provides the top and backing for the sink counters. The linoleum flooring is mottled in various colors and trimmed in the same sea-green. A dinette set of gray formica and chrome with durable plastic upholstery of gray and green stripes completes the setting.

A recent study indicated that almost half of the falling injuries on the job on inside floors were due to slippery conditions. A floor is slippery if it's wet, muddy, oily, greasy, soapy, or otherwise messy.

Hilltoppers Apparently Feel Parents Should Handle Comics

Although it's becoming a common practice to take your troubles to your congressman or your psychiatrist, our Hilltoppers seem to believe that a child's reading matter is his parents' problem. The question we put to readers at random this week was: "Do you think the best way of controlling children's reading habits, such as gruesome comic books, is by government censorship or by parental controls?"

Mrs. H. M. Hoffman, 579 S. Terrace-av, "I think parental control would be more effective. Parents should be interested in what their children read and help them pick suitable books that would interest them."

Mrs. Frank G. Seipel, 826 S. Roys-av, "I think parental control would be more important because parents certainly have more control over their children at that age than state or national laws."

Mrs. John E. Lockwood, 126 Midland-av, "I think a lot of it depends on the parents. I think any parents interested in the development of their children's growth and character will supervise their reading matter to see that it is suitable for them. It might be a good idea for the government to make some provisions too."

Mrs. Richard H. Garling, 2731 Steele-av, "I believe it's the parents' problem. I have four children and even if undesirable books were prohibited, I think parents should take an interest in what their children read."

Mrs. Harry Randolph, 730 S. Warren-av, "I think it's up to the parents. I have a little 10-year-old boy and if he comes home with comic sheets I don't approve of, I fire him right back with them. What children read makes a big impression on them, and parents should consider that when they let a child select his own reading matter."

Cpl. Burns Returns To Family In New Rome After Marine Far East Service

Cpl. Robert A. Burns, 20, son of Mr. and Mrs. Allen F. Burns, 167 Pasadena-av. New Rome, recently returned from duty in Korea aboard

Cpl. Robert A. Burns

the USS General Walker, and arrived at the Marine Barracks in Treasure Island, San Francisco.

The local marine was met by his parents and friends, Mr. and Mrs. Ed Warren, at San Francisco, and after sight-seeing there they drove to Los Angeles and then on to Alexandria, La., to visit Airman and Mrs. Carl Cole (Carole Burns) and daughter, Sherri.

Bob enlisted in the marine corps in May, 1953, after graduation from Hilliards High School. He had his basic training at Port Columbus, after which he was transferred to the Marine Base at Cherry Point, N. C. Later he was transferred to El Torro, Calif., for one month and he and his corps boarded ship at San Diego and sailed for Korea.

The first landing was made at Kobe, Japan in July, 1953., after which Bob was on duty in Korea. Intermittent rest and recuperation leaves were enjoyed by Bob and his corps members at special R and R centers in Japan.

When questioned about the weather and people of Japan, Bob advised that the weather in Japan is comparable to ours and not as severe as the winter season in Korea, where the weather is more extreme. About the Japanese people and their homes, Bob said they are very courteous and pleasant, and their country is very colorful, very clean, their gardens are excellent, but very crowded. Their dwellings are frame structures with mud walls and paper interior walls, the outside being very similar to our adobe homes in the west. The Japanese department stores are very nice and set up for the big business made possible since the occupation of our military forces.

Cpl. Burns was a member of the Radar Section of the First Marine Air Wing and enjoyed his opportunity for specialized study. He plans to continue study in engineering and to enroll in the college of engineering is the very near future.

He is scheduled to depart today for a six-month tour of prediscbarge duty at the Cherry Point, N.C., Marine base.

Leprechauns Dominate Dramatics Skit At West

Last Saturday night there were goblins floating around West High School but today it was leprechauns.

The third-period 12B dramatics class, directed by Mrs. Evelyn Hall, presented a football skit entitled, "The Lazy Leprechauns Go West," at the West-Aquinas pep rally this afternoon.

This skit, the final one of the season, concerns a band of Aquinas leprechauns who have a hex on the Cowboys until one of them was caught and the spell was broken. The high spot of the skit was the dancing and singing of the all-boy leprechauns dressed in Aquinas colors, green and yellow.

RABBIT CLUB TO MEET

ERROR CORRECTED

Because of an error made by this newspaper in an advertisement last week, officials of the West High Boosters Club have been forced to make a corrective announcement. This year the club will not be able to include free admission to any one home game at West High with the purchase of a membership in the club as was incorrectly reported in the ad.

Rural Zoning To Hear Five Local Cases

Public hearings concerning five appeals for zoning changes of interest to this community have been scheduled by the Franklin County Rural Zoning Commission. Four of these hearings involve property in Franklin Township and the fifth in Jackson Township along the Three C Highway.

Hearings to be held at 8:30 p. m. on Nov. 18 in Franklin Township Hall on Sullivant-av include the following:

1. The newly-organized Skidmore Community Association's plea to halt further quarrying operations of the Marble Cliff Quarries by rezoning the tract in question from heavy manufacturing to residential and agricultural classification. Property involved is bounded on the north by Trabue-rd, on the west by N. Hague-av, on the south by Harrison-rd, and on the east by Toledo Division of the New York Central Railroad.

2. Rezoning from light manufacturing to heavy of some 17.5 acres of land in the old M. L. Sullivant Subdivision and butting on the Fisher Free Turnpike and the Columbus and Xenia Railroad, Grover C. and Edith G. Ailes, c/o Michael A. Coughlin, 44 E. Broad-st, have applied for the change of zoning, according to commission records.

3. Change from residential and agricultural class to general commercial of one and one-half parcels of the Grant Jones Farm on Frank-rd, with H. C. Huff of Dayton, O., seeking the new classification.

4. Switching of 12.65 acres of land in the William L. Miner Subdivision, at the southwest corner of Greenlawn-av and Jackson-pk, to general commercial district from apartment district, has been sought by Mary L. Younkin, 555 Greenlawn-av.

The fifth local hearing, set for 8:30 p. m. Nov. 12 in the Grove City High School, involves request to change classification of some 5.4 acres on the west side of the Three C Highway, just north of Hyde-rd, from a residential and agricultural class to light manufacturing. M. C. Byrum, 200 E. Lynn-st, has applied for the change, commission records show.

Michael H. Austin, immediate past commander of Franklin County Council of the American Legion, has been named as marshal of the First Veterans' Day Parade, which will be held Nov. 11, beginning at 10:15 a. m. Austin is the present 12th District vice commander of the Legion and is past commander of Camp Chase Post.

DRINK 50 GALS. CIDER

Halloween frolickers drank 50 gallons of cider and ate 5,000 pretzels as they enjoyed an evening of square dancing at Central Point Shopping Center Saturday night. Art Fulks and his Echo Valley Folks furnished the music.

Several hundred merrymakers braved the near freezing temperature and snow flurries to enjoy an evening of fun as guests of the Central Point [illegible].

TRAFFIC COULD KILL ALL

The entire population of any one of several cities in this area would be wiped out by 1955 if all the persons "marked" to die in Ohio traffic yet this year came from one community.

This startling statement was made by Director U. C. Felty of the Department of Highway Safety, who warned that during the last four months of last year 763 persons died in traffic, bringing the state total of those killed in 1953 to 2,047.

Cub Leaders Urged To Attend Scout Pow Wow

The Central Ohio Council, Boy Scouts of America, has urged all neighborhood citizens who are Cub leaders to attend a Pow Wow on Sunday afternoon and evening, Dec. 5, at the Ohio State School for the Blind, 8230 N. High-st. Registration will start at 1 p. m.

Training sessions will be held from 2 to 6 p. m. Four major subject areas will be covered during the afternoon session — pack administration, ceremonies, [illegible] entertainment, handicrafts, and games. A Blue and Gold Banquet will follow at 6:30.

In addition, there will be a special Midway section and an exhibit of Cub handicrafts.

The major aim of a Pow Wow is to train den mothers and committeemen to give more practical help to cubmasters. Reservations must be received at Council Headquarters by Nov. 15. All cubmasters, den mothers, and committeemen are urged to attend. The Pow Wow replaces the Den Mothers' workshop held in former years. Their leader, Sally Lucke, also taught them new games brought back from the annual National Recreation Congress in St. Louis, Mo.

Hilltop CD Volunteers Cited For Job During Air Raid Alert

Although volunteer Civil Defense personnel from the Hilltop made a very good showing in the city-wide air alert, Monday night, cooperation on the part of inhabitants of the area seemed to hit a new low as far as it could be determined by observation from the street.

In the opinion of local Civil Defense co-ordinator, Arthur Witt, of 40 S. Brinker-av, "The alert was generally effective from the standpoint of CD personnel, however, it proved that a great deal of public education must take place before such drills can be judged effective through the participation of residents of this area as well as throughout the city."

Witt pointed out that traffic was still in motion and curious spectators were standing about on the streets instead of seeking the nearest shelter from possible attack.

Stressing the need for more CD personnel in the fields of wardens, evacuation service, welfare and education, Witt stated, "If the city could spare enough policemen and we had enough CD officers, we could properly control the traffic and pedestrians and direct them into the correct procedure of finding shelter and keeping to it until an official 'all clear' signal has been sounded."

Camp Chase Post Earns Citation For Americanism

Camp Chase Post 98, American Legion, received a national American Legion Americanism award, at its last regular post meeting.

In accepting the award, Commander Ray McVay declared that "our post has distinguished itself in the local promotion of all phases of the twin national program of child welfare and Americanism." He cited the work of Camp Chase post in such programs as Junior Baseball, Boy Scouts, Boys State, and poster and essay contest.

Commander McVay especially lauded the efforts of such members as Vern Fiscus, chairman of the Boy Scout committee; Chet Wagner, chairman of Boys State committee; and Larry Scales, state chairman of Junior Baseball. "All these men," he declared, "have worked untiringly for many consecutive years.

"These programs can only continue to be successful through the unflagging interest of the local veterans. I urge all veterans to become active in behalf of these fine programs through membership in their community American Legion post."

Countywide Cooperation Keynote Of Rome Talk

H. T. Merwin of the Franklin County Regional Planning Commission stressed the two-way street of county-wide cooperation at the meeting of the New Rome Business Association Tuesday night in the Prairie Township School and outlined the benefits which will accrue to all parties concerned from such cooperation.

Merwin lauded the groundwork being laid by such civic and business groups as the New Rome organization in the difficult task of planning metropolitan cooperation.

The meeting, attended by some 100 guests and members also took the form of a testimonial dinner for past presidents of the business association, New Rome Mayor D. J. Kunz, founder, and Dr. William O'Harra. Each was presented with an engraved gavel in memory of the occasion after E. C. Quinn, chairman of the civic committee, presented a resume of the terms of the two presidents. Dispatch Columnist Johnny Jones showed slides of some of his world travels.

Immediate Action Planned On Hilltop Park Projects

Parks Dept. To Tackle Heat For Westgate

A meeting of the parks and playgrounds committee of the Hilltop Community Council on Nov. 4 in the Hilltop YMCA disclosed plans of the city department of parks and forestry to start work immediately on much needed improvements in parks in this area.

Attending the meeting, called by Ray Cave, chairman, were Ray Dietz of the Columbus department of parks and forestry; Jerry Spears, Jr., of city council; and Nick Barack of the Columbus recreation department.

Community council committee members present included Mrs. Gloria Caldwell, representative from John Burroughs School; Mrs. H. C. Booth, associate member; Charles Moore of Glenwood Recreation Center; Robert Schmidt of the Hilltop YMCA; and Richard Wilson, president of the council.

The major item previously listed as a pressing need by the committee was a heating unit to be installed in the new Westgate Shelterhouse in order that this community facility could be used year around. Dietz stated that plans are being drawn up at the present and work will be started soon on heating for the shelterhouse.

All parks are to be renovated, ball diamonds filled in, and the sewer enclosed at Helton Park, Dietz declared.

Dietz also announced plans to add beauty to a local park with the completion of the new sunken garden at Westgate Park. In addition, he said more lights will be installed and added parking space will be made available at Westgate.

Barack of the Columbus Recreation Department promised to keep up the high standard of playground operation and pledged complete cooperation with Hilltop groups.

Other requests laid before the visiting officers were for traffic lights at Mound-st and Hague-av; and signs for school children at Brinker-rd and Sullivant-av and on Wicklow-rd east of Hague-av.

Jerry Spears, Jr., in reply to the question of extending bus transportation and other transit problems, stated that under the "cost of service franchise" improvements would be made by city council where needed and would be done more quickly and efficiently. Jerry Spears, Jr., was a former president of the Hilltop Community Council and is still actively interested in the work of the council.

A complete listing of the needs of community parks and playgrounds to make them serve the youth and adults alike of the Hilltop to the fullest extent was made by the Hilltop Community Council prior to the passage of the bond issue for recreation on Nov. 2. Passage of this issue practically assures the council that these

Hauntz Playground Leads List For New 'Bond' Improvements

Construction of facilities at Hauntz Playground will be near the top of priorities for the Hilltop in the recreational improvements given the green light by voters on Nov. 2 when they okayed the $1.5 million recreation bond issue, it was disclosed yesterday by Columbus recreation department officials.

At the same time that a list of projects contemplated with funds made available by the bond issue was confirmed, it was pointed out that several factors make it impossible to accomplish all these aims at once.

N. J. Barack, director of the department, listed three delaying factors as follows:

ONE: Bonds must now be sold.

TWO: Bonds must be sold gradually in such a way as to not raise the tax rate as might be done if all the bonds were sold at once. This is in line with recommendations made by the Metropolitan Committee.

THREE: Contracting for too many of these projects at one time would tend to upset the labor market by drawing too many workers from other private projects. At the same time, it might make labor too difficult to acquire for these recreation projects.

Some of the following projects affecting the Hilltop will be completed and in service by next summer, Barack said. Others will take longer but will be accomplished just as soon as practicable.

HAUNTZ PLAYGROUND — (1) Construction of wire fences as a safety measure and additional playground apparatus; (2) Construction of multiple use hard surfaced play area for basketball, shuffleboard, dancing, paddle tennis, badminton, volleyball, group games, etc.; (3) Construction of a wading or spray pool; and (4) Construction of a playground field house, including toilet facilities, equipment room, craft room, and small sheltered play area.

GLENWOOD RECREATION CENTER — Construction of wire fences as a safety measure and additional playground apparatus.

WESTGATE PLAYGROUND — (1) Construction of wire fences and additional playground apparatus; (2) Repairs and improvements to existing baseball and softball diamonds and football fields; (3) Development of day camp facilities; and (4) Construction of lighted horseshoe and shuffleboard courts.

HOLTON PLAYGROUND — Construction of wire fences and additional playground apparatus.

McKINLEY PLAYGROUND — (1) Construction of wire fences and additional playground apparatus, and (2) Repairs and improvements to existing baseball and football fields.

HIGHLAND SCHOOL PLAYGROUND — General improvement of playground apparatus and play areas.

WEST MOUND SCHOOL PLAYGROUND — General improvement of playground apparatus and play areas.

MIKE WON, TOO!

In the listing of awards made for the Halloween painting contest last week one name was omitted from the list. Michael Turner, 11, a student at John Burroughs School should also have been listed as a co-winner of $1 prize.

Joan Heights To Try Again

Mrs. Thelma E. Neal, agent for the unsuccessful annexation move in the 20-acre Joan Heights Addition of Franklin Township, declared Wednesday morning that she would try again.

Mrs. Neal, 367 N. Sylvan-av, said that the petition, which was denied for lack of only one name on Monday, would have been successful had it been generally known that the city's plans for a sanitary sewer were complete and that Director Redick had assured annexation proponents the sewer would have been a reality by next summer.

Withdrawals, one as late as 11 p. m. Sunday, Mrs. Neal declared, kept the petition from having the necessary majority of signatures of resident freeholders. When the petition was heard by the county commissioners, the number of freeholders' signatures had shrunk to 33 while 34 of the 67 resident freeholders were required to sign for the necessary majority.

The area in question is bounded on the south by the Columbus city limits, on the west by Southampton-av, on the north by Valleyview-dr, and on the east by Algonquin-av.

Rivoli, Ritz Theatres To Feature Cinemascope

Cinemascope and the wide screen have come to the Hilltop and are being made available to local theatre-goers at the Rivoli and Ritz Theatres, according to an announcement by George Pekras, owner of the two theatres.

Pekras states he has just completed spending more than $13,000 to modernize these two theatres with this latest type screen.

Pekras has been in the theatre business on the Hilltop for more than 30 years and is one of the Hilltop's oldest established business men. The Rivoli and Ritz schedules for the week are listed in the Record today.

Friday Marks Finale In Record Subscriber Drive

Friday evening at 5 o'clock will mark the official close of the big Hilltop Record subscription contest and at that time the winner of the new 1954 Chevrolet sedan purchased by the Record from Rodenfels Chevrolet Co. will be known.

Contestants are hard at work this week in the windup of the campaign which has seen hundreds of new subscriptions added to the Record mailing list.

As previously reported it appears that the winners of the three big prizes will be Mrs. George Niebler, Claire Barnard and Charles Page. As of this week it is not known what order the contestants are in. In previous reports both Page and Barnard have held first place. Reports this week will be delivered to the First Federal Savings & Loan, W. Broad-st and Warren-av, where they will be opened in the presence of the judges as soon as possible after 5 p.m. Friday.

Second prize will be $500 in cash and third prize will be $250 in cash. A cash prize of $100 will be awarded some Hilltop Record subscriber who has signed up for the paper during the contest.

Services Arranged For William Gloeckner, 66

William F. (Bill) Gloeckner, 66, 884 S. Hague-av, died in Mt. Carmel Hospital, Monday evening.

A semi-pro ball player and bowler in his youth, he was a charter and honorary member of the Thirteen Club.

His survivors include his wife, Ruth, two stepsons, William R. Warren, 470 Townsend-av, and George Warren, 886 S. Hague-av; one sister, Mrs. Bertha Metzmaier, Columbus.

Requiem high mass will be sung at St. Mary Magdalene Church at 9:30 a. m. Thursday. Interment will be in Mt. Calvary Cemetery by Wylie S. Shroyer Funeral Home.

Kiwanians To Observe First Charter Night

Some 175 members, wives and guests are expected to attend the first annual charter night dinner of the West Franklin County Kiwanis Club at 6:30 p.m. Thursday, Nov. 18, in the Prairie Township School. It was in this same locale that the club was chartered one year before.

H. B. Maynard, professor of marketing and chairman of the department of business organization at Ohio State University, will be the featured speaker. He will be introduced by Parnell Kirby of the charter night committee, according to Malcolm Pannell, charter night committee chairman.

The speaker, nationally known for his humorous speeches as well as for his authorship of learned tomes, is a past president of the Kiwanis Club of Columbus, the advertising Club of Columbus, and the National Association of Teachers of Marketing and is a former lieutenant governor of Kiwanis.

Among the guests will be the district governor of Kiwanis as well as local governmental and civic figures. A feature of the meeting will be a comprehensive review of the year's activities by Secretary Ned Wilhoite.

Dinner music will be by an Ohio State University trio composed of a piano, violin and cello. The meal will be served by mothers of the eighth grade class at Prairie Township School, with the proceeds going to projects of the class.

William Coulthard, president of the West Franklin County Kiwanis Club, has been the organization's head since its inception.

Three Local Vet Posts Take Part In Huge Parade

Three Hilltop groups were included among some 70 separate veterans' posts expected to take part in the Columbus Veterans Day parade, Thursday, Nov. 11.

Although the Ohio Legislature has not yet conformed with the national law which changed "Armistice Day" to "Veterans Day," it is expected to do so at its January meeting. Meanwhile, city officials have gone along with Congress, which changed the name of the holiday to honor American veterans of all wars.

M. H. Austin, immediate past commander of the Council of American Legion, will serve as parade marshal, while L. G. Scales will be parade adjutant. Both men are members of Camp Chase Post 98 of the American Legion.

The Camp Chase Post, under the command of Ray McVay, and the drum corps of the Smith-Barratt Post, American Legion, commanded by Austin Champ, marched in the second division of the parade, while the Westway Post 3441 of the VFW marched in the third division.

WATER RULING AWAITED

The city administration's "rough talk" on cutting off water and sewage service or "hiking" of price of these services would apply to Franklin Township in event the courts uphold the validity of the area's incorporation ballot of this past spring.

Such a twin plan will get its first test next Monday night at City Council meeting if City Attorney Chalmers P. Wylie rules in the meantime that the city has the right to terminate its services.

NAMED ENROLLMENT HEAD

John Broden has been named Hilltop chairman of the YMCA's 100th membership roundup. The drive has a countywide goal of 9,924 new and renewal members.

Smith-Barratt Legion Post In Midst Of Crippled Kids Christmas Party Drive

Smith Barratt Post 249, American Legion, which endeavors to maintain an active schedule of events throughout the year for both members and the community, is now entering the last phase of one of its most worthy causes — the drive for funds to support the Crippled Children's Christmas Party.

This humanitarian activity has been an annual event of the post, and one of which all members are very proud, according to Commander Austin L. Champ. Each year's quota for funds is set to exceed the past so that the party may be greater and accommodate more unfortunate children. Contributions to date from members and friends of the post have already surpassed last year's total. This forecasts a bigger and happier party than ever.

"A buck from thee to light the tree is more than worth the kiddies' shouts of glee", is the informal slogan being used in the drive.

The labor and initiative of Commander Champ and Sargeant-at-Arms Bill Riffle have been cited by members for the post's new modern equipped office.

On Sunday, Nov. 7, Sargeant-at-Arms Riffle was initiated into the Legion Honorary Society, "Forty and Eight." This honor followed meritorious work in behalf of the American Legion.

Veterans Day, Nov. 11, is the last day for "Early Birds." The post needs its quota of new members by Veterans Day, stated Commander Champ.

CLUBS NEED PIANO

The clubs which meet in the township hall at Amlin are in need of a piano. These organizations include the FFA, FHA, WSCS, and the Farm Bureau. Anyone who has a piano to donate to these clubs may call Mrs. Ray Temple at FR. 8-7252. The clubs will make arrangements to transport the piano.

Ternstedt GM To Celebrate GOLDEN CARnival With Open House Nov. 23

Paul Jones

Harlow H. Curtice

A public open house from 1 to 9 p. m. on Tuesday, Nov. 23, are among the plans for a GOLDEN CARnival celebration at the Ternstedt Division of General Motors, Georgesville-rd at W. Broad-st.

In announcing plans for the carnival celebration, Paul L. Jones, resident manager at Ternstedt and chairman of the plant's city committee, revealed that a second feature of the observance will be a GOLDEN CARnival luncheon at the Neil House.

Local observance will be a part of the national celebration of the 50 millionth General Motors car, which will take place on that date.

During the luncheon, there will be a televised address by Harlow H. Curtice, president of General Motors, and a televised stage presentation tracing the history of GM since its organization in 1908. Curtice and the historical presentation will appear simultaneously here and in 30 other cities across the country on the largest closed circuit telecast in history.

The telecast will link local luncheon guests directly to the key GOLDEN CARnival luncheon in Flint, Mich., which will be held following production there of the 50 millionth car — a symbolic golden Chevrolet — marking a production milestone never before achieved by any automotive company.

Delmar G. Starkey, general manager of the Columbus Chamber of Commerce, will discuss at the luncheon the significance to Columbus of the production of the 50 millionth GM car.

Resident Manager Jones has invited everyone in the Columbus area to visit the local General Motors plant as it joins the first national open house ever staged by the company. "We hope everyone will make a point of inspecting this plant, where so many of their relatives, friends and neighbors work," Jones said. "There will be regular guided tours and 50 millionth Car souvenir booklets for all visitors."

FALL FESTIVAL PLANNED

HOT DOGS, SEZ AD-USER

After spending $30 advertising elsewhere in an attempt to find homes for 11 puppies, Eleanor Holloway of 2167 Bristol-rd placed a want-ad in this newspaper last week. And every doggone one of the loveable rascals was sold in very short order.

"I started getting calls early Thursday morning and they're still coming in," reported the pleased advertiser, who is now a solid booster for the power of these little miracle salesmen.

Hilltop CD Volunteers Cited For Job During Air Raid Alert

Although volunteer Civil Defense personnel from the Hilltop made a very good showing in the city-wide air alert, Monday night, cooperation on the part of inhabitants of the area seemed to hit a new low as far as it could be determined by observation about the street.

In the opinion of local Civil Defense co-ordinator, Arthur Witt, of 45 S. Brinker-av, "The alert was generally effective from the standpoint of CD personnel, however, it proved that a great deal of public education must take place before such drills can be judged effective through the participation of residents of this area as well as throughout the city."

Witt pointed out that traffic was still in motion and curious spectators were standing about on the streets instead of seeking the nearest shelter from possible attack.

Stressing the need for more CD personnel in the fields of wardens, evacuation service, welfare and education, Witt stated, "If the city could spare enough policemen and we had enough CD officers, we could properly control the traffic and pedestrians and direct them into the correct procedure of finding shelter and keeping to it until an official 'all clear' signal has been sounded."

Camp Chase Post Earns Citation For Americanism

Camp Chase Post 98, American Legion, received a national American Legion Americanism award, at its last regular post meeting.

In accepting the award, Commander Ray McVay declared that "our post has distinguished itself in the local promotion of all phases of the twin national programs of child welfare and Americanism." He cited the work of Camp Chase post in such programs as Junior Baseball, Boy Scouts, Boys State, and poster and essay contest.

Commander McVay especially lauded the efforts of such members as Vern Fiscus, chairman of the Boy Scout committee; Chet Wagner, chairman of Boys State committee; and Larry Scales, state chairman of Junior Baseball. "All these men," he declared, "have worked untiringly for many consecutive years.

"These programs can only continue to be successful through the unflagging interest of the local veterans. I urge all veterans to become active in behalf of these fine programs through membership in their community American Legion post."

HBA Nominates Officer Slates

Jack Imler was nominated for president of the Hilltop Business Association at the group's meeting Tuesday evening in the Colony Restaurant. Others on the slate of nominees for office in the HBA in 1955 include the following:

First vice-president—E. H. Lefever and Paul Leighninger; second vice-president—Clark Biddle and Elmer Hegenberger; treasurer—Evelyn Jones and James Goudy; and trustees (with three to be elected)— Joe Goodwin, John Nippert, Lou Klass, Robert Anglin, Hazel Roberts, and Ray Dethy.

Robert Darrow, principal of West High School, was the featured speaker.

Countywide Cooperation Keynote Of Rome Talk

H. T. Merwin of the Franklin County Regional Planning Commission stressed the two-way street of county-wide cooperation at the meeting of the New Rome Business Association Tuesday night in the Prairie Township School and outlined the benefits which will accrue to all parties concerned from such cooperation.

Merwin lauded the groundwork being laid by such civic and business groups as the New Rome organization in the difficult task of planning metropolitan cooperation.

The meeting, attended by some 100 guests and members also took the form of a testimonial dinner for past presidents of the business association, New Rome Mayor D. J. Knue, founder, and Dr. William O'Harra. Each was presented with an engraved gavel in memory of the occasion after E. C. Quinn, chairman of the civic committee, presented a resume of the terms of the two presidents. Dispatch Columnist Johnny Jones showed slides of some of his world travels.

Immediate Action Planned On Hilltop Park Projects

Parks Dept. To Tackle Heat For Westgate

A meeting of the parks and playgrounds committee of the Hilltop Community Council on Nov. 4 in the Hilltop YMCA disclosed plans of the city department of parks and forestry to start work immediately on much needed improvements in parks in this area.

Attending the meeting, called by Ray Cave, chairman, were Ray Dietz of the Columbus department of parks and forestry; Jerry Spears, Jr., of city council; and Nick Barack of the Columbus recreation department.

Community council committee members present included Mrs. Gloria Caldwell, representative from John Burroughs School; Mrs. H. C. Booth, associate member; Charles Moore of Glenwood Recreation Center; Robert Schmidt of the Hilltop YMCA; and Richard Wilson, president of the council.

The major item previously listed as a pressing need by the committee was a heating unit to be installed in the new Westgate Shelterhouse in order that this community facility could be used year around. Dietz stated that plans are being drawn up at the present and work will be started soon on heating for the shelterhouse.

All parks are to be renovated, ball diamonds filled in, and the sewer enclosed at Holton Park, Dietz declared.

Dietz also announced plans to add beauty to a local park with the completion of the new sunken garden at Westgate Park. In addition, he said more lights will be installed and added parking space will be made available at Westgate.

Barack of the Columbus Recreation Department promised to keep up the high standard of playground operation and pledged complete cooperation with Hilltop groups.

Other requests laid before the visiting officers were for traffic lights at Mound-st and Hague-av; and signs for school children at Demorest-rd and Sullivant-av and on Wicklow-rd east of Hague-av.

Jerry Spears, Jr., in reply to the question of extending bus transportation and other transit problems, stated that under the "cost of service franchise" improvements would be made by city council where needed and would be done more quickly and efficiently. Jerry Spears, Jr., was a former president of the Hilltop Community Council and is still actively interested in the work of the council.

A complete listing of the needs of community parks and playgrounds to make them serve the youth and adults alike of the Hilltop to the fullest extent was made by the Hilltop Community Council prior to the passage of the bond issue for recreation on Nov. 2. Passage of this issue practically assures the council that these

Hauntz Playground Leads List For New 'Bond' Improvements

Construction of facilities at Hauntz Playground will be near the top of priorities for the Hilltop in the recreational improvements given the green light by voters on Nov. 2 when they okayed the $1.5 million recreation bond issue, it was disclosed yesterday by Columbus recreation department officials.

At the same time that a list of projects contemplated with funds made available by the bond issue was confirmed, it was pointed out that several factors make it impossible to accomplish all these aims at once.

N. J. Barack, director of the department, listed three delaying factors as follows:

ONE: Bonds must now be sold.

TWO: Bonds must be sold gradually in such a way as to not raise the tax rate as might be done if all the bonds were sold at once. This is in line with recommendations made by the Metropolitan Committee.

THREE: Contracting for too many of these projects at one time would tend to upset the labor market by drawing too many workers from other private projects. At the same time, it might make labor too difficult to acquire for these recreation projects.

Some of the following projects affecting the Hilltop will be completed and in service by next summer, Barack said. Others will take longer but will be accomplished just as soon as practicable.

HAUNTZ PLAYGROUND — (1) Construction of wire fences as a safety measure and additional playground apparatus; (2) Construction of multiple use hard surfaced play area for basketball, shuffleboard, dancing, paddle tennis, badminton, volleyball, group games, etc.; (3) Construction of a wading or spray pool; and (4) Construction of a playground field house, including toilet facilities, equipment room, craft room, and small sheltered play area.

GLENWOOD RECREATION CENTER — Construction of wire fences as a safety measure and additional playground apparatus.

WESTGATE PLAYGROUND — (1) Construction of wire fences and additional playground apparatus; (2) Repairs and improvements to existing baseball and softball diamonds and football fields; (3) Development of day camp facilities; and (4) Construction of lighted horseshoe and shuffleboard courts.

HOLTON PLAYGROUND — Construction of wire fences and additional playground apparatus.

MARKINGH PLAYGROUND — (1) Construction of wire fences and additional playground apparatus, and (2) Repairs and improvements to existing baseball and softball fields.

HIGHLAND SCHOOL PLAYGROUND — General improvement of playground apparatus and play areas.

WEST MOUND SCHOOL PLAYGROUND — General improvement of playground apparatus and play areas.

MIKE WON, TOO!

In the listing of awards made for the Halloween painting contest last week one name was omitted from the list. Michael Turner, 11, a student at John Burroughs School should also have been listed as a co-winner of $1 prize.

Joan Heights To Try Again

Mrs. Thelma K. Neal, agent for the unsuccessful annexation move in the 30-acre Joan Heights Addition of Franklin Township, declared Wednesday morning that she would try again.

Mrs. Neal, 367 N. Sylvan-av, said that the petition, which was denied for lack of only one name on Monday, would have been successful had it been generally known that the city's plans for a sanitary sewer were complete and that Director Redick had assured annexation proponents the sewer would have been a reality by next summer.

Withdrawals, one as late as 11 p. m. Sunday, Mrs. Neal declared, kept the petition from having the necessary majority of signatures of resident freeholders. When the petition was heard by the county commissioners, the number of freeholders' signatures had shrunk to 33 while 34 of the 67 resident freeholders were required to sign for the necessary majority.

The area in question is bounded on the south by the Columbus city limits, on the west by Southampton-av, on the north by Valleyview-dr, and on the east by Algonquin-av.

Rivoli, Ritz Theatres To Feature Cinemascope

Cinemascope and the wide screen have come to the Hilltop and are being made available to local theatre-goers at the Rivoli and Ritz Theatres, according to an announcement by George Pekras, owner of the two theatres.

Pekras states he has just completed spending more than $13,000 to modernize these two theatres with this latest type screen.

Pekras has been in the theatre business on the Hilltop for more than 30 years and is one of the Hilltop's oldest established business men. The Rivoli and Ritz schedules for the week are listed in the Record today.

Friday Marks Finale In Record Subscriber Drive

Friday evening at 8 o'clock will mark the official close of the big Hilltop Record subscription contest and at that time the winner of the new 1954 Chevrolet sedan purchased by the Record from Rodenfels Chevrolet Co. will be known.

Contestants are hard at work this week in the windup of the campaign which has seen hundreds of new subscriptions added to the Record mailing list.

As previously reported it appears that the winners of the three big prizes will be Mrs. George Niebler, Claire Barnard and Charles Page. As of this week it is not known what order the contestants are in. In previous reports both Page and Barnard have held first place. Reports this week will be delivered to the First Federal Savings & Loan, W. Broad-st and Warren-av, where they will be opened in the presence of the judges as soon as possible after 5 p.m. Friday.

Second prize will be $500 in cash and third prize will be $250 in cash. A cash prize of $100 will be awarded some Hilltop Record subscriber who has signed up for the paper during the contest.

A semi-pro ball player and bowler in his youth, he was a charter and honorary member of the Thirteen Club.

His survivors include his wife, Ruth, two stepsons, William R. Warren, 470 Townsend-av, and George Warren, 886 S. Hague-av; one sister, Mrs. Bertha Metzmaier, Columbus.

Kiwanians To Observe First Charter Night

Some 175 members, wives and guests are expected to attend the first annual charter night dinner of the West Franklin County Kiwanis Club at 6:30 p.m. Thursday, Nov. 18, in the Prairie Township School. It was in this same locale that the club was chartered one year before.

H. H. Maynard, professor of marketing and chairman of the department of business organization of Ohio State University, will be the featured speaker. He will be introduced by Parnell Kirby of the charter night committee, according to Malcolm Pannell, charter night committee chairman.

The speaker, nationally known for his humorous speeches as well as for his authorship of learned tomes, is a past president of the Kiwanis Club of Columbus, the Advertising Club of Columbus, and the National Association of Teachers of Marketing and is a former lieutenant governor of Kiwanis.

Among the guests will be the district governor of Kiwanis as well as local governmental and civic figures. A feature of the meeting will be a comprehensive review of the year's activities by Secretary Ned Wilhoite.

Dinner music will be by an Ohio State University trio composed of a piano, violin and cello. The meal will be served by mothers of the eighth grade class at Prairie Township School, with the proceeds going to projects of the class.

William Coulthard, president of the West Franklin County Kiwanis Club, has been the organization's head since its inception.

Three Local Vet Posts Take Part In Huge Parade

Three Hilltop groups were included among some 70 separate veterans' posts expected to take part in the Columbus Veterans Day parade, Thursday, Nov. 11.

Although the Ohio Legislature has not yet conformed with the national law which changed "Armistice Day" to "Veterans Day," it is expected to do so at its January meeting. Meanwhile, city officials have gone along with Congress, which changed the name of the holiday to honor American veterans of all wars.

M. H. Austin, immediate past commander of the Council of American Legion, will serve as parade marshal, while L. G. Scales will be parade adjutant. Both men are members of Camp Chase Post 98 of the American Legion.

The Camp Chase Post, under the command of Ray McVay, and the drum corps of the Smith-Barratt Post, American Legion, commanded by Austin Champ, marched in the second division of the parade, while the Westway Post 2441 of the VFW marched in the third division.

WATER RULING AWAITED

The city administration's "rough talk" on cutting off water and sewage service or "hiking" of price of these services would apply to Franklin Township in event the courts uphold the validity of the area's incorporation ballot of this past spring.

Such a twin plan will get its first test next Monday night at City Council meeting if City Attorney Chalmers P. Wylie rules in the meantime that the city has the right to terminate its services.

NAMED ENROLLMENT HEAD

John Broden has been named Hilltop chairman of the YMCA's 100th membership roundup. The drive has a countywide goal of 9,924 new and renewal members.

CLUBS NEED PIANO

The clubs which meet in the township hall at Amlin are in need of a piano. These organizations include the FFA, FHA, WSCS, and the Farm Bureau. Anyone who has a piano to donate to these clubs may call Mrs. Ray Temple at FR. 8-7252. The clubs will make arrangements to transport the piano.

Ternstedt GM To Celebrate GOLDEN CARnival With Open House Nov. 23

Paul Jones

Harlow H. Curtice

A public open house from 1 to 9 p. m. on Tuesday, Nov. 23, are among the plans for a GOLDEN CARnival celebration at the Ternstedt Division of General Motors, Georgesville-rd at W. Broad-st.

In announcing plans for the carnival celebration, Paul L. Jones, resident manager at Ternstedt and chairman of the plant's city committee, revealed that a second feature of the observance will be a GOLDEN CARnival luncheon at the Neil House.

Local observance will be a part of the national celebration of the 50 millionth General Motors car, which will take place on that date.

During the luncheon, there will be a televised address by Harlow H. Curtice, president of General Motors, and a televised stage presentation tracing the history of GM since its organization in 1908. Curtice and the historical presentation will appear simultaneously here and in 30 other cities across the country on the largest closed circuit telecast in history.

The telecast will link local luncheon guests directly to the key GOLDEN CARnival luncheon in Flint, Mich., which will be held following production there of the 50 millionth car — a symbolic golden Chevrolet — marking a production milestone never before achieved by any automotive company.

Delmar G. Starkey, general manager of the Columbus Chamber of Commerce, will discuss at the luncheon the significance to Columbus of the production of the 50 millionth GM car.

Resident Manager Jones has invited everyone in the Columbus area to visit the local General Motors plant as it joins the first national open house ever staged by the company. "We hope everyone will make a point of inspecting this plant, where so many of their relatives, friends and neighbors work," Jones said. "There will be regular guided tours and 50 millionth Car souvenir booklets for all visitors."

FALL FESTIVAL PLANNED

Students and teachers of the Norwich Township Special School District will present a Fall Festival in the auditorium of the school from 7:30 to 9 p.m. on Friday, Nov. 12. Proceeds will aid in the purchase of athletic and visual equipment.

HOT DOGS, SEZ AD-USER

After spending $30 advertising elsewhere in an attempt to find homes for 11 puppies, Eleanor Holloway of 2167 Bristol-rd placed a want-ad in this newspaper last week. And every doggone one of the loveable rascals was sold in very short order.

"I started getting calls early Thursday morning and they're still coming in," reported the pleased advertiser, who is now a solid booster for the power of these little miracle salesmen.

For similar startling results with your selling problem and to carry your message to more than 32,000 select families, why don't you follow her example? It's easy. Simply call JO. 7231, or RO. 4-8262 for courteous assistance in the best wording of your personal salesman.

Hilltop Boy Seriously Injured In Bike-Auto Collision On Wicklow-Rd.

Thirteen-year-old Paul Sokol, 616 Racine-av, who was injured seriously Tuesday evening when his bicycle was struck by a car at Wicklow-rd and S. Chase-av, was reportedly in "poor condition" Wednesday morning at Children's Hospital. Police said the lad, son of Robert Sokol, manager of Loew's Broad Theater, failed to observe a stop sign.

His injuries included a fractured skull, broken right leg, and possible internal injuries.

Smith-Barratt Legion Post In Midst Of Crippled Kids Christmas Party Drive

Smith Barratt Post 249, American Legion, which endeavors to maintain an active schedule of events throughout the year for both members and the community, is now entering the last phase of one of its most worthy causes — the drive for funds to support the Crippled Children's Christmas Party.

This humanitarian activity has been an annual event of the post, and one of which all members are very proud, according to Commander Austin L. Champ. Each year's quota for funds is set to exceed the past so that the party may be greater and accommodate more unfortunate children. Contributions to date from members and friends of the post have already surpassed last year's total. This forecasts a bigger and happier party than ever.

"A buck from thee to light the tree is more than worth the kiddies' shouts of glee", is the informal slogan being used in the drive.

The labor and initiative of Commander Champ and Sargeant-at-Arms Bill Riffle have been cited by members for the post's new modern equipped office.

On Sunday, Nov. 7, Sargeant-at-Arms Riffle was initiated into the Legion Honorary Society, "Forty and Eight." This honor followed meritorious work in behalf of the American Legion.

Veterans Day, Nov. 11, is the last day for "Early Birds." The post needs its quota of new members by Veterans Day, stated Commander Champ.

QUAIL STUDY REPORTED

At a recent meeting, held in the Columbus offices of the state division of wildlife, representatives of the League of Ohio Sportsmen, Izaak Walton League, the Ohio Conservation Congress, Naturalist Clubs, Audubon Society, and Bird Dog Clubs were brought up to date on the state-wide quail study being conducted by field personnel of the division.

Although the quail is now considered a game bird in Ohio, it is "protected" by an act of the legislature and may not be shot. Many sportsmen claim quail are more numerous in Ohio than for many years but a severe winter could materially reduce the population. In answer to this and many other questions, the Ohio Division of Wildlife is conducting a comprehensive study of the quail problem.

Delco Pizza Co. Sets Up Local Office For State

The Delco Pizza Co., with distributing headquarters in six states ranging from coast to coast, has established an office at 123 S. Terrace-av, the distributing center for the state of Ohio.

The revolutionary idea behind the development of the company is the wholesaling of small ovens, especially designed for the baking of pizzas, together with all the ingredients and supplies necessary for its preparation and baking.

The company deals mainly with taverns and restaurants which wish to serve pizza as a side line. Its service is especially adapted to such needs, for with the new, small-scale pizza ovens it states that it can put any tavern or restaurant in the pizza business in five minutes. Among the several Columbus establishments already using the service is the PX at Lockbourne AFB.

Local distributing managers for the company, Irving Homer and Joseph Steinberg, stated that in Philadelphia, alone, 3,000 dozen Delco pizzas are sold each week. Both men, natives of Philadelphia, will move their families to Columbus in the near future.

Favorable Vote Enables Norwich Local To Plan For Salary Boosts, Building

Voters of the Norwich Local School District approved the bond issue by an official count of 837 to 440, at last Tuesday's general election. The two-mill levy was approved 830 to 425.

At the regular meeting of Norwich Local School District, Nov. 3, plans for providing the new class rooms were discussed and it was decided to proceed as rapidly as possible with the construction. It is hoped that the shop area can be completed and in use by Sept. 1.

The board voted to raise the salary schedule $300 per year in all salary classifications. This will allow a beginning teacher with a degree a salary of $3,048. Top salary for a teacher with 10 years' experience and a master's degree is $4,344. Because of increased enrollment this fall, the state department of education has made an additional allowance which will be available in the November Foundation check.

These funds will be sufficient to enable the board to place the new schedule in effect beginning with the November pay checks.

Proportional increases were made in salaries of all other employees of the schools.

Staff Plans Special Program, Including Puppet Show To Observe Book Week

By Mildred Phister

"Let's Read!" This is a suggestion for National Book Week, which begins Nov. 15. An annual event, celebrated by libraries, the press, and booksellers all over America, Book Week is a festival of considerable significance to the public.

There is an increasing awareness on the part of educators and parents of the important part children's books can play in building greater understanding and friendship among the people of the world.

An amazing number of beautiful books for children come off the press each fall in time for the holidays. Book Week is a wonderful opportunity for children and parents to become acquainted with new books and renew friendship with old favorites.

The Hilltop Branch Library, 2855 W. Broad-st, has invited teachers to bring their classes to visit the library as a part of Book Week festivities. Besides new books on display, a Puppet Show, "The Three Wishes" will be given by staff members for the pleasure of the children. Teachers or any group interested are asked to call RA. 4922 for appointments for the program. Appointments will be made daily from 9:00 to 9:45 a.m.; 9:45 to 10:30; 10:30 to 11:15; 11:15 to 12 noon; 1:15 to 2:15 p.m.; and 2:15 to 3:15 p.m.

Regular library hours will be maintained during the Book Week festivities. These hours are daily 1 p.m. to 9 p.m., and Saturdays 9 a.m. to 9 p.m.

Some of the new children's books that will be on display include the following: "Dark Arrow," by Mulcahy; "The Secret Suitcase," by Andrews; "We Live In the City," by Lenski; "A Pony Worth His Salt," by Lansing; "Eskimo Story," by Lange; "When the Moon Is New," by Bannon; "Come Rain, Come Shine," by Brownell; "Skeet," by Mary Russell; "What Is One?" by Watson; "Experiments In Science," by Beeler; "Cowboy Sam and the Indians," by Chandler; "The Mexican Story," by McNeer; and many others.

The library adds new fiction and non-fiction each week for adults.

SIGN OF CHRISTMAS

The first official sign that Christmas is close at hand was evidenced this past week by the resolution passed by the city council giving the Hilltop Business Association permission to decorate light standards along Broad Street in the Hilltop area.

Franklin-Twp.'s New Emergency Squad Kept Busy

Franklin Township's new emergency squad service has been much in demand since it was put in operation on Oct. 26. Seventeen runs were made during the first 14 days of operation. Six of these runs were made during one 24-hour period.

Specifications for a new emergency truck were approved by the Franklin Township Trustees last Thursday night. It is expected that bids for the new vehicle will be opened before the end of the month.

The emergency service is being manned by Volunteer Firemen from the three fire companies. Two men are on duty at all times at the Briggsdale Fire Station, where the equipment is being housed temporarily. When the new central fire station is completed at 4100 Sullivant-av, the new vehicle will be stationed there to serve all areas of the township from a more central point.

Residents of Franklin Township are asked to call JO. 6373 for either fire or emergency service at any time day or night.

Doris Bohlen Is October 24 Bride Of Franklin D. Counts

Hilliards Methodist Church was decorated with variegated mums and honeysuckle for the marriage, Oct. 24, at 7:30 p.m., of Miss Doris Bohlen daughter of Mr. and Mrs. Eugene Bohlen, Hilliards, and Mr. Franklin D. Counts, son of Mr. and Mrs. I. J. Counts, Galena. Rev. John P. Adams, pastor of the Methodist Church, read the rites.

The bride, given in marriage by her father, was gowned in a waltz-length white velveteen gown, fashioned with a fitted basque bodice, accented with tiny covered buttons, scoop neckline and bracelet length, softly-shirred sleeves. The bouffant skirt of velveteen cascaded over billowing crinoline petticoats. Her veil was shoulder length, of imported silk English illusion and fell from a velveteen bandeau accented with pearls and rhinestones. She carried red and white roses.

Miss Frances Bohlen, sister of the bride, was her only attendant. She wore a waltz-length gown of periwinkle blue velveteen and nylon chiffon, made with a fitted bodice of velveteen. Softly pleated chiffon formed a halter neckline with a velveteen petal collar. A velveteen shrug jacket covered her shoulders and the bouffant skirt of permanently pleated chiffon cascaded over a billowing crinoline petticoat.

Best man was Mr. Rush Counts, brother of the bridegroom. Mr. William Drake, Mr. Donald Thompson, Mr. Glen Martindale and Mr. I. J. Counts, Jr., were ushers.

The bride's mother wore a powder blue faille dress with fur trimming and navy blue accessories, and a corsage of tiny pink rosebuds. The bridegroom's mother was gowned in white knit with olive green accessories and her corsage was also of tiny pink rosebuds.

MRS. FRANKLIN COUNTS

Immediately following the ceremony, Miss Leora Brown, Mrs. Jerry Chambers and Mrs. Gladys Fasig, friends of the bride, served as hostesses at the reception held at the church basement.

Graduated from Hilliards High School, the new Mrs. Counts is employed at the Warren-Teed Products Co. Mr. Counts is a graduate of Big Walnut High School, Sunbury, served with the U.S. Marine Corps and is employed by Delaware Rance at Delaware.

The couple is residing at 133 W. Central-av, Delaware.

POSTAL GROUP TO MEET

The Women's Auxiliary to the National Postal Transport Association will meet Wednesday, Nov. 17, at the UCT club rooms. Luncheon will be served at 12:30 by the hostess committee with Mrs. Charles R. Gardiner, chairman. Mrs. Paul Rood will be in charge of the entertainment.

Christ In The Home

By

By JAMES H. LYON

Pastor of

Briggsdale Methodist Church

May I take you to that home in Bethany, where Christ loved to go for a rest of body and refreshment of soul? That Bethany home possessed three types of personalities. These are revealed in John's beautiful reference: "Now Jesus loved Martha, and her sister, and Lazarus." (John 11:5).

Martha you will recall, was the active, energetic type. "Busy about many things" as Jesus once told her. Mary, her sister, was of the quiet thoughtful type, who sat at the feet of Jesus and talked with Him, for mental and spiritual refreshment. Then there was Lazarus, who makes us think of the suffering type, for Christ told His disciples of the sickness and later of Lazarus's death.

What gave that Bethany home lasting beauty and greatness was "The love of Christ was there." He was always the welcomed guest. The three types of persons living there loved Him, and John — the disciple who lived so near to the heart of Christ — noted this, and wrote: "Now Jesus loved Martha, and her sister, and Lazarus."

John's statement reveals to us that the love that radiated from that Bethany home fits every condition of personality, and every home, and makes a difference in our outlook and living. From that Bethany home let us remind our true selves, that despite the changes and sorrows that may come, the "Love and fellowship of the risen Christ can be ours" for going on, as it was there.

Are you the active type of person, Martha-like? His companionship will beautify and strengthen you in your daily activities.

If you are the quiet thoughtful type, Mary-like, Christ enhances such with His fellowship which makes the difference for daily living.

Has sorrow come to you, or are you bearing a cross, Lazarus-like? Then let Christ come and share life with you. He will make the difference for your tomorrows.

That which made the Bethany home so beautiful to recall is, "The love of Christ was there." If welcomed in ours, we will find "Christ in a home makes the difference."

Think again on John's statement, "Now Jesus loved Martha, and her sister, and Lazarus" and you find these lives live on, and that Bethany home lives on, because Jesus was welcomed there.

On this Armistice Day, the crisply intoned words, "Parade Rest," symbolize armies of many countries on the watch. Of course some of us were lucky enough to pay for the war in toil, some in tears, but it required the giving of life itself for many a man. It brought sorrow and heartache for others. *It would be well for us on this Memorial Day, to become ambassadors of tolerance and spokesmen for Democracy which makes every man our brother and gives to him the freedom that we demand ourselves.* In every church service or patriotic assembly on this memorable day, may we in honor of our heroic dead, pledge ourselves to the cause of lasting Peace.

PUBLIC COMMENT

Varied Reasons Advanced For Slum Clearing Bond Rejection

The only municipal bond issue that failed miserably in the recent election was the proposed bond issue for slum clearance and redevelopment of blighted areas. Curious to find out why Hilltop residents, at least, turned this one down, we asked this question at random this week: "Why do you think the only city bond issue that was soundly defeated in the recent election was the slum issue?"

M. E. Hannah, 2486 Eakin-rd, "Perhaps people didn't approve of the areas that were being considered for such developments and that was the reason they turned the issue down."

Mrs. Charlotte N. Burton, 542 Terrace-av, "I'd say that people have been taxed so much that they felt this new bond issue would be too heavy a load at the present time."

Robert P. Laymon, 166 S. Brinker-ev, "I believe it was more ignorance than anything else on the part of the public. I don't think it was made clear enough in the issue just how much of the appropriation would be used for what."

Mrs. Frank W. Schutz, 65 Haldy-av, I think perhaps people thought the appropriation was too large to begin with. Perhaps if they presented it later and didn't ask for quite so much it would go through."

Mrs. Pat Clinton, 110 Letchworth-av, "Maybe people figured that the five million-dollar appropriation was too steep, and they've voted money for such things in the past and very little has been done so they didn't want to take a chance with such a large sum."

Local Soldier Enjoys Rest Leave In Japan

A locally-known soldier who recently spent a seven-day rest and recuperation leave from his unit in Korea at Camp Hakata, on Japan's southernmost island of Kyushu, is Pfc. Fred B. Ingerham. The 23-year-old serviceman, whose wife, Marilyn, lives at 598 S. Terrace-av, and parents, Mr. and Mrs. James F. Ingerham, live at 648 E. Jenkins-av, is assigned to the 7th Infantry Division's 32nd Regiment.

Inherham arriveed overseas in August of last year from Camp Breckinridge, Ky., his basic training camp. Before entering the army in February 1953, he graduated from South High School and worked for the Federal Printing Co. in Columbus.

Sullivant Avenue Civic Assn. Seeks Lighting For Streets From Council

Members of the Sullivant Avenue Civic Association went before City Council Monday evening, Oct. 28, to request that street lights, which are badly needed in the area, be installed.

The council suggested that the lights be financed through property assessment. However, according to a spokesman for the group, a proper rate of assessment and date of installation could not be agreed upon. The SACA will renew its plea before council at a later date.

Proposals Accepted On Links Improvements

Announcement was made this past week that sealed proposals for furnishing the equipment, material and labor necessary for the remodeling, rehabilitating, and construction of additional buildings to the Raymond Memorial Golf Course will be accepted by the Columbus Recreation Commission until noon, Tuesday, Nov. 16.

The 214-acre, city-owned course was opened to the public last July 31, with grand opening ceremonies on its site at Trabue and Wilson-rds.

Local Area Farmers In Midst Of Largest Farm Crop Ever Reported

By Louise Pohlmann
FR. 8-4186

The largest corn crop ever reported in this area was about 28 percent harvested the first of this week, according to John Russell of Russell Grain Co. Yields are exceptional, running from 80 to 120 bushels to the acre. All elevators have increased their capacities to handle the crop and the labor supply is ample to man trucks and the plant.

The market has held up unusually well for the time of year, with this fact credited in large part to the slowing up of marketing by the wet weather. However, with drying weather and the ground hardening off to facilitate rapid picking, the large yield is expected to exceed the demand and considerable corn is expected to go into storage.

Soy beans were about 80 percent harvested, Russell said, and with about seven days of good weather, both corn and beans should be laid by for the season.

THE ANNUAL ALUMNI FOOTBALL game will be played on the Hilliards High School field this afternoon. Participating will be alumni from classes of '44 through '53.

Schools got off to a ragged start at Hilliards Monday when a Pennsylvania train break-down blocked all the crossings in town. Traffic moved by jerks most of the forenoon as rail traffic which had been piled up during the break-down moved through the village.

BOY SCOUT TROOP 148 met at the home of Mr. and Mrs. John Russell this Monday evening. Seven boys were to receive firemanship merit badges following completion of the six weeks training course conducted at Memorial Hall in Columbus by public fire department officials.

Also meeting at the Russell home were members of the Scout Committee and their wives, the latter getting together to plan the father and son banquet to be held Nov. 17 at Hilliards Methodist Church. The adult group meeting Monday evening included Mr. and Mrs. Neil Kletrovets; Mr. and Mrs. Charles Siegfried; Mr. and Mrs. William Grooms; Mr. and Mrs. John Your; Mr. and Mrs. James Weaver and Mr. and Mrs. Art Bogen.

THE BAND BOOSTERS CLUB was entertained at a recent meeting by Rev. Bliss Wiant who gave most interesting sidelights on life in China. He exhibited a large collection of rare gourds, which are used by Chinese as containers for many commodities. The gourds, many of them very small, are highly decorated and intricately carved. One interesting custom is the making of clay molds which are formed about the gourds while they are young, and the pattern of the molds becomes imprinted on the fruit as it grows.

The club voted to send the members of the band to Washington, D. C. for the Cherry Blossom Festival next spring, barring unforseen preventive events. The sum of $500 must be raised to finance the tour.

THE COMMISSION ON RELIGIOUS EDUCATION will meet at 7:30 p. m. Nov. 15 at Hilliards Methodist Church. Zone leaders of the church will hold a meeting at 8:30 p. m. the same evening.

The Goodwill truck will be in town next Monday, Nov. 15. Anyone having material to be picked up is requested to contact either Mrs. Mae Swepston or Mrs. Dorothy Knowles.

Room for One More Class of Hilliards Sunday School will have its regular monthly meeting at the home of Mrs. Dorothy Knowles on Nov. 17 at 8 p. m.

THE MOTHER'S CLUB of Hilliards Elementary School will meet Thursday afternoon, Nov. 18, at 1:30 o'clock in the school auditorium. There will be a short business meeting followed by a program, "The Art of Gift Wrapping." Mrs. Clifford Irey of Lazarus will demonstrate the use of ribbons and bows and Marjorie Clark of Hilliards will show the group how to use glitter in decoration.

Interested guests are welcome.

Looking Backward Through Record Files

FIFTEEN YEARS AGO

Nov. 10, 1939 . . . Four Hilltop candidates were elected to municipal posts in the last election. They are Floyd Green, mayor; Ray A. Hauntz and Wyatt L. Millikin, city council; and Robert M. Draper, school board.

Camp Chase Post 96 of the American Legion will launch a drive for food and clothing for needy families on the Hilltop on Thanksgiving Day. Residents are urged to put the food or clothing on the porch, or any accessible place, to be picked up.

West meets North on the Polar Bear field today in a game that will decide the City League championship.

Peace "comes of age" tomorrow as the 21st anniversary of Armistice Day is celebrated.

TEN YEARS AGO

Nov. 10, 1944 . . . Reports from combat zones during the past week show three Hilltoppers missing in action and two wounded.

John Fry has the lead in The Hilltop Record subscription contest being held at West Junior and Senior High Schools.

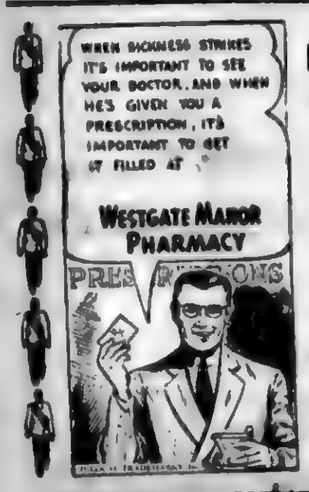
West's Cowboys will play North for the city championship Nov. 17.

Hilltop candidates elected to county and state offices were George Matson, county commissioner; J. Arthur Yoder, clerk of courts, and Joseph C. Nailer and Rev. Jacob Ashburn, general assembly. In the national election Franklin D. Roosevelt and Harry Truman were elected as president and vice-president.

FIVE YEARS AGO

Nov. 10, 1949 . . . Anthony V. Porter, 81, of 500 N. Warren-av, Valleyview, received severe burns Saturday when gas exploded in his face as he tried to light a pilot burner in his furnace.

Jeanne Dhume, the lyric soprano who starred in West High's plays around 1942, just signed a two-year contract to go to Japan with a musical production. Beginning with "Brigadoon", she will play the role of comedienne in many light operas for the troops in that country, the Aleutians and other surrounding islands.



Henry A. Koontz, 486 Hilltonia-av, was re-elected to city council Tuesday. Republican incumbents made a clean sweep of the municipal offices, surviving their third test at the polls since taking over the city government in 1943.

Ken Dickerson, Jr., 3121 W. Broad-st, was chosen by the faculty committee of Wittenberg College as editor of the Wittenberg Torch, student newspaper, for the ensuing year.

Three boys from the Bureau of Juvenile Research "borrowed" a 1949 auto from Gerald W. McDonald, 2497 Steele-av, last Wednesday and proceeded on an escapade that ended a few hours later in a wreck.

In Passing

By

Esther Weakley

Today, in honor of Armistice Day, this space is filled with appropriate poems. The poems can say it better than I can. They are old poems — from 1918 to 1945—with one or two exceptions, and are all reprinted. "In Flanders Fields" is familiar to everyone; "Letter to St. St. Peter" is one of my own favorites. It appeared originally in The American Mercury magazine and has been reprinted many times. It will be timely as long as there are wars, if "timely" is the right word.

LETTER TO ST. PETER

Let them in, Peter, they are very tired.
Give them the couches where the angels sleep.
Let them wake whole again to new dawns fired
With sun, not war. And may their peace be deep.
Remember where the broken bodies lie . . .
And give them things they like. Let them make noise.
God knows how young they were to have to die!
Give swing bands, not cold harps, to these our boys.
Let them love, Peter — they have had no time—
Girls sweet as meadow wind, with flowering hair . . .
They should have trees and bird song; hills to climb—
The taste of summer in a ripened pear.
Tell them how they are missed. Say not to fear;
It's going to be all right with us down here.

Nina Dean.

IN FLANDERS FIELDS

In Flanders fields the poppies blow
Between the crosses, row on row,
That mark our place; and in the sky
The larks, still bravely singing, fly,
Scarce heard amid the guns below.
We are the Dead. Short days ago
We lived, felt dawn, saw sunset glow;
Loved and were loved, and now we lie
In Flanders fields.

Take up our quarrel with the foe;
To you from failing hands we throw
The torch; be yours to hold it high.
If ye break faith with us who die
We shall not sleep, though poppies grow
In Flanders fields.

Lt. Col. John D. McCrae.

THE FIRST DIVISION MARCHES
(Written in 1919)

The last to leave—the first to go—
So is their laurel wrought;
And now they march back home below
The skies for which they fought;
The skies of home which shed their blue
Upon the steel-shod clan,
The same blue steel that swept them through
Cantigny to Sedan.

Not all of them. Somewhere in France,
Beyond the mist-hung shore,
Stained crosses mark the last advance
Of those who come no more;
In Soissons drifts, by Argonne stream,
Or Cheppy's wooded glen,
Beneath his helmet each one dreams
That he is home again.

The gaps are filled—each in his place
Will hear the wild acclaim,
With all the valor of their race,
They played the crimson game;
But when the first gray shadows creep,
Send one prayer on before,
Where rust-red rifles guard the sleep
Of those who come no more.

For those who march will turn to find
Some ghostly mate in vain;
Some buddy who was left behind
To face the winter rain;
And spring shall bring "blue days and fair"
Where star-dust crowns their night;
But they shall neither know nor care
Who hold Valhalla's height.

Grantland Rice.

AFTER BOMBARDMENT
(Written in Normandy in 1944)

Freedom I never saw in words:
Not spoken in a text which breaks
As vivid as a flight of birds
Or wonder when a child awakes.

Freedom is thumbed by all mankind
Craving to spend the magic pence
Who yearns because the years are blind,
The span of every day immense.

Freedom may pierce the abstract eye
In glimpses where a sail is sweet
Or even here, beneath avenging sky,
After the guns, when men smile in a street.

Sqn. Leader, John Pudney (R.A.F.)

THE WASTE OF WAR

We are the songs that were never sung,
Pictures that never will be;
We are the ghosts of the stately things
That never will sail the sea.

We are the wraiths of a million lains
That will never, never be born,
And we are the shadowy whispering rows
Of unplanted fields of corn.
We are the thousand glorious things
That living hands would have done—
But we perished there on the battle field,
Between a sun and a sun.

THE WHITE CANE

He jostled her a little in the crowd,
And she had said, "Look out where you are going!"
She had not meant her voice to be so loud,
And she had seen the white cane, without knowing
Its meaning. He replied, "I wish I could."
And she looked up to find his face was drawn
With sudden pain, and then she understood—
"The last I saw was stars at Meuse-Argonne!"

She could not think of anything to say;
Shame gripped her throat and would not let her speak;
She bowed her head and hurried on her way,
When she had kissed him softly on the cheek.
And when she sees a white cane, she will know
Its meaning — lost horizons, vanished dawn—
And hear a voice, deliberate and slow:
"The last I saw was stars at Meuse-Argonne!"

Glenn Ward Dresbach.

NIGHT WATCH

They fear the night with numb, bewildered fear—
These patient men who once were eager; young—
They dreamed of homage paid for gallantry,
But War betrayed (as War has ever done)
And now they lie, year after weary year,
Forgotten by the careless world they loved.
Their days are filled with moments they can trust
But nights are filled with ghastly memories
Of mud-filled ditches; glistening guns and tanks;
The rain of bombs, and awful stench of death.
Some breathe once more at night, the strangling gas
Or watch a crimson hyphen of fire join
Another man to his eternity.
They hear again the agonizing moans;
The piteous question: Why must this thing be?
The night is cruel to them . . . they wait for day.

E.W.

(Written after a visit to a veterans' hospital where a chaplain told me that some of the men re-live their war experiences and cannot sleep at night.) If men who make wars would visit veterans' hospitals, there wouldn't be any more wars. This verse was written after World War II and before Korea.

Trivia

From
THE EDITOR'S DESK

By Galvy Gordon

GARGANTUAN TASK: Like most other election fans, I scooted between the TV and the radio Tuesday night, trying to figure out the trend of the local elections. And like everyone else I was pretty frustrated at the slowness of the local returns.

On Wednesday morning, however, I called up Charles R. Davies, county election clerk, hopeful of obtaining the few strictly-local results I needed for our paper; and then I found out the score. Charlie sounded haggard, harrassed, and beat. And he was.

Gerald Willey, our circulation chief, agreed to go down to the election board to dig out the necessary totals. He did and phoned them to me just as rapidly as he could locate and record them. When he returned to the office, he suggested that the entire election force deserved a pat-on-the-back for even coming up with a count at all. As Willey put it, "I've never seen such a job of paperwork before. All the special issue and levies, and bonds, and questions had to be tallied separately and each constituted a separate headache."

STILL LOOKING: We had a wonderful response several weeks ago to a front page appeal for upcoming celebrants of Golden Weddings and even longthier periods of happy wedded life. But lately, it seems we've had a falling off in this department. We're still looking for them and anxious to accord them via our columns all the homage and honor they deserve for their inspirational example. Give us a call at JO. 7231.

REAL THOUGHT-PROVOKER is a feature contained in the Nov. 2 edition of Christian Science Monitor. Entitled "We Revived the Lost Art of Calling" and written by Grady Johnson, the piece points to the decline of sociability in today's hurried world. It asks the question, "Why should you force your friends to visit you by appointment only, when casual acquaintances living near you are given the privilege of dropping in on you at anytime — leaving if they find you busy, visiting for hours if all parties concerned are having fun?" It tells of the genuine pleasure the author and his wife had once they determined they'd quit making social appointments, take their kids and drop in on their friends whenever they wanted to. Even the startled hosts and hostesses seemed to enjoy the revival of the lost art of informal friendship.

NOTES OF THANKS are pouring in from proponents of victorious issues and candidates in the recent election, the latest one at this time thanking us for helping to lambast tuberculosis. However, we haven't seen a single one from supporters of defeated issues or candidates.

SNUBBED POET: Your editor was hurt, deeply hurt, at the great amount of negative enthusiasm displayed at last week's item re reserving a spot in this column for four-line verses from our readers. Only response came from Esther Weakley, popular inspirational columnist who writes "In Passing" for this newspaper.

And her note wasn't too encouraging. Fact is, she assured me the life of a poet was rough. Undaunted, I'll repeat last week's offer. The following idea was purloined from a perfectly reliable source and I can't quite figure out the lack of response:

POETIC LICENSE
This space is open
For your four-line verse.
Columnist makes choice
For better or worse.

Here's your big opportunity for fame or notoriety or something. We'll credit those verses, the authors of which want credit. And we'll be glad to withhold your name if you desire. No boxtops, no prizes! Simply write your entry on a two-cent postcard and mail it to Poetic License, care of this newspaper.

COLD CHILLS: We know it's scarcely the time of year for talk of swimming and swimming pools, but we're still going to take time out to congratulate Bob Case on the pretty plaque he was recently awarded by the Red Cross and WBNS-TV for operating a first-class swimming pool. (Wonder if it would be possible to ice skate on his pool?)

JUST CURIOUS

Boss—What do you want? I fired you two weeks ago.

Office Boy—I came back to see if you're still in business.

These Eyes —

How Well Do You Know Them?

Last week's mystery man, Gil Bolin, who, with his lovely wife Clara, and their daughter, Nancy, resides at 489 Eldon-av, has been a Hilltopper for the past ten years.

A special agent for the Penn Mutual Life Insurance Company since Nov. 1, 1952, Bolin was formerly one of the first full-time field scout executives.

Gil Bolin

After making several moves to various cities in capacity of field scout, Bolin decided to give up that end of the work, for he found he had really put down grass roots in this community. To quote Bolin, himself, "The Hilltop is the greatest place on earth for friendly people and a fine community spirit."

During his travels for the company, Bolin made a lot of contacts with young men in the Boy Scouts. He later served as camp director at Camp Lazarus and staff advisor of football ushers at OSU, as well as director of the local Boy Scout Jamboree contingent that went to Valley Forge in 1953. He now meets many of these same boys, grown and married.

Always interested in learning more about his business, Bolin is now taking an additional training course in life, underwriting dealing with taxes and estate planning. He was among three from his agency to be recognized this year at the annual Ohio Leaders Club dinner in Cincinnati.

Additional recognition was given him at Penn when he became a member of the President's Club due to having written the greatest number of life insurance policies among newcomers to Penn. He was also elected "Man of the Year" his first year with the company.

A member of Worthington Moose Lodge, Boy Scouts of America, Business Men's Club of Central YMCA, and the National Association of Life Underwriters, Bolin enjoys fishing, camping and traveling, during vacations as well as taking pictures of his eight-year-old daughter, a student at St. Aloysius School.

You should recognize the native Hilltopper in this week's mask. He's in "command" this year.

Hilltop AC Parents To Meet On Tuesday

The Parents Club of Hilltop Athletic Club will meet Tuesday, Nov. 16 at 8 p. m. in the cafeteria of St. Mary Magdalene School. The constitution and bylaws will be offered to the group for approval.

Any parent, or person interested in the AC is invited to join the club. Helen Bates is acting secretary.

NO SMOKEM PEACE PIPE—Bob Schmidt, executive secretary of the Hilltop YMCA, shows two intent young warriors of the Father and Son Indian Guide movement at the local Y the correct method of fighting with ceremonial type shields and weapons. From the expressions of hostility and war-like wrath on the faces of the cross-legged braves in the rear, we know this couldn't be a peace council. (Hilltop Record photo)

Aquinas Closes Season By Rolling Through Cowboys By Tally Of 25 - 6

Aquinas High School closed out its 1954 City League football schedule last Friday at Magly Field by scoring an easy 25-6 win over the West High School Cowboys.

Thus the Irish cinched fourth place spot in the race which plays its final set of contests this week.

The Cowboys received the opening kickoff and marched to the Irish 28 where they lost the ball on downs.

The Irish then marched 74 yards in eight plays to score, with their fine halfback, Bob Tiberi, going over tackle the final four into the end zone.

The try for point was no good as the pass from center was high. On the second play after the ensuing kickoff, the Irish pilfered a Naisger pass on the Cowboy 46.

Tiberi and Bellisari then alternated in toting the pigskin to the Cowboy five as the quarter ended.

The visitors lost a yard in three attempts, but on fourth down Genereux ran through a hole at left tackle to score.

The point afterwards was blocked by Nebinger.

The Irish were soon on the march again as Bingham recovered a Cowboy bobble on the locals' 37.

Miller passed to Goble on the four from where Tiberi went over tackle to score. Bellisari's try for point . ter was wide.

After the next kickoff the Cowboys were forced to punt but Davis intercepted a Miller aerial on his own 27.

In three plays Davis and Deshler carried to the visitors' 44. In this series of plays Deshler suffered a cut tendon in his hand and was replaced by Swindler.

Naisger passed to Kruckeberg complete on the 21 from where Swindler broke loose around right end and with a fine bit of broken field running went all the way to score.

The try for point was no good as the pass from center was low. The attempt ended the first half.

The third period was evenly contested, but midway in the final period the Irish counted their final score of the night when they intercepted another Cowboy aerial on the home 42. Tiberi, on a brilliantly executed bootleg play, went around end to the 15 with Genereux going the final 15 on the next play.

The point after by Bellisari was good.

For the Irish Bob Tiberi and Genereux along with the almost flawless quarterbacking of Miller were outstanding.

Swindler and Davis led the Cowboy ground gainers

This Friday night at Magly field the Cowboys and North High's improved olar Bears will close out the 1954 season. The contest will be rated as a toss up as each team has a 1-4 city league record. They are currently tied for fifth place.

Westgate Gra-Y Ends Season With An Unblemished Record

By Dick Wilson

Westgate Gra-Y finished the 1954 football season in the Hilltop YMCA League with a perfect 4-0 record last week at West High field by blasting victoryless Highland eleven to the tune of 28-0.

The game was never in doubt from the opening kick-off when Ricky Banker ran the ball 60 yards for the first TD of the game. Terry Linson missed the kick for extra point. The second score in the first quarter came a few moments later when Bob Ross intercepted a Galentine-to-Dietrick pass and scooted the side line for 30 yards into pay dirt territory. Ross made good on the extra point by passing to Banker in the end zone.

Westgate scored once in the second quarter when Ross threw a beautiful special pass to Joe Mann who ran 20 yards untouched across the pay-off marker. Ross tried a pass to Banker for the point after touchdown but it was knocked down by Steve Galentine.

There was no score in the third quarter, but Linson passed to Bill Hill in the end zone in the fourth quarter to gain credit for the final score of the game. Ross' placekick was blocked on the try for point after touchdown.

Outstanding defensively for the victors were Steve Widelich and Artie Newkirk. Galentine and John Mathews led the losers from the defensive angle of the game.

West Broad gained third place in the league by edging a scrappy John Burroughs team 7-0. Both teams played heads-up defensive ball. The West Broaders received their break in the third quarter when Danny Snyder broke away for 40 yards to score the lone TD of the game. The point after touchdown was good as Dick Williamson passed to David James in the end zone. Ray Barnes led the offensive attack for the losers while Clyde Knisely starred defensively for the Sullivant Avenue team. Snyder, looked good offensively for the victors, and Steve Caune starred defensively. Officials for the game were Larry Bigler, Bill Ingle, Mike Engle and Big Williamson.

LETTERS TO THE EDITOR

Editor Hilltop Record
Dear Sir:

Public Law 380 was duly passed by Congress, changing the name of Armistice Day to Veterans Day, Nov. 11, effective this year. Therefore, Thursday, Nov. 11, was the first Veterans Day we have ever observed in this nation.

The Veterans of Foreign Wars fostered and supported this bill for the following good reasons:

Armistice Day marked the end of just one of America's wars and as two wars have now followed that war and as no such days are set aside to commemorate the close of such wars, and as peace has not followed any of these wars for any length of time, we feel that an armistice, without a just and lasting peace, is an armistice with no more meaning to this nation than the Korean armistice is.

We of World War I may feel that that we have now lost the last thing dedicated to us, but I am quite sure that if the major veteran organizations will carry out the true intent of congress, Veterans Day can mark the end of organization bickering and fighting among themselves and if that is once accomplished, a service pension for all World War I veterans would clear the bottleneck that we have become to all wars' veterans, who have served after that war and who, like ourselves, will reach an age when they become too old to work, too infirm to earn a living and often become objects of charity, as payment for their war injuries and services.

VFW Post 3441, realizing all this, invited the representatives from all major veteran organizations in this city to join us in a joint tribute to all of America's war veterans on the evening of Nov. 11, at in the post home at 852 Clarendon-av.

Frantic efforts are being made by crackpots who dislike all veterans and what they stand for, to make Veterans Day into a dumping ground for all kinds of screwball ideas, such as making it naturalization day, ignoring the fact that congress set aside Sept. 17 for that purpose and named it citizenship day. We must head off all such plans by a joint organized effort and demand that congress declare Nov. 11, Veterans Day, a legal holiday, not as the old Armistice Day was, but as July 4 is (a national holiday).

Dear Editor:

Recently I had occasion to fly through Columbus and again stop over night. At which time I utilized the facilities of the Sullivant Avenue Airport. At that time your newspaper had just carried a large aerial photo of the airport together with a very enlightening set of questions and answers regarding the need for this facility.

The situation regarding this airport, the need for its incorporation into long range planning and its retention, is typical of a problem that is now in evidence in many other cities. We sincerely hope ways and means of establishing this facility will be developed as well as many other similiar facilities nation-wide.

It is significant that in the numerous trips I have made in the past several years through Columbus, flying my own airplane on business matters, I have never utilized the big Municipal Airport east of the city but have always stopped at Sullivant Avenue in view of its good service and particularly its convenience.

Sincerely,
National Aviation Trades Assoc.

YOUR YOUTH

By Dick Wilson and Bob Schmidt

The column this week will be dedicated to all the boys, girls, mothers, and dads who have volunteered their time at the new YMCA facilities.

Special thanks goes to the Indian Guide dads who, on Nov. 1, tore down the old front porch. The following dads were responsible for this work: Wayne Chappelear, Dewey Parris, Paul Bucher, Jack Spencer, Jim Jackson, Roger Stewart, and Don Roederer. The next day the dads loaded all of the debris into several large trucks. The Kickapoo and Cherokee Indian Guide Tribes were responsible for this work.

Friday was scrub brush and "operation mop" day with the Y-Teens and Hi-Y boys responsible for general cleanup inside the building. Dick Furry, Mark Rector, Bill Spratley, Red Lanch, Gary Link, Dick Glass and Dave Jennings were on the pick and shovel gang who dug a trench for the footer.

A special word of appreciation is in order for members of the Hilltop Y Mothers Council who prepared the food for the Y-Teens and Hi-Y boys and girls. This group of mothers included Mrs. Virgil Furry, Mrs. Frank Watts, Mrs. Roger Essex, Mrs. Larry Neighbors, Mrs. Ted Lanch, and Mrs. Lois Howe.

On Sunday, Stan Ruoff, Howard Grooms, John Hutchinson, and George Matson laid concrete block for the new front porch.

This response from all of the Y groups is very gratifying and will be greatly appreciated by all of the residents of the Hilltop. All of us realize that this is only a temporary arrangement and that in several years this building will be removed and replaced with the long-needed YMCA facilities.

Thanks a million to a swell gang!

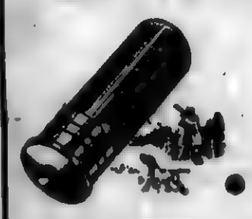
Hilltopper Featured As One Of Firemen Brothers

Hilltopper Joseph Cassell, 244 N. Ogden-av, was spotlighted along with his two brothers, Ralph and James, in a recent issue of the Sunday Dispatch which featured them as a "Brotherhood of Firemen."

Joseph, assistant chief heading the Fire Prevention Bureau, is the oldest in age and service in the department, among the brothers. Ralph, 54, has been a fireman for 31 years, while James, 49, is a "newcomer" to the profession with 25 years.



Fifty-six-year-old Joseph estimates he has answered about 15,000 fires in his 35 years of service. He joined the department in 1919 when two houses still had horse-drawn wagons.

DIGGING THE DIRT is one of the major tasks facing the county sanitary engineering department these days as work continues on the $51,000, eight-inch water line which will run from Harrisburg pk to about 1,750 feet east of Demorest-rd and serve property owners along Climo-rd with city water. The project, which the laying of some 6,750 feet of main involves, was begun last month and will be completed within the next three and one-half months. Here, shown Monday, Nov. 8, at the "diggings" near the tunnel-through at the railroad tracks just west of Harrisburg-pk, are, left, Oscar A. Poe, an official of the Armco Drainage and Metal Products Co., and Norman D. Jaynes, an inspector for the county sanitary engineering department.

HAPPY COOKS

Cooking Class Teacher Offers Favorite 'Fudge Cake' Recipe

Displaying the justifiable pride of accomplishment that all good cooks experience are members of Glenwood Cooking Class, left to right, Sally Lucke, instructor; Earl Green, Larry Belcher, Millie Howell and Kathleen Purcell. Hilltop Record photo

A recipe for everybody's favorite chocolate fudge cake is submitted this week by Sally Lucke, staff member of Glenwood Recreation Center. Her recipe, simple enough for even youngsters to use, produces a cake which would impress the most critical.

Sally joined Glenwood's staff in September and directs the arts and crafts program and the girls and teen-age clubs. She is enrolled in the college of education, OSU, where she will receive her Bachelor's degree in Fine Arts and Bachelor of Science Degree in Education.

The majority of the 23 youngsters enrolled in her cooking class are boys and she is thrilled and surprised to find they display just as much enthusiasm in the course as do the girls.

The responsibilities connected with each week's cooking project are evenly divided with each child given a part in the preparation. During the actual baking time, the class engages in group games. The real fun comes, of course, when they eat the finished product.

Classes are held each Wednesday from 3:30 to 5 p. m. and all children in the community, ages seven through 13 are invited to enroll. Next week's project will be cupcakes with each child decorating his own.

REAL ESTATE NEWS

Sanford V. Betker Is Named Sales Mgr. For Holley Realty

Sanford V. Betker, a newcomer to Hilltop business, has been appointed sales manager at Holley Realty, according to an announcement made this week.

Betker

Prior to his seven years as general manager of Lee's Department Store, Betker worked in real estate and made an extensive study of its problems in Mansfield, Ohio. While in Linden, the native of Columbus was active in many civic affairs such as the Community Council and the Linden Business Association.

One of the many new plans Mr. Betker has in mind to inaugurate at Holley Realty, 2502 Sullivant-av, personalized service, whereas every listing placed with the firm will receive quick action and individual attention.

Holley, who has helped many people to make decisions in buying and selling homes and commercial properties for over 20 years, opened his own office in 1947. The firm is now staffed with 25 salesmen engaged in listing and selling homes all over Columbus.

Mr. and Mrs. Raymond Major of 66 S. Algonquin-av have returned from a two week visit to Phoenix, Ariz. They left by TWA (their first plane trip), on Oct. 18 and visited with former Columbus residents, Mr. and Mrs. Kenneth Bell and Mr. and Mrs. Harry Smith. Mrs. Smith is the daughter of localites Mr. and Mrs. Fred Wals. . . . Mr. and Mrs. Ralph Trotter, 32 N. Chase-av, left Nov. 6 for their 10th annual trek to Miami Beach to visit his sister, Mrs. Ethel Haslett. They will return Dec. 1.

M. G. Brobeck, 648 Belvidere-av, of the Good Housekeeping Shop, is confined to his home, recovering from surgery . . . Also recuperating at home is Mrs. Blanche Estell, 227 N. Eureka-av, a recent patient in Mercy Hospital.

Rev. and Mrs. George Taylor of Westgate Methodist Church entertained with a buffet dinner in the parsonage, the ministers and their wives who participated in the ground-breaking ceremonies at the church last Sunday afternoon. Present were Dr. and Mrs. J. Otis Young, Dr. and Mrs. Warren W. Wiant, Rev. and Mrs. Charles F. Bowman and Rev. Norman Schreiber.

Assisting Mrs. Taylor were her mother, Mrs. Walter P. Castee, and the president of the WSCS, Mrs. John Roman. A silver tea service, last year's Christmas gift to the Taylors from the congregation, was used and the WSCS supplied the floral centerpiece.

POLLUTION HALTING PLANNED

Polution abatement, as it applies to wildlife, will get a shot in the arm sometime between Dec. 1, 1954, and Jan. 1, 1955, according to Charles A. Dambach, chief, Ohio Division of Wildlife.

A chemical laboratory is now being constructed at the Delaware Reservoir, headquarters of the division of wildlife, and will be ready for full operation about Dec. 1st. A chemist and biologist will be in charge of the laboratory to be assisted by two men, each with a mobile laboratory at his disposal.

Glenwood Colts Wind Up First Season's Play As Tackle Team

The first tackle football team of Glenwood Recreation Center, the Glenwood Colts, wound up their initial season in the city's 120-pound league. The Colts' record for the season is 0 wins, 0 ties, and three losses.

The Colts planned to play more games, but because of foul weather and the pre-season basketball league starting at Glenwood, the football had to be given up.

The Colts started their season by dropping a tilt to the Sunshine Scarlets, 32-0. The following week saw the Colts drop a hard-fought game to the Lindenites, 21-18. After two weeks of bad weather and very little practice, the Colts went against Sunshine once more and were trampled 28-0.

Mainstays of the team during the season were quarterback Pete Cabora; Center Richie Holman; Halfbacks Jay Hess, Steve Fetherolf, Bob Kreig, and Don Gilliland; Fullback Dave Thomas; Ends Bill Quinn, Kelly Richards, and Jerry Hummel; Guards Bill Burke and Sonny Campbell; and Tackles Dave Roberts, Bill Kane, and Denny Belcher.

Cooking Club Movie Open To Public Nov. 23

As a thanksgiving project, the cooking class at Glenwood Recreation Center will hold an open movie on Wednesday, Nov. 23, at 4 p.m. Cartoons and a special feature will be shown. Admission to the movie will be a donation of canned food that will be distributed to a needy family for Thanksgiving.

TO ELECT DIRECTORS

The Franklin County Agriculture Society will meet at the Norwich Township fire hall in Hilliards from 9 to 11 a. m. on Nov. 27 to elect directors for the coming year.

Pat on the Back For West High Students

It is gratifying to have a kind word dropped along the way and such was the case in the following letter received this past week by Robert Darrow, principal at West High, and written by a Canton, O., resident:

Dear Sir:

Last Friday night at the Columbus West-Canton Lincoln football game, my husband and I were so impressed with your student body that I had to write and tell you:

Our son is on the Lincoln team, and we never miss a game. We have never gone any place where the student boosters showed such enthusiasm and gracious manners as yours at Columbus West. It was a pleasure to be there and to watch them.

We were sitting right next to the Lincoln Band, and when the members of the band returned to their seats after their performance at half time we couldn't help but hear some of the remarks made by them. They were amazed and pleased at the warm reception given them by your students. We heard one boy say, "Gee, they gave us more applause than we get from our own fans!"

We think your students are to be complimented!

I have not been able to go "all out for football, because it seems to have become such a blood and war affair and dog eat dog. To me this is wrong. I feel athletics should teach our young people to go into any contest, giving their best, trying to win, but above all—being clean and maintaining a normal sense of balance.

No matter what the score would have been last Friday, all would have felt that good sportsmanship reigned supreme. It just left us with a warm good feeling.

We, as parents, thank you for your kind hospitality. We regret very much that Columbus West is not on our schedule for next year.

Most sincerely,
Mrs. Ralph O. Rost,
4540 14th Street, N.W.
Canton, Ohio.

Columbus Loses A Friend in Tom Scully

The passing of Police Inspector Tom Scully is a great loss to Columbus. His great number of friends in this community and all over the city will miss him.

Many times he filled the gap while the city was without a police chief and thousands of people felt he should have been chief at some time or another. But a look back at the situation brings one to believe again that Tom Scully as the good right arm in the Columbus police department over the years performed served in a more important position. The city has lost a very faithful servant.

LOCAL POLICEMAN ADVANCED

A Hilltop patrolman, James C. Ricketts, 250 S. Hague-av, has been elevated to sergeant in the series of promotions necessary to fill the vacancy left by the death of Inspector Thomas A. Scully Tuesday afternoon in Mt. Carmel Hospital. Police Captain Harvey H. Alston, 48, of 1893 Greenway South, head of the juvenile and missing persons bureau, was named to succeed Inspector Scully.

PROMOTED TO LIEUTENANT

Roger F. Moury, USNR, serving in fighter squadron VF-31 with the Atlantic Fleet, has recently been promoted from En. to Lt. J. G. He spent the past weekend with his mother, Mrs. George E. Moury, 33 Orel-av.

INJURED IN ACCIDENT

Henrietta Bierly, 41, of 3833 W. Broad-st, suffered a cut left knee and bruised left shoulder in an auto accident at Olive-st and Westmoor-av Wednesday morning.

ACTION IS EYE-OPENING

Mr. and Mrs. W. D. Hays of 787 Wiltshire-rd really had their eyes opened by the tremendous action and results a small 3-line Want Ad in this paper brought. They placed this tiny wonder-worker in the paper last week:

Wanted — Mature woman to care for children, afternoon only at our home. RA. 4750.

Shortly after the paper was delivered, the Hays' were receiving phone calls from all parts of the city and soon had just the type of person they wanted. Needless to say, these good folks had their eyes opened by these results and are solid believers in the wondrous work of classified ads.

You too can achieve such startling results if you need help or have a selling problem, by letting the classified pages carry your message to over 32,000 families. It's real easy. Just call JO. 7331 or HI 4-9262 and a courteous want-ad taker will help you in the best wording of your own message

THE WINNAHI—In a whirlwind finish last Friday, Charles Page (right), representing St. Agnes Church came in for first prize in the big Hilltop Record subscription campaign and is shown above as he received the keys to the new 1954 Chevrolet sedan from C. Carlton Hartley, publisher of the Record. Page had a total of 671,380 points in the contest and was trailed for second place by Clair Barnard with 485,528 points. The campaign was a big success with several thousand subscriptions being sold.

AND RUNNERSUP—Shown here are prize winners Clair Barnard, left, of West High Band fame, receiving his check for $500 and Mrs. George Neibler receiving $250 from Gerald Willey, Record circulation manager. They were second and third prize winners in the Record subscription campaign that was concluded last Friday. Mrs. A. O. Harmer, 192 St. Powell-av, was awarded the $100 prize offered to a subscriber during the contest.

Kiwanis, Ministerial Council To Sponsor Temperance Service

The entire Hilltop community has been invited to take part in a union temperance service at 7 p. m. Sunday, Nov. 28, by the Hilltop Kiwanis Club support of churches committee and the Hilltop Ministerial Association, sponsoring agencies.

Clayton M. Wallace

Clayton M. Wallace, executive director of the National Temperance League, will be the featured speaker at the service, which will be held in the Westgate Evangelical United Brethren Church, 53 S. Powell-av. The host pastor is Rev. Harold Dutt.

Roy Kistner, chairman of the Kiwanis support of churches committee, has announced that the Hilltop Kiwanis Chorus will sing at the meeting.

Wallace, who will be in Columbus in connection with the meeting of the trustees of the Temperance League of Ohio the following day, "will bring authentic information concerning the inroads of liquor traffic in our national life," according to Kistner.

SUFFERS CUT ARM

Joseph Barnbrich, 54, of 450 S. Hague-av, suffered a deep cut on the right forearm Saturday when he caught his arm in a soil grinder, police reported. He was admitted to Mt Carmel Hospital in "good" condition.

A native of New Hampshire, Wallace has spent nearly a quarter century in the temperance field. Elected to the New Hampshire state legislature in 1945, Wallace was unanimously named to head the federation of 44 state organizations comprising the National Temperance League in November 1952. Wallace is credited with coining the word, "beercasting," to denote radio broadcasts sponsored by breweries.

He will speak on the program of the National and State Temperance League in combating the effects of alcohol on national and local community life.

Super Duper Inc. Food Chain Signs Lease On Hilltop

The Hilltop became the first "beachhead" in the Columbus area grocery market this week when Super Duper, Inc., a new national voluntary food chain with headquarters in Buffalo, N.Y., announced the leasing for 15 years of a big new store in the Westgate Manor Shopping Center.

The market, located at Sullivant av and Wedgewood rd, becomes the first of a series of Super Duper markets to be established in 42 states, according to Douglas Ash, general manager of the Columbus division of S. M. Flickinger Co., Inc., sponsors of the new chain.

The new Hilltop store will be typical of the more than 200 new Super-Duper Markets to be established nationally within the next year, according to Ash.

It will be elaborately equipped with the very latest type of new fixtures for the convenience of shoppers. It will boast improved "floating air" refrigerated display cases; large specially designed meat coolers for meat preparation of special "custom cuts"; a complete line of frosted foods; and, for the first time in Columbus, National Cash Register's new "change maker" check-out registers, plus many other attractive innovations to make shopping easier and more convenient for Hilltop families.

The new Westgate Manor Super Duper will be serviced by Flickinger's new million-dollar, streamlined warehouse at Lockbourne and Marion-rds. Ash also emphasized that with its latest mechanized warehouse facilities and the tremendous purchasing power of the national organization, the new Super Duper Market will offer strictly competitive, low prices on nationally advertised brands and the "plus" of friendly neighborly service in outstanding attractive surroundings.

The symbol of Super Duper Markets is a large caricature of a cartoon of a circus elephant balancing a market basket on its trunk and will be on a 40-foot pylon in front of the store which is surrounded by automobile parking for 1,000 cars.

This Super Duper Market will serve a large area comprising 50,000 population and is the largest unit in Westgate Shopping Center. The shopping center already includes the Westgate Manor Drug

Citizens Assn. To Hold Open Meeting On Friday Evening

The regular monthly meeting of the Franklin Township Citizens Association, Inc., will be held Friday at 8 p. m. at the South Franklin Township School.

The meeting is open to the public and all persons interested in the welfare of Franklin Township are invited to attend. Speakers for the evening will be Richard McGinnis of the Regional Planning Board, and Thomas Applegate, attorney for the association. McGinnis will discuss the plan for a regional water and sewer authority for Franklin County. Applegate will review the status of the vote to incorporate and other matters regarding annexation.

The Franklin Township Citizens Association, Inc., was formed almost one year ago to oppose piecemeal annexation of the township. It later backed the move to incorporate and defeated efforts of the City of Columbus to annex the whole of the township at the Nov. 2 election.

Phillips Named Safety Director To Succeed Doyle In Key Job

Hilltopper Leo Phillips, 41, of 617 S. Ogden-av, will take over the job of Columbus Safety Director on Jan. 1, replacing George O. Doyle, 2756 E. Livingston-av, who tendered his resignation Monday.

Mayor Sensenbrenner accepted the resignation of Doyle, who quit on a number of grounds, including the "selfish attitude of many who have dealings with the city," and immediately appointed Assistant Safety Director Phillips to fill the post upon its end of the year vacancy.

In further explanation of the resignation, Doyle said he never intended to hold the post permanently. "The only reason I took the job in the first place," he said, "was because I felt it my civic duty." In leaving, Doyle, a 68-year-old Democrat, pledged Mayor Sensenbrenner full support in the coming mayoralty campaign and was commended most highly by the mayor for "an exceptional job."

Phillips, a Republican, was retired from the police department in 1947 on a disability pension after having served the force from 1929. From 1940 until 1947, he was chief of detectives.

Becoming a detective in 1936, Phillips was wounded in a gun battle with bank bandits on the Hilltop in 1938. His father was a marshall at Pomeroy, O., for 18 years and his two brothers, John and Otto, served on the Columbus police force.

Phillips, who has announced he has no immediate changes of pol-

icy or personnel in mind, became associated after his retirement from the force with Beulah Park and also worked at River Downs Park in Cincinnati. Last year he became a special investigator with the legal department of the Ohio Fuel Gas Co.

Annual Christmas TB Sale Begins

SCOUTS LEND HAND—The Girl Scout and Brownies pictured above carry a few of the thousands of Christmas seals members of both groups helped fold for mailing to 380,000 Franklin County homes this week. All the Christmas seal letters will be distributed before Nov. 22, official opening for the annual Christmas seal sale of the Tuberculosis Society of Columbus and Franklin County. Left to right below are Mary Merrick, 172 S. Burgess-av, and Linda Frankau, 38 N. Powell-av. Above is Carol Gump, 2591 N. Fourth-st; The Christmas seal sale, which will continue until Christmas, completely supports the Tuberculosis Society and its year-round program of anti-TB measures. Thousands of Hilltoppers were chest X-rayed free in 1953 when the Christmas Seal X-ray Cruiser visited the community.

Hilltoppers To Play Big Role In Newsies' Annual Paper Sales

Several members of the Hilltop community are pacing preparations for the 48th annual paper sale drive of the Charity Newsies. This campaign will reach its climax on Saturday, Dec. 11, when the welfare organization sells its special edition "Open Your Heart" newspapers on streets throughout Columbus.

Fred (Fritz) Moritz of 90 N. Warren-av is the president, heading up all phases of the group's direct philanthropies and its field activities, as well. He served two years ago as drive chairman.

Robert L. Durham, 199 S. Brinker-av, the immediate past president, remains on the board of trustees and is an important counsellor to Moritz and his co-workers.

Two Hilltop men are busy now on the advance solicitation by the membership. They are Leroy S. Weigand of 3181 W. Broad-st and William F. Krause of 125 N. Terrace-av. As co-chairmen of the factory lists committee, they and their unit have been responsible for preparing lists of factories, stores, offices, wholesale firms, military installations, and the like, to be solicited in advance of the actual paper sale date. Too, this unit handles all campaign supplies, such as placards, contributors' buttons, and such.

All funds collected by the Charity Newsies are used to purchase new clothing and new shoes to be supplied needy children of school age. If the need exists, the youngsters are provided fuel, food, shelter and medical supplies.

All monies contributed in the sale go direct to the alleviation of distress among children. Not one cent is used for administrative purposes—all campaign expenses being borne out of profits of social events staged by the members for the pleasure of themselves and their friends, according to President Moritz.

The Hilltop community also is the home of these active participants in the affairs of the organization that dates back to 1907. They include:

William H. Haire, 3107 Ellispl; A. Louis Holzbacher, 97 S. Algonquin-av; Max Gutkind, 476 E. Burgess-av; James W. McDevitt, 727 S. Eureka-av; Theodore E. Vollmann, 75 Whitethorne-av; Richard M. Young, 2766½ W. Broad-st; W. Herbert Dailey, 615 Belvidere-av; Harry Fleming, 104 N. Warren-av, and Otho Hayner.

Two new probationary members also come from the Hilltop. They are Battalion Chief William D. Wentsel of the Columbus fire department, who lives at 2655¼ W. Broad-st, and Charles L. Weigand, who lives at 2823 Crescent-dr. The latter is the son of Leroy S. Weigand, corresponding secretary of the Charity Newsies. The younger Weigand is associated with the Ohio Fuel Gas Co.

Corner assignments will be announced later by Walter W. Furniss, the drive chairman. As second vice-president, Furniss will be in direct charge of the field operations Saturday, Dec. 11. He is the staff newscaster of Radio Station WCOL, his daily series of "Walter Furniss and His Cruise for News" being among the highlighted features and services of that station.

Inspector Scully Succumbs To Heart Attack

Inspector Thomas A. Scully, 61, Hilltopper whose brilliant and untarnished record as a cop earned him city-wide respect and admiration, died Tuesday afternoon in Mt. Carmel Hospital.

He was stricken three weeks ago with a heart attack and hospitalized. He suffered a relapse last Saturday and was placed under an oxygen tent, but he never rallied.

The inspector, a widower, lived at 2101 Sullivant-av, and had been a Hilltop resident for more than 40 years.

Solemn requiem high mass will be held at 10 a. m. Friday in St. Joseph Cathedral. Burial will be in St. Joseph Cemetery. Friends may call at the William P. Fell Funeral Home, 225 King-av.

Both Mayor Sensenbrenner and Police Chief George W. Scholer voiced the community's loss in the death of Inspector Scully, a veteran of 27 years on the police department.

Observing Inspector Scully had thousands of friends throughout Columbus, the chief said "as many police officers as possible" will attend the funeral services in uniform. He added that as many officers on duty as can be spared will attend the services.

A police escort will be provided for the funeral procession.

Santa Will Drop In On Central Point On Nov. 27

Santa Claus is coming to town!

The jolly bewhiskered gentleman will arrive in Columbus by helicopter on Saturday, Nov. 27, at the Central Point Shopping Center. Bill Sweet, director of National Air Shows, has contracted with the merchants' association to deliver Santa and his favorite helper, "Jumping Bean," at 4 o'clock on that date.

Santa will land in a cleared area near the main entrance at Harrisburg-pk, but "Jumping Bean" will parachute from a plane and land near Santa and then assist him in passing out candy to the children.

Today, Santa issued an invitation to all of the children in the Central Point area to be present at the center, on the Saturday after Thanksgiving, for his official welcome. He promised that he would have a favor for each child who greets him after he has landed.

Besides the helicopter and the plane bearing "Jumping Bean," there will be another plane with the party. This plane will lay a smoke screen and tow a huge banner over Columbus announcing that Santa is on the way. Santa's aerial announcements for the shopping center will be made for an hour preceding the landing.

Santa insists on using the helicopter because he can land in any kind of weather, but if there is a high wind he won't let his friend jump. Santa will be there, weather or not, and he says it will take very extreme weather to cancel "Jumping Bean's" thrilling parachute performance.

F. H. McMillen, Initial HHS 'Vo-Ag' Teacher, Retires From Hardware Firm

Editor's Note: This concludes the series of feature articles about personalities and places in the Hilliards community presented in the Record over the past few months.

In the fall of 1918, when the vocational agriculture department was first established in connection with Hilliards High School, the system was so new that no text books existed on which to base the course. This fact is well remembered by F. H. McMillen, 229 S. Norwich-st, for he was the first instructor in "vo-ag" at Hilliards, and recalls that he spent his evenings and much of his spare time preparing material to present the daily lessons to the class.

After two years here, McMillen worked with the Farm Extension Service out of OSU, leaving that profession in 1922, when he returned to Hilliards as the new owner of the retail hardware business which he had bought from George and Will Harch.

During the 32 years in the retail hardware business, "Mac" has achieved numerous honors, serving as president of the Ohio Retail Hardware Dealers' Association, and as a delegate to the National Retail Hardware Dealers' conventions on several occasions. A few months ago, upon selling the business, now operated by Chet Rife, the McMillens started planning a new life, not a retired one, for neither is the type to sit down and rust out, but activities in new fields of usefulness.

A practical—as well as a book—farmer, "Mac" personally directs the operation of his farm in Adams county and during his years as merchant here was an unfailing

F. H. McMillen

wellspring of practical information and advice on farming details and farmers' problems.

Folks around Hilliards found it pleasant news that "Mac" and the Missus are not leaving town to retire to their farm as might have been expected. As "Mac" phrased it, "You put down roots in over 30 years — we'd be lost any place else."

DEERSLAYERS—These two Hilltoppers paused at the Record office to have this proud picture taken last week while enroute to their homes with these two deer. At left is Daniel DeBerry, 446 S. Oakley-av, cement and block contractor, with the 125-pound fawn he shot, and Mike Pruitt, 313 S. Wayne-av, Hilltop mail carrier, adjusts the ropes on the 225-pound buck he bagged. On their hunting trip near Hill City in the Black Hills of South Dakota, the two and another member of the party also brought down 30 pheasants. (Hilltop Record photo)

NEWS OF HILLIARDS

Biggest Corn Harvest In History Nearly Double Average In Cases

By Louise Pohlmann
FR. 8-4186

With farmers working every daylight moment at belated corn harvesting, the largest crop in local history is being brought in from fields throughout the area. At Russell Grain Co., as much as 8,000 bushels have been received in a single day during the past week. John Russell said Monday morning, causing the plant to operate on a 24-hour schedule.

The highest yield so far announced was 122 bushels per acre as contrasted with the average yield of 65 bushels. Russell attributed high yields to the use of hybrid seeds, adequate fertilizer applications and plenty of moisture in the months when the crop was in final growth stages just prior to ripening.

Dear Diary:

Ralph and I thought we knew all the better dining rooms in the city but now we'll have to add one more to our list. You know the old story of being so close to the forest you can't see the trees. Well, we knew exactly what this means here. Would you believe it, we've passed this spot at least a dozen times a week on our way to and from downtown and, though we always admired the exterior appearance, we never dreamed the food was so wonderful. The discovery was made one evening through one of those impulsive stops that are so difficult to explain. Anyway, we were delightfully surprised, not only at the quality and variety of the food, but, oh, such reasonable prices. Now when Ralph, junior and I dine out, we always think of the

Double-Ring Ceremony Unites Ruth Doughty And John Noll

—J. CURTIS ALLEN PHOTO

MR. AND MRS. JOHN A. NOLL

Miss Ruth Eileen Doughty became the bride of Mr. John Albert Noll in St. Aloysius Church, Saturday morning at 9. Rev. William Maloney officiated at the double-ring ceremony before an altar banked with white flowers.

The bride's parents are Mr. and Mrs. Chester Doughty, 2627 Steele-av, and the bridegroom is the son of Mr. and Mrs. Edward Noll of Somerset.

The bridal gown was styled with a bodice of Chantilly lace over satin and a yoke of illusion. A Victorian collar and long sleeves extending into points over the wrists were also fashioned of the lace. The full-length skirt, extending into a chapel-length train and worn over hoops and crinolines, was fashioned of nylon net over satin.

A headpiece of iridescent sequins and pearls held her fingertip veil of illusion and she carried a bouquet of white roses.

Miss Barbara Noll, sister of the bridegroom, served as maid of honor and Mrs. Paul Stanley, as matron of honor. Miss Maryellen Doughty attended her sister as bridesmaid.

Their identically-styled gowns were in emerald green taffeta with strapless bodices worn with matching stoles and full floor-length skirts billowing over hoops. Small matching bandeaux held their theatre veils and they carried bouquets of yellow and bronze chrysanthemums.

Susan Williams, the little flower girl, was gowned in a floor-length frock of rose taffeta and carried a miniature bouquet.

Serving as best man was Mr. James Noll and the ushers were Mr. Thomas Noll and Mr. Frank Noll, all brothers of the bridegroom.

The mother of the bride was gowned in Copenhagen blue tissue wool with a matching hat and brown accessories. The bridegroom's mother chose an aqua crepe frock with black accessories and they both were corsages of white roses.

Wedding breakfast was served to members of the bridal party and the families at Mrs. Root's Party House, immediately following the ceremony. Hostesses for the reception, also held at Mrs. Root's from 1 to 3 p.m., were Mrs. Ed Williams, Mrs. Charles Biederman and Miss Marcia Stamper.

A halo of satin caught her fingertip length veil of tulle and lace and she carried a white prayerbook topped with an orchid and streamers of lillies-of-the-valley and satin ribbons.

Miss Marilyn Eaton served as maid of honor. Her gown of ice-blue rayon acetate was in waltz-length and featured a full-length front panel of accordion pleating. She wore a small matching half-hat with a nose veil and carried a nosegay of large and small yellow chrysanthemums.

These suits are for the man who wants a suit "custom tailored" to fit not only his build but his personality and taste as well.

It makes no difference if that man of yours is short, stout, long, or slim, Seiller's can fit him in a fine suit. But one of the main features about these fine suits is they don't cost $125 or $150 as you might expect to pay, but range in price from a modest $65 to $95.

We'll look for you men who read this column this week in the Men's department at Seiller's. They're open 'til 9 p. m. on Saturday and Monday. Adv.

Sunday Sermonette

Evangelism
By
Rev. Arthur W. Witherspoon
Pastor of
Apostolic Gospel Church
1074 W. Broad St.

"I don't like evangelism!" How often we hear this or similar remarks. There is an aversion on the part of many to that which they think is evangelism. Often I am inclined to agree with what they really mean. I don't like much of what passes for evangelism either.

Rev. Witherspoon

A critic once remarked to the great evangelist, Dwight L. Moody, that "he didn't like the way he was always trying to convert people." Mr. Moody replied that he didn't exactly like it himself but that he liked the way he was doing it better than the way his critic was not doing it.

What is evangelism? How can it be defined? Evangelism is presenting Jesus Christ in the power of the Holy Spirit so that all men may come to own and confess Him as Lord and Master and serve Him within the fellowship of the church. No life is truly Christian that is not Christianizing. Sharing is at the very heart of Christian faith. It was thus that the first century Christians, fighting against overwhelming odds, spread the Gospel of Christ to the farthest corners of the earth. It was said of them that "one loving heart set aflame the heart of another."

It is the purpose of evangelism to bring all areas of life under the dominion of Jesus Christ. Not until that has been accomplished will its task be complete. When the fires of evangelism burn low within the church, the face of the Saviour is vague indeed. Then, conversionless altars stare up at purposeless pulpits. "Ye are my witnesses," saith the Lord. "Let Your light so shine before men that they may see your good works and glorify your Father which is in Heaven."

Holy Family Men Will Serve Dinner

IT is God who "healeth all my diseases." At the divine touch of the "Great Physician," a man who was born blind was "able to see." He saw a new world for the first time... he saw good and bad.

How much can you see? Your vision may be 20-20, but can you see the order and beauty of the universe in the star-lit sky?

Can you see Him in the bursting rosebud and the ripening grain? Can you see the church on the corner? Can you always see the difference between right and wrong? Can you? If the scales have started to form over your eyes, if your vision for good things is getting blurred, you better stop in at church this week. You'll be able to see.

PUBLIC COMMENT

Christmas Shopping Bug Hasn't Bitten Quintet Of Hilltoppers

Glancing at the calendar, we see that it's about time for that bearded gentleman to make his annual trip. We were curious to see how many of "Santa's helpers" had given much thought to their Christmas lists and how they usually go about it.

After looking over the answers that we received from several Hilltoppers at random, it looks like the old gent is going to have another rush job on his hands this year. Here are the answers we got to our question, "Have you thought seriously yet of Christmas shopping?"

James Johnson, 201 Wilson-rd: "We usually browse around in the stores for our Christmas list ideas. We haven't started yet, though, and we'll probably never get to it until about the 24th!"

Mrs. R. C. Brock, 2345½ Sullivant-ave: "No, I haven't given much thought to Christmas shopping this year. I usually get my ideas for gifts from the things I see displayed in the stores."

Mrs. W. H. Herbst, 392 Racine-ave: "I've been laid up with a broken leg, so I haven't had any chance to get out and shop. Although the cast is off now, I'll probably be doing most of my Christmas shopping by phone this year. I know my friends pretty well, so I usually know what I want in the way of gifts for them."

Mrs. Fred L. Shiner, 3940 Fredmont-dr: "We haven't started our shopping yet. I usually get a lot of ideas from the Christmas advertisements the stores run in the papers. You usually come up with something new and different to give as gifts that way."

Mrs. Frank R. Ward, 344 N. Sylvan-ave: "We haven't started our shopping yet but it's not too difficult a problem for us. We just ask our children what they would like and try to get some of the things they want. Of course, with four of them, they don't get everything they ask for!"

Camp Fire Girls Make Square Dancing Mural

Learning the history of square dancing and folk dancing is a part of the program of the Han-te-ki-ya Camp Fire Girls at Glenwood Recreation Center.

Through their interest and participation in square dancing and learning about its history, the group made a large and colorful mural of square dancers. The mural will be on exhibit at Glenwood Recreation Center this week and the following week.

THIS IS TUBERCULOSIS

West High Victim Of TB Tells Story Of Treatment To Buddy

By Brian Lewie

"They don't beat us or anything, but I don't like being here." Those were the words of Larry Miller when I asked him how he was being treated. Larry is the West High student who just last year won the TB Essay Contest and is winning another battle over tuberculosis by being a patient in Ben Franklin TB Hospital.

"I knew more about TB, but I don't think that I could write a better essay this year," said the 11th grader who is living proof that TB can take anyone as its victim.

In gazing about my classmate's room, I noticed the many model airplanes and boats that have helped to take up his time in the last six months in which he has had complete bedrest in the small confined room. He lay there eating "a little something extra" that his mother had brought from home. This was only natural because, "Mom's cooking tastes better," he replied when asked how he liked the hospital food.

As I sat there talking to him, I knew that he was one of the fortunate ones who could and would be cured, thanks to his doctor for getting him in the hospital as soon as he discovered the harmful bacteria. Some of the unfortunates can't believe that they have TB and as a result won't go to the hospital. By this procrastination they give the bacteria a better chance to grow.

When they do decide to go to the hospital, it is too late to do them much good. There is no doubt in my mind, as in the minds of TB to kill, for I saw the morgue in this particular hospital. There wouldn't be much use for the morgue if medical workers could discover every case of TB in its early stages and persuade the victim to submit to the offered cure.

School-age sufferers of TB don't have to worry about being behind their classmates in studies, because they get their schooling

Larry Miller

right in the hospital. "How do you do this equation?" asked Larry, whose hardest subject is advanced algebra.

Up until now, I hadn't noticed the bedside television set with its speaker turned on. This is a trend that should only during certain hours, for the rest of the time patients have to listen over their phones to insure quiet for the other patients.

Larry, who expects to be out of the hospital by February, expressed his views on how you can assure yourself that you do not have TB by agreeing with me that

TELLS OF FRIEND'S TB

"I know Larry and want the public to know his story too," said Brian Lewie when asked the reason for his writing a story about his buddy Larry Miller and the tuberculosis with which he was taken ill.

Brian Lewie

Brian is the 16 year-old son of Mr. and Mrs. Charles C. Bridwell, 114 N. Roys-av. He appeared on the "Teens and Twenties" television show on WBNS-TV on Saturday, Nov. 6. It was his job to tell the public of the contest sponsored by the Franklin County Tuberculosis Society. To enter this contest an essay must be written on the subject of "Fifty Years of TB Control" or "This is Tuberculosis."

DO NOT ENTER

Hunters are being reminded that wet weather conditions have held up the harvest on large acreages of soybeans over much of Ohio which will reduce the acreage open to public hunting and will also reduce the number of rabbits and pheasants available to hunters. Officials of the state division of wildlife as well as the farmers themselves are urging hunters not to enter unharvested soybean fields. Failure on the part of hunters to stay out of unharvested fields may mean the loss of a place to hunt next year.

You should take advantage of the free Chest X-ray, which is financed by the purchase of Christmas Seals.

SHERICK HILLTOP STUDIO OFFERS NEW CLASS

Jack Sherick announces a new class in jitterbug, foxtrot, waltz, and Charleston, for teenagers on Tuesday, Nov. 23, at 7 p. m. in his Hilltop Dance Studio, 2332 W. Broad-st.

Sherick says the one thing that makes some dancers appear to be better than others is attention to such details as posture, smoothness, relaxation and rhythm. He insists these points be given special effort in all of his classes. Enrollment can be made for this class by calling the main studio.

Looking Backward Through Record Files

FIFTEEN YEARS AGO

Nov. 17, 1939 . . . The Columbus and Southern Ohio Electric Co. announced that buses had been purchased to replace the streetcars on the W. Broad-st line. Work on the overstructure will begin this week. The changeover will cost $700,000 and mean the elimination of $900,000 worth of equipment now in use.

E. O. Melvin and Dr. Fred Sulzberger are the candidates for president of the HBA. C. H. Campbell is running unopposed for secretary.

The West High School Choir under the direction of Prof. Hutchinson, will sing at Hillcrest Baptist Church, Sunday.

A Hilltop man received a letter last week, presumably from Germany, accusing Great Britain of selling poison gas to Poland for use against German soldiers.

Six West High gridders were on the all high teams chosen by The Hilltop Record. Four West, three North, three Central, and one East gridder made up the first team. West is city league champ this year.

TEN YEARS AGO

Nov. 17, 1944 . . . The Westgate Methodist Church is opening a building fund drive through the sale of war bonds. It has raised nearly $20,000 on the new church during the past three years. Planning for the new structure got underway in the music room at West High School on Dec. 7, 1941, at the same time the news was flashed around the world of the attack on Pearl Harbor.

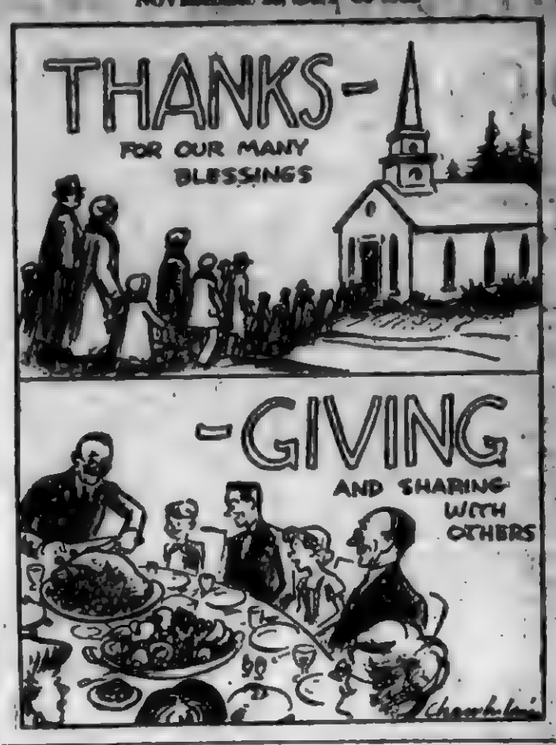
West students will sell bonds to buy an amphibious duck for the armed forces. Lois Forbes will handle the purchase of bonds for the junior high group, and Harry Zuhauf will have the purchasing job in the senior high school.

A Dad's Day crowd of 8,000 saw the Cowboys lose the game and the City League crown go to North at Magly Field, 14-6.

The Hillcrest Baptist Church will be the scene of the first statewide Baraca-Philathea Conference Saturday.

Police warned residents of the Hilltop this week that encouraging patients at the State Hospital to leave the grounds to run errands or do odd jobs is illegal.

FIVE YEARS AGO



Nov. 17, 1949 . . . Mack Pemberton, 178 S. Brinker-av, is driving a new Dodge Meadowbrook sedan today—the result of being first prize winner in the big Hilltop Record subscription drive which ended officially on Monday. Second prize, an RCA Victor TV set went to Mrs. Robert Miller, 143 N. Roys-av. Third prize winner, Miss Shirley Klopfer, 206 S. Roys-av, received a check for $286.55, and fourth place winner, Mrs. Marguerite Ward, 545 Townsend-av, received a check for $173.20.

Five West gridders were placed on the Ohio State Journal all-high City League team. Center Bob Epps made the first team; Tackle Dick McDermitt and Guard Dick Will made the second team; and Backs Bill Thrush and Ronnie James were given honorable mention.

Rehearsals have commenced on "Suspect," a three-act mystery, to be presented Sunday evening, Dec. 4, at John Burroughs School auditorium.

To expedite the delivery of newspapers, ingenious Bob Faistl, 14, West Junior High student and son of Mr. and Mrs. Paul Faistl, 31 N. Wayne-av, has built his own bike trailer. Both Arthur Miller and Gates Trent, his wood and metal teachers, respectively, look upon the hand-wrought cart was a worthy achievement. To date Bob has spent only $3 on the project.

a little girl on roller skates . . .
a road that winds up a hill and is lost in blue haze . . .

Mail—From a Toledo bachelor: "My apartment windows were given the usual Halloween treatment, but somebody left a soaped picture on one that is a work of art. Somewhere in Toledo there is an embryo van Gogh. I wish he or she would make an etching for my living room so I'd have a legitimate reason for inviting pretty girls to my apartment to view my etchings. Come up and see my etching—on my kitchen window" . . . From a mother in Columbus: "If the kid brings home any more stray cats and dogs and white rats, we Morrises will have to move out and let his private zoo take over. This morning when I made his bed a little puppy fell out of his blankets. He smuggled it in. Something or someone has got to go, or Mom will be staying in a nice quiet padded cell."

• • •

In Passing—When I read the letter from the bachelor in Toledo it reminded me of the time—years ago—when I fell from a step-ladder while cleaning windows with Bon Ami, and broke an ankle. Our son was about ten then. He wrote with his finger on the window "Can't come out to play. Don't ring dor-bell. Mom broke her anel and can't get to dor." We wondered why people laughed as they passed the window till the Bon Ami was wiped off the inside and we saw what was written on the outside . . . It's a small world item: Years ago I was a stenographer for the "Wet and Dry" campaign (dry side) in Newark, and Mr. L. B. Gatten, then an attorney in Indiana, had gone to Newark to take charge of the campaign. Now the Gattens are Hilltoppers too, and have been for many years. Newarkites tell me that tourists still want to see the place on the Square where the young government agent was hanged in 1910. People in Newark want to forget that . . . When I see bittersweet, I think of Walter Furniss (WCOL) and of something he said about bittersweet, years ago when he conducted his Bond of Friendship program on WLW. He said not to take too much bittersweet when you are getting it—only a few straggly branches of it is better than taking a lot. And he said to always put it in a blue vase . . . We were lucky to be down in the hills right after butchering time. The lady of the house told us that the mincemeat wasn't "bought froze," and that the pies were baked with fresh lard, not that high - toned vegetable shortening . . . The witty one of the family said the grass in Brown County is greener than that in Green County but that it should be the reverse. He expected a laugh and got it.

From "Sanaire," the publication of Benjamin Franklin Hospital, edited by Edgar H. Wilson. Most of the following jokes are swiped from the "Cacklin' with Mix Chrissie" page, edited by Christine Koyro.

Watching a drunk try, without success, to unlock the door of his house, a policeman asked if he could handle the key for him. "No thanks," said the drunk. "I can hold the key—you hold the house!" . . . "Miss Cave, have you heard the new refrigerator song?" "No, what is it?" "Freeze a jolly good fellow" . . . Perplexed bride at dinner table to angry husband: "Monday you liked beans, Tuesday you liked beans, Wednesday you liked beans. Now all of a sudden on Thursday, you don't like beans!" . . . Tact: making a point without making an enemy . . . Obstacles are those frightful things we see when we take our eyes off the goal . . . You cannot help small men by tearing down big men . . . One dentist to another: "Ever have days when you'd rather knock them out than pull them out?"

Trivia

From

THE EDITOR'S DESK

By Galvy Gordon

A RESPONSE AT LAST — Couple weeks back I "lifted" an idea from some other editor about donating an inch or so of type every week to permit frustrated poets to compose four-line bits of doggerel. For two weeks the gauntlet was untouched, except for a humorous veiled threat from Columnist and Poet Esther Weakley.

Slipped into the mail slot the other night, however, was the following verse. The author, a quite well-known Hilltopper and connected with a rather staid and dignified profession, declined permission to use his name. So...the verse is "By Anon."

I wish I were a Hottentot;
At least to have what he has got.
It's plain to see — class, take note—
I'm just a frustrated, would-be poet.

You know the rules; they're not so hard. Submit your verse; don't be a coward.

COPS COP BOUQUET might be the headline for this if we had names and addresses on the following: Friend of mine popped in the other day, almost breathless with wonderment.

He had seen an Illinois motorist, headed east on Broad-st, with his hand extended for a forbidden left turn left on to Sandusky-st. A motorcycle policeman gunned his machine around on the center line to a scant foot from the driver and told him in firm, but polite terms, that he couldn't make such a turn. The man wheedled and cajoled with, "But officer that's the only route I know through downtown to where I'm going." Our nameless Galahad of the cycle then stopped oncoming traffic to permit the visitor to make his turn in safety.

And still you'll hear people saying, "Cops don't have hearts."!!

SNIFFS HEX PIX CLICKER (This "Variety" style of headline writing could be fun!) But what I'm trying to say is that Staff Photographer Harley Groom has been keeping company with one of the most full-blown colds for the past week we've seen in a long time. Making his week "just perfect" was a frantic call the other day to hurry home because his boy had "just knocked a hole in his head" and failure of the hot water system used in preparing chemicals for this mysterious art of photo printing.

P.S.: The "hole in the head" wasn't as serious as it sounded, but stitches were still required to close the gap and the water line has been repaired. But the cold is still hanging on.

THAT CAVED-IN FEELING was what I had when I discovered that last week's Page One story on the fine work of the Hilltop Community Council had been favorably received BUT I missed the boat when I called Ray Cave the chairman of the civic improvement committee. Actually, it is Mrs. Cave who's carrying the ball as committee chairman, Dick Wilson, president of the council informed me.

POETIC LICENSE: All right, you critics, here's another "gauntlet picker-upper." Came in the mail shortly before this page was rolled.

"Dear Sir,

"Due to the negative enthusiasm regarding your appeal for verse from new sources, I would rather not print my name to the enclosed four-line sample for 'Poetic License'—at least for the time being."

GLENWOOD COOKING CLASS NEEDS REFRIGERATOR

The cooking class at Glenwood Recreation Center is badly in need of a refrigerator. This class meets every week on Wednesday afternoon and is composed of both boys and girls six to 13 years of age.

Since the center has no refrigerator, perishable supplies must be purchased just a few minutes before they are needed. This also results in waste when all of the materials are not used. With refrigeration, they could be used the following week, or by another club group. In addition, some recipes call for refrigeration.

There are also other clubs, adults, and other community groups that could use a refrigerator for the preparation of refreshments.

PROTECT FARMERS

While most of Ohio's hunters conduct themselves as true sportsmen while in the field, state division of wildlife officials are urging all hunters to protect the rights of farmers during the hunting season ahead. Surveys conducted during the past few years have shown that a great percentage of Ohio's privately-owned farmland is open to hunting providing permission is first obtained from the landowner.

Cowboys Close Season By Dropping 26-7 Decision To Polar Bears, Take Two Slots On All-City Squad

1954 Tally For West Stands At Two Wins And Five Losses

By Woody Owen

West High School's football eleven closed the 1954 season last Friday night at Magly Field by dropping a 26-7 decision to North High School's Polar Bears. This finale left the Cowboy season tally at two wins and five losses.

Early in the opening period the Cowboys marched to the visitors' 33-yard line but gave up the ball on downs. The Polar Bears then marched 67 yards in six plays to score. The initial touchdown came on a 12 yard aerial from Clinnard to Vanderbosch. Staehle failed to kick the point afterwards.

Midway in the second period, Swindler returned a punt to mid-field from which Davis and Furry made a first down on the 37. Nafziger then tossed a perfect aerial to Furry on the 10 and Furry went into the end zone untouched. Davis successfully added the point.

Furry then kicked off to Vanderbosch on the 10, who returned to the Cowboy 44. A 15 yard penalty put the ball on the 29. Vanderbosch added 12 on a trap play over guard to the 17 from where Cole raced through a huge hole at tackle to score.

Staehle's conversion was good giving the Polar Bears a 13-7 halftime lead.

Late in the third period Bennett recovered a Cowboy fumble on the home eleven's 37, and in four plays, the visitors scored. The final play of this drive was a six yard plunge by Cole.

Randall blocked Staehle's conversion attempt.

The Polar Bears added their final score of the contest in the last period as Allen intercepted a pass by Furry and returned to the Cowboy 23. Vanderbosch then went over guard on a trap play for 18 yds to the five and on fourth down plunged for the touchdown. Staehle added the point.

The Cowboys made one last attempt to score as they took the season's final kickoff and marched from their own 29 to the Polar Bears' eight, where a fumble stopped the threat. Cowboy halfback Karl Day, playing his final game, gained 49 yards in three attempts in the drive down field.

Vanderbosch and Cole were the big offensive guns for the victors. Karl Davis on offense and All-City guard Dan Grear stood out defensively for the Cowboys.

Brown Leads Jets To 23-13 Victory

The Jets, behind the deadeye shooting of Carl Brown, walked over a West Side quintet, 23-13, in a junior league contest at Glenwood Recreation Center Wednesday, Nov. 10. This game marked the opening of the pre-season league for the juniors.

Carl Brown, who paced the Jets' attack with 17 points, was almost a one-man team as he shot, passed and rebounded the Jets to their first victory.

The other junior game on tap had the Jailhouse 5 pitted against the Hilltop Tigers. The Tigers failed to show, however, and the Jailhouse 5 won by forfeit.

TRAP SHOOT PLANNED

The Hilltop Conservation Club will hold a trap and card shoot on Sunday, Nov. 21, at the club grounds at the north end of Biggert-rd, west of Darbydale, off Route 985.

Turkeys and other merchandise will be awarded. First and second prizes will be given in each event. This shoot is for shotguns only and shells will be sold on the grounds.

The shoot is open to the public and ladies are invited.

YOUR YOUTH

By Dick Wilson and Bob Schmidt

Organization and inductions have been the order of the day at the Hilltop YMCA this past week.

The organizational meetings for the Hilltop Old-Timers Volleyball League, Junior Church Basketball League, and Intermediate Church Basketball League were held last week at the Hilltop Businessmen's Association Office.

Apparently there will be six teams in the Volleyball League and eight teams in each of the Basketball Leagues. The volleyball league will start on Friday, November 26, at Glenwood Methodist Church gym. The Junior Church Basketball League will have its opening session on Saturday, December 4, at Glenwood Recreation Center. West High School gym will be the site for the opener in the Intermediate Church Basketball League on Monday, December 6. Any team interested in entering any of these three leagues should contact Bob or I as soon as possible.

Highlights of the four-front club program at this time are the club induction ceremonies. The West Sr. Hi-Y will hold its induction and rededication ceremony Thursday, Nov. 18, at 7:45 p. m. at Hillcrest Baptist Church. The Indian Guides are also performing an induction ceremony tonight before the West Broad PTA at 7:30 p. m. On Monday, Nov. 29, at 7:30 p. m. the West Jr. Hi-Y will install its officers and induct new members at Glenwood Methodist Church. Parents of the members are invited to attend these ceremonies.

Work on the new YMCA office is progressing nicely. The front porch is now in the finishing stages and several of the rooms have been painted. Thanks go to all the dads and boys who have been donating their time and effort toward this greatly needed facility.

Deshler, Nebinger Given Places On Record's Selection

By Woody Owen

East High School's Tigers, 1954 City League champions and one of the top squads in the state, dominated positions on The Hilltop Record's 26-man All City League football squad announced today.

These selections were made on football ability alone, based on what this writer witnessed and from reports of other games.

The battle for positions in the offensive backfield was so close that two quarterbacks, five halfbacks and two fullbacks were selected.

It would have been unfair to any of these fine backs to have been left off any all-star squad.

East won 11 positions, Central four, Linden four, West three, Aquinas three, and North two. Wireless South failed to win a post.

The selections are as follows:

OFFENSE

E—Long, East; E—Hariston, Central; T—Alexander, East; T—Cochran, Linden; G—Pentello, Central G—Shuman, North; C—Karnes, East; QB—Webster, East; QB—Miller, Aquinas; HB—Bennett, Central; HB—Robinson, East; HB—Deshler, West; HB—Tiberi, Aquinas; HB—Vanderbosch, North; FB—Morlan, Central; and FB—Haase of Linden.

DEFENSE

E—Garey, Linden; E—Kee, East; T—Nowell, East; T — Marshall, East; G—Greer, West; G—Banks, East; LB—Nebinger, West; LB—Francisco, Linden HB—DiSabato, Aquinas; HB—Tatum, East; and S. Bialock, East.

Gra-Y All Stars Tie Championship Westgaters 6-6

By Dick Wilson

The Hilltop YMCA Gra-Y All Stars tied the champion Eagle-coached Westgate Gra-Y eleven 6-6 last week in an exhibition game at the West High School field. This was the final tie for the Westgaters this season as they finished the regular season with an unblemished record.

The All Stars and league champs played on even terms for all four quarters, with both team scores coming in the second quarter. The champs drew first blood in the second quarter when fullback Bill Hill, broke through the All Star line and ran 30 yards down the sidelines into pay-dirt territory. Terry Linson tried to pass to Bob Ress in the end-zone for the extra point, but the ball was knocked down by an alert All Star defense.

The All Stars bounced back to score in two plays after the kick-off. Danny Snyder received the kick-off and advanced the ball to the 50 yard line. Jerry Long carried the ball on the next play and ran around his left end to score. Snyder tried to run the extra line of scrimmage.

Outstanding defensively for the league champs were Dick Steele and Artie Newkirk, Dick Williamson and Dave Riebel stood out defensively for the All Stars.

Officials for the game were Biz Williamson, Bill Kern, and Dave Smoot.

Clowns Look Impressive In A 65-22 Victory Over The Mints

Glenwood Recreation Center's pre-season basketball league started off with a bang Tuesday, Nov. 9, as the Clowns rolled over the Mints 65-22 in a senior league contest.

The Clowns assumed command of the game from the beginning by tallying 15 points before the Mints broke into the scoring column. The half found the Clowns out in front 42-9. The third and fourth quarters saw the Clowns rack up 21 more points while holding the Mints to 13. Gerald Marvin copped scoring honors for the game with 20 points.

The second game of the evening saw the Atomic 5 go down to defeat at the hands of the fast moving Hilltoppers, paced by the accurate shooting of Ron Reeb and Paul Lombard, who scored 25 and 20 points respectively, the Hilltoppers breezed to a 61-27 victory.

The Lightning 5, defending champs of last year's league, throttled the Whiz Kids to a tune of 42-30 in the third game of the evening. The Lightning 5 grabbed an early lead and were never pushed throughout the rest of the game. Dick Witter led the victors with 15 points while Bob Brownlee collected 12.

The final game of the evening saw a hotly-played contest between the West Side Pirates and Milo, in which the Pirates emerged with a 41-36 victory. The first half was fought on even terms and ended with the teams deadlocked at 22-all. The third quarter, however, found the Pirates hitting for 13 points while Milo slowed down to seven. The Pirates held their lead for the final quarter and came out on the long end of the score. Paul Schooley, of the Pirates was high scorer with 19 points.

In the final quarter, the Challengers, paced by Charles Reed, racked up 14 points, while holding the opponents to two.

600 Football Fans See Hilltop AC Drop 38-0 Season Closer To Pope's Inn Team

Last Saturday night, Nov. 13, the Hilltop AC lost all chances of winning the city 178-pound football league championship, as the locals were defeated by Pope's Inn, 38-0, before 600 fans.

Pope's kicked off to Hilltop and on the second play from scrimmage Hilltop fumbled and Pope's took over from there. Pope's scored with ease, as Quarterback Dick Graf tossed two touchdown passes, one to Sammy Clark and one to Dale Hampshire. Larry Whitehead also scored two touchdowns for Pope's. Hartwell James provided the biggest headache for Hilltop, only scoring once, but chopping their line for long gains.

Members of the Hilltop AC wish to extend their appreciation to the people who made this game possible. They want particularly to thank Hilltop Van and Storage, Columbus police, Shaw Davis, all Hilltop merchants who bought ads for their programs, parents who helped at the game and loyal Hilltop fans.

Reserve Police Training Corps Seeks Messengers And Communication Help

Robert Cloud, 515 Larcomb-av, a lieutenant in the Reserve Police Training Corps here, has announced that during the current week the corps will seek 50 additional young men and women in the county to serve as messengers and communications workers in the event of enemy air attack.

Cloud said the corps wants young people and adults to understand the importance of the unit. Age limit for membership is 16 to 21, although some 15-year-olds may qualify, Cloud said.

In addition to messenger work, volunteers will be trained in fire fighting and first aid work. On Dec. 28 and 29, an instructor with military experience will offer such a course for officers of the corps. Later, another course for recruits will be held.

Interested Hilltop youth are invited to contact Cloud at 507 Larcomb-av. The local drive is part of a state campaign to bolster the Ohio strength of the corps, now standing at 1300.

GOD IS VERY NEAR

In the solace after pain,
In the sunshine after rain,
When you fail—but try again:
God is very near.
In the fruit upon the trees,
In a cool midsummer breeze;
In a baby at its birth
Any place upon this earth;
In the smile that follows tears,
In the harvest of the year,
In the conquering of fears:
God is very near.

When you help some one in need
With a single kindly deed,
When of selfishness you're freed:
God is very near.—Carl C. Helm

Inspector Scully—

(Continued from Page 1)

his death with the rank of inspector, the genial Irishman was known by cop, by banker, by preacher, by bum — by everybody. His badge number was 1.

He had been a telegrapher for Western Union before he joined the force and it was just about three weeks later that the United States declared war on Germany and he was assigned to Western Union to guard against sabotage.

He moved slowly in the department, but steadily up through the ranks until Jan. 20, 1940, when he became inspector. Several times he has served as acting chief and, although he had taken the examination for chief more than once, the top post was one that always escaped him. His years in the department had mounted until he ranked No. 1 on the seniority list.

In 1919 he began to gather acclaim when he obtained the first conviction in Ohio courts on fingerprint evidence.

In 1924 Scully was appointed a sergeant, in 1932 was made a lieutenant and in the same year became assistant chief of detectives. When the traffic reorganization program started in December of 1937 he was promoted to the rank of captain.

The award of Columbus in 1942 for the safest city in the nation came during the time that Scully served as head of the traffic bureau.

Most recently he had been active during the North American Aviation, Inc., strike when violence flared up into bombings. It was the probe which he directed that led to the arrest and conviction of the bombers.

Scully's death left him short of one goal he always aspired to. He had an uncle who had been on the Chicago police force for 54 years.

Bible Survey Is Conducted

The American Bible Society every year at this time has an annual campaign to encourage reading of the Scriptures. In cooperation with this endeavor, Evangelist C. L. Duffield, who is conducting the Faith for Today Campaign for Christ at the Hartman Theatre every Sunday night during this month, is beginning a city-wide survey to find out the ten favorite Bible passages of the people in the Columbus area.

The results of the poll will be announced each week at the Sunday night meetings at the Hartman Theatre and the final results on Sunday, Nov. 22.

Residents of this area who would like to enter this poll may send a card or letter to C. L. Duffield, 3423 Kimberly-av, Columbus 13, listing their favorite Bible text and giving their name and address, so a free booklet can be sent to them, or may call him at LA. 7237 or H. V. Shafer at LA. 4044.

HTR ONLY

The group members making the survey on the Hilltop are Glen Coffin, 1080 Georgesville-rd; Mr. and Mrs. Kenneth Coffin, 1090 Georgesville-rd; Mrs. Fred Donley, 345 Wrexham-av.

Eunice Gackenheimer, 165 Whitethorne-av; Ruth Michaelis, 177 N. Terrace-av; Mr. and Mrs. Arthur Monnett, 666 Binns-blvd; Jeanette Neal, 1577 Walsh-av; Elizabeth Tucker, 177 N. Terrace-av; Mr. and Mrs. J. B. Reichenbach, 2350 Sullivant-av; and Mrs. Walter Wilkins, 163 S. Richardson-av.

WONDERFUL AGE

Things Are Getting Better All Over:
Glue on envelopes now tastes not like "ug" but like peppermint, wintergreen or cloves; aspirin comes in orange flavor and cough medicine tastes like cherries—there's even a sulfa that tastes like raspberry pop.

You can buy a little gadget that tickles the soles of your tired feet, bottled olives that come out easily, grapefruit that doesn't squirt, diapers that are both perfumed and monogrammed, alarm clocks that purr . . . and a plastic container shaped like a tomato, out of which catsup just oozes!

Bernard M. Baruch, retired financier: "The time has come to stop the lending by governments to governments and to give private industry the opportunity to show what it can do."
